Are the Two Men Elected to Fill Vacancies at Annual Meeting Here Today.

The adjourned annual meeting of the stockholders of the Oregon Short Line was held in the board room of the company in the Deseret News building this morning, when the old board was re-elected with the exception of Edwin Gould and James Hazen Hyde. These two anti-Harriman men were dropped in favor of Gordon M. Buck and Geo. E. Downs, both of New York City.

As is usual in such cases, the stockholders were represented by proxies in the hands of Vice President and General Manager W. H. Baneroff and the legal representatives of the road, who were present at the meeting. In all 27,512 shares were voted in this manner.

The adjourned meeting of the Union Pacific stockholders which was also set for today for the purpose of passing upon the recent \$100,000,000 issue, adjourned sine die.

**CLARK SUCCEEDS MORRIS.**

Named as Chief Clerk of O. S. L. General Freight Office.

Harry Clark has been appointed to succeed Edwin Morris, chief clerk of the general freight department of the Oregon Short Line, whose resignation was set forth in the "News" last night. Mr. Clark was born in Illinois and has been in the service of the Oregon Short Line and Union Pacific for many years and is well known to the employees of the freight department.

The resignation of Mr. Morris has also occasioned two more promotions and has incidentally given Harry Gray a couple of advances inside of 24 hours. Yesterday he was getting on to the ropes as chief clerk to District Freight and Passenger Agents. The Gray this morning he was notified that he was to return to headquarters in charge of the rate and tariff department and his place at the general agency would be filled by G. L. Pratt. Both gentlemen have been in the service of the freight department of the Oregon Short Line since 1897. For eight years prior to coming to Salt Lake, Mr. Gray was in the auditing department of the Union Pacific at Omaha.

Mr. Morris has not yet decided what he will do in the future. Up to noon today, however, he had received two offers, one of them being that of traffic manager for the New Merchants & Manufacturers' association, which he is taking under advisement.

**NEW ORE RATE.**

The Oregon Short Line has announced that it will transport ore mined in Nevada to Denver at the Utah rate plus 8¢ per ton. This new rate will relieve the situation materially and shippers in the southern camps are taking advantage of the new rate and during the past few days have been making shipments into Denver at the rate of 25¢ tons a day.

The same rate that has been given Nevada has been made for the Butte district.

At one end of the Salt Lake Route people are skating, at the other they are taking a dip in the surf.

**WOMAN HEARD FROM.**

Mrs. Mitchell Blames Letter Carrier And Thanks County Clerk.

Mrs. M. B. Mitchell of Seattle, Wash., who was so anxious to obtain a copy of the decree of divorce in the case of Mary Crooks against John Crooks, received the last letter sent by County Clerk Eldredge in regard to the matter and the clerk today established a letter from her saying that it was the fault of a new carrier that she did not get his first letter and apologizing to him for the trouble she had caused.

In looking up the records in the case it was discovered that a decree had never been filed in the case although there had been an order made for the decree, so that Mrs. Crooks is not yet legally divorced from her husband. Mrs. Mitchell wrote some time ago asking for a copy of the decree and she was informed by Clerk Eldredge that no decree had been filed in the case. She then wrote another letter in which she accused the county officials here of being very negligent in their duties and again asked that the decree be sent her or that her money be refunded.

Clerk Eldredge answered that letter and his second attempt to locate her was successful. She wrote a very nice letter and the clerk today established a letter from her saying that it was the fault of a new carrier that she did not get his first letter and apologizing to him for the trouble she had caused.

**CRANE CASE AFFIRMED.**

**ABUNDANCE OF SNOW.**

Bishop Woodruff Reports Roads in Bad Shape Near Price.

Bishop Asahel H. Woodruff has returned from Utah county, where he went intending to attend the funeral of his sister, Mrs. Emma M. Woodruff of Vernal. Mr. Woodruff was unable to get through from Price, owing to the horrible condition of the roads and the depth of the snow. The heavy freight wagon wheels cut the roads all to pieces, holes hup deep being the rule rather than the exception. The result is that travel is necessarily slow. Mr. Woodruff's rig broke down 10 miles out of Price, and he had to return for another. Then by the time he got through Soldier canyon he found that the combination of two and three feet of snow and the frozen ruts were too many for him, and that if he managed to get through to Vernal in time for the funeral he and his horses would be completely exhausted, and then, notwithstanding that, he would be compelled to return immediately afterwards. So Mr. Woodruff concluded not to attempt to push through, and came back to Price. He says there is more snow in that part of the state than there has been at any time of year for several years. He found no freighting teams on the other side of Soldier canyon, and they had "hard sledding" to get along on those roads.

**JOHN BERGEN DEAD.**

Well Known Salt Lake Tailor Answers the Summons.

The many friends of John Bergen, the well known Salt Lake tailor, will be shocked to hear of his demise, which occurred at his late residence, 436 south Second West. The deceased had been ailing for some time past with catarrh of the stomach, which, with his advanced age, being in his eighty-fourth year, finally culminated in his death. Mr. Bergen was a native of Sweden, where he was born June 22, 1822. He was baptized into the Church of Jesus Christ of Latter-day Saints June 22, 1825, and in 1872 emigrated to Utah, where he has resided ever since. He was a splendid workman and will be sorely missed by his many customers. Mr. Bergen was a faithful member of the Church and was highly respected by all who had the pleasure of his acquaintance. He was the father of 14 children, only one of whom, Ada Bergen of West Jordan, survives. The funeral will be held from the Fifth ward meetinghouse Thursday at 1 p. m. Friends are invited. Interment in West Jordan cemetery.

**WANT CHANGE IN LIVESTOCK LAW.**

Object of One of the First Bills Introduced into the New Congress.

(Special to the "News.") Washington, Dec. 4.—Among the first bills introduced into the new Congress was one by a Texas member at the instance of western cattle growers, which will have an important bearing upon the cattle industry, the stock yards and railroads, if enacted into a law. The statute as at present framed requires that all cattle and other livestock, while in transit by rail, must be unloaded at least once each twenty-eight hours. Railroad men, cattle men, and stock yards owners are for once in harmony in declaring that this law should be amended so as to permit livestock to remain on the cars for a maximum period of thirty-six hours. It is asserted that a train load of stock shipped from inter-mountain points in Idaho or Utah, for instance, cannot be carried as far east as Denver, in less than thirty-six hours from Denver to Omaha or Kansas City, or from Texas points to Kansas City will frequently require thirty-six hours more. The same is true of the time required from Omaha or Kansas City to Chicago and again from Chicago to Buffalo and Buffalo to New York or Boston. In other words, all interested agree that twenty-eight hours is too short a time for the maximum journey for livestock, while thirty-six hours will afford relief. The railroads in cattle belts are in harmony with the shippers in supporting the proposed change. Cattle associations in every city where there are stock yards have joined in urging the proposed change in the law. In addition to this, Secretary Wilson is reported to be in favor of the measure.

Lewis & Clark Commission Will So Dispose of Property on Hand.

The Lewis and Clark commission for Utah, after an all-day session yesterday, decided not to sell any of the furniture, carpets, rugs and decorations used in the Utah building at the Portland land for private individuals, but to sell them only to the state. The commission has decided to reserve enough to furnish offices to the D. A. & M. society at the state fair grounds and sell the rest of the furniture and furnishings to the state at 50 per cent of the original cost. Several heads of state institutions were in the city yesterday to select some of the furniture they desired. All the exhibits from the fair have arrived and are now stored in one of the state fair buildings. Rev. P. A. Simpkins was present at the meeting yesterday and asked the commission to appropriate \$1,000 to meet the balance of the expenses of the class from the state school for the deaf, dumb and blind, which went to the fair to give demonstrations of their work.

**HARKER ON THE WITNESS STAND.**

Ex-County Commissioner Says Jones Was Given Free Hand At Infirmary.

**NO COMPLAINTS EVER MADE.**

Superintendent Ignored Him and Did Many Things Without His Authority.

Former County Commissioner Henry Harker was on the witness stand in the libel suit of W. R. Jones, Jr., against the Salt Lake Tribune and al., during the entire session of Judge Ritchie's court this morning. Most of the time he was under cross-examination by Judge Powers. His direct examination yesterday afternoon was along the same line as the testimony of former Commissioner Horne.

He testified that he was a member of the board of commissioners during 1901 and 1902 and that Supt. Jones was appointed in May, 1901, Supt. Jones, he said, was given permission to run the infirmary for him, but not to give him any money or to buy or sell any fruit, vegetables or stock. Witness had heard that plaintiff sold some hogs but no account of the same had ever been made. He demanded in writing that Jones render an accounting to the commissioners of all the dealings at the infirmary, but this accounting was never made. Jones was never heard of again, because he failed to make an accounting. This statement was stricken from the record upon motion of the attorneys for plaintiff.

**NO COMPLAINTS HEARD.**

During his cross-examination, which was more extensive and rigid than that of the other witnesses, Mr. Harker testified that he never heard of any complaints directly about the food or clothing given to the inmates.

**WAS GIVEN A FREE HAND.**

He stated that Jones was given a free hand down there and did not ask for authority to do anything and was not forbidden to do anything by the commissioners. He expected to go ahead and do things and look after the necessities of the infirmary so long as things were done right. Witness stated that Supt. Jones never told him or did things without his knowledge. He stated that the plaintiff had charge of Commissioner Horne's contingent fund of \$50, but that he never accounted for the same. He did not learn of Jones having his private accounts merged with those of the county until told by Sherwood.

**TRIBUNE ARTICLES.**

Mr. Harker was asked a few questions on re-direct examination and was then excused, but will be recalled this afternoon. Judge Powers introduced before the court took its noon recess and will ask that they be admitted in evidence this afternoon.

**CRANE CASE AFFIRMED.**

The case of Charles Crane vs. Mary Judge, appellant, the supreme court has affirmed the judgment of the lower court. The action was brought to quiet title to a trip of land in the city of Salt Lake, and upon which the party was between the Crane and Karick buildings are constructed. The lower court found in favor of the Crane party and it was affirmed by the supreme court.

**COURT NOTES.**

John Friese has been granted a divorce by Judge Moore from Mabel Friese on the ground of desertion. They were married at Aspen, Colo., on Feb. 18, 1888, and defendant deserted plaintiff on July 15, 1904.

Judge Armstrong today dismissed the case of the State of Utah against James T. Whitaker upon motion of Dist. Atty. Loubbourov, who stated that the evidence in the case was insufficient to warrant submitting it to a jury. Whitaker was charged with criminal conduct.

Suit for divorce was filed in the district court yesterday by Andrew M. Freebairn against Milla G. Freebairn on the ground of desertion. They were married at Peacote, Ida., on Jan. 25, 1904, and it is alleged that defendant deserted plaintiff on Nov. 27, 1904. It is alleged that defendant went to Millard county, to visit her brother, and that she then left him and went to Los Angeles and is now with her sister there in a house of ill fame.
