

## MINING, BUSINESS AND STOCKS.

## THE WEEK ON THE EXCHANGE.

Daly-West Closes the Week Strong—Sunbeam is Weaker.

## YANKEE CON. FALLING OFF.

Northern Light Weaker Today—Bunker Hill Receding—Bowers Extension a Little Stronger.

## TODAY'S METALS:

SILVER 59 1/2  
LEAD \$4.75  
CASTING COPPER 15 1/2

Business on the stock exchange was about the same in volume during the past week as it has been for some time past. While no sensational movements are recorded of any stocks an improvement is noticeable in a number of them, while good reports have come in from several unlisted properties during the week.

Bullion-Bank is possibly a little weaker at the close of the week. Daly-West has advanced with rapid strides during the past two or three days, while Dexter shows a softening tendency, in spite of the fact that rich sulphide ore bodies are expected to be intercepted by the new shaft.

Eagle and Blue Bell advanced 10 cents a share during the week, while Central closes a trifle weaker. Lower Mammoth has recorded some gains. Sunbeam, with an excellent showing reported at the mine, declined today and closes a trifle weaker.

Yankee Con. shows a falling off. The lowest point in many months was reached today, when it sold under 3.

With a shipment of ore on the way to market May Day is somewhat weaker than it was a few days ago. Ajax closes the weaker, stronger, while Daly is weaker since the annual meeting was held.

Daly sold today at 9-10, while Geyser-Marion was handed out at 13. Lower Mammoth participated up to 44, while Northern Light, which recorded a marked advance yesterday, weakened today to 54.

Sunbeam went back to 25 1/2, while Bunker Hill receded to 13. Bowers Extension sold up to 35.

Closing quotations were posted as follows:

## CHANCES WERE RAGGED.

Rio Grande Western Makes the Banner Gain of the Day.

Closing was Feverish, Most Stocks Showing Losses—Wheat Declines Again—Live Stock Steady.

New York, Feb. 24.—Wall Street: Notwithstanding the support accorded to prices by London, changes here were very ragged at the opening. A majority of stocks showed small gains which reached a point in the case of Rio Grande Western. Stop loss orders were uncovered frequently in Third avenue, under which the price receded spasmodically to 88. Some attention was paid to the metal group by bears on account of trade reports of yielding prices. Tennessee coal ran off 3 1/2, but other members of the group lost only fractions. Most of the weakness in railroad stocks was confined to the grain carrying lines. Prices hardened on bear covering prior to the appearance of the bank statement, bringing the average level of the market back to near last night's close. Rio Grande Western common and preferred rose 1/2 point. Third avenue dropped to 74 1/2, a net decline of over 10 points, and the list softened in sympathy. Brooklyn trust dropped 2 1/2, consolidated gas 3 and Anaconda 1 1/2. The closing was feverish, most stocks showing net losses.

## MONEY AND BONDS.

Close: Money on call steady with actual transactions 2 1/2; closed offered 2 1/2. Prime mercantile paper 4 1/2@5 1/4 per cent.

Sterling exchange weak with actual business in bankers' bills at 4 1/2@4 3/4 for demand and at 4 3/4@4 5/4 for 60 days; posted rates 4 3/4@4 5/4 and 4 3/4@4 5/4; commercial bills 4 3/4@4 5/4. Bar silver—59 1/2. Mexican dollars—17 1/2. Government bonds steady; 2s regular 102; 3s regular and coupon 109 1/2; new 4s regular and coupon 115; old 4s regular and coupon 114.

## WEEKLY BANK STATEMENT.

New York, Feb. 24.—The weekly bank statement (five days) shows the following changes: Surplus reserve, decreased, \$4,327,125; Loans, increased, \$1,635,900; Specie, decreased, \$1,045,900; Legal tenders, decreased, \$1,323,400; Deposits, increased, \$774,700. The banks now hold \$19,678,850 in excess of legal requirements of the 25 per cent rule.

## CHICAGO MARKETS.

## LIVE STOCK.

Chicago, Feb. 24.—Cattle—Receipts, 450. Nominally steady. Beef, 4.00@5.50; cows, 3.00@4.50; heifers, 3.25@4.00; canners, 2.50@3.50; stockers and feeders, 3.25@4.25. Texas steers, 4.00@5.00. Hogs—Receipts today, 20,000; Monday, 35,000; left over, 4,223; market steady. Mixed and butchers, 4.70@4.85; good to choice heavy, 4.55@4.75; rough heavy, 4.20@4.40; light, 4.00@4.25; bulk of sales, 4.40@4.50. Sheep—Receipts, 3,000. Market firm. Native wethers, 5.00@5.50; western wethers, 5.00@5.75; lambs, firm; natives, 5.00@7.15; westerns, 6.00@7.05.

## PRODUCE.

May wheat opened at 65 1/2, advanced to 66 1/2, and declined to 66 1/2. Close: Wheat—Feb., 64 1/2; May, 66; July, 66 1/2. Corn—Feb., 23 1/2; May, 25 1/2; July, 26 1/2. Oats—Feb., 22; May, 23 1/2; July, 24 1/2. Pork—Feb., 10.50; May, 10.65. Lard—Feb., 5.70; May, 5.85. Ribs—Feb., 5.75; May, 5.90@5.85. ## KANSAS CITY LIVE STOCK.

Kansas City, Feb. 24.—Cattle—Receipts, 150. Market unchanged. Native steers, 4.00@5.25; Texas steers, 3.50@4.50; cows, 2.50@3.25; native cows and heifers, 2.50@4.25; stockers and feeders, 2.50@3.25; bulls, 3.10@4.50. Hogs—Receipts, 4,000; market steady. To shade lower. Bulk of sales, 4.55@4.75; heavy, 4.75@4.85; packers, 4.25@4.75; mixed, 4.00@4.75; light, 4.20@4.75; yorkers, 4.60@4.75; pigs, 3.75@4.50. Sheep—Receipts, 1,000. Market strong. Lambs, 5.00@6.50; muttons, 4.00@5.35.

## OMAHA LIVE STOCK.

Omaha, Feb. 24.—Cattle—Receipts 200; market steady. Native beef steers 3.00@5.50; western steers 3.75@4.50; Texas steers 3.50@4.25; cows and heifers 2.25@4.00; canners 2.25@3.00; stockers and feeders 2.50@3.00; calves 2.00@3.25; bulls, stags, etc., 2.00@4.00. Hogs—Receipts 7,200. Market steady. Heavy 4.70@4.75; mixed 4.67@4.70; light 4.65@4.75; pigs 4.00@4.60; bulk of sales 4.67@4.75. Sheep—Receipts 1,000. Market slow to 10c lower. Yearlings 5.50@5.80; western muttons 5.20@5.60; stock sheep 4.00@4.80; lambs 5.00@6.75.

## DENVER LIVE STOCK.

Denver, Colo., Feb. 24.—Cattle—Receipts 100. Market weak. Beef steers 4.00@4.70; cows, 2.75@3.75; feeders, freight paid to river, 2.25@4.65; stockers, freight paid, 3.75@5.00; bulls, stags, etc., 2.00@2.75. Hogs—Receipts 300. Market weak. Light packers 4.00@4.65; mixed 4.60@4.65; heavy 4.50@4.70. Sheep—Receipts 250. Market unchanged.

## SAN FRANCISCO MARKET.

San Francisco, Feb. 24.—Wheat steady. May 95 1/2; Dec. 1.05 1/2; cash 97 1/2. Barley, cash 76 1/2.

## THE WEEK'S MARKET.

New York, Feb. 24.—The Wall Street Weekly: The stock market has been persistently dull in spite of prosperous conditions disclosed in all lines of business and especially the railroads. There has been some buying for London account during the week where the progress of the British arms in South Africa has had an inspiring effect. There have been points of strength in the stock market where actual increases or assured prospect of increase of dividends has awakened some demand. At other points there has been weakness due to apprehension that dividends would not be maintained, on account of poor financing or decreased earnings, on account of trade wars. The market has thus been kept unsettled and irregular with no disposition manifested towards active speculation though fears of future rise in money rates on account of the business activity of the country.

## MUCH PLEASD

WITH DALY-WEST

Manager Bamberger Expects to See the Working Force Increased.

## MILL OUTPUT TO BE 175 TONS

Splendid Showing at the Midas Group—Gold Ore from May Day—Week in Bingham.

Jacob E. Bamberger reached town last night from a visit to the Daly-West, of Park City, of which he was lately installed manager. Mr. Bamberger states that he was surprised at the extent of the ore bodies at present outlined. He expected to see a well managed property but the present condition of the Daly-West more than met his expectations. Asked as to the future intentions of the management in handling the property Mr. Bamberger stated that while he did not anticipate that the ore output would be materially increased in the immediate future, he expected to see much attention paid to prospecting work during the present year. The retiring manager was rather hampered in this respect because of the delay in getting the new air-compressor. But with this now in place a most extensive system of development will be carried out on the 2,400 level as well as on the other levels of the mine. A great deal will be left to the new superintendent, but Mr. Bamberger expects that forty or fifty men will shortly be employed at the mine in addition to the present force of 210.

Mr. Sherman, who is in charge of the mill, states that with a few more hands he can run through 170 tons a day. The capacity heretofore has ranged between 135 and 140 tons a day, but this increase in the mill output will be attended to at once.

The possibilities of a new mine like the Daly-West cannot be estimated, said Mr. Bamberger, until it will be the aim during the present year to push development work much farther ahead of the necessity of the hour than it is at present and it is expected that the next annual report will be a much greater figure for development than the excellent report recently made by the retiring manager.

## WEST MORNING GLORY.

The Drift is Said to be Approaching Another Ore Chute.

After drifting some 30 feet on the ore chute recently encountered at the West Morning glory property in Tintic it pinched, but word comes from the camp that after drifting on the vein some thing like 30 feet farther heavy mineralized rock is being encountered which is believed to indicate the proximity of another chute. It is expected that a shipment will be made next week as two or three cars of copper ore are said to be already in sight.

## DEEP CREEK SHIPMENT.

Rich Silver-lead Ore is Marketed from the Apex Group.

A shipment of silver-lead ore reached town yesterday from the Deep Creek country. The distance traversed in getting the shipment to market was 170 miles, and C. A. Carlgren, manager of the Apex group, from which the ore came, says that the horses were almost played out when they reached the city, although, when they left it they were in excellent condition. This is not the first lot of ore from the Apex. Mr. Carlgren has sent in several small lots to the sampler, where they have been stored until enough was gathered for a sampler run. The ore from past shipments has netted \$34 a ton. The Apex property is located some twenty-five miles this side of the Queen of Sheba property, and while no great amount of development work has been done a very good ore showing is presented. Mr. Carlgren has worked the property with 4 inches, the deepest of which is 60 feet. The ore, which is chloride of silver is found in chimneys almost as round as it is possible to imagine. This silver ore runs from 150 to 170 ounces of silver from 100 to 120 ounces of lead. In connection with the Apex Mr. Carlgren has opened up what he calls the Lead Mine in which he is sinking on a nice chute of lead ore more than a foot wide at the surface. The ore runs between 50 and 60 per cent lead and is marketed in connection with the rich silver ore of the Apex. Speaking of the railroad to Deep Creek Mr. Carlgren says a number of people are getting discouraged, believing that the present rumor will prove to have as much foundation as other stories of years ago.

## GOLD VALUES INCREASING.

Shipment Arrives from May Day—Gold Values are Better.

Three cars of ore reached town today from the May Day, of Tintic. This is the first shipment this year and since the new hoist was installed. A report from the mine states that in one place in the workings the percentage of lead is growing less while the gold values are increasing. Samples from one of the cars of the present shipment assayed as high as 1 1/2 ounces in gold at the mine. While it is not thought that the average will run that high, it is expected the shipment will show a higher average in the yellow metal than any previous shipment.

## THE MIDAS GROUP.

Present Option Will Soon Expire and a Mill May be Built.

W. H. Grant reached town yesterday from the Midas property in the Deep creek country with samples of ore. The Midas claims are owned by Mr. Grant, James Chipman and John Dorn, and lie about two miles north of the old burned station and about twelve miles east of Deep Creek. Mr. Grant is elated over the prospects of the Midas group. It is estimated that \$100,000 in gold bearing ore is already blocked out which runs about \$22 a ton. A mill has been talked of for some time past but Mr. Chipman has been a little dubious about the kind of mill needed to handle the ore which is said to be free milling. The fitness of the particles of gold makes it possible, however, to save 90 per cent of the yellow metal by means of the cyanide process. The property is pronounced an excellent gold proposition, but the long distance from railroad facilities has retarded operations. Were it not for that, the Midas and other claims would now be paying dividends.

## At the present time an option on the Midas group has been given to eastern

ACTS GENTLY ON THE KIDNEYS, LIVER AND BOWELS. CLEANSSES THE SYSTEM. DISPELS EFFECTUALLY COLDS, HEADACHES, OVERCOMES HABITUAL CONSTIPATION TO GET PERMANENTLY ITS BENEFICIAL EFFECTS.

BUY THE GENUINE—MADE BY CALIFORNIA FIG SYRUP CO.

LOS ANGELES, SAN FRANCISCO, NEW YORK. FOR SALE BY ALL DRUGGISTS. PRICE 50c PER BOTTLE.

parties by the owners. The option has long to run and if it is not taken up it is likely that a fifty ton cyanide mill will be built as soon as a new sawmill—now being put in about twenty miles away—is ready to run. The water supply is not lavish but Mr. Grant claims that sufficient has been opened up for all necessary purposes.

## MINING NOTES.

A car of Red Wing concentrates was disposed of today.

A car of ore was sold today from the West Argent of Stockton.

A car of ore from the Horn Silver of Frisco was disposed of today.

A car of ore from the Mammoth of Tintic was on the market today.

Six cars of ore were on the market today from the Swansea of Tintic.

The Carissa of Tintic reported on the market today with three cars of ore.

Two cars of Petro ore were marketed today from this Bingham proposition.

The South Swansea of Tintic took down the price of one car of ore today.

Four cars of ore were on the market today from the Daly-West of Park City.

The Conklin sampler reported seven cars of ore today from Tintic and one from Stockton.

The Nevada Mining company took down the proceeds of a car of ore today from its Nevada property.

Assay returns from the recent strike in the old Dixon group at Bingham show 73.2 per cent lead, 10.8 ounces silver and a trace of gold per ton.

J. C. Stewart has returned from the East after closing up a deal with H. B. McKay for the sale of some copper properties at Bunkerville, Nevada.

Heavily mineralized rock is now being encountered in the tunnel on the Sharp property at Stockton. The near approach of another vein is confidently expected.

The cyanide shipments to the local refinery during the week amount to 500 pounds. The Lucky Boy of Custer City.

## A GUARANTEED TOOTH BRUSH.

A tooth brush cannot be judged by looking at it or feeling it. We have secured a special brand and had our name stamped upon the handle. They cost 25c and are worth it.

If you buy one and it loses bristles, bring it back and get a new one. We mean it.

We've others from 10c to 50c.

## F. C. SCHRAMM,

Prescription Druggist, Where the Cars Stop, McCormick Bldg.

## Spitting Blood

"I used to cough a great deal and spit blood, and my neighbor in Dayton, Ohio, where I live, said among these things I had consumption, although they did not tell me so to my face, for fear of making me dependent. I kept on coughing and trying different sorts of medicines, but I got hold of a bottle of Acker's English Remedy. I prayed for health all the time, and my prayers were answered as soon as I began taking this celebrated English expectorant and tonic. Since my recovery I have told hundreds of sufferers from coughs, colds and weak lungs that Acker's English Remedy would cure them. Some of them won't try it, and it does seem so terrible when anyone deliberately refuses to be cured. There ought to be a law compelling consumptives to take it. Even if they don't care for their own lives, the public's welfare should be considered. Don't you think so too? I hope such a law will soon be enforced."

(Signed) Mrs. RICHARDSON.

Sold at 10c, 25c and 50c a bottle, throughout the United States and in England, at 10c, 25c and 50c. If you are suffering from cough, cold, or asthma, get a bottle of Acker's English Remedy and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York. For sale by Z. C. M. I. Drug Dept.

Idaho, reported with 150 pounds and the Geyser-Marion sent in 250 pounds.

The Taylor-Bhunton sampler reported four cars of ore from Tintic, four from Park City, one from Frisco, one from Nevada and three from Bingham today.

At the instigation of the Boston banking house of Mills & Blanchard, J. Anson McDougall has been appointed secretary of the Overland, Platte and Chloride Point mining companies and also the Sunshine Water company.

Drifting has been steadily pursued on the paystreak in the New State property at the mouth of Little Cottonwood canyon. Advice received in town state that copper stains are freely entering into the country rock.

The drift from the 210-foot incline shaft of the Washington property at Frisco, has now reached 50 feet. The drift looks better than ever. It will be continued at least 100 feet further when conditions will then determine the future mode of procedure.

President P. T. Farnsworth expects to shortly avail himself of the offer of E. Allen's offer to inspect the workings of the Centennial Eureka and investigate the truth of the report that the Bullion-Bank territory has been invaded. Mr. Farnsworth does not attach much importance to the
