Suspicious Character .- A stranger called at the residence of George C. Woods, at South Bountiful, on Saturday night, saying that he was a friend of Brother Woods (now in the penitentiary on the prevailing charge), and merely-wanted to give the family the husband and father's love. He stayed all night and Sunday, and seemed very observant. He gave the name of Emerald Hoffman, but to the Mc-Neil family, neighbors, whom he mistakenly supposed were "Liberals," he said he was Thompson, who murdered Dalton at Parowan. The deschiption given by our informants callies in some respects, but not all, and it is evident the man is either an impostor, a spotter or a lunatic, as his

claims to having come from Brother Woods are all nonsense. Bishop Sperry Arrested .- About 6
