GOLD BASIN MILL.

The First Machinery Reaches the Mine In La Sal Mountains.

The Gold Basin people are having some little trouble in freighting their machinery into Gold Basin La Sal mountains. The boiler for the plant got away from those handling it and rolled into a ravine, taking a mule with it. The roads will be put in shape at the The roads will be put in shape at the place where the accident occurred so as to avoid a recurrance with the other machinery. Three carloads of ma-chinery have recently been unloaded at Thompson Springs and will be tak-en to the mill site where masons are already at work building the founda-tions. As fast as immer can be se-cured the carpenters will be put at work and it is hoped that the mill

for the mine in the morning. He says that the tunnel is slowly but surely draining the country near the mine. Willard F. Snyder and C. O. Elling-wood of the Western Exploration company left for San Francisco yesterday, Mr. Snyder will be absent for about 10 days.

Frank H. Lathrop, who has been spending a few days at Tonopah, exam-ining the Tonopah-Eelcher property, is deeply impressed with the richness of boats, life preservers and large pieces of her hull. He states that a terrific storm prevailed for a week prior to Nov. 16, on which date he board-ed the Excelsion at Yakutat, hav-ing walked 90 miles from Seal river to eatch the steamer. that mine

Work has been resumed at the Good Hope mine at Stateline. The majority interest in the company's stock has re-cently been secured by W. H. Webber and associates. There were one car load of ore from

Big Cotton wood, three each from Bing-ham and Tintic and one from Milford reported at the Taylor and Brunton sampler this morning.

Last week's ore production of the two great bonanzas of Park City, the Silver King and the Daly-Judge, amounted to 5,661,700 pounds, of which 3,394,700 came from the latter mine.

A big corporation has recently been formed to handle the Mammoth-Breck-enridge mine at Gold Mountain, A great many other claims have been added to the original property.

New York, Nov. 22.—As the result of a combined movement of the county medical society and Health Commis-sioner Lederle, Dr. Francis Gray Blinn was arrested today at his sanitarium, charged with attempting to perform an ullegal eccentric Charles Allen, who has been for a long time manager of the Centennial-Eureka mine of the United States Minillegal operation. Upon several previous occasions Dr ing company, has been appointed gen-eral superintendent of the entire mines Blinn has been involved in serious dif-ficulties, but it has been impossible to prove the charges. of the big company.
