LOCAL AND OTHER MATTERS.

THEATRE.—Last evening Miss Rose Evans appeared as Joan of Arc in the spectacular play of that name, and was very well received, being applauded and called out repeatedly. At the conclusion of the play, in response to the call of the house, she made a most eloquent and touching speech, in which she apologized for the condition of her voice, on account of being "snowed up sixteen days" on the railroad, and promised a rapid succession of attractive novelties.

Miss Evans is a pleasing young actress and manifests that she can come down without loss from the lofty stile of the grand historical drama to the more social walks of comedy, in which, after tonight, she will appear.

The large and thronged audience consisted of the evening's performance.

This evening Joan of Arc will be repeated for the last time, to be followed by the farce of Smith & Brown. A very good bill.

INFORMATION WANTED.—Sophrona daughter of Phylaris Carpenter and Joseph C. Clark, wishes to learn the whereabouts of any or all the descendants of Hays and Quinlan. Carpenter died in the State of Ohio, 30 or 34 years ago. Address Sophrona Clark, Pleasant Grove, Utah County, Utah T.

ACCIDENTALLY SHOT.—Brother William Hopwood, an employee of the grocery department of Z. C. M. I., accidentally shot himself through the hand today. A man had called at the store to purchase some cartridges for a small derringer pistol, and Brother Hopwood, not being aware that the weapon was loaded, endeavored to open the breech to ascertain the state of the cartridges required when it was discharged, the ball passing diagonally through the palm of the right hand, breaking off a portion of the bone which supports the little finger. Brother Hopwood went to the Z. C. M. I. Drug Store, where his wound was dressed by Dr. M. H. H. H. The man purchasing the cartridges did not inform the salesman that the pistol was loaded, which, to say the least, was a piece of gross carelessness.

AGAIN WITH US.—Major J. E. Barrow, of the firm of Eldridge, Dunham & Co., importers and dealers in foreign and domestic dry goods, New York, arrived in the city yesterday, sixteen days from Leavenworth. As a business man on the wide track, Major Barrow has been long and favorably known to the community. He expects to do some business now and will stay till next month, at the Townsend House.

U. S. BULLETIN.—Ogden Depot, Jan. 9th, 8 a. m. No report from U. P. this morning. C. P. arrived on time.

No trains to the East this morning. U. C. leaves on time.

THE LEGISLATURE.—Yesterday the following was received from Hon. George Black, Secretary of the Territory of Utah:

Secretary's Office,
Salt Lake City,
January 8th, 1872.

To the Honorable President of the Council of the Territory of Utah:

Sir—I have the honor to inform you that I have secured rooms in which to hold the "Twentieth" session of the "Legislative Assembly" of this Territory, on Third South Street, between East Temple and First East streets.

I have spared neither pains nor expense in making them clean and comfortable, and am glad to report that everything is now in readiness for your reception, and would ask that at your earliest convenience you will adjourn to the place provided.

I have also the honor to submit the following copies of instructions received by me from Washington.

TREASURY DEPARTMENT.
First Comptroller's Office,
November 16th, 1871.

George A. Black, Esq., Secretary Territory of Utah, Salt Lake City.

Sir:—The appropriation for legislative and other expenses of the Territory for the current year is \$30,000. You will keep the expenditure within that amount and incur no liabilities in excess of it.

In making arrangements for printing the journals of the Legislature, you can secure greater economy by having the printing done whenever and as often as sufficient matter has accumulated to make eight pages.

You will not have inserted in the journals any reports or documents except the governor's message.

For printing the message in pamphlet and in journals you will pay for one condition only.

Reports of Territorial officers may be printed if desired by the Legislature, but the cost, including paper and binding, must be paid by the Territory. It will not be allowed in your accounts.

Very respectfully,
R. W. TAYLOR,
Comptroller.

COMMITTEES.—The official correspondence, published in another place, concerning reappointment in Legislative expenses, will strike the mind of the reader as being exceedingly considerate in more than one particular. It is an old superstition that the gift of a knife is unlucky, as it is apt to cut the friendship existing between the giver and receiver. It is a very kind of Mr. Comptroller Taylor to give this old superstition and to interpret the desire of the Federal government to promote amicable relations with Utah, by withholding the usual legislative pocket-knives, lest the alien cords of Federal and Territorial friendship should thereby be severed. What a happy thought! As to the withholding of the pocket-knives, the members, if we were violently disposed, we might comment severely upon such economy in this age of enlightenment and progress. The permission for the Legislature to print certain documents and pay the printer also, will be duly appreciated in this free country.

SINGER SEWING MACHINES

WERE SOLD WITHIN THE PAST YEAR.—Scientific American, June 10, 1871.

The Singer Manufacturing Company,

AT THE WORLD'S FAIR

—Continued by the homes of the people—

Received the Great Award of the Highest Honor and have left all rivals far behind them, far they

Sold in 1870 127,933 Machines!

SEWING MACHINE SALES FOR 1870.

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the 'Globe' returns (to which any one can have access) for the year 1870 to the owner of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

Wheeler & Wilson	59,999	Gold Medal	1,000
Howe & Baker	75,000	Silver Medal	500
Wheeler & Wilson	59,999	Gold Medal	1,000
Wheeler & Wilson	59,999	Gold Medal	1,000

And several other companies who sold a few Machines.

It will be seen by this table that the superiority of the Singer Sewing Machine is fully established. It is a simple, durable, and reliable machine, and is the best of its kind in the world. It is a simple, durable, and reliable machine, and is the best of its kind in the world.

One-half of our Gigantic Sales, now nearly,

THREE-QUARTERS OF A MILLION

Machines Sold,

AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS.

But the greatest increase of our Sales over all other Machines, being within the past year this is incontestable proof that

Our Machines are the Best in the World!

The New Family Singer Sewing Machine,

With Attachments for All Kinds of Work,

is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.

This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately constructed, most adjusted, easily operated, ready and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its services, but also for the variety and different kinds of fabric which it will sew with equal facility and perfection, using silk, linen or cotton thread, fine or coarse, making the finished work of exquisite quality, alike on both sides of the fabric, and in a moment this willing and service-ready instrument may be re-adjusted for the work on canvas or coarser fabrics, or the making of tarlatan, or flannel, or almost any other work—even by a child—when delicate fabrics have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.

Send for Descriptive and Price Circular.

We manufacture our own needles, silk and twist, and all the cotton thread and all of superior quality—but which can be relied on only when obtained through our Principals.
