

BUY THE BEST!

FLORENCE SEWING MACHINE

Has received the HIGHEST PREMIUMS at all important Fairs held in this country and Europe, where critical examinations and PRACTICAL TESTS have been made by Judges of the highest standing, capable of giving a reliable and intelligent decision.

In addition to this, the Florence has received the verdict of POPULAR APPROVAL ALL OVER THE WORLD. As evidenced by its

IMMENSE SALE!

And Universal Favor.

There are three hundred Florence Sewing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

In answer to advertisement offering to attend to any sewing machine, free of charge, three Florence Sewing Machines have been presented, needing slight repairs, JUST ONE IN ONE HUNDRED, after four years of service.

MRS. JOSEPH BULL, in the 17th Ward, has just purchased a Florence Sewing Machine. We are permitted to refer to her and others who recommend a mark of superiority, as Mrs. Bull has had much experience in the use of various Sewing Machines.

MRS. SPIRING, Dressmaker, 14th Ward, says: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minute."

CAT. HOOPER says: "I have a— and a Florence in my family. For general family use the Florence is the best."

MRS. PICKTON, living nine miles south on the State Road, says: "I have a Wheeler & Wilson. My neighbor, MRS. WEBSTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like stowing my Wheeler & Wilson away in the garage, so that none may know I have a Sewing Machine."

ALFRED BEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the regulations of a first class Sewing Machine. Simplicity, reliability, quiet and rapid motion.

MRS. SMITH, of W. J. & Co., purchased a Florence about two weeks ago. A few days after, she called on her friend, MRS. WILSON, who was sewing on a Florence. This proving the practical test of the Florence Sewing Machine is its own best recommendation.

MRS. BURTLIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial."

COL. JACKSON, brought a Sewing Machine up from St. George, for repairs; but could find no one in Salt Lake able to fix it; took a new one in Salt Lake, and found it was a Florence. He determined to have a RELIABLE SEWING MACHINE, before hauling it two hundred miles home.

MRS. STEVENSON and MRS. CRANDELL, of Spring Hill, purchased Florence Sewing Machines, last week, after carefully examining them to the merits and demerits of the various Sewing Machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLEFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR. JERRY, WILLIAM SLOAN, MRS. STRAUBER, and W. D. BROWN, of Salt Lake City, have recently purchased Florence Machines.

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the result of years of careful labor, making it a most complete and practical Machine, easily managed, and requiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the simplest to the lightest, and it is so simple in its construction, that any work, it is the only machine that can sew on more than one direction, having a reversible adjusting shuttle tension, and a great improvement. It is the only machine making more than one kind of stitch. It is the only machine that ties the thread at the end of seam, doing it better and quicker than a hand-stitch.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines in its construction. The seam will stretch as much as the cloth, never giving way in washing, which is the greatest importance in the sewing for a family. The lock stitch of the Florence is more like good hand sewing. Both sides being alike, either side may be the right side, and the fabric can be sewed either side upmost, as most convenient.

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most faithful inspection, saving all trouble afterwards, no purchaser having paid a cent for repairs in the two years since its introduction. Its reputation as being reliable and durable is established. So little attention do they need that we will fix any machine sold by us, for nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, if informed that it don't work well.

A careful examination will fully substantiate all that we have claimed for it, and justify the assertion we now make, that it is the best Sewing Machine in the world.

We warrant every Machine to be all that we claim for it, and will give a written warranty if required.
