Los Angeles Crowd Took All But One Game in the Series.

A RIG CHANGE IS NEEDED.

Two Good Men Sold to the Angels-Locals Made Hard Fight to Win Yesterday.

After a long and arduous struggle, the Salt Lake ball team has at last succeeded in landing at the top of the percentage column-that is, if you turn said column up side down. We were informed with a blast of trumpets that a big change was due; that new pitchers had arrived; that the local team was about to make a big mp upward and that a bad fall was due whole thing is that the dope was misap plied. Everything occurred just as predicted, only the teams were reversed Salt Lake got the fall and Los Angeles took the jump. They walked all over the local aggregation on Saturday, and in the two games yesterday afternoon the played all hog or none and took them

To the credit of the home crowd it must he said that they made a gallant fight in

be said that they made a gallant fight in both games, but In each the strenuous efforts were put forth too late and did them no good. They fell short a tallie in each mix-up. The visitors took the area by a score of 12 to 12 and the accound by a score of 13 to 12 and the accound by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second by a score of 13 to 12 and the second of their sample of their ability as twirlers the verdict is simply. They wont do, The first man to shoot the mystic benders was a youth who travels under the cognomen of Heisman. This a sud tale but he was bumped for 11 runs in five innings. The next person to do a stunt on the rubber was a gentleman named Stopher. In appearance he is the very antithesis of the first named, and it is regrettable that the same cannot be said about his pitching. Every time he managed to get the horse hide over the plate it was soaked good and plenty by the unreasonable los Angeles crowd. He endured two innings. In the first game the Angels had everything their own way until the eighth and ninth, when the locals took a sport and managed to work in, by an unheard of route, nine runs. The score was tied but the good work was followed by a series of bad blunders and the game was lost.

A mistake was made in the second game

A mistake was made in the second game

A mistake was made in the second game in not putting Jensen in to pitch. Parrott was selected for the sacrifice and to his credit be it said that he bore his sufferings with fortitude. He was hammered to a pulp. Jensen followed and held the enemy down pretty well but the damage had already been done.

Beginning tomorrow the San Francisco team with Borchers and Buck Weaver will be here for a series of six games, and it is to be loped that something will be done with the locals to ginger them up. New men are needed on the pitching staff and also in the infield. Two men have been taken by the Los Angeles managers. They are "Dad" Clark and "Kid" Egan. This is too bad; they should have been too bad; they should have been lowing is the summary of the first

HOPE THIS IS TRUE.

Spokane Fans Think Salt Lake Has Good Prospects.

Good Prospects.

The Spokane Chronicle has the following, and it is to be hoped it is all true:

"If Sait Lake does not have a good ball team in a short time, it will be because some one makes a tempting offer to Garrett for his stock. There will be no lagging behind with the Mormons, nor their owner. Garrett will go by a win a good place and he will win! Genses will not be spared to get good a to help the team out of the present hole.

"McCloskey has been given a great deal of praise for his work in the P, N. L., but he has not done in all his time here what Garrett has accomplished in one year in baseball. Garrett practically signed players for three teams this year. While there was doubt about the result in Portland Garrett signed players for that club. When McCloskey was begging for help, Garrett secured several men for him and gave him Pfeister, one of his best pitcher.

tion of ball tossers Spokane has ever had. There were no retrenchments. He believed that the best pail the most and went after the best, He is expected to fol-low the same line in Sait Lake and the other teams want to watch his work."

Two Condemned Murderers Are A Renewal of It is Brewing at

DEPUTY SHERIFF KILLED.

Latter Shot While Defending His Charges - Jall Battered Bown-Sheriff Asks for State Militia.

Butte, Mont., July 19 .- A Miner pecial from Red Lodge, Mont., says: A state of lawlessness that beggars description now prevails in northwest Wyoming as a result of which all law and order seems to have been abolished. From President L. L. Moffett of the Montana and Wyoming Telephone company, who is now making a tour of inspection of his company s lines, comes the news of a bloody tyrchin, which occurred at Basin, Wyo., just across the Wyoming line early this morning, and of an appeal for help from Sheriff Fenton of Big Horn county, who has arrested a number of prominent cattlemen near Thermopolis, and has appealed to the governor f Wyoming for assistance of the miitia in getting his prisoners to the

The lynching this morning resulted in the killing of two condemned mur-derers and also in the shooting of a deputy sheriff, C. E. Pierce, who died instantly. The murderers were Jim Gorman,

who killed his brother about a year ago, and ran off with his brother's wife, and a prisoner named Walters, a traveling man, who killed a widow named Hoover at Thermopolis hot springs two years ago because she efused to marry him. It was reported to Sheriff Fenton last

Wednesday morning that a mob was coming up the Basin along the Big Horn river from Hiattsville and Tenslip for the purpose of lynching Gor-man and Walters. As a measure of precaution the sheriff took those two men and a horse thief out of the jail and secreted them in a gully near town under guard of Deputy Sheriffs Felix Alston and C. E. Pierce, Gorman, who has exceptionally small

hands, managed to slip his handcuffs and made his escape. Deputy Pierce fired one shot at the fugitive as he disappeared in the brush, but the bul-let went wide. Gorman swam the Big Horn river and made for the moun-tains. A posse of seven men quickly organized and Gorman was recaptured

organized and Gorman was recaptured early yesterday morning on Trapper creek, about 50 miles from Basin.

Last evening a mob of about 30 men, unmasked and in perfect order, rode up the east bank of the Big Horn rode up the east bank of the Big Horn. dismounted, tethered their horses and compelled the ferryman to carry them across the river. They made no dem-onstration until they entered Basin, when five shots were fired as a warnwhen five shots were fired as a warning. The mob proceeded at once to the building, which is courthouse and Jall combined, and fired a volley into the jail. Deputy Sheriff Pierce and Special Deputy George C. Meade were guarding the prisoners at the time. One bullet grazed Meade's shoulder and en-Pierce's heart, killing him in-

Members of the mob then quickly procured telephone poles and battered the jail door down. They first came to Walters, who was crouched on his cot piteously begging for mercy. No needless torture was resorted to, Wai-

ters was shot instantly.

The mob next found Gorman, whose body was pierced by five bullets and was left presumably dead. He lingered, however, until 8 o'clock this morning, when he died.

A still more alarming state of affairs is reported from the vicinity of Thermopolis. About six weeks ago, as a result of the range feud that has been so bitterly waged, a sheepman, Sheriff Fenton, it is claimed, has ca tured the murderers, who are all promi-nent cattlemen, and whose names have heen withheld on account of threats made against him. Sheriff Fenton is onable to get his prisoners to Basin. It is claimed the same mob that ynched Gorman and Walters are syn-pathizers and have declared that Sherif Fenton will never get out of the lo-

callty alive with his prisoners.

Sheriff Fenton has wired the governor of Wyoming for permission to use the state militia at Lander, and has also sent telephone message to Cody, Basin, Meeteetse and other Wyoming towns asking for volunteers to assist him in upholding the law. Everywhere hardy westerners are responding to the coll, arming themselves, and hastening toward Thermopelis. It is probable that the militia will be ordered to the ene and maybe a bloody battle will fought. The country about Theropolis is a wild and lawless one.

A message received at Cody this corning from Sheriff Fenton stated that he still held the prisoners in his possession and that he believed he ould hold our until reinforcements

Russia is Increasing. Pekin, July 19 .- According to diplo mats here, the greatest factor in the eastern situation is the increasing dan ger of war between Russia and Japan. They believe it is becoming plain that Russia is willing to fight Japan |f convinced that no other powers will assist her. The Russians are confident of their ability to easily defeat Japan and are said to be anxious to settle de finitely her position in eastern politics and end her ambition to oppose Russia's progress in Manchuria. The be-lief is attributed to the Japanese that the Russian policy is to attempt to placate Great Britain and America and provoke Japan into beginning hostili-ties. They regard Russia's consent to opening ports in Manchuria, the czar's promised visit to England and the occupation of the Corean border as parts of that policy. Russia's activity on the

The Tyfold Collar

The picture shows how the collar is cut out on each side to allow for adjusting a neck tie without springing the collar open. The collar comes close together in front, it keeps the tie in place and you don't see the cut-out part. Besides the tie is retained just over the button, which is also kept out of sight. Your summer comfort will be increased if you wear one, and you'll thank us for the style. Dealers sell them.
