

HIGH SCHOOL BOND ELECTION JAN. 8 Board of Education Decides Upon Date for Passing Matter Up to People.

DATE TO BE ON EAST SIDE

George M. Bridwell, Superintendent of Buildings and Grounds, Tenders Resignation.

The board of education selected yesterday, January 8, 1910 last night the day on which to vote on a bond issue of \$100,000 to build a new high school building which is badly needed. A tax receipt for \$100 will qualify a voter to cast his vote for or against the bond issue. The money is to be used to purchase ground, erect a high school building and equip it with the most modern apparatus. Some of the bond money will be used to build the present high school building a new school.

As specified by the board, the bonds will draw a 4 percent interest, payable semi-annually and will run for twenty years. The denomination of the bonds will be \$1,000 each.

The site for the new building will be on the east side, and the board proposes to erect one of the finest high school buildings in this part of the country. The present high school is overcrowded and the equipment is antiquated. For several years Salt Lake has needed a new high school and the board feels that it has put the matter off as long as possible.

When the board made a brief talk in which he upheld Mr. Bridwell in the manner in which he had discharged his duties and conducted the affairs of his office. The text of the resignation was as follows:

"To the honorable board of education, Salt Lake City, Utah—Gentlemen: I tender my resignation as superintendent of buildings and grounds and would like this resignation to take effect as early as possible. I am very sorry to leave the position of superintendent of buildings for four and one-half years, during which time I have been able to do some of the duties of my office to the best of my ability. I thank the members of the board for the confidence reposed in me, and I hope that I may be able to do some of the duties of my office to the best of my ability."

MOYLE'S INCOMMITMENT.

Mr. Moyle said that he would vote to accept the resignation but that before he would be wanted to make a few remarks. He testified to the integrity of the board and from the investigation, I feel that Mr. Bridwell dealt honestly with the board of education and was true to his trust. I feel that we should have gone through with the investigation and finished the matter ourselves, but in the matter, but from the fact that he had lost the confidence of any member of the board, I suppose it was best for him to resign."

CHANGES IN COMMITTEES.

President James T. Hammond made a number of changes in the standing committees last night on account of the recent additions to the board and the changes caused by the death of Judge Henderson. Joseph Oberlander, and the resignation of Dean Byron Chappin. L. M. Bailey was chosen to succeed Dean Henderson on the teaching committee. The standing committees are as follows:
