C. S. Jarvis Struck by Light Engine—Wedding of H. P. Randall and Miss Minnie I. Horrocks.

Ogden, March 17.—A coroner's inquest over the body of W. B. Owen, the man who shot himself Thursday afternoon at 4 o'clock at the municipal court room before Judge J. D. Murphy, acting coroner, and a jury composed of Amos Sebring, Stanley Johnson and Charles Rapp. The witnesses examined were officers Robert Burke, Charles E. Layne, W. B. Leubridge, P. R. Shipley, Manager F. A. Cline of the Pacific hotel, where he was employed, and Undertaker Larkin. The evidence given brought forth the facts about as they have been published, that he had become despondent because of failing health, and therefore ended his life. The jury, after hearing the evidence, brought in the following verdict: "That the said W. B. Owen came to his death March 15, 1906, in Ogden City, from the effects of a gun shot wound, fired from a 38 caliber revolver, with his own hand, with suicidal intent, and during a temporary aberration of mind."

A telegram was received by Larkin & Sons, requesting them to ship the body home to Denver for burial, which request will be complied with. The Pacific hotel company provided transportation for the remains from Ogden to Denver.

SUCCESS OF GENEALOGICAL WORK.

Mr. E. Neuteboom, clerk of the Ogden Fifth ward, has had great success of late in gathering genealogies for several of his countrymen. Having had great experience in gathering old records, it has enabled him to get thousands of names.

Mr. Neuteboom says that Napoleon did a great work when he came to Holland in 1812, in the gathering of the names of the people of that country. Following his instructions records have been kept alphabetically, whereas before names were put in the records as they came, which cost a lot of work for any one to find their ancestors in those mixed records.

The correspondence that Mr. Neuteboom has had with many of the leading cities of Holland, Germany and Belgium has made it possible for him to obtain names of ancestors.

TRY THE SOUTH, SAYS PARKER.

Urges Southern Democracy to Take Leadership of Democratic Party.

IS TIME FOR REORGANIZATION.

The Nebraska and New York Experiments Ended in Disaster.

Charlotte, N. C., March 16.—Judge Alton B. Parker of New York tonight, in an address before the Manufacturers' club of this city, urged southern Democrats to take the leadership of the party. Judge Parker said, in part:

"In 1896 you tried Nebraska, and since that day no old Democratic northern state has accredited one of our party to the United States senate, and in none has there been a friendly governor. All the Democratic training schools of the north—elementary, intermediate and higher—were closed and have remained so. The party paralyzes its one-time leaders as dead or have abandoned, or worse, have become Republicans, while in more than one state the threat hangs over them that they may become the victims of the spoiler or the corruptionist."

"When such conditions confront you, why should you persist any longer? While the Democrats of Nebraska and New York and other northern states have brought forth fruits most for repentance—or at least so long as they are threatening to give themselves and the party over to further destruction, should you not assert yourselves? You have borne the heat and burden of the day. Your statesmen have demonstrated their ability not only to take care of the interests of their states, but they have been the only dam against aggression at home and the threat of discredit abroad. Among them are men with the knowledge, experience, honesty and courage to represent their fellow patriots without the surrender of principle and their fellow countrymen with safety and honor."

"I myself, placed at the front for a time, have every reason to be grateful to Democrats everywhere, especially to those of the south. I appreciate the honor thus conferred upon me, and I am proud to be a part of the party. I think, I can know better than I how futile our effort has been in the past and how unpromising the outlook is for the future unless we throw aside arms and grasp the great moral issues now so clearly perceived by the people. The time has come when the really effective Democrats of the country should be reorganized and when they themselves should no longer hesitate, decline or refuse to seek or to accept those honors which are their just due for work well done."

PROMINENT HOSPITALS SAY

PE-RU-NA DOES WONDERS IN RELIEVING ALL CATARRHAL DISEASES.

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES.

CATARRH of the respiratory organs is a common ailment in Canada for at least two-thirds of the year.

This condition is no doubt caused by the long, severe winters experienced in this part of the continent.

Therefore, when Peruna was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventative and relief in hundreds of cases.

These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick.

Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement:

The Peruna Company, Columbus, Ohio.
Having used Peruna for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

The Sisters of the Good Shepherd, August 20, 1903, Montreal.

After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

"We are happy to tell you that your Peruna has given us satisfaction. Three patients have tried it, one 68 years old, Renou Dupuis, afflicted with catarrh, is much relieved, more than he has been for a number of years."

"A young girl, 15 years old, had an obstinate cough, which half a bottle of Peruna caused to disappear."

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic."

"Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily."

"Through these three cases we desire to make known to the public the efficiency of your remedy."

Hospital St. John, of St. Johns, Province of Quebec.

A letter received from the same institution reads as follows:

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuralgia."

"I have used it myself as a tonic with the best results, taken as directed, half a teaspoonful every half hour."

Peruna not only promptly relieves coughs and colds in their first stages, but is equally prompt and efficient for catarrhal diseases in the chronic stage.

Of course, it is only reasonable to suppose that a great deal of medicine will be necessary to cure a slight attack of catarrh than would be required to relieve the ailment after it had been allowed to become chronic.

Directions for taking the remedy will be found on each bottle, also in Dr. Hartman's book, called "The Ills of Life," which can be obtained from your druggist for the asking.

For special instructions write to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.
