is administered, after the reason for it is made clear, by one who loves the victim of it and that tender sentiment is reciprocal. the pupil in that condition and thus treated is wounded in his, feelings as well as corporally, and will ordinarily seek th regain his place in the estima-

tion of the teacher. As an illustration of what we have en trying to elucidate, there is a school in this county where disorder some time ago largely prevailed. The teacher was a great believer, jadging from me methods, in the efficacy of the narety publicary method. His extra-ordinary publishments had no effect whatever in bringing about a better condition. Our understanding is that it became worse instead of better. To-

day that same school is, according to information conveyed to us, one of the most orderly in this part of the Territory. What caused the transforma-

tion? A change of teachers, which brought a different system of government-one based on appeals to the
