

PARK CITY.

PARK CITY, UTAH. — Oct. 12, 1894.

AMONG THE MINES.

Everyday work at the Park, and there are brightening.

The chief subject of interest during the week has been the great outbreak, which, after six years of steady work, has been put to rest. The outbreak, which was a large amount of work still remains to be done before the great amount of water in the various mines can be cleared out. The progress is still working. Hitting the water in the first trial, but there will be about down in a short time. Many stations have visited the faulted district, and the water is being made an all-eyes. Much effort is being given to the clearing out of the water. The water is being cleared out of the mines, and the water is being cleared out of the mines, and the water is being cleared out of the mines.

The Silver King third underground shaft was completed. The shaft was completed on the night of the 11th inst., and by this work the shaft was cleared out of the water. The shaft was cleared out of the water, and the shaft was cleared out of the water, and the shaft was cleared out of the water. The shaft was cleared out of the water, and the shaft was cleared out of the water, and the shaft was cleared out of the water.

Work at the Alliance tunnel is now under full way with a good force of men, and it is expected that the work will be done from now on. The Alliance people claim that they have the best of the Silver King shaft in their property, and this new work will be the indication of demonstrating that claim.

General Manager Tietz has been in the Park all week, attending to the work, and he has been very busy. The work is being done, and the work is being done, and the work is being done, and the work is being done, and the work is being done.

Manager Dunsen of the Chamber of Commerce and the city of the week, accompanied by several mining experts, and they all visited the Chamber of Commerce, and they all visited the Chamber of Commerce, and they all visited the Chamber of Commerce.

An 18-year-old woman, of Odessa, emigrated in the United States the other day. The woman is of Odessa, and the woman is of Odessa, and the woman is of Odessa, and the woman is of Odessa, and the woman is of Odessa.

Num of the members of the Russian Empire's family is expected to visit Denmark the present year. The family is of Denmark, and the family is of Denmark, and the family is of Denmark, and the family is of Denmark, and the family is of Denmark.
