

MARTIAL LAW IN MCKEES ROCKS

Arrival of Additional Troops Had
Salutary Effect on Strikers
And Their Sympathizers.

ARRESTS STILL BEING MADE.

Deputy Sheriff Exler Did Not Fire
First—Non-Participants Are
Filled With Terror.

Pittsburg, Pa., Aug. 24.—The second day of martial law in McKees Rocks, the scene of Sunday night's turbulent disorders in and about the plant of the Pressed Steel Car company, augured well for a temporary truce of hostilities.

The arrival of additional state police under command of Capt. Robertson of the Wilkesbarre barracks, early yesterday, evidently had a quieting effect upon the foreign strikers and their sympathizers. Even at the early hour of dawn, the few persons who were going about their business on the streets of McKees Rocks carried about them an air of peace in sharp contrast to their agitated appearance of the past 24 hours.

From now on mounted troopers and deputy sheriffs will patrol Schoenerville and the car plant day and night, rendering well nigh impossible a recurrence of Sunday night's unrestrained violence.

The arrest of suspicious persons will continue today, according to an advertisement made by Capt. Marsh. An additional box car jail was prepared before dawn as the two in use at present are over crowded with 82 prisoners.

The bodies of Troopers John Smith and John L. Williams, were shipped to their homes early today, the former to Centerville, Pa., and the latter to Pueblo, Colo. The caskets were heavily guarded with armed men and floral tributes, remembrances from the state and county authorities as well as comrades of the dead troopers.

The burial of Deputy Sheriff Harry Exler was also held early today.

Sheriff Gumbert, for the county of Allegheny, remembered his brave deputy with a wreath.

It developed yesterday that Trooper Williams, just before he left Greenburg, Pa., expressed belief to his comrades at the barracks that he was on his way to his death at McKees Rocks.

"Fellows," he is reported to have said, "I feel certain that something is going to happen at McKees Rocks, and for the first time since I have joined the constabulary, I feel like turning away from duty."

Williams was one of the first to fall in the Sunday night riot and as his body lay in the morgue yesterday the features were hardly distinguishable as, after death, he had been trampled upon and beaten almost beyond recognition.

It developed late last night that Deputy Sheriff Harry Exler did not fire his revolver Sunday until he himself was shot at and probably wounded, according to a statement made by Sheriff Gumbert, who absolved Exler of the blame of being the aggressor in precipitating the clash between the authorities and the strikers.

Sheriff Gumbert also announced that he had received a letter from the

"White Fawn Flour"

"It makes the Cake Cooks
Like to Bake."

"It makes the Bread that's
Way Ahead!"

SALT LAKE & JORDAN MILL
& ELEVATOR CO.

Graphic sidelights of the riotous hours Sunday night have just pierced the veil of gloom that has surrounded McKees Rocks for the past 48 hours. Loop-holed and barricaded Greene's hotel resembled a blockhouse during the fatal riots. A number of the Hudson river workmen, employed in the car works, board at the hotel, and James Greene, the proprietor, received word that his place would be dynamited Sunday night unless these men were evicted. Hastily calling a consultation with his guests, Greene decided that with their help he would defend the place. A dozen of the men staying at the hotel armed themselves with revolvers and shotguns and stood off the strikers when two raids were made on the building. The arrival of the state police on the scene prevented the commission of the mob's scheme.

In a room in an empty house near "Bloody Corner," a lieutenant of the state police, late last night, discovered the hat of Trooper Williams. Lieut. Smith said that the hat was undoubtedly left there by three men who hid in the house when pursued by troopers.

Terror is dominant in the hearts of the handful of non-participants who live in Schoenerville. Affrighted neither with the troopers and deputies nor with the strikers and their allies, these tradesmen and their families anxiously watch each morning for the detail of the state police to take up their position at "Bloody Corner," and with a sigh of regret see the detachment ride away into the stockade for the night.

During the past 48 hours, no person, male or female, has entered or left the strike zone without being thoroughly searched. Weapons have been taken on a few unavailing of the rigid examination that must be passed by all that enter or leave the lines.

WASHINGTON'S PLAGUE SPOTS.

He in the low, marshy bottoms of the Potomac, the breeding grounds of malarial germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility, and bring suffering and death to thousands yearly. But Electric Bitters never fail to destroy them and cure malarial troubles. They are the best all-around tonic and cure for malaria, liver, kidney and blood troubles and will prevent typhoid. Try them, 50c, guaranteed. Write to M. J. James, of Louisville, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c, guaranteed. Write to M. J. James, of Louisville, 112-114 Main street, Salt Lake City.

A RECORD-BREAKING ICEBERG.

New York, Aug. 24.—Breaking all records as to size, a huge snow-capped iceberg 1,000 feet long and 500 feet high passed the liner California on her trip from Glasgow which ended here yesterday.

The floating mountain was sighted Wednesday when the vessel was in latitude 46.56, longitude 46.57, the California passing within a mile of the monster berg. All that day the boat ran

STONE IN KIDNEY

An interesting case was that of Mr. H. L. McDuffee, a member of the firm of H. C. DeWolfe & Co., of the Crocker Building, San Francisco. There was pain in the kidney with a showing of blood. Examination by seven physicians proved that the blood was from all that there was a stone cutting the kidneys, as the least exercise caused a showing of blood.

For three pictures were taken, three of them showing a stone half an inch in diameter. To be certain that it was a stone that cast the shadow, a similar stone about the same size taken from a patient was put under him for comparison—both stones showing on the plate.

An operation was about decided upon when Fulton's Renal Compound was recommended to Mr. McDuffee. He feared the knife and gave it a trial.

Within ten weeks the blood and pain had ceased and in six months he considered himself well.

We also have a three-page letter from an old-school physician, a lecturer in one of the San Francisco Medical Colleges, concerning a similar case of stone in the kidney. An operation seemed inevitable.

He prescribed Fulton's Renal Compound upon the theory that as it was getting results in nephritis it ought to have some effect to reduce the inflammation and excessive uric acid that attends Calculus. He was so surprised to get a complete recovery that he thought a record ought to be made of it and gave us the letter above referred to.

Fulton's Renal Compound seems to have about the same percentage of efficiency in stone in the kidney that it has shown in Bright's Disease.

For free literature, address the John Fulton Co., 212 First St., San Francisco.

Fulton's Renal Compound can be had of our agent, F. J. Hill Drug Co. We desire to advise with every patient who is not noting the usual favorable results by the third week.

through broken ice and at night great chunks crashed up against the California's side, awakening the passengers.

DEATHS FROM PELLAGRA.

Montgomery, Ala., Aug. 24.—With five deaths from pellagra in Butler county, three persons dying and five cases under observation, there is almost a panic in that section. The state department of health has been implored to send help, but Dr. N. Mason, the only expert in the matter, investigating in Clark county, where more than 100 cases are reported. County health officers have been instructed to isolate all cases and watch them with a view to determining whether or not they are infectious.

DISAGREEABLE AT HOME.

Lots of men and women who are disagreeable with others at home. It is not disposition, it is the liver. If you find in yourself that you feel irritable and the house is full of worry you, just buy a bottle of Ballard's and put your liver in shape. You can never get any more better for it. Price 50 cents per bottle. Sold by Z. C. M. I. Drug Dept., 112 and 114 Main St., Salt Lake City.

CARRIES HER LITTLE MONKEY IN GOLD CASE

Lenox, Mass., Aug. 24.—Carrying on her arm of South American monkey in a gold case, Mme. Ziegler of Florence, Italy, a daughter of Mrs. Charles A. Robinson of New York, arrived in the city yesterday. The marmoset is so tiny that a dollar bill would cover it.

Mme. Ziegler says the monkey is worth \$5,000 and the case half as much more. It was caught near the headwaters of the Amazon, and a special attendant cares for him.

The monkey has long, soft fur, and is said to be 10 years old. It will eat in a private dining room at the hotel.

Mme. Ziegler is to give a special monkey dinner party for her pet later in the week.

SUICIDE SEEKER FATALLY INJURED

Waukesha, Wis., Aug. 24.—Burt Williams, billed on Park vaudeville circuits as "Suicide Seeker," was probably fatally injured while doing his act at Waukesha beach yesterday. Williams leaps the cap on roller skates, turning a backward somersault into the lake. He turned the somersault too quick and struck on his head on the chute, sustaining a fracture of the skull. Rendered unconscious by the blow, he narrowly escaped drowning, but was rescued by spectators on the pier.

BURIED BY CAVE-IN.

Appleton, Wis., Aug. 24.—Standing erect and with a shovel in his uplifted hand, the body of Lao Alesch was dug out of a cave-in in a gravel pit near here yesterday. George Miller, a farmer, while driving past the pit, saw a slouch hat on top of the grave. He picked it up and discovered that it rested on a man's head. Alesch had been dead several hours when his body was found. The pit was about seven feet deep and had an inch of the victim's head was buried under the cave-in.

CONGRESSMEN STRONG FOR SHIP SUBSIDY

San Francisco, Aug. 24.—After a trip around the bay where scores of ships are rotting for lack of a subsidy, a delegation of congressmen on their way to Hawaii expressed themselves as favoring a ship subsidy appropriation rather than a state of stagnation such as was shown there yesterday. At a banquet last night, Congressman A. J. Barchfeld of Pennsylvania came out flat-footed in advocacy of a subsidy. He said in part:

"The Sixty-first Congress will write into the statute books a ship subsidy that will build for this nation a merchant marine of which it need not be ashamed."

Richard Bartholdt of Missouri, after commenting upon the \$100,000 which Adolphus Busch had contributed to San Francisco after the fire, said:

"I hope to use the treasury of the United States to contribute more than Busch did for San Francisco. I realize that it is impossible under present conditions for our merchant marine to compete with those of other nations without either government aid or a cheapening of labor."

Among others who expressed themselves in favor of the subsidy were Politt Evans, George W. Taylor, A. F. Dawson, Charles F. Scott, W. R. Illis, W. A. Rodenberg, W. Aubrey Thomas, H. C. Woodyard.

UNCLE SAM THIRD IN RACE FOR ARGENTINE TRADE

Washington, Aug. 24.—Uncle Sam takes third place in the race for trade with the Argentine republic, being beaten by a good margin by Germany and making only one-third the showing

of Great Britain. Cold figures in the statement of the exports and imports for the first quarter of 1909 indicate the relative standing of this country with its nearest competitor in the fight for Latin-American commerce. Charles S. Wilson, charge d'affaires of Buenos Ayres, has furnished the department of commerce and labor with data showing Argentina's imports as follows:

Great Britain supplied in value, \$23,889,885; Germany \$11,739,490; and the United States \$5,987,317.

During the quarter, Argentina's exports aggregated in value \$140,231,340.

CURFEW TO RING FOR WASHINGTON YOUNGSTERS

Washington, Aug. 24.—The small boy who roams the streets late at night with the pipe that he is "stuck" with his papers, or selling shoestrings to support a widowed mother, or any one of a thousand excuses, will hereafter be under the ban of the curfew and no longer will youngsters be a source of annoyance to wayfarers.

The child labor law has been amended by the authorities so that the permits given under it stipulate that the child shall not engage in traffic after 8 o'clock at night.

The child labor law inspectors, in a report on the operation of the measure in the District, pointed out that one of their chief difficulties was in dealing with boys of this class who constantly loitered in saloons and other resorts.

The new regulation will be enforced rigidly.

ROBBED OF \$15,000.

New York, Aug. 24.—Mrs. Jane Lucas of Newark, N. J., has reported to the police that while in New York yesterday afternoon, pickpockets relieved her of bonds, bankbooks, and money representing a total of \$15,000. Mrs. Lucas came to this city to arrange for a trip to Europe, and about 8 o'clock last night she boarded a trolley car in Jersey City for her home. The securities and cash were in a pocket of an undershirt and she believed them to be safe, until she arrived at her home. Among the missing property are \$10,000 worth of bonds of the City of Manchester, England, and \$1,000 in Bank of England notes.

THE CRIME OF IDLENESS.

Idleness means trouble for any one. Its same with a lazy liver. It causes constipation, headache, jaundice, yellow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health, 25c at Z. C. M. I. Drug department, 112-114 Main street, Salt Lake City.

SEVENTEEN PINS TAKEN FROM GIRL'S ARM

New York, Aug. 24.—A few days ago a bent and headless pin was taken from the arm of Miss Adeline Wyckoff, 18 years old, of Paterson, N. J., and since then 16 similar pins have been extracted from the arm of Miss Wyckoff. She has no idea how the pins came to be in her body, and her parents believe that when she was a little child she probably swallowed them, unknown to other members of the family and that they are just now working themselves out.

PAROLE WILL BE ASKED FOR RAY LAMPHERE

Laporte, Ind., Aug. 24.—As a result of a visit to the Indiana state prison yesterday of Mrs. H. L. Finley and Mrs. Mary Steele, sisters of Ray Lamphere, serving sentence in the Indiana state prison for burning the house of Mrs. Bella Guinness, who with her three children, is said to have lost her life in the fire, Atty. Warden has drawn up a petition to present to Gov. Marshall, asking for the parole of Lamphere on the ground that he is growing weaker daily from tuberculosis. Lamphere told his sisters he did not believe he would live more than two or three weeks longer.

CHOLERA INFANTUM CURED.

"Something like two years ago my baby, which was then about a year old, was taken suddenly ill with cholera infantum, vomiting and purging profusely, writes J. F. Dempsey of Dempsy, Ala. I did what I could, but could not save him, but did her no good, and being very much alarmed about her went for a physician but failed to find one, so came back by Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I procured a bottle of it, went home and quickly as possible and gave the baby a dose of the remedy. It relieved her in 15 minutes and soon cured her entirely." For sale by all druggists.

DIED RUNNING TO GET DOCTOR FOR HER SON

Escanaba, Wis., Aug. 24.—After running several hundred yards, a woman got aid for her son, who had been scalded in the explosion of a boiler in a stove mill, Mrs. Louis Courtwright dropped dying on the porch of the hotel last night, when she had gasped her mission. She had been ill for some time and died within a few minutes. The doctor hastened to the aid of the son, who has good chances to recover.

FORTUNE FOR COL. COOPER.

New York, Aug. 24.—Col. Duncan B. Cooper, who with his son Robert, was found guilty of killing former Senator Carmack in Tennessee, inherits \$11,655 from the estate of his brother, William F. Cooper, the late former associate justice of the supreme court of Tennessee, who died here on May 7, last. The estate, which has just been appraised by the state, leaves a fortune of \$23,724, nearly all of which goes to brothers, sisters, nephews and nieces.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and the skin, causing nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some other skin trouble. S.S.S. cures all skin troubles by removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S. the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.
