SESSION OF CITY COUNCIL

Changes Made in Application for Gas Franchise Asked for by George A. Snow.

AFFAIRS OF WEBER COUNTY.

No Reduction or Abatement of Taxes on Property Destroyed by Fire After Assessment.

Ogden, June 18.—At the session of the city council last night the laws and light committees of the city council, to which had been referred George A. Snow's application for a gas franchise, reported, recommending the substitution of an ordinance which they drafted. The substitute was agreed upon Wednesday night, and is satisfactory to all parties concerned. The new franchise is similar to the original except in a few particulars where it provides that the grantee shall furnish fuel, heat and gas for the city hall, city jail, fire station No. 1 and the Carnegie library free of cost. It also provides for an occupation tax as follows: commencing Jan. 1, 1910, the grantee shall pay the city 1 per cent of the gross receipts for the first ten years, 1 1/2 per cent for the next ten years, and 2 per cent for the balance of the term, the payments never to be less than \$1,000. The city reserves the right in the form of an option to purchase the plant in case the company decides to sell at a price equivalent to any bona fide offer. The substitute reduces the time to commence work from 15 to 12 months, the time to lay 15 miles of mains from 27 to 24 months, and the time to deliver gas from three years to 30 months. The substitute passed its first and second readings and was again referred to the light and laws committees.

The matter of retaining the electric lights on Washington avenue and Twenty-fifth street, which were a part of the illumination for the U. C. T. convention was brought before the council by A. T. Wright, who appeared on behalf of the business men of the city. He made a proposition whereby the business men would by popular subscription raise \$750 to pay for the lights and fixtures, providing the city council would pay the cost of the electricity, which he estimated at from \$30 to \$35 per night. The matter was referred to the light committee, which was instructed to report to the next meeting.

Fire Chief Paine submitted the appointment of William Goodale as fireman at the central station. The appointment was confirmed.

The Ogden Trades and Labor assembly extended an invitation to the council to lead the Labor day procession on

WEBER COUNTY BUSINESS.

Commissioners Can Make No Reduction in Taxes on Burned Property.

Ogden, June 18.—The application of Dr. G. W. Perkins for a reduction in his taxes on the properties he owns on Washington avenue and Twenty-third street, which were destroyed by fire, has been denied by the board of county commissioners. This action was taken in accordance with a communication from County Attorney Hulaniski, who states that the board has no authority to reduce the taxes on property destroyed after the same had been assessed and the tax notices sent out.

Concerning the matter as to whether certain properties owned by lodges and churches should be taxed the county attorney reported that there is a diversity of opinion on this question, and the same must be left to the discretion of the board.

A number of road matters and other routine business were transacted.

IN THE DISTRICT COURT.

Damage and Divorce Suits Commenced—Trial Jurors for July Term.

Ogden, June 18.—A damage suit was filed in the district court last evening by Clara M. J. Wager against the Rio Grande Western to recover \$1,500. The complaint alleges that June 22 plaintiff was a passenger on a tourist train, riding in an emigrant coach. It is alleged in the complaint that at a station called Pinto, near Grand Junction, the coach, through the carelessness of defendant company, was derailed and tipped over, causing severe injury to plaintiff, for which she now asks damages in the sum mentioned.

Mrs. Laura G. Furniss has commenced divorce proceedings against Robert Furniss. The complaint charges that they were married at Ogden City, Sept. 12, 1885, and that there are living as issue of said marriage four children. That in November, 1896, defendant began to treat plaintiff cruelly, which treatment has continued until March 7, 1906, when plaintiff left him. She further charges that although employed in a local livery stable at a salary of \$20 per month he has failed to provide for his family. She asks for divorce, custody of children, alimony, and restoration of her maiden name, Laura G. Batley.

Thorsten Janson also filed a divorce suit against Kristine P. Janson. They were married at Odalen, Norway, Sept. 21, 1870. He charges that in 1895 his wife deserted him, and has ever since refused to live with him. He asks for dissolution of the bonds of matrimony existing between them.

MARRIAGE CEREMONIES.

Will No Longer Be Solemnized by Deputy County Clerks.

Ogden, June 18.—Andrew Colombatti, 25, and Miss Maria Bocchiaro, 18, both of Rock Springs, Wyo., came to Ogden yesterday for the purpose of entering into bonds of wedlock under the sacred rites of the Catholic church, bringing with them a recommendation from the bishop of Wyoming of their good standing in the church. After securing the license, they stated they desired to be married, and Deputy Clerk Brown, thinking they wanted him to tie the "knot," took them into the county clerk's private office and was just finishing the ceremony, which would have made them man and wife, when it dawned upon the groom that they did not want to be married by a Mormon elder, and just in the nick of time he made this fact known and with his bride went to the parsonage of Father Cushman, who pronounced them man and wife. Rev. Cushman was displeased at the deputy having almost performed the ceremony. He called at the clerk's office and, in words that could not be misunderstood, so stated. As a result of the occurrence, for which Deputy Brown could not be in the least censured, County Clerk Mattson stated last evening that no more marriage ceremonies will be performed at his office by his deputies.

A license to wed was granted by the county clerk to Joseph H. McCoy, 30, and Miss Susan Miles, 27, both of Hooper, Weber county.

THE TOUT CONCERT.

Considerable interest is being manifested in the concert to be given tomorrow evening at the Grand Opera House by Miss Nannie Tout and her sisters, Maggie and Hazel. The advance sale for the same has been good. These young ladies have won fame and honors in England, where they have been studying for several years, both instrumental and vocal music. They have appeared before the royalty of England, and received the highest praise for their magnificent work. They are Ogden girls, born and lived here until they went abroad to study. A brilliant future is before them. This will be the greatest musical opportunity of the season and the opera house will undoubtedly be packed to the doors to greet our home talent, which is some of the best in the world.

MISSIONARIES FOR GERMANY.

Four young men have been called on missions to Germany to leave here June 27. They are H. Raymond Bingham of Wilson, Weber county, in whose honor a farewell party will be given next Friday evening in the Wilson meetinghouse. Clyde Lindsay, of the Fifth ward, Horace Ensign and Henry Taylor of the First ward, leave at the same time. A party in honor of the first named will be given at the First ward hall on the evening of the 22nd.

BRIEFS NAD PERSONALS.

Tomorrow morning the case of Moore against Stratford, suit brought to test the validity of the consolidation of the Weber county schools, will come up before Judge Howell.

The remains of George Shields of Pocatello were brought to Ogden yesterday by the family and laid to rest in the family burial plot in the Ogden City cemetery.

The state board of equalization met in Ogden yesterday and looked over the assessment rolls, which were satisfactory in most instances.

Tonight the young ladies of the Fifth ward entertain at a strawberry festival. A good time is assured all who attend. The date of the dedication of the Masonic Temple has been postponed on account of the furniture not arriving in time for June 26. A telegram received by Prof. F. M. Driggs, superintendent of the state deaf and dumb school, announced that the convention of the national association for the benefit of the deaf and dumb, which was to have been held at Pittsburgh, Pennsylvania, this month, has been postponed until the last week in August, owing to the breaking out of an epidemic of measles in the deaf institution at Pittsburgh, making it impossible to hold the convention there at this time.

LIGHTING PROPOSITION

Will Be Presented to the People—Council Elects Reporter.

Special Correspondent.
Provo, June 18.—The city council last night, after transacting considerable business in open session, went into committee of the whole to consider the matter of electric lighting. The question of the erection of a municipal power plant for generating electricity, either by the use of water or steam, was discussed, and probable cost and other features connected with each were briefly gone into. The committee on arising recommended that the mayor be authorized to call a mass meeting of citizens and place the matter before them and the recommendation was adopted.

The city council has been in the habit of holding frequent executive sessions under the form of and following a motion to go into the committee of the whole. Such a motion has always been intended, and has had the effect of excluding reporters and other objectionable characters, who have retired as soon as such a motion was made and carried. This was also done last night, but with a slight change from the usual matter-of-course procedure. Mr. A. E. Acord, representing the Intermountain Republican, objected to leaving, stating that he had a right to remain. This right was questioned and City Marshal Henry was directed to invite Mr. Acord to retire, which he did, and the scribbled left.

Mr. Acord will begin an action against the council for damages for his ejection, basing his right to remain on the provision of the statute, which provides that council "shall sit with open doors."

At the open session Mayor Frisby presented the case of Mrs. Sam Schwalz to succeed Mrs. Sam A. King, resigned, as a member of the free library commission. The appointment was confirmed.

The juvenile court commission presented a report in the case of juvenile court officer, recommending that the salary of B. F. Roper, juvenile court officer, be fixed at \$500 a year. The report commended Mr. Roper for his efficiency. A communication addressed to Juvenile Court Judge Kellogg by Judge Willis Brown of Salt Lake, was also presented. It asked that Provo contribute \$25 towards the expenses of appealing test cases from the Salt Lake and Ogden juvenile courts. Both matters were referred to the juvenile court committee.

FOURTH DISTRICT COURT.

The suit of Spanish Fork Co-operative Institution vs. Llewellyn Jones to collect \$478.26 on an account alleged to be due from defendant, which has been in the court since February, 1905, was settled yesterday by stipulation. Defendant assigns to plaintiff an undivided half interest in 239 shares of the capital stock of the plaintiff corporation, and the last two dividends of \$539, due on the stock. Each party is to pay his own costs.

DIVORCE CASES.

Caroline H. Adams, of American Fork, has commenced suit for divorce in the Fourth district court against Joseph Adams on the ground of drunkenness and failure to provide. Plaintiff asks for the custody of two minor children and \$10 a month alimony. The parties were married in American Fork April 17, 1892.

Anna Kearns Johnson was granted a divorce from Moses Johnson, by de-

possible to hold the convention there at this time.

fault, on the ground of failure to provide. Plaintiff was given the custody of a minor child. The parties were married in Gunnison, Sanpete county, Nov. 11, 1889.

HORSE BALKED AND DROWNED.

Ray Partridge had an unpleasant experience in the Provo river, Sunday, which resulted in a loss of a horse and buggy, but which might have been a great deal more serious. He and Mr. Partridge and a child drove down to the Fort field to look for a cow, and when a short distance above the railroad bridge Mr. Partridge decided to cross the river to the fields on the north side, and continue to search there. Fortunately it was decided that Mrs. Partridge and the child should remain on the south bank, and Mr. Partridge crossed alone. When near the north bank the horse balked, and

Mr. Partridge got out into the water to lead the horse out. The animal, however, refused to move forward, but instead backed into deep water, where the buggy was overturned, and the force of the stream carried the buggy and animal down the river, with the result that the horse was drowned, and the buggy entirely ruined.

TOOK POISON FOR PILLS.

Shortly after midnight Monday morning, Fred Steigmyer, attorney for the Teluride Power company, had a rather trying experience. He awoke

feeling unwell, and arose to take a dose of pills. By mistake he swallowed a number of antiseptic tablets, but did not discover it until after he had swallowed them.

On discovering his mistake, he hastily dressed, and started on a run for a doctor. On the way he stopped into the Hotel Roberts, shouting for help, for a doctor and for a telephone. No one about the hotel appreciated the fact that he had been poisoned, and no assistance was rendered him.

Mr. Steigmyer then made his way to the courthouse, and went through the same yelling performance without avail. He then crossed the street to Dr. Aird's residence, and having aroused the household, succeeded in explaining to the doctor in a coherent manner that he had taken a number of antiseptic tablets by mistake.

Dr. Aird employed a stomach pump on his patient as quickly as possible, and having thoroughly cleaned the stomach, much to the relief of Mr. Steigmyer, he pronounced him free from danger. Mr. Steigmyer felt after the physician got through with him, that he never wanted to take another dose of antiseptics.
