SHOCKING DEATH ON THE RAIL

Man Supposed to Be Ernest Roth of San Francisco, Run Over by Train.

REFORMERS LACK GOOD FAITH

Trustee Appointed to Represent Dan Ragan Creditors—A. S. Higham Found Guilty of Forgery.

Ogden, March 25.—The body of a man supposed to be Ernest Roth of San Francisco is being held at Richey's morgue awaiting word from relatives. Roth was discovered with both legs severed from his body, along the tracks of the Oregon Short Line above this city on Monday evening. He was brought to Ogden and taken to the hospital where he died Monday night. Although conscious when taken to the hospital he was unable to account for the way in which he got under the wheels. It is believed that he was beating his way into Ogden on a freight train from the north and in some way lost his balance and fell beneath the train. He was well dressed and about 30 years of age. At the hospital he gave the matron the address of his brother, Paul W. Roth, 500 K street, San Francisco, who has been communicated with.

REFORMERS IN BAD LIGHT.

Fail to Furnish Evidence to Officers When Demanded.

Ogden, March 25.—Several of the persons who attached their names to a petition sent to County Attorney N. J. Harris on Saturday last asking that he take some action looking toward the closing of the gambling halls went a step farther yesterday afternoon and called upon Sheriff B. B. Wilson to ascertain what he intended doing in the matter. Mr. Wilson said he would be glad to act in the matter if the men behind the movement would aid him in securing evidence. As yet his proposition has not been accepted.

Sheriff Wilson received a similar letter to the one sent to the county attorney and when the committee, which consisted of four persons including an attorney, gathered in the sheriff's office the first question asked was: "What are you going to do in this matter?" "I am here to do business," said the sheriff.

The spokesman for the committee then related an incident wherein a woman had appealed in vain to one of the gambling halls for the money which her husband had lost. He was asked for the woman's name by the sheriff but was unable to get it. This was desired in order that a case might be made out against the place.

In the discussion which followed the sheriff pointed out that if those who signed the petition were anxious for him to make arrests for gambling they would aid him in securing evidence. It was brought out, however, that all that was desired was to close the places and not to arrest any one for violations of the law. Thus the matter was left.

An amusing feature in connection with this movement developed yesterday when some of those who signed the petition were apologizing for what they had done and claimed that their names were attached without their having read the petition.

It is said that the persons responsible for the circulation of the petition are proprietors of poolrooms who have been asked by the recent orders of the mayor with regard to closing on Sundays.

SUIT FOR DAMAGES.
Franklin D. Richardson, guardian ad litem of Lester A. Richardson, a minor, commenced an action in the district court yesterday against John Scowcroft & Sons' company, in which he asks for \$10,000 damages. Young Richardson while in the employ of the Scowcroft fell through a trap door, fractured his arm and otherwise injured himself. Negligence on the part of the defendant company is alleged.

Eliza J. Jackson petitioned the district court yesterday for letters of administration in the matter of the estate of the late William C. Rawson, who died at Fair West April 28, 1891. The estate consists of real property valued at \$2,000. The heirs are the widow, six children and three grandchildren. It is claimed that the council will soon take some action looking toward the cancelling of the franchise secured by the Salt Lake & Ogden railway, giving it the right to lay tracks within the city. The reasons set forth are that the Bamberger people have not kept their part of the agreement.

MUST ANSWER FOR MURDER.

Duane McCandless Held for Killing Of Moses Jones.

Special Correspondence.

Lehi, Utah Co., March 24.—A preliminary hearing of Duane McCandless, who killed Moses Jones on the evening of March 12 by fracturing his skull with a beer bottle, was held today before Justice Beck in the city court house, McCandless being brought over from Provo by the county sheriff. County Attorney John prosecuted, and Attorney Whitcomb of Provo is attorney for the defense.

McCandless was held without bail to answer to the district court for murder. The hearing occupied most of the day. Little if anything new was developed. McCandless told his side of the story. It was to the effect that the two had been drinking together during the evening. Jones at intervals insisted he could whip any of the McCandless boys, and Duane finally de-

cided to accommodate him. Friends of both men started to accompany the men out of the city where they were to fight it out. While on the way Jones called McCandless a vile name, which caused the latter to pull his coat, and while in the act of removing two bottles of beer which he had in his hip pockets, Jones advanced to commence the encounter, when the death-dealing blow was struck. McCandless declared that his reason for striking with the beer bottle was that he had not time to put them down before Jones came at him, and that he had absolutely no intention of killing his man when the blow was struck.

SUGAR CITY, IDA.

DAMAGE FROM WINDSTORM.

Activity in Sugar Industry—New Heading Room Opened.

Special Correspondence.
Sugar City, March 19.—Wednesday this section of the country was visited by a severe wind storm. All day long the wind blew furiously and during the afternoon it blew at a rate of over 30 miles an hour. Considerable damage was done to windows, etc., in some of the neighboring towns, but the buildings here escaped damage. The wind did a great deal of good to the roads, as before it came all the roads were very muddy and almost impassable and now they are almost dry.

The farmers are busy in spring work. Mark Austin manager of the Utah-Idaho Sugar company in Idaho and his assistants have been holding meetings with the farmers in the different districts, for purpose of making them a full acquaintance with beet growing conditions. The meetings have been largely attended and much valuable information has been given to the farmers.

There is much activity surrounding the sugar industry in general and of course cattle are being fed on pulp and fattened for market. Several shipments have already been made to the market. There are several dwellings going up in the western part of town. John Balling is building a fine modern nine room house
