

ARE SEARCHING FOR MISSING YOUNG MAN

Dear Friends Who Disappeared From Home Tuesday Has Not Yet Been Found.

OSCAR FROILAND.

Oscar Froiland, aged 19 years, has been missing from his home since last Tuesday, and the members of his family are gravely apprehensive lest he has wandered into the hills and perished. This fear grew out of the fact that for a year or two has been ill, and physically, remarked to his mother that he wished he might stay in the hills and die. Not long ago he was taken of the stomach and in the light of subsequent events it would seem to have been said in earnest.

On the day that he disappeared from home, the boy called at the tailor shop of his father, M. O. Froiland, 47 West Temple street. Then he was in good spirits and had been for several days. He did not come home since he had failed to reveal the last trace of his whereabouts. City clerk cannot have been traced over by searchers, as it was thought that he would more likely go there than to his home. He never drank nor had habits in any form, and spent his time at home. At times he would cry for hours, then suddenly brighten and go almost to the extreme.

GROWTH OF Y. W. C. A.

Annual Meeting and Election of Officers Demonstrates Scope of Work.

That the Young Women's Christian association of Salt Lake is a successfully conducted and growing institution was demonstrated at the annual meeting held last week at "The Building" of the institution, 455, West Temple street. The meeting was presided over by the president of the committee, chairman, and consisted of a year of distinct growth, under the leadership of the president of the board of directors, Mrs. E. B. Crichtlow. During the past year the "Building" has moved to more commodious quarters. Here under the eye of the house mother all girls are well-cared for, irrespective of creed or nationality, and find all the comforts of home. The Travelers' Aid department has been developed during the year and a rest room near the depot has been made possible.

Friends of the institution are now working on a proposition calling for larger quarters as the membership has increased. Funds, however, are urgently required and a campaign with this object in view is to be inaugurated. The members feel that the responsibility of this should be more evenly divided with the local Y. W. C. A. At the meeting two new members were elected on the board of directors, Mrs. W. H. Thorne and Mrs. O. O. Clark. The board now consists of the following:

Term expires 1910—Mrs. J. R. Bach, Mrs. A. O. Clark, Mrs. Lafayette Hancock, Mrs. A. O. Moon, Mrs. P. A. Simpson.

Term expires in 1911—Mrs. L. M. Bailey, Mrs. E. B. Crichtlow, Mrs. M. A. Caffell, Mrs. G. R. Hancock, Mrs. C. E. Marks.

Term expires 1912—Mrs. T. B. Beatty, Mrs. C. G. Plummer, Mrs. C. J. McNeil, Mrs. R. L. Tracy, Mrs. W. H. Thorne.

Last evening the first regular meeting of the board was held.

Constitution Caused By Indigestion

Is Cured By Helping the Stomach Do Its Work As It Should.

All forms of constipation, bowel or internal trouble are most of them due to the improper digestion of food. The bowels measure 30 feet. The inside walls or surface are wound tightly about with millions of nerves. These nerves give life and control millions of little mouths or suckers which are supposed to take nourishment from the food as it leaves the stomach and passes along this 30-foot human tube.

When indigestion, dyspepsia or stomach trouble occurs, the food being undigested, passes over these millions of nerves, it is a fermenting, decaying mass and holds no nourishment as it should.

Partial Paralysis

May Be Entirely of a Functional Character.

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood which, under healthful conditions, carries the elements needed to rebuild wasted nerve tissue.

Let the blood become drugged and deficient in these elements and the nerves will be badly nourished and headaches, neuritis, sciatica, functional paralysis and a host of other nervous troubles may result.

In severe nervous disorders Dr. Williams' Pink Pills have accomplished many seemingly impossible cures. Such an instance was the cure of Mrs. Elizabeth Stratton of no. 1124 Dewey Ave. Beloit, Wis. Mrs. Stratton has lived at her present address for this past six years and there is no room for doubt regarding her statement she says, "I had been ailing for some time, through overwork and worry, when my right side suddenly became partially paralyzed. I could not move for some weeks without taking hold of a chair. My right leg and arm were affected so that I could not use them. My nerves were in a terrible state. I shook all over and was excited by the least little thing. For weeks I could not sleep. My appetite was poor and I was a nervous wreck."

"I doctored with local physicians at Quincy, Ill., who said I had partial paralysis caused by a nervous shock. I did get a little relief from them but it was only temporary. Through a friend I was induced to try Dr. Williams' Pink Pills. This was after I had been sick four or five years. I was then up and around but could not walk. The pills soon helped me and finally entirely cured me. My daughter also used the pills for a run-down condition of the blood and they helped her."

While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit. Our motto is, "Nervous Disorders," will be mailed free on request to any address. Send for a copy today.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

ing of the year was held at the Brooks Arcade and the following officers were elected by the board: President, Mrs. E. B. Crichtlow; vice president, Mrs. W. H. Thorne; recording secretary, Mrs. C. E. Marks; treasurer, Mrs. M. A. Caffell.

A HORRIBLE HOLD-UP.

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be hopeless Consumption," writes W. R. Lipcomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man today." It is quick to relieve and the surest cure for weak or sore lungs, Hemorrhages, Coughs and Colds, Bronchitis, La Grippe, Asthma and all Bronchial affections. 50c and \$1.00. Trial bottle free. VICTIMS OF WHISKY MEN.

(Special to the "News.") New York, Jan. 15.—Upon complaint of A. L. Kahn of Ogden, Utah, three men, Morris Hirsch, Jules Kramer and Leopold Weiss, were arrested today by government officials and are in jail awaiting examination on charges of swindling and unlawful use of the mails.

It is claimed that the men have operated largely in the west in the sale of whisky, under the firm name of the Valley Dew Whisky company. Fine samples of liquor were exhibited and heavy sales were made at 60 cents a gallon, forged government certificates being given. The Kahn liquor company of Ogden was victimized to the amount of \$1,500, and it is believed that many others suffered losses from the swindlers. Hirsch and Weiss were president and vice president, respectively, of the bogus company, while Kramer claimed he was only in a clerical position.

PRETTY WOMAN A GUEST.

Now Occupies Apartments in Municipal Building on Charge of Larceny.

After eluding the police for five months, Madeline Young, a pretty woman of 29 years, was arrested last night by Patrolmen Johnson and Olson on the charge of robbery. With her was a young man named John L. Hanson, and he is being held as an accomplice. About five months ago a foreigner named Jim Galleo was robbed of \$120 in a west Second South street roominghouse, and he claimed that the Young woman robbed him, assisted by a man. After the robbery, Miss Young and Hanson went to Denver. Last night they returned from that city, and immediately upon their arrival here were placed under arrest and taken to the police station. Miss Young emphatically denied the charge, declaring that Galleo gave her the money.

PEACE SOCIETY MEETS.

Interesting Discussion of the Movement Made at Library Hall.

The Adolphus society held a meeting last evening at the Packard free public library, when a program in line with aims and purposes of the peace movement was carried out. It had been previously announced that Rev. E. L. Goshen would speak, but he was unable to be present. Addresses were delivered by Nephth Jenkins and Editor J. M. Rhodah, latter being vice-president of the society. Both speakers discussed interestingly of the trend of thought looking to the time when disputes among the nations will be settled by arbitration.

Mr. Rhodah recited Scandinavian history, showing how the countries of the north had often been devastated by war. The speaker urged the members of the society to meet more frequently and bring the organization up to the sought for standard. His president is John P. Meakin, who was unable to be present last evening because of the fact that he was confined to his home with rheumatism. His secretary was Mrs. Frank Larson, who read much applause.

FONDNESS FOR LIQUOR MADE WIVES UNHAPPY

Two Divorces Granted Upon Showing Of Intemperance of Husbands.

The matrimonial bonds, the most of which galled without binding, were cut by Judge Morris yesterday, when six applications for divorce were satisfied. One was reserved for further consideration.

Among those who complained that the married state is not all it is supposed to be, was Nellie Ellen Bryant, whose troubles arose from the fact, according to the allegations made, that her husband, although carrying a handsome salary, as mine superintendent at Butte, Mont., for William A. Clark, has failed for a long time past to provide for her. Judge Morris ordered the issuance of her divorce, awarded her the custody of the two minor children, turned over to her real estate valued at \$4,500, together with \$200 attorney fees.

Clara Beer told the court that her husband was so busy traveling about that he had neglected to provide for herself or their 3-year-old child. The couple were married in March, 1907. Her divorce was entered.

Anna Dunlap was granted a decree of divorce from William O. Dunlap, because he was addicted to the use of strong liquor, as she alleged, and because he had failed to provide for her. On similar grounds Gladys Brown was awarded a divorce from Charles Brown.

Jessie V. Zane was granted a decree from Oliver W. Zane, upon her testimony to the fact that he had deserted her in 1902. The decree also carried with it the custody of the 16-year-old daughter.

Alma Gilling wedded Alexander Gilling at Park City in 1907 and yesterday told the court that since July last her husband had contributed but \$10 to her support, which was considered good and sufficient reason by the court for the divorce.

The application of Maud Richards for a decree of divorce from Arthur S. Richards was taken under advisement. It not appearing entirely clear that the statute requiring a year's residence prior to the granting of a decree, had been complied with.

REDMAN FIRE RECALLED.

Mrs. Bertha Beck has entered suit against the Redman Van & Storage company, for the recovery of \$4,666, alleged damages to household furniture, stored with the company on August 15. The ground for the suit, as set forth by the complaint, is that the company did not keep the goods in a fire proof building, but removed them to another place, where they were destroyed by fire.

BARLOW TALKS TO HIS MEN.

Chief Says Policemen Must Not Drink While in Uniform.

Before the 2 o'clock shift and the 11 o'clock shift went on duty at police headquarters yesterday afternoon and evening, Chief of Police S. M. Barlow had a heart-to-heart talk with the men and told them what he expected of them and he also gave some good advice about their conduct on and off duty. Chief Barlow stated that he wanted to become better acquainted with the men and wanted all of them to feel free to discuss with him any matters pertaining to the department. In his address to the men, Chief Barlow said:

"Gentlemen—The mayor has seen fit to appoint me at the head of this department, and I am fully aware that my experience in police work has been limited; in fact, the only experience I have had is what I have gained while I have been with you. It is my ambition to give the citizens of Salt Lake an honest administration. I have a great many friends who are expecting more of me than I feel able to give. However,

FOOD FOR A YEAR

Meats..... 300 lbs.
Milk..... 240 qts.
Butter..... 100 lbs.
Eggs..... 27 doz.
Vegetables..... 500 lbs.

This represents a fair ration for a man for one year.

But some people eat and eat and yet grow thinner. This means a defective digestion and unsuitable food. A one-dollar bottle of

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

I will give you the best effects my judgment dictates and let it go at that.

"I would like to call your attention to this point. When you make an arrest, do not turn him loose in the street. If, in your judgment, it is wise to turn him loose, make such recommendations to the lieutenants, myself or the desk sergeant, because if the man is turned loose on the streets the natural thought is, 'What did the officer get?' He may not have received a penny, perhaps only the blessing of the person whom he turned loose, but the suspicion follows.

"Now, as regards drinking, I am in hopes that no one among you will indulge while in uniform, either while on duty or off, neither do we want a man to become under the influence of liquor when out of uniform. We cannot afford it and have no room for such men.

"Just a word about profanity. I have no desire to have you think that I am trying to conduct a Sunday school class, but I do think that you ought to filter your language a little, for profanity is certainly not elevating and is offensive to a great many whom we come in contact with.

"You are all provided with clubs which are to be used in cases of emergency, an intelligent use of these are to use his head, and if necessary require it, his club. I notice that the majority of you have provided yourselves with guns. Don't be too rash with them, but in extreme cases, where your lives or the lives of others are at stake or endangered by some criminal, it might be wise then to use them, but you of years of experience know your duty.

"At times you may issue orders that in your opinion are not right. If so, I want you to come to me and discuss it. I may be wrong, and if so, I am always willing to be corrected. If any of you have an idea that you can submit to me that would be of advantage to this department, it is not only your privilege but your duty to submit it. "Now, in conclusion, I want to say that my success is your success, and solid co-operation will bring it. "I want to thank you for your attention, and we will try to get together often and become better acquainted."

SOCIAL AND PERSONAL.

A delightful affair of last night was the musicale given by Miss Olive Gray at her studio on State street, a choice program being rendered by a number of her pupils, and a large gathering of friends being present to enjoy it. Exceptionally fine numbers were given by the advanced pupils, Miss Janet Williamson, Miss Marguerite Duval and Miss Leda Wallace, and the rendition of the younger ones surprised their audience by its excellence, those participating being the Misses Marjorie, Elizabeth and Lavina Brown, Marjorie Hinkley, and Henry and Miriam Love. A social hour followed, punch being served in the hall by Miss Janet Williamson, assisted by Miss Marguerite Duval.

Mrs. C. J. Hooper will leave shortly for a month's stay in Chicago.

A movement is on foot to place in the Detention Home that delightful history, entitled, "The Real America in Romance," a work especially designed for youthful readers, its idea being to give in interesting form the facts of American history in story, treating the details in narrative style, thus appealing to young minds that might not have interest in the dry statements of the formal histories. The work is one to inspire in every youthful American heart both patriotism and ambition to achieve in the line of civic and patriotic endeavor ideals in human conduct, and its value in a reformatory institution such as the Detention Home cannot be over-estimated. A number have volunteered partial payments on the work, and it needs only the co-operation of others in the generous work to place the history in the Home. Any inclined to help by small donation or otherwise in this important enterprise may send remittances to Mr. G. Brown, the Detention Home officer.

No more elaborate event in the university annals has taken place than the junior promenade held right in the gymnasium, the big hall being dressed to represent a snow scene with festoons of cotton and other details effectively carrying out the idea. Each seniority and fraternity had its booth arranged in original design and delightful music furnished by the Port Douglas band. The booths were chiefly representative of winter scenes in frontier life, and included miners and trappers' cabins, a cave hollowed from a snow bank, a frontier hotel, a line of circus dance hall, a prospector's cabin with specimens of different ores, a medicine man's lodge made of natural logs and having a skeleton siphon through which cider was served from a tub. Furs, Navaho rugs and numbers of native articles of decoration were used. Besides these booths were college boys and college girls' dens, a patrons' booth and other attractive features.

Gov. and Mrs. Spry led the grand march and among the patrons were Mayor and Mrs. Bransford, Col. and Mrs. Scott, President and Mrs. Kingsbury, and Mr. and Mrs. W. W. Ritter. The affair was in charge of Roy Grosbeck and George Roberts.

Mrs. E. M. Allison entertained at a delightful luncheon yesterday at the University club in honor of Mrs. L. L. Reynolds of Ogden, the table being decorated in pink with a centerpiece of carnations, pink ribbon streamers, and a chandelier to the four corners and pink shaded candelabra. The place cards were hand painted in pink carnations. A bridge game followed, prizes being won by Mrs. Frank Knox, Mrs. Joseph Richards and Mrs. W. W. Armstrong.

Yesterday Mrs. Juliet Criesmon Hall, daughter of W. Scott Criesmon and John B. Dunn were married, the ceremony being performed in the presence of the near friends and relatives at the home of the bride's aunt, Mrs. John Rasmussen, with Rev. E. L. Goshen officiating.

Mr. George F. Felt and daughter leave for Ocean Park, California, today to be gone the balance of the winter.

On Thursday evening Dr. and Mrs. John T. White gave a roller skating party at the Auditorium rink and a pleasant time was enjoyed by a large number of their friends. Yesterday afternoon Mrs. Fifield and Miss Noble gave a similar party and last evening members of the Collegiate Athletic club entertained at the home of the club's president, Mrs. John Rasmussen, with Rev. E. L. Goshen officiating.

Miss Ruth Swanner entertained last night at a Cinderella supper, covers being laid for 12, and details carried out in the prevailing idea, the decorations and place cards being in slippers and the room having a number of devices suggestive of the enchanting story.

The Daughters of Utah Pioneers will hold a meeting at the Lion House next Wednesday at 3 o'clock p. m., all interested being cordially invited to be present.

The Undine club girls met with Miss Mary Summerhays Thursday evening, and a very pleasant time spent with music and social chat, after which an evening's dainty lunch was served by the hostesses. Who Always Keeps Per-na in the House.

"I am now able to do my house work again, and have a good appetite. I have used thirteen bottles of Per-na and one of Maminu. My husband and children are also in good health. We always keep Per-na in the house. I thank you a thousand times for your advice."—Mrs. Alvina Plamann, 104 Walnut St., Milwaukee, Wisconsin.

Mrs. Alvina Plamann.

Any one really wanted to find out whether or not Per-na is good for the baby who would he naturally ask? Some one who never used Per-na? Some one who is prejudiced against Per-na? Some one actuated by selfish motives who is opposing Per-na for the sake of the notoriety?

Would any sane person who really wanted to know about Per-na ask any of these people? Of course not.

Who would they ask? They would ask mothers who have raised babies and used Per-na for their babies times without number. They would ask the parents who love their families, and know more about Per-na than all the professional writers in the world.

Above we give the portrait and testimonial of one of the mothers who has used Per-na, and who has raised healthy and happy babies. We have many more such mothers in every state in the Union. These mothers give their testimonials entirely unasked, without pay or expectation of pay. Their only desire is to point out to other mothers a useful and reliable family medicine.
