To Canvassing agents (particularly Females) wanted everywhere. Agents are allowed to retain 20 cents out of each 50 cent subscription they obtain, and some are now clearing as high as \$25 a week profit for themselves. Post Masters and Teachers can act as agents, on the same terms.

Persons receiving specimen copies of the Literary Gazette are requested to act as agents, or to show it to those who will, and they shall be sent a copy of the paper one year gratis, as compensation for their trouble. This is an easy way to pay for a year's subscription, and the effort will put money in the pockets of those who need it. and extend our circulation. Instead of earning 60 to 75 cents a day with her needle, or by teaching school, a smart woman can procure from 10 to 20 subscriptions every fair day in the week, and clear for herself \$2 to \$4, while she would have made only 75 cents at her old occupation.

All persons extending the circulation of the paper continually get a copy gratis.

Applicants for Agencies are requested to send us the names and post-office address of all the leading people they know of, who would be likely to subscribe, and a specimen copy for inspection, will be mailed to each of them tree of postage. Agents find this plan very profitable to them, as they obtain subscriptions much easier. Inclose an extra three cent stamp when a written
