## RENDER VERDICT OF ACCIDENTAL DEATH

OGDEN, Oct. 22.—The following verdict was rendered by the jury impaneled to hold an inquest over the remains of Mrs. Anna Cook, the infant daughter of Mrs. John Cook, who lost her life on the night of August 11, by being run over by a freight train on the Southern Pacific railroad track.

We find that the said Anna Cook, age 11, was killed about 1:30 p. m., on the night of August 11, by being run over by a freight train of the Southern Pacific railroad company, and we find that her death was wholly accidental and that the Southern Pacific railroad company is liable for the same.

There is a very pathetic one and has been very closely watched. The mother had left the little girl asleep on a bed and had gone out into the yard to do some work. When she returned, she found the little girl dead. The little girl had gone out onto the railroad track and had been killed by a passing train.

## AT PAYSON BOTH PARTIES UNITE ON PROHIBITION

(Special Correspondence.)

PAYSON, Utah, Oct. 20.—Payson has three tickets in the field for city officers. The Democrats met last Wednesday night and nominated the following ticket on a prohibition platform:

Mayor—Joe Reece.  
Councilmen—Four-year term, H. L. Wilson; two-year term, F. M. Elmer; Jasper C. McClellan and S. D. Moore.  
Recorder—Royal T. Hulsh.  
Treasurer—Lizzie Crook.  
Justice—James S. Taylor.

## REPUBLICAN TICKET.

The Republicans met the night following and nominated the following ticket on a prohibition platform:

Mayor—Charles White.  
Councilmen—Four-year term, W. C. Wightman, Jr.; two-year term, L. N. Ellsworth, Wm. Fred Tanner and Jacob Snyder.  
Recorder—T. W. Larkill.  
Treasurer—Lillie M. Fairbanks.  
Justice—Chas. Hawkins.

The night following the Republican primary, those of both parties opposed to prohibition called a meeting and organized a new party known as the Citizens' party, and placed the following ticket in the field:

Mayor—Wm. R. Heaton.  
Councilmen—Four-year term, T. H. Wilson, Jr.; two-year term, Philo C. Wightman, C. F. Dixon and A. G. Guthrie.  
Recorder—Albert McClellan.  
Treasurer—Della Daniels.  
Justice—Clifford Hale.

Since the three tickets were nominated the Democrats and Republicans have had the question of fusion under advisement, and the move has been accomplished as near as possible. The discovery was made after the nominations were made that the Democrats had two men on their ticket and the Republicans one, who were not in favor of local prohibition, consequently the fusion movement was hindered, as these men refused to resign in favor of fusion or prohibition. But fusion has practically been accomplished in face of this opposition. Joseph Reece, the Democratic mayor, will head the fusion ticket and the balance of the ticket will be divided between both parties. It is likely the ticket will be run under the name of the Republican party. The prohibitionists are confident of winning the election.

## PLAIN CITY CELEBRATES COMING OF RAILROAD

(Special Correspondence.)

PLAIN CITY, Oct. 18.—On Oct. 15 and 16, the formal opening of the railroad to Plain City was celebrated in a creditable and fitting manner by people of Ogden, Farr West and Harrisville as well as old and young of Plain City.

Six excursion cars brought the guests to Plain City, where they were greeted by the citizens, brass band and school children. The guests were escorted to the meetinghouse where a splendid program was given. Hon. William Gustafson, L. W. Shurtliff, Mat Brown and many others, pleased the people with appropriate speeches. The Ogden-Griffin Glee club of Ogden, responded to continuous encores.

While the program continued all day, part of the people were escorted to the dining hall, where rows of tables "growing under their burdens," met their hungry gaze.

A strong, united committee successfully banqueted 800 grown people Friday and 200 children Saturday. A grand ball Saturday evening ended the "two days' festivities."

It was a time long looked for by people of Plain City, who for years have sensed the value of the line. It means development and growth, both financially and educationally, to Plain City.

Much credit is due the business men of Ogden City, who liberally aided, financially the people of Plain City in making the celebration such a grand success.

## PHENOMENAL CROPS IN GRANDE RONDE VALLEY, OR.

(Special Correspondence.)

LA GRANDE, Oregon, Oct. 18.—Harvest in Grande Ronde valley is simply wonderful. The average of wheat in this entire valley will be about 50 bushels per acre while some yielded as high as 70 bushels per acre. One gentleman threshed upwards of one hundred bushels of oats per acre. The entire crop of W. V. O. Carbine, it is said averaged 81 bushels per acre while one man it is said reached the wonderful mark of 120 bushels per acre. Percy Greenwood formerly from Utah has just harvested eight acres of potatoes and has sacked 9,000 bushels. Now is that for a spud yield? Barley has also made a wonderful record.

Best harvest is on in fall wheat and the teenage is nearly double that of

last year. The Anaigamated Sugar company has made a trial of beet growing in the Wallawa county with growing results. Twenty-six tons and 100 pounds being taken off a tract just a little more than one acre. The company had five different tracts and the average is excellent. The company will operate extensively there next season. President Brannwell has the matter in hand and he reports large acreage already contracted for, and the prospects for the sugar factory here have never been so good as now.

Some new Church members are coming in and all are made welcome. The people here are generally doing well and are quite well satisfied.

The fruit crop this season is not what may be called a full crop at the same time the yield is reasonably good and the quality is excellent. Many of the apples are being sent east. The demand for the Grande Ronde apple continues to grow and as a result prices are better than last year. All there will be a vast amount of money come into this valley this fall.

President Brannwell with his son and counselor J. F. Price and several

other brethren have incorporated and have already established a new mill on Catherine Creek above the city of Union and are already doing some business. They expect next year to make a big run.

The weather is simply ideal. The fall grain is quite high and very promising indeed.
