LAST NIGHT'S DISPATCHES.

EASTERN.

Tilden's Message.

ALBANY, N. Y., 5.—The message of Governor Tilden shows a balance of receipts over expenditures during the past year of nearly $7,000,000; the funded debt is $30,000,000; the reduction of the debt the past year $6,000,000. He recommends a revision of the laws punishing maladministration by public officers. He says in regard to the Erie canal that the State must protect it while not seeking to make money from it. He urges the perfecting of the canal by increasing its capacity, and thus cheapening tolls. In reference to the financial question, he says an additional issue of paper money is an illusion, and an increase of the currency will not cure distress. In reference to national politics, he says the questions settled by the war are never to be reopened, and that the 14th, 15th, and 16th amendments to the federal constitution must be accepted as final by all parties.

Testimony before the Congressional Committee.

VICKSBURG, 5.—The congressional committee, to-day, examined a number of colored witnesses, whose account of the fight was substantially the same as that given by previous witnesses, white and colored. They all testified that the negroes were coming to Vicksburg by order of Crosby, and that written or printed notices for the colored people to arm and to come into Vicksburg were read to the colored people on the Sunday before the fight. One negro testified to being shot in the shoulder, as he and another negro were passing quietly along the street in Vicksburg on the morning of the trouble, by one Captain Cowan. A colored woman living three and a half miles out of Vicksburg testified that on the day of the fight, after the firing had ceased, five white men came to her house, and, after searching the house for arms, shot and killed in cold blood, her husband and eldest son, a young man of 18, neither of whom had been away from home that day, thinking that if they staid at home no one would harm them. Several of the colored witnesses testified that Governor Ames' name was also attached to Crosby's notices. Two or three negro witnesses refused to testify for fear they would be made to suffer for it in some way.

McEnery Protests—The Congressional Committee.

NEW ORLEANS, 5.—McEnery has telegraphed President Grant his protest against the action of the U. S. military authorities in forcibly interfering with the organization of the legislature.

Before the congressional committee, to-day, ex-Governor Hahn gave his version of the occurrences in the legislature yesterday, but he did not appear positive in regard to anything. He did not think that General De Trobriand entered the hall until requested by Wiltz to do so to restore order in the house; his impression was that Vigors did not call the roll after Wiltz and his supporters left, so he did not know how many were present after they left. He said, "When we reorganized and I was elected speaker, my attention was called to the presence of soldiers; they evidently took the hint that their presence could be dispensed with, and left." It was finally agreed that counsel for each party be allowed four days in which to file briefs with the committee. Several witnesses testified to cases of intimidation of blacks in various parts of the State, and that in many places an avowed republican could not live peacefully.

More Protests—Kellogg Examined.

A full meeting of the Cotton Exchange to-day unanimously adopted a protest against the allegations contained in Lieut. General Sheridan's dispatch of yesterday, to the Secretary of War, as being not only false, but as evincing the spirit of a partizan instead of that candor which should characterize the utterance of the officer commanding the army of a great nation. They say that he evidently confined his investigation and inquiries to people whose interest it is not only to falsify facts, but to promote that spirit of lawlessness with which the citizens have been falsely charged. Resolutions indicting the State government and appealing to the people of the U. S. for justice were also adopted, and similar action was taken by the Merchants' Exchange and by a meeting of northern and western men at the St. Charles Hotel to-night.

The congressional committee, this afternoon, examined Governor Kellogg in regard to the orders upon which the military acted yesterday. He made a long statement to the effect that 49 members and those claiming to be members of the legislature, seized possession of the hall, and that Wiltz declared himself speaker; that there was great confusion, and the information he received led him to fear bloodshed; he therefore called on General Emory for troops, and asked that the hall be cleared of all persons not entitled to be present. In reply to Potter, of the committee, the Governor said he did not think, that under present circumstances his government could maintain itself without the support of U. S. forces, and it had probably been in the same position since the 14th of Sept. last; he added, as an explanation, that the great bulk of the supporters of his government in the country were engaged in peaceful, industrial pursuits, and that a large element which opposed his administration resided in the city and had no industrial avocation.

TESTIMONIAL.
Editor Deseret News:
I had a son who appeared to be in ill health, being in a pining condition. I was unable to determine the nature of the disease which affected him. A few days since I placed him under the treatment of Dr. Plant, who, within a few hours, and without pain or inconvenience to the lad, freed the patient of a tape-worm about forty feet long, since which time the boy has been improving. I wish you to publish this circumstance, as much for the benefit of people afflicted similarly to my boy, as to award credit to Dr. Plant, whose skill in that line of complaints can be relied on, besides his charges are moderate.
