

# SOLDIER BOYS RETURN HOME

Fifteenth U. S. Infantry Back in  
Barracks After Six Weeks  
In the Field.

MADE GOOD RECORD IN CAMP

During Regiment's Absence Two Hundred  
"Rookies" Have Been Re-  
ceived at Fort Douglas.

The Fifteenth U. S. Infantry returned last evening, from the Wyoming encampment, after a six weeks' absence. The troops came over the Union Pacific, the first battalion arriving at 9 p. m., the second pulled in 20 minutes later, and the third battalion was not far behind. The regiment unloaded and marched to Fort Douglas. It left with 650 officers and men, but returned 150 short, owing to expiration of terms of enlistment. The baggage was left at the Short Line depot until this morning, when the quartermaster's department attended to its transfer to the post. Colonel Scott was in command of the regiment, as he recovered from his indisposition two weeks ago, so that he could return to active duty.

The soldiers of the Fifteenth made a good record for themselves in camp, only three having been reported for disobedience, and there was but little sickness, although the water was reported none too good. They have a good word to say for the Utah troops, particularly the light battery.

During the regiment's absence, 200 "Rookies" have been received at Fort Douglas. They take the kinks out of recruits by expirations of terms of service. Sergt. Campbell of F company has gone to Ogden after a deserter of the Eighth Infantry named Oscar A. Bert.

Some 500 mechanics are building the new bakery at the post. When that is done, there will be new barracks and officers' quarters to erect. Sergt. Maj. Henry has returned from a four months' furlough.

Sergt. F. A. Sweet of E company, is the new schoolmaster. Corporal Frank Murphy, with new recruits returned from Columbus barracks yesterday.

## THEY TAKE THE KINKS OUT.

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They cure all ailments of the stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at Z. C. M. I. Drug Dept., 112-114 south Main street, 25c.

## CABLES ARRIVE.

A carload of long delayed Western Union underground cable, in six spools, was received yesterday afternoon from the Chicago manufacturers and will be laid in the conduits as fast as possible, so that within three weeks the cables that for so many years disfigured Main street will be taken down. This will remove the trolley standard standing in the way of the telephone company. The expense to the telephone company is put at \$20,000 to \$25,000.

Daughter. In reply to your note will say: "Give your children Hollister's Rocky Mountain Tea each week; protects them from diseases, keeps and makes them well. Signed "Mother," 25 cents, Tea or Tablets. Godbe-Pitts Drug Co.

## WILL VISIT DES MOINES.

Sey, Haddock of the M. & M. association, and Joseph A. Silver, who were sent to Louisville, Ky., to examine into the conditions attending the proposed removal of a big rolling mill plant here, will stop off at Des Moines, Ia., to examine the status of the Des Moines phase of the Galveston form of municipal government, and report their findings to the Civic League of this city. The Ogden Civic Improvement League is also making inquiries.

## NO HUCKSTERS NEED APPLY.

Peddler Claims Groceryman Is Trying To Perfect a Monopoly.

In Judge Diehl's court yesterday afternoon W. E. Heading, a peddler, was tried on the charge of trespass. The complaint against him was sworn to by F. W. Wilson, a groceryman who owns two houses at 715 and 718 west Second south street. On his property he has a sign announcing that peddlers are not permitted on the premises. He hates peddlers, especially those who sell vegetables as they interfere with his business.

Heading claimed the right to sell his wares wherever he pleases and accordingly entered the Wilson premises to sell vegetables. Wilson ordered him away and pointed to the sign where-

upon Heading is alleged to have invited Wilson to assist where he sat in majesty reigns and take his old sign along with him. Wilson then had Heading arrested for trespass. Heading admitted that he said things to Wilson and claimed that the groceryman was trying to perfect a monopoly like unto the Standard Oil company. He also claimed that the groceryman would not rent his houses unless the tenants agreed to purchase their supplies from him.

After hearing all the evidence in the case Judge Diehl took the weighty question under advisement.

## REGISTER FOR HIGH SCHOOL.

Examination Will Be Held Tomorrow For Applicants Desiring to Enter.

At a meeting of principals of public schools held Wednesday in the office of the board of education, John S. Welch, supervisor of the grammar grades and Martha J. Johnson, supervisor of physical education, were the speakers.

All those who intend registering at the high school this year must do so this week. Many believe that because they were registered on last year's roll that it is not necessary to re-register this week but that is not the case, all must register.

Friday beginning at 9 o'clock an examination will be held in the board of education rooms for applicants who wish to enter the high school. Those who wish to take this examination must register not later than Thursday.

## CURED HAY FEVER AND SUMMER COLIC.

A. J. Nussbaum, Ballville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took more medicine. Fortunately I insisted upon having Fowler's Kidney and Bladder Pills, and it quickly cured me. My wife has since used Fowler's Kidney and Bladder Pills, and she has been cured. For sale by F. J. Hill Drug Co., 'The Never Substitutors'."

## MOTLEY CREW FACE DIEHL.

Flotsam and Jetsam Caught in the Police Drag Net Given "Floaters."

Nearly every night the police make raids on tramps and vags sleeping in Liberty Park, the City and County building grounds, Pioneer park and the Fair grounds. These places have long harbored, at night, worthless characters who roam about the city during the day, time, differing in a small way and causing considerable annoyance. Last night and the night before a number of Weary Willies were gathered in and given "floaters." Yesterday afternoon three men were arraigned before Judge C. B. Diehl on the charge of vagrancy. They all pleaded guilty and were given a chance to leave the city. Frank Harris, one of the gang, was caught begging on the streets and he was given 30 days on the rock pile.

M. T. Malloy, a soldier, arrested Tuesday night by Patrolman Simpson for drunkenness, declared he was not guilty. He stated he could prove his innocence by the fact that he had been hit in the mouth with a brick. From the look of the fellow's mouth it might have been inferred that he had been struck by a 60-horse power automobile, but his battered condition did not prove that he was not drunk and he was given five days on the chain gang.

Marshall Truax, a cripple, charged with vagrancy, was sentenced to 60 days in the city jail. Later the sentence was changed to 30 days and finally, Truax was given a "floater" when it was found he was able to leave town. He promised to leave Salt Lake at once, and Judge Diehl gave him a chance.

## HOW TO AVOID APPENDICITIS.

Most victims of appendicitis are those who are habitually constipated. Orino laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. For sale by F. J. Hill Drug Co., "The Never Substitutors."

## THIEF STEALS PURSE.

Sneaks from Behind Bill Board, Grabs Money and Piles.

About 9:20 last evening a purse snatcher stole a purse from Mrs. Christopher Grinner of 61 Apple street, as she was walking along west Fourth South street, accompanied by her husband. The thief stole out from behind Grinner's bill board, grabbed the purse, containing about \$5, and dashed up Main street. He was followed by Mr. Grinner, but the fellow disappeared behind the Newhouse buildings. The thief was described as a young man, quite tall and dressed in black. The police have a good description of him.

My wife arose from her bed one morn. She arose with an aching head; How well I'd been, she said to me, If I took Fowler's Kidney and Bladder Tea. Godbe-Pitts Drug Co.

## WILL RECEIVE BIDS.

At a meeting of the board of public works Friday evening, bids for curb and gutter extension No. 7, will be received. This extension includes all the streets from Brigham to Third South and from Second East to Thirteenth East that have not been improved in this regard. The estimated cost of the work is \$47,000. Bids for the gas producer plant, to be placed alongside and supply gas for the intercepting sewer pump will also be received at the meeting.

## BAPTIST CONVENTION.

Officers Chosen for the Coming Year With W. C. Orem, President.

At yesterday's closing exercises of the Utah state Baptist convention, the reports showed an increase in membership, and the following officers were chosen for the ensuing year: Walter C. Orem, Salt Lake, president; Prof. J. A. Smith, Ogden, vice president; Rev. George L. White, Salt Lake, corresponding secretary; Rev. J. V. Cody, recording secretary; E. Ben Brown, Salt Lake, treasurer. The board of managers are: Rev. L. S. Bowman, Salt Lake; J. McNeill, Salt Lake; T. D. Johnson, Ogden; Rev. J. C. Andrews, Salt Lake; Rev. H. D. Zimmerman, Ogden; N. C. Williams, Provo; Shepard Tallman, Tremonton.

The convention decided to meet next year at Tremonton. The Young Peoples' union chose W. C. Orem as president for the coming year, and the day closed with addresses by Baptist clergymen from over the state. Money was subscribed toward the erection of a chapel in Porto Rico. A resolution was passed commending local option.

# ANTI-DUBOIS CAMPAIGN

John F. Nugent, Democratic State Chairman, Opens Headquarters At Boise, Idaho.

(Special to the "News.")

Boise, Sept. 2.—With the Republican state convention out of the way, the political interest in Idaho is centering in the Dubois and anti-Dubois wings of the Democratic party. John F. Nugent, state chairman of the anti-Dubois wing, has opened his Boise headquarters and declared for an aggressive state campaign, in which speakers of national reputation will be sought for the campaign, and in which an effort will be made to secure the support of the county organizations of each county.

In the event that the supreme court decides that the Dubois ticket is the regular one," declared Mr. Nugent, "and entitled to the party emblem, then I shall resign as chairman and take the stump for the ticket."

It is Mr. Nugent's plan to open the state campaign Sept. 15, and to make it an aggressive one throughout, keeping to national issues and soliciting votes for the national ticket. Mr. Nugent's declaration of his intention to leave the issue up to the supreme court's decision is intended to force the Dubois wing to a similar declaration so that they will be bound to support the regular ticket, should the anti-Dubois wing be declared regular.

## POLITICAL POINTERS

The Democratic judicial committee yesterday afternoon decided upon holding the judicial convention for this district in Salt Lake, on Sept. 30, at 10 a. m., the same day upon which the county convention is to meet. A recommendation of the committee is that delegates to the state convention assemble also for the judicial convention, with power to elect delegates to the judicial convention. Salt Lake, for the judicial convention, is apportioned 115 delegates; Summit 21 delegates, and Tooele 10. Primary elect delegates to the state and county conventions are scheduled for Sept. 17, at 8 p. m.

Because Cal Buckwalter, president of the Young Men's Republican club, has addressed to the club a letter of resignation, there will be an election to fill the vacancy thus caused. The said election will be held this evening at the club rooms in the "News" building. Buckwalter, who is said to be a recent recruit of the "American" party, resigned in the following communication:

To the members of the Young Men's Republican club: I hereby tender my resignation as president of the Young Men's Republican club, to take effect immediately. C. S. BUCKWALTER.

Judge D. N. Straup, who has refused to serve as president of the Salt Lake Taft club, has addressed to the voters of the club the following letter setting forth his reasons for the action. These substantially are as given orally by the "News" in last night's impression. The letter follows:

"To the Officers and Members of the Taft Club of Salt Lake: I am informed that at a meeting held on the evening of Sept. 1, 1908, to organize a Taft club of this state, I was elected president of the club. I was not at the meeting, and my consent obtained to place my name before the meeting. While it was in session Mr. John Q. Critchlow and others, claiming to be members of the club, asked me if I would accept the position. I told them that I could not do so, and asked them to withdraw my name if it should be presented."

"I am a loyal supporter of Judge Taft and of the Republican party, and am in full sympathy with the purposes and principles for which the Taft club was organized. But one thing that persuades me not to accept the presidency of the club, and that is on account of the judicial position held by me. I think you will agree with me that the judiciary should be removed from campaign politics as far as possible, and that members of the court should keep themselves free of political influences and should not engage in active and partisan politics. I do not think it proper nor becoming the judicial office held by me to accept and discharge the duties of president of a political club, no matter how worthy its purposes may be, and I believe that you on further consideration will agree with me."

"Very truly yours, D. N. STRAUP."

Willard Hanson is asking for the nomination for attorney general, before the Republican state convention. This means that Job Lyon is alone in his race for the county attorneyship, unless another should aspire to the position.

Harry J. Robinson, in his capacity of manager of the Bulletin, at Bingham, has aroused the ire of the editors of the county commissioners by declaring that Bingham has been much neglected by the commissioners. A resident of that place yesterday declared that several have been laid from upper to lower Bingham, and that the streets have been placed in the shape, the best, in fact, of their history.

## AMUSEMENTS.

Theater—Emma Lucy Gates had a royal welcome home at the Theater last night. It was especially a delightful tribute to her and the artists who supported her, in the fact that even in the old days when she was surrounded with all the pomp and circumstance of full operatic presentation, she never faced an audience which, in brilliance and numbers, approached that of last evening. The box office told a story close to the \$900 point, which means that every seat, except those in the upper galleries, was occupied, with many people standing throughout the evening. The assemblage included not only personal friends, but a big sprinkling of the leading musicians of the city, and many of the regular first nighters of the theater, who were attracted by the unusual and unusual success of three such artists as Miss Gates, Miss Clayton and Mr. McClellan on the same program.

The evening was one of the rarest enjoyment and some tremendous outbursts of applause greeted each of the performers. The idea of the management was to provide a program which would be a model of variety of the highest class, and the aim was distinctly successful. Miss Gates essayed three widely differing achievements: first, two concert numbers, the "Rose Song" and the "Temple Bells." As a recall number after the last, she rendered the exquisite old ballad, "Glebe Me If I Have You." Second, a recital of three groups, the beauty and bird-like quality of her voice being especially notable in the waltz song by Strauss, and the waltz song by Strauss, and the waltz song by Strauss. Nothing could have been chosen better to show the young lady's decided versatility. She was equally brilliant in the recital of three groups, the beauty and bird-like quality of her voice being especially notable in the waltz song by Strauss, and the waltz song by Strauss. Nothing could have been chosen better to show the young lady's decided versatility. She was equally brilliant in the recital of three groups, the beauty and bird-like quality of her voice being especially notable in the waltz song by Strauss, and the waltz song by Strauss.

Lucia, which was rendered with the necessary dramatic settings and in costume, with a full orchestral accompaniment, brought from New York. Here Miss Gates was again brilliant, and her performance was a masterpiece of the lighter roles, and the intelligence and grace of her action, allied to the finished work which she did the evening work that always made the scene famous, showed how true an artist she is, and undoubtedly rank her as something more than an amateur. The Lucia scene is only attempted by a few great sopranos of the world and requires long experience, mellowness of methods, and wide schooling in the dramatic art, which Miss Gates has yet to acquire—still, it is a pleasure to see the part interpreted by a singer whose voice is still fresh, and who has not yet reached the bloom of their youth. Miss Gates had a tremendous call after this scene, and she returned to bow her acknowledgments.

It would have been difficult to find a companion artist for Miss Gates, more popular and more accomplished than Miss Sibylla Clayton. Her recital last week at the recent recital was so well remembered that people were eager to hear her again, and her numbers on the program contributed immensely to the success of the evening. She had a perfect ovation after the long and difficult Grieg Concerto, a piece of music 86 pages long and requiring 25 minutes in the rendition, yet she played it with the ease and grace of its difficulties with the utmost ease. She had to respond with an encore and gave the "Pass Pled by Delibes. Equally artistic was her performance of the "Carmen" selection and the "Eman" prelude were also well done. Prof. McClellan also accompanied for strings the beautiful accompaniment to Miss Gates' song "Believe Me If I All These Endearing Young Charms." When it is known that in addition to preparing for this concert, Mr. McClellan fills his own hours with organ recitals, teaching, directing the Salt Lake Opera company rehearsals, and coaching several times a week the choruses in the approaching Musical Improvement festival, some idea may be gained of the range of his abilities.

A special word must be said of Mr. Flashman, whose playing of the obolito to Miss Gates' "Lucia" aria was most artistic, and won a big part of the ovation that greeted its close. The flutist always shares the honors with the soprano in this scene, and Mr. Flashman had a full right to do, what he was too bashful to do, arise and share the acknowledgments of the audience.

In gathering last night were many notable people, including May Robson and members of her company, Prof. Torrens of Chicago and leading musicians in and out of the city. After the performance many assembled on the stage and congratulated the artists, Prof. Stephens of the Tabernacle choir, being especially enthusiastic over the work of all three.

The Opera Sale—The box office opened this morning for the sale of seats for "The Girl and The Governor" by the Salt Lake Opera company which opens Saturday afternoon and evening.

## WESTERN MARKET LETTER.

Special Correspondent.

Kansas City Stock Yards, Sept. 1.—Cattle receipts here last week were 13,000 head, including 11,000 calves, the largest run so far this season. A heavy demand developed right at the start of the week, and it held good all week, so that there was only a slight loss on any grade, grass killing steers and cows closing a shade under the close of previous week. In spite of heavy calf receipts this month, prices are advancing. \$6.75 paid for choice veals today. Colorado, the Panhandle and New Mexico are shipping more freely each week, although offerings from Colorado are small today. Total run today is 23,000 head, including 2,000 calves, market steady to strong on steers, weak on cows. Panhandle and New Mexico are bringing \$2.84 to \$3.40. Colorado cows \$3.25 to \$3.75, range killing steers \$3.40 to \$4.25, stock steers \$3.25 to \$4.25, feeders \$3.75 to \$4.75, calves \$4.00 to \$6.75. Favorable crop weather continues and while there is the usual talk about high price of corn restricting feeding operations, trade in this class last week was heaviest of the season, nearly 600 carloads going to stock raisers. Sheep and lambs continue to move freely last week on the reduced basis established first of the week, except that a good demand from the country advanced prices on good stuff slightly during the week, and furnished a spur to keep killers to market. Run is 9,000 here today, market about steady. Top lambs \$6, highest in two weeks. There is break of 25 cents per cwt. on lambs in Chicago today and persistent rumors are abroad that top lambs will be selling at \$5.50 inside of a week or two. Fancy yearlings are worth \$4.50, best of the western sheep and yearlings are moving at \$4 to \$4.20. Country buyers are paying \$4 to \$4.50 for feeding lambs. \$3.50 to \$4.10 for feeding wethers, and yearlings and up to \$4.50 for breeding ewes. August receipts here amount to 98,000 head, an increase of 12 per cent over same month last year.
