MINING, BUSINESS AND STOCKS.

RICH ORE FROM ALPINE MINE.

Returns Received From Recen 100-Ton Shipment.

IT RUNS HIGH IN SILVER

Property Was Acquired Some Time Ago by O'Mera-Lynch Company —Will be a Big Thing.

W. P. O'Meara received returns today from the 100 ton lot of ore which arrived recently from the Alpine mine at Tonopah, Nevada. The assay certificate showed values of 300 ounces silver, 50 per cent lead and .05 ounces gold.

The Alpine was recently acquired by the O'Meara-Lynch company. When the property was taken in the purchasers believed the territory to be among the best in that part of Nevada and the results of the initial shipment seems to bear out those conclusions. Mr. M. J. O'Meara, who was instrumental in bringing the deal to a close a few months ago told the writer, who was in Tonopah at the time, that his candid opinion was that the Alpine would equal any property upon the now famous Mizpah ledge.

SESSION WAS SHORT.

Brokers Consumed 30 Minutes During Morning Call on 'Change.

It took less than 30 minutes for the brokers to get through with the business of this morning's regular session of the mining exchange. Only five stocks participated in the sales, 3,406 shares being transferred, which brought $1,085.50.

The demand for stocks was light and the operators in the pit had few selling orders to execute. The holiday indifference was decidedly apparent on every hand.

Daly-West maintained its independence, holding up to a firm price. Daly-Judge strengthened slightly in the bidding, but no shares were shook down at the figures. Lower Mammoth appeared somewhat active, when it was pulled out by Caller Jones, but only 400 shares went down under the hammer. The stock began at 68½ cents, declining a cent at the close.

A block of 500 shares of New York Bonanza was offered and taken up at 3½ cents, seller 30 days.

The quotations and sales posted were as follows:

New Company at Pocatello.

A new mining company has been organized at Pocatello and is known as the Pocatello Gold and Copper Mining company. The property owned by the organization is the Moonlight group of claims near the head of Pocatello creek. The officers of the organization are Supt. E. C. Manson, of the Oregon Short Line, president; G. H. Olmstead also superintendent of the same road, vice president; W. A. Andrews, cashier of the First National bank, treasurer, and Atty. J. J. Guheen, secretary.

IN OTHER STATES.

Wyoming and Idaho Properties Change Hands.

Judge C. F. Fishback, of Rawlins, Wyo., has bonded and leased a group of copper mines, adjoining the Ferris-Haggerty mine at Battle Lake, to Boston parties. The consideration is said to be $250,000.

D. McKenzie of Boise, has arrived in that city from New York, where he succeeded in placing five groups of Thunder mountain properties, the transaction involving a cash payment of $150,000. He also reported the sale of the Rio Grande group, another Thunder mountain property, to New York parties at a good figure.

N. A. Page, Stock Broker.

Loans money on stocks at bank rates. Room 26, Walker Bank building.

NEW YORK METAL PRICES

Lead quiet, 4.12½.

Copper quiet, 11.62½@11.87½.

LOOK OUT FOR JUMPERS.

This Class Reported to be Active in Beaver County.

Tomorrow being the last day of the year, the ususal array of claim jumpers will no doubt swoop down upon the unprotected properties about the midnight hour.

Advices received from Beaver county indicate that there will be something of that nature going on down in the great Utah copper belt; so it will be well for even property owner down in that section to be on their guard and see that they are in absolute possession when the new year comes into existence, or else run the chance of losing their holdings altogether.

Beaver county is rapidly coming to the front and will cut am important figure in future metal production of the state. In active districts, such as this one is, claim jumpers are more apt to be on the alert.

PLEASED WITH PEARL.

Col. Chittenden, of Denver, Visits This Idaho Camp.

Col. H. N. Chittenden, a prominent Denver mining man, has just completed an inspection of the Pearl, Idaho, mining district, and has returned home.

He was well pleased with his observations, but complained that when it comes to buying properties, prices are prohibitive. Owners of prospects want almost as much for their claims as what small producing mines would be worth.

The colonel expects to take another look at the Pearl district in the spring, however, and may get a foothold there.

The Checkmate mine in which several Oregon Short Line officials are interested is located in the district; also the Lincoln mine, of which John T. Hodson, of this city, is manager. The new 100-ton mill at the latter property is about ready to go into commission.

GOLD IN ALABAMA.

Alleged that Wall Street Gets Excited Over New Find.

New York, Dec. 30.—Something of a flurry has been caused in Wall street, says the World, by the formal announcement that gold has been discovered in Alabama in sufficient qualities to make the mining of it profitable. There was more of a flurry when it was announced that none of the stock was on sale.

For more than two years the land has been worked secretly. A 20-stamp mill was erected without even the contributing of the natives. Chance led to the discovery of the vein of ore. A company was formed and the stock was bought up by New York, Philadelphia and Washington capitalists before the news became public.

The value of the ore has been averaging $36 a ton for the past 60 days and another 20-stamp mill is going up.

The mine is 20 miles west of Anniston, Ala., and 70 miles from Birmingham. The ledge of ore runs for a mile and a half northeast and southwest. The pay streak varies in width from two feet to four feet.

IMPORTANT FOR STATELINE.

Great Body Milling Ore Encountered in Margaret Mine.

An important discovery of ore has been made in the Margaret mine at Stateline. This information was imparted to Manager Grant H. Smith in a letter received from camp.

The strike was made in the main working shaft at a depth of 220 feet. The extent of the new find has not been determined as yet, but a drift run on the vein for a width of 4 feet and to a distance of 25 feet shows up nothing out ore. The entire body will average, Mr. Smith states, $19 to the ton.

The Margaret property covers an extension of the Johnny vein and that it will rank an equal to its big neighbor, there seems to be no doubt. The opening up of the vein in this property is certainly one of the most noteworthy events that has taken place in Stateline for some time. This, together with the starting of the mill at the Johnny mine, foretells a new era of prosperity in the camp in the south.

TO OPERATE IN TINTIC.

Springville Company Getting Ready To Do Work.

Special Correspondence.

Provo, Dec. 30.—The Groesbeck-Whitney Transvaal Mining company has purchased the Iorine Chief and the Marley Gibson mining claims from H. C. Monter and Paul Rodenhouse, of Salt Lake City, for which the grantors were paid partly cash and partly stock in the company.

The Groesbeck-Whitney Transvaal company was incorporated about three years ago. The principal office is in Springville, and the majority of the stock is held by Springville men. The property of the company is situated about a half mile south of Silver City, the two claims purchased joining the original property on the north. The owners are all comparatively poor men but they have pushed development work with commendable zeal, under the management of the president, Joseph S. Wing, who is confident that the property will develop into a paying mine.

A first class double compartment shaft has been sunk to a depth of 230 feet, and a force of 11 men, working two shifts, will be put on the first of the year and the shaft sunk to the 300 foot level when drifting will be commenced.

The company has purchased the Cornucopia hoisting and pumping plant valued at $4,000, and has it placed in position. The company is now prepared to prosecute work in the most efficient manner.

The veins are from 18 inches to 4 feet in thickness on the surface; one of them assays $12 in silver, gold and copper at the grass roots, and is one of the veins for which a drift will be run at the 300 foot level.

The Swansea is located to the south of the property and the Swansea vein seems to strike in the direction of the Transvaal group. Experienced miners claim that the ore in the shaft is similar to the Swansea ore. The shaft is now in a 20-foot vein of iron carbonates, and the conditions are considered very favorable for a producing property in the near future.

Good News from the New York.

A letter received from the foreman of the New York Bonanza this morning states that the shaft is down to a depth of 200 feet and indications are favorable for the striking of a body of ore soon.

Will J. Dooly Married.

Word has been received in Salt Lake that Will J. Dooly, manager of the Johnny mine at Stateline, has become a benedict. He was united in marriage to Miss Georgia Johnson, in San Francisco, on the 16th inst. The bridal party is expected to arrive in Salt Lake this afternoon.

Mrs. Dooly was a resident of Carson City, where she has a host of warm friends.

Manager Whitely, of the American Smelting and Refining company, spent the day at the valley works.

Manager Walter C. Orem, of the York is inspecting that Bingham property today.

VALUABLE IDAHO PROPERTY IS SOLD

Salt Lakers Get the Palmer Group At Silver City.

ON FLORIDA MOUNTAIN,

Adjoining the Trade Dollar Mine, is The Location—Consideration Not Given Out.

For a consideration, which the purchasers do not care to divulge at the present time, a deal has been consumated which places Walter C. Orem and associates of this city in possession of the Palmer group of mining claims, located in the Silver City, Ida., district.

Mr. Orem made a trip to this famous old camp last September, and while there made an exhaustive examination of the mines in operation; as well as the general formations found in the vicinity of War Eagle and Florida mountains. He at once became favorably impressed with the appearance of the region and forthwith set to work to get a foothold.

The Palmer group was particularly fascinating to Mr. Orem and he began making overtures to the owners. They responded, and the property was tied up, but not until after Fred H. Perkins, the well known mining engineer, had been dispatched to the scene. Mr. Perkins reported favorably upon the proposition; in fact his findings were more flattering than was expected. So the deal was brought to a successful conclusion.

This group is located on the north and east slopes of Florida mountain, adjoining the territory of the great Trade Dollar mine which is credited with having produced more than $10,000,000. Just to the east of the new acquisition is the old placer workings which caused the camp of Silver City to come into existence away back in the early sixties. These placers caused a stampede shortly after their discovery and at one time they were considered to be as rich as the richest in the west.

Crossing the Palmer group is what is termed in the workings of the Trade Dollar mine, as vein No. 19; there are others, but this one is the largest, consequently of the most importance. The vein carries some very rich ore. It was opened up to a depth of 1,100 feet in the Trade Dollar workings, and has cut an important figure in the dividend making for that mine. This fact gives much encouragement to Mr. Orem and his associates and it is upon this vein that they intend to do their principal development work.

Mr. Perkins has so recommended and a tunnel will be started at its lowest point on Jordan creek, a small stream passing through the town. This tunnel will give a depth, according to Mr. Perkins' report, of 1,700 feet below the apex of the mountain. The group consists of seven claims and will form the basis for the organization of a new company. The geological formations in this vicinity is rhyolite, granite and basalt and is identical with the Black Jack, Trade Dollar and the other producing mines operating on Florida mountain.

Mr. O. S. Wigglesworth, formerly a resident of this city, but now an enthusiastic admirer of the Idaho camp, was instrumental in bringing about the deal. Mr. Wigglesworth has acquired extension holdings in the district since he went there over a year ago, and believes that that region is sure to make some rapid strides in the way of development in another year.

ASSYRIAN ASPHALT.

A. J. Mitchell Gets Property of Defunct Company.

Special Correspondence.

Provo, Dec. 30.—A deed has been filed with the county recorder from Charles L. Boyd, trustee of the estate and effects of the Assyrian Asphalt company, late of Chicago, Ill., a bankrupt, conveying for a consideration of $29,500 to Alfred J. Mitchell, the property formerly owned by the Assyrian Asphalt company, consisting of Chicago real estate and numerous asphalt claims in Spanish Fork canyon and in the Castle Peak mining district in Wasatch county.

MINING CONCENTRATES.

State Superintendent of Public Instruction Tynan of Wyoming recently sold at auction 1,760 acres of valuable coal lands near Sheridan. The state receives about $74,000 from the sale.

Ben T. Lloyd, manager of the Copper Ranch and Copper Mountain properties in Beaver county, will depart for the south tonight.

The late assessment on the stock of the Little Chief Mining company property in Tintic becomes delinquent today.

A new steam hoist has been installed at the Lost Horse mine, near Pocatello. This is the first plant of the kind set up on the mineral lands made available by the opening of the Fort Hall reservation.

Manager Samuel McIntyre returned last evening from a trip to the Mammoth mine in Tintic. He states that the hoist, which was closed down for repairs, will be ready to start up again next Monday.

Manager Nephi Jennings of the Pirea and Apex mines, located in Kane county, is in the city. He reports development work progressing very satisfactorily at those properties.

Joseph Dederich departed for the Red Cross mine in California today.

Martha Washington stock has been assessed again. This time for one cent a share; delinquent Jan. 27.

It is reported that a fine body of iron carbonate and galena ore has been struck in the property of John Garrison, on Dutch mountain, in the Deep Creek district.

The Idaho Gold Coin Mining company, operating in Mountainview district, Ida., has completed the construction of a 50-ton cyanide plant.

W. C. Dunbar, county auditor and recorder of Canyon county, Ida., has disposed of a group of mining claims in the Pearl, Ida., district for a consideration of $60,000.

The B. W. & H. mine, near Richfield will start up in a few days with an increased force. The property is closed down for the holiday season.

QUICK RECOVERY AFTER DECLINE.

Scarcity of Offerings Checked the Downward Tendency.

CALL MONEY STILL STIFF.

Strength of Coalers Permeated Whole List Causing Active Demand for Standard Railroads.

New York, Dec. 30.—Prices moved downwards in the opening dealings, Amalgamated Copper leading the way with a decline of ¾. Brooklyn Transit also lost a large fraction. Sugar showed a small advance. Business was on a very small scale. The scarcity of offerings on the decline checked any further short sales, and the bears bought to cover, causing a quick recovery. Sugar, Manhattan and Brooklyn Transit were conspicuously firm, but did not rise more than a fraction above last night. Metropolitan securities rose 4 and International Pump preferred 3. Sugar was sold freely to realize after it touched 130 and had got below 129 before 11 o'clock. The stiffness of the call money rates at 12 per cent and above did not prevent large buying of the Erie stocks on account of the favorable November earnings. Other coalers advanced in sympathy, but the sympathetic response in the general list was slight. Erie rose 1½ and the second preferred 2⅜ and the first preferred a point. Anaconda gained a point.

Bonds were irregular.

The strength of the coalers permeated the general list and there was a more active demand for the standard railroads and numerous specialities. The transcontinental stocks were in good demand, led by the St. Paul stocks, which touched 178 for the common. Advances elsewhere ran from 1 to 1¾ for Great Northern preferred, Union Pacific, Rock Island, Louisville, Amalgamated copper, Manhattan, Brooklyn Transit and some others of less prominence. General Electric rose 3 and Westinghouse Electric 6.

Realizations only caused a temporary check to the advance which was renewed with more confidence in all quarters. Advances of a point or over were numerous, while Erie and Rock Island gained 2, Erie second preferred 3⅜ and Lackawanna 4. Iowa Central preferred also sold 2½ and the United States exp. 2½ higher.

MONEY AND BONDS.

Money on call strong at 12@14 per cent. Prime mercantile paper 6 per cent. Sterling exchange steady with actual business in bankers' bills at 4.86⅝@4.86⅞ for demand, and at 4.83½@4.84⅝ for 60 days. Posted rates 4.84 and 4.87½.

Commercial bills, 4.82½@4.84¾.

Mexican dollars, 38.

Government bonds steady. Refunding 2s registered, 108½; 2s coupon, 108¾; 3s registered, 107½; 3s coupon, 108; new 4s registered, 135½; new 4s coupon, 135¾; old 4s registered, 109½; old 4s coupon, 110¼; 5s registered and coupon, 103¾.

Bar silver, 48.

SUGAR.

Sugar—Raw normal. Fair refining 3 7-16; centrifugal 96 test, 3 7-16; molasses sugar, 3 3-16. Refined quiet, crushed 5.95; powdered 4.85. Coffee quiet; No. 7 Rio 5¼.

No sheep.

WOOL.

BOSTON.

Boston, Dec. 30.—Notwithstanding the holiday season, the wool market has been active and is stronger than last week. Some of the largest manufacturers have been buying freely. Stocks are unusually small for the season. Territorial wools are in good demand with prices fully sustained. The staples are quoted at 56@60; strictly fine, 50@56; fine and fine medium, 50@53, medium, 45@47. Fleece wools are in good demand and prices are firmly held

Capt. U. Sebree Arrives.

San Francisco, Dec. 30.—Capt. U. Sebree, commandant of the United States naval station at Pago Pago, island of Tutuila, Samoa, has arrived here on leave of absence. The principal reason for his home coming is the illness of Mrs. Sebree, who met with a serious accident some weeks ago, as the result of a fall. After a visit to his home Capt Sebree expects to make a flying trip before returning to Samoa. During his absence Lieut. Henry Minett, U. S. N., will assume command of the station and the government of the islands.

Mascagni's Manager Warned.

Chicago, Dec. 30.—Richard Hard, former manager of Pietro Mascagni, the Italian composer, has made public a communication warning him to desist from his "persecution" of the maestro and closing with the phrase, "a word to the wise is sufficient." The epistle was in a woman's handwriting, and was dated Boston, Dec. 27, and had been posted at Back Bay station.

Imogene Tracy Dead.

New York, Dec. 30.—Imogene Tracy, one of the best known soubrettes of a generation ago, is dead, as the result of a fall down stairs at her home in this city.

Miss Tracy took up the part of Topsy in "Uncle Tom's Cabin" after the role had been created by Marie Bates, and played it for many years. She was the one chosen to play the part in Europe at the time a fund was raised to have the play produced there.

Gardner Daily Store News.

If you intend to start the new year with a new suit of clothes you'll have to get a hurry on—that's all.

Most any style of suit you might fancy is here so—and so many to choose from—more than you'll find in half a dozen ordinary clothing stores—Don't you think you're more likely to find what you want here. No need for you to be extravagant either, 'cause we have suits at $5.00 and $7.50 and $10.00 and $12.00 and $15.00 and $18.00 and up to $35.00.

There is good choosing yet in overcoats—just a few sizes in the $8.00 and $10.00 lines, but plenty in the $12.00 and $15.00 and up to $38.00 ones.

ONE PRICE **J. P. Gardner,** 136-138 Main St.

The Only Way

TO CURE CHRONIC STOMACH TROUBLE

is to cure the Cause. You can relieve it by taking Pepsin, Soda or the many Dyspepsia Tablets, but they will not cure. It is absolutely necessary to cure the inner lining of the Stomach, and that is what

NAU'S DYSPEPSIA CURE will do.

Salt Lake City, Utah, Oct. 11th, 1902.

Mr. Frank Nau, New York City:

Dear Sir—I have been troubled with Stomach trouble for a number of years, and have had the pleasure of giving your remedy a trial, and am convinced that it will prove beneficial in every case where one is suffering from troubles of the stomach. I highly recommend it, having received great benefit myself from the use of your remedy. Respectfully,

(Signed) LLOYD T. KING,

Lewis' 98 % Lye,

Powdered and Perfumed.

(PATENTED.)

The strongest and purest made. Unlike other Lyes, it is finely powdered, packed in a can having two lids, one easily cut and the other removable for constant use. It will make the best Perfumed Hard Soap in 20 minutes without boiling. It is the best for cleansing waste pipes, disinfecting sinks, closets, cleaning paints, bottles, barrels; washing trees and killing insects; for engineers' and machinists' uses; for painters, to remove old paints, etc.

PENNSYLVANIA SALT M'F'G. CO. Proprietors, Phila., Pa.

"We're Fast!"

What do we mean?
We simply mean this:
The running time of the

CHICAGO, MILWAUKEE AND ST. PAUL RAILWAY.

Between Omaha and Chicago is faster than all other lines.
