GEO. Q. CANNON,

Editor and Publisher,

Salt Lake City, Utah Territory.

Bishop WILLIAM BUDGE is authorized to act as GENERAL AGENT for the DESERET NEWS throughout Cache County.

\*\*Elder GEORGE FARNWORTH of Mount Pleasant, is appointed GENERAL AGENT for the DESERET NEWS and JUVENILE INSTRUCTOR for Sanpete County.

## Special Notices.

The Elgin Watch Company advertise a new and reliable improvement in their watches consisting of a patent Dust Excluder, effectually closing the works, and enabling the watch to run without being cleaned, as long as a movement can possibly do without it. This is a valuable addition to the Elgin Watches, and will be appreciated by Farmers, Mechanics, and others, more or less engaged in outdoor employment. The Company are said to have doubled their sales in California and the mining regions since the introduction of the dust excluder.

The Excluder is an entirely different thing from the dust rim upon other American Watches, which affords but a partial protection to the movement, and is only found on the Elgin watches. d174 3 w20 1

### "A Word to the Wise is Sufficient."

A prudent housekeeper purchases the best and cheapest article for the kitchen that can be obtained. DOOLEY'S BAKING POWDER is the purest, best, and cheapest Baking Powder known. One pound will go further in the culinary department than any other in market, and is guaranteed to produce more satisfactory results, as the ingredients are harmless, healthy and nutritious. It is for sale by all good Grocers.

BURNETT'S EXTRACT LEMON AND VANILLA are as fresh as the fruits. Housekeepers would do well to test their superiority.

BURNETT'S KALLISTON will impart a clear soft and beautiful hue to the skin.

A PROVERBIAL SAYING—"No hair dressing in the world equals Burnett's Cocaine."

BURNETT'S FLORIMEL is fully established as a perfume of high order.—Chicago Tribune.

WHITCOMB'S ASTHMA REMEDY.—In no case of purely Asthmatic character has it failed to give prompt relief.

## LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

PRESIDENT AND PARTY.—Left Franklin at 8 o'clock this morning; they held meeting at Richmond about noon. They stay at Logan to-night.

SENTENCED TO DEATH.—A dispatch from Manti, Sanpete Co., received last night says:

"At the regular June term of the probate court, of Sanpete County, which commenced on Monday the 13th instant, John Stuart was indicted, tried before a petit jury, and found guilty of murder in the first degree, and, on Friday the 17th received the sentence of the law, to be executed by being shot on Monday the 11th of July, 1870.

MCCORMICK'S REAPERS AND MOWERS.—H. C. Addis, Esq., General Western Agent for McCormick's Reapers and Mowers, is now in town, and has made arrangements with Zion's Co-operative Mercantile Institution to sell to the people of the Territory these celebrated agricultural implements.

MARRIED.—In this city, yesterday, by Elder Orson Pratt, Elder Guglielmo Glosue Rosetti Sangiovanni to Miss Mary Ann Brown.

TROUT.—Brother Ezra Pettit, whose experience in fishing is very considerable, having been in the business on Long Island and in this Territory for the past fifteen years, and being of a stock of noted hunters and fishermen, called upon us to communicate some information on the subject of trout spawning. He informs us that this is the time to catch large trout, as they can only be caught between the tenth of this month and the tenth of July. If they were not caught now, they would be safe; for they go into deep water at other times and the small fish would be the only ones caught. Trout, he also says, spawn in the spring and the fall of the year. Respecting fish being flabby this is caused by carelessness on the part of those who bring them to market. He gives us evidence, and is willing to give everybody else who will call upon him the same proof, that his fish are not soft and flabby. He brings in trout three times a week, and sells it at the west end of the market house at ten cents per pound. Now is the time for those who want it to order it by the barrel.

REMEDY FOR SMALL POX.—Several authentic cases of small pox have developed themselves in some of the settlements on the Weber this Spring, but owing to the prompt and energetic sanitative measures adopted by the authorities we are happy to be able to state that its spread has been checked.

The fact of it having existed for some time past on the Pacific coast, and also in Nevada, and its appearance here last Spring and this, seems to indicate that vigilance and care may be necessary to prevent its re-appearance. Under such circumstances the introduction into the Territory of a specific for this malady would be a boon of incalculable worth. Such a specific can be procured, for we are assured by a friend, who has seen it tried in England, that the herb mentioned in the following paragraph, is all that it is claimed to be:

"Dr. Frederick W. Morris, resident physician of the Halifax Visiting Dispensary, N. S., has written a Letter to the 'American Medical Times,' in which he states that the 'Sarracenia Purpurea,' or Indian Cup, a native plant of Nova Scotia, is a remedy for Small Pox in all its forms in twelve hours after the patient has taken the medicine. That 'however alarming and numerous the eruptions, or confluent and frightful they may be, the peculiar action of the medicine is such that very seldom is a scar left to tell the story of the disease.' If either vaccine or variolous is washed with the infusion of the sarracenia, they are deprived of their contagious properties. So mild is the medicine to the taste that it may be largely mixed with tea and coffee, and given to connoisseurs in these beverages to drink without their being aware of the admixture. The medicine has been successfully tried in the hospitals of Nova Scotia, and its use will be continued."

If "Indian Cup" be not already here, it might probably be procured from some of the establishments in the East where the gathering and preparation of medical herbs is made a business of. Or failing in obtaining it in this manner some of our citizens who have friends in Nova Scotia might procure it or the seed through them.

Besides being a specific for small pox it is also a valuable ingredient in the dyer's art, and its introduction into the Territory might be of service in this respect.

FROM WEDNESDAY'S DAILY.

CHEERING PROSPECTS IN CACHE COUNTY.—Elder George L. Farrell, writing from Logan, Cache County, on the 17th inst., says:

"Our crops are looking excellent. We have not had so good a prospect for five years. Our fall rye is headed out and looks fine. Fall wheat is heading out and looks fine. Spring wheat, corn, peas and vegetables also look very well, and, with the blessing of the Lord and the present prospects, we will have the most bountiful harvest ever gathered in Cache County.

The grasshoppers that hatched out in this place are gradually disappearing, much to the joy and satisfaction of the people."

TWELFTH WARD SUNDAY SCHOOL PARTY.—Monday was a grand gala day for the parents, teachers and children connected with the Sunday School from that ward, spent at Mark Lindsay's place of resort. Some 200 were present—carriages and wagons liberally turned out to convey the party from the ward schoolhouse. The day was propitious and somewhat cloudy. The

pastimes were varied; dancing, swinging, whirligigs, giant striding, bathing and other changing games, as base ball, and "Copenhagen." Good order and decorum were maintained by Bishop Hardy, his counsel and superintendents of the school, and the day passed off very amusingly to the satisfaction of the children. The music was gratuitously furnished to the party for the occasion and the dancing was continued very lively to the close. Cakes, candies, summer drinks, etc., were liberally supplied.

The proximity of this place to the city; the amusements and recreations which present themselves; the willing and kind disposition in Mark and Sister Lindsay to oblige; the retired position as well as beautiful scenery and surroundings which characterize the place, cannot but make this one of the most engaging spots in this city or vicinity as a place of rural resort, pastime and recreation.

FROM THURSDAY'S DAILY.

SPECIAL TO THE DESERET NEWS.

PRESIDENT AND PARTY.—The following dispatch per Deseret Telegraph Line, has just been received:

The President had meetings yesterday and to-day at Logan; he goes to Brigham to-night, and will be home to-morrow p.m.

NOTICE.—This is to certify that Robert Kershaw, George W. Crouch, Theodore Turley, Charles C. Woodhouse, James Orwin and Mathew McEwan, jr., have been cut off from the Church of Jesus Christ of Latter-day Saints, for apostasy.

W. FOTHERINGHAM,

Clerk.

Beaver, June 14th, 1870.

THE SHOOTING AT FAIRVIEW.—A few days since there appeared in the News a telegram, received by Deseret Telegraph line, from Fairview, relating the attempted shooting, by Indians, of L. N. B. Pritchett and Peter Christianson. Yesterday afternoon the following dispatch was received over the wires, in relation to that affair:

FAIRVIEW, 22nd.

Two Indians came in from Thistle Valley as soon as they heard of the shooting at our brethren, and we sent them out with three men to see about it. They report having found the tracks of four mounted Indians, and that they had driven off about twelve head of horses, as near as we can find out, going up Sanpitch canyon. They are believed to be Elk Mountain Indians.

COMMENCEMENT OF THE WHEAT HARVEST.—Bishop Kesler commenced to cut a field of wheat yesterday. It is of the Winter Touse variety. Was sown last September, the seed being previously washed in weak salt and water and limed. Not a smut head is to be seen in the field. Ten days ago the grasshoppers made a raid upon it in countless numbers, destroying half the crop; but it is expected that notwithstanding the damage done by them it will yield, on an average, from fifteen to twenty bushels to the acre. It had no water except what rain fell upon it. The Bishop will have a few bushels to exchange as seed.

THE RECENT MURDER TRIAL IN SANPETE COUNTY.—The following letter, in reference to this trial, will be of interest to our readers:

"MANTI CITY, June 18th, 1870.

Editor Deseret News.—Dear Brother.—In consequence of the lightning of Monday the 13th inst. destroying the magnet of the telegraph office of this place, we have been unable to communicate with you any earlier than the present in relation to our court proceedings.

The Probate Court opened on Monday the 13th inst., and the Grand Jury presented a "True Bill" against John Stewart, of Fairview, for the murder of the Indian girl, Sally Woodward. The prisoner was arraigned, plead guilty of the killing but denied the charge of murder. The Court ordered an investigation of the case to ascertain the amount of guilt. A petit jury was empaneled to try the case. Four days were consumed in the examination of the witnesses. Messrs. Snow and Kenner were held on the part of the prosecution and Messrs. Wheelock and Lowry on the part of the defense. At the close of their pleas the Court instructed the Jury, on points of law and evidence, when they retired, and after an absence of seven hours returned a verdict against the prisoner of murder in the first degree.

On Friday the 17th inst., sentence of death was pronounced on the prisoner by the Court, to the effect that he be shot, (that being the prisoner's choice), on Monday, the 11th day of July, 1870.

WILLIAM T. REID."

BASE BALL CHALLENGE.—The Base Ball Clubs of the Territory will no doubt be put on their mettle by the following challenge:

"SALT LAKE CITY, June 21st.

Editor Deseret News.—We, the Ennea Base Ball players of this city, considering ourselves champions of the Territory, are willing to meet any other club within the limits of the Territory who wish to dispute the claim and contest for the same.

C. HUEY, Sec. Ennea."

## Died.

At Franklin, Cache Co., June 2, Jane Nelson, aged 66 years, 4 months and 1 day. Deceased was born in Powes Valley, Tennessee. At the age of 16 she was married to Edmond Nelson, in Jefferson Co., Ills. She was baptized in Grand River, near Adamondiamon by Lyman White; was driven to Shoal Creek, afterwards moved to Nauvoo with the Saints, living there until 1846. She then moved to Mt. Pis. ah, remaining there 4 years. She came to Utah in 1850. Her husband died at Mountainville, Utah Co., Dec. 13th, 1850.

She was among the first settlers of Franklin, where she resided until her decease. She was a faithful Saint and affectionate mother, and was very highly esteemed by all who knew her. The people of this city turned out almost en masse to pay the last tribute of respect to her remains.

At Herriman, West Jordan Ward, June 21st Mariah A. wife of John M. Bowen aged 20 years, 22 months and 21 days. She leaves an infant two weeks old. She died full in the faith of the gospel and respected by all who knew her.

At Royton, on May 18th, Hannah E. M., daughter of Samuel and Hannah Naylor, aged 3 years and 18 days.

At Swansea, April 3rd, Ann, widow of Geo. Watts, aged 67 years. Mill. Star, May 31.

## The World Mower & Reaper.

IT HAS NO EQUAL.

It Mows—It Drops—It Self Rakes.

PRICES REDUCED TO A GOLD BASIS.

This Machine is the harvest gathering of twenty years experience in the manufacture of Agricultural Machinery, and takes rank with the printing press, engine lathe and locomotive in the qualities of precision, staunchness and durability.

Its foundation is a single piece of solid iron, of shape to resist all possible strains. Its gearing is shaped to standard gauge and each cut out of solid iron with Mathematical exactness.

The working parts are permanently fixed and fully protected from water, dust, grass, and all other external causes of disturbance.

By these means we reduce friction to the lowest point—stop the self-destruction common to all rough cast machines—avoid breakages in harvest—secure easy draft and the same durability which pertains to cut gear in other kinds of machinery. The World has been tested four years, in the hands of the most intelligent and reliable farmers in the land, who unite in declaring that, comparatively,

"THERE IS NO OTHER HARVESTER."
