MONTANA MEN AFTER

Understood That Deal Will be Made

Whereby Plant Will be Turned

Over and Opened Early.

(Special to the "News.") OGDEN, July 10 .- From an authentic

source it is stated that a party of

Montana mining men are negotiating

for the reopening of the smelter, west

of the Utah Hot Springs. While noth-

ing concerning the deal or those in-

terested in it can be learned it is re-

ported that a dealls now being made to secure the property and open it at an early date.

The smelter has been idle since ear-ly in the year. For some time it has been known that the stockholders wished to dispose of the plant. The local stockholders will not admit that a deal has been made but assert that there has been one pending for some time with a number of out of town men. Just what the details are has not been made known. The plant is declared to be in ex-cellent shape and providing the right kind of railroad rates could be se-cured it is assorted the smelter would be as successful as any in the state.

GOOD DAY FOR STOCKS.

Local Market Livens Up Under Stim

ulus of Strike at Grand Central. There was considerable life in the local stock 'narket this morning in sympathy with the interest developed by the recent strike in Grand Cen-tral. This security was traded in the heaviest of any today and reached the \$3 mark. Shortly after the opening of the trading in this stock on the reg-ular board 1,100 shares sold at \$3. This is the highest the stocks has reached

that board 1,100 shares sold at so. This is the highest the stocks has reached in many months. The stock dropped ns low as $$2.87\frac{1}{2}$, but this was re-rained and the stock was selling at $$2.97\frac{1}{2}$ at the close.

Iron Blossom was fairly strong to-day, but Colorado was off on its price. South Columbus Consolidated sold

SMELTER AT OGDEN

Week's totals 412,976 \$287,538.51

Provo, July 10,-A party of eight men left this week for the Lost Josephine mine on the reservation, southeast of Heber. The company will prospect the property thoroughly this summer and expects to open up a valuablue minc. Considerable work was done on the considerable work was done on the ground last summer and some gold was found, but work was closed down on account of water. A pump has now been secured and that difficulty will be overcome.

LETS CONTRACT FOR BIG TRAM Utah Consolidated Will Build Line Over Mountain to Pine Canyon. The Utah Consolidated Mining com-That the railroad from Prince Con-solidated mine, southwest of Pioche, will be built within a short time is the pany has let a contract for the building of four miles of tramway from its mine in Carr's fork, Bingham, over the Information brought from New York this morning by Ernest L. Godbe, who with Col. James L. Hackett, has been mountain into Pine canyon and to the International smelter, Work was Purt ed on the road yesterday for the deliv-ery of material for the work. The con-tract has been let to the Trenton Iron works, which has established its west-ern branch in Salt Lake City. The Bleichert system of trams will be in-tabled and will have a daily encoder there arranging affairs with Senator W. A. Clark, president of the San Pe-dro, Los Angeles and Salt Lake road. It is understood that Senator Clark will shortly visit Salt Lake City and the Pioche district. At that time he will receive the report of his engineers and will then decide upon the week he Bleichert system of trans will be in-stalled and will have a daily capacity of 1,500 tons. The contract at the In-ternational smelter calls for the deliv-ery of 1,000 to 1,200 tons of ore a day, and will then decide upon the work being advanced as rapidly as possible. "There is plenty of money in the east," said Mr. Godbe this morning. ery of 1,000 to 1,200 tons of one a day, beginning next April. The cost of the work is said to be about \$100,000. The company is now paying 40 cents a ton for the delivery "It was a revelation to me to see how prosperous the farmers are. From Ne-braska east you can see them scooting of its ore at the Garfield smelter. By means of the tramway the cost will be about the country in their automobiles. The banks are full of money and every-body seems to have the coin with which reduced to 5 cents a ton and this say to meet the high prices at which everying alone will be sufficient to pay for the tramway in nine months. The route selected will require about half a mile thing is held. "The east does not take readily to the east does not take readily to mining. So many were 'stung' during the boom by fake concerns that in-vestors are not as ready to put up their money as before. But I want to of snow sheds but otherwise the tram will not be affected by the weather. TINTIC MINES POST DIVIDENDS. their money as before. Sioux, Colorado and Iron Blossom Hand Out Usual Velvet Rolls.

(Special to the "News.") Provo, July 10 .- The usual rolls of velvet from the three Tintic producers, with headquarters here, were posted at the directors' meetings today. There was no change in the dividends posted by Iron Blossom, Colorado and Sloux Consolidated.

Iron Blossom declared a dividend of 8 cents, which means the paying out of about \$\$0,000. The books close July 20, dividends will be paid July 25, and the books will open July 26. This means that Iron Blossom will have declared dividends of \$230,000 up to Aug. 1 of this year. Colorado handed out its usual divi-

dend of 8 cents, payable July 20, books to close July 15 and to open July 21. This means that Colorado will have paid 3560,000 in dividends thus far this year and brings the total dividends ip to \$1,530,000. Sioux Consolidated declares its regu-
