LOCAL NEWS.

Business Trip.—On Friday next, Brother Andrew Jensen, editor and publisher of *Morgenstjernen*, starts on a business trip through the counties of Weber, Box Elder and Cache, in the interest of that paper. We wish him every success.

Will Hold the Train.—The U. P. R. R. Co., in consideration of the fact that the Wyoming Legislature will be here, and are the guests of the Legislative Assembly of Utah, have kindly consented to hold the east bound train next Thursday night until 2 a.m. from Ogden, to give our distinguished guests an opportunity of seeing Harrison and Gourlay's greatest of all funny shows.

For Mesa City.—Toward the close of this week Brother James T. Wilson, a former resident of the Second Ward, will leave the city for Mesa City, Maricopa County, Arizona, where he intends to settle. He will go by train, and would prefer to have company rather than go alone. He desires us to state that he would be pleased to hear from any persons intending to take the same journey shortly. Address at this city, or at St. George after he leaves here for the south.

Caledonia Society.—A largely attended meeting was held in Calder's new Music Hall, on last Saturday evening, which resulted in the organization of a society of Latter-day Saints, having for its leading objects the encouragement of mental improvement, social enjoyment, healthful recreation and mutual benefit. It is intended to inaugurate as soon as practicable, social meetings, embracing instructive literary, and musical entertainment.

It is also designed to establish a library, and, if the Society becomes sufficiently large and prosperous, the erection of a reading room, and hall for lectures and amusements, is contemplated. Recreations of a proper and healthful kind will be occasionally indulged in, when the weather favors out-of-door exercises. The families of members who die will be entitled to assistance.

These, in brief, are some of the purposes of the Society, as evinced by the rules and regulations submitted to, and adopted by the meeting on Saturday evening.

Brothers Joseph E. Taylor and Wm. C. Dunbar and other brethren addressed the meeting, approving the objects of the society and gave good counsel regarding its government. It is natural for human beings to seek amusement, and it seems that there is need of a properly conducted organization of this character to counteract the attractions of a harmful nature that are frequently presented to the people of this city.

The originators of the project are "canny Scots," and they have named the association the Caledonia Society, but it is not intended to confine its membership to Scotch people, Latter-day Saints of any nationality, and both sexes, (the ladies being recognized as honorary members) are eligible. Forty male members were enrolled last Saturday evening.

Following are the names of officers elected at the meeting: President, D. O. Calder; 1st Vice-President, Wm. C. Dunbar; 2d Vice-President, D. Swan; Secretary, D. M. McAllister; Treasurer, D. L. Murdock. Directors: G. Swan, W. H. Rowe, R. T. McEwan, D. C. Dunbar and R. R. Anderson.

The initiation fee will not exceed $3, and may be less; in addition thereto the members will be required to pay probably $1 every three months. The next business meeting will be held in Calder's Music Hall on Saturday, February 23d, at 7.30 p.m. Applications to join the Society should be presented at that meeting, and the applicants will be admitted on receiving the approval of two-thirds of the members present.

The purposes of the society are of a decidedly popular and philanthropic character, and as the conduct of its affairs are in the hands of good men, we look for it to be highly successful, and sincerely hope it may do much good.

DESERET SUNDAY SCHOOL UNION.

The regular meeting of the Sunday School Union was held, as per postponement, on Monday evening, Feb. 11th, 1884, in the Assembly Hall, Assistant General Supt. Geo. Goddard, presiding, assisted by Stake Supt. John C. Cutler.

The opening exercise was a musical selection by the Firemen's brass band.

After the usual singing exercises and prayer by Elder A. H. Cannon, Bro. L. W. Richards called the roll.

The Sunday Schools of the following Wards were represented: 4th, 6th, 7th, 8th, 10th, 11th, 13th, 14th, 15th, 16th, 17th, 19th, 20th, 21st.

Supt. A. G. Glauque reported the school of the 6th Ward in a good condition. The most marked improvement in the school was in the attendance, which within the last two months had increased 40 per cent., owing to the faithful labors of the Sunday morning visitors, who went through the Ward to every house, to bring in all the children to the school. The sacrament was administered every Sunday. The singing was done by the whole school, which was thought to be a much better plan to keep the attention of the children than any other yet adopted. They usually had a surplus of teachers.

The next exercise was given by the Primary class of the Sixth Ward Sunday School, who sang "We are Marching On," very sweetly, showing not only good musical ability but good training from their teachers, Bros. James Poulton and John Priestley.

Elder Geo. Reynolds read the following letter:

SALT LAKE CITY, Feb. 4, 1884.

To the General Superintendent and Officers of the Deseret Sunday School Union:

Dear Brethren:—It becomes my duty to report that Elder T. C. Griggs and E. Beesley, (two Brethren appointed by you to examine the competitive music received for the words of "The Children's Song," by Elder John Lyon, and "Zion's Recruits," by Elder John Burroughs,) have returned their awards. As there were only seven contributions in all, to both pieces, in conformity with the provisions of the published rules, it is recommended that only one prize be given in each case. On examination of the *nommes de plume*, the successful composers prove to be: for "The Children's Song," Brother L. D. Edwards, of Brigham City; and for "Zion's Recruits," Brother A. C. Smith, of Salt Lake City.

Respectfully submitted,
GEO. REYNOLDS.

Chairman of the Committee on Publication of the Deseret Sunday School Union.

Stake Superintendent John C. Cutler stated that owing to business engagements Brother O. H. Riggs had sent in his resignation as Secretary of the Salt Lake Stake Sunday school organization. Upon motion his resignation was accepted.

It was moved and carried that Jos. Hyrum Parry be the Secretary of the Stake Sunday school organization.

Brother James Poulton, one of the teachers of the primary class of the Sixth ward Sunday school, stated that among other exercises given in the class, the children were called upon to repeat their little prayers, many of which were quite interesting. By request he called on little May Hunter, who repeated her evening prayer in a manner to delight the entire audience.

Brother Goddard requested that the annual reports from all the different Stakes be sent in at as early a day as possible. In regard to Sunday morning visiting which had been so beneficial in increasing the attendance in the Sixth and other Wards of this city, he suggested that the system could be adopted with much profit throughout the Territory. There were probably some twelve thousand children in Zion who never attended the Sabbath School. All or nearly all of these children could be brought under the influence of the Sunday School if the system of visiting (say one hour before commencing school) was universally adopted. He also spoke on the need of maintaining good order in the schools during the session, this being fully as important as punctuality.

Music by the brass band.

Secretary J. H. Parry read the following suggestions: Governing the competition for prizes for punctuality, in answer to the question: What record shall be kept of those S. S. teachers who are also home missionaries and also of teachers who are unavoidably absent? When present give them credit and when absent do not give them credit.

School s should be called to order promptly at the hour appointed, and those officers and teachers not present when order is called will be deemed tardy. If is left with the honor of the teachers and officers to strictly adhere to this rule.

He said that the reason the rules were made so strict, was for the purpose of educating the superintendents and teachers and the schools under them, up to the principle of strict punctuality. The teachers could then conscientiously urge strict punctuality upon the part of the scholars. This was one of the main objects sought to be gained in making the offer of prizes.

The next was a song from the Primary class.

Superintendents Griggs of the 15th, Reynolds of the 20th, and McLachlan of the 7th Ward Sunday Schools, made a few remarks on the plans they had adopted in keeping the teachers' roll. The best plan adopted was to have the officers and teachers' roll called at ten o'clock sharp, and then begin school as usual and afterwards call a tardy roll. This plan had a very good effect where adopted, more good probably than the first prize offered for punctuality.

Four little girls sang "Hail our Sunday School," chorus by the school.

The singing rendered on this occasion was all that could be desired. The selections were made with good taste, from the new "S. S. Union Music Book," and were well rendered and conducted by Bro. James H. Poulton.

Another pleasing feature shown by this school and which might be profitably adopted by other schools, was the singing of the children of the Primary class, showing what can be done by patience and perseverance in training the little ones to sing.

It was announced that the 7th Ward Sunday School would furnish the singing at the next meeting, and also deacons to attend the doors.

Benediction by Elder Henry Tuckett.

Gisborn filed an amended demurrer and the plea of the statute of limitation; the plaintiff moved to strike from the file said amended demurrer; the motion was argued by Arthur Brown, Esq., for M. T. Gisborn, and by Marshall & Royle for plaintiff.

Proceedings on Tuesday, the 12th.

Charter Oak Life Insurance Co., vs. Wm A. Stephens, trustee, et al; case further argued by counsel upon Plaintiff's motion to strike out the amended plea, etc.

THE ELECTION.

TWO TICKETS IN THE FIELD—THE PEOPLE'S TICKET ELECTED.

The municipal election yesterday was marked by considerable apathy on the part of voters of the People's Party, and by still more on the side of the Liberals, who did not put up a ticket until late in the day, just in time to be defeated as usual. The very inclement state of the weather had its effect in dampening the spirits of the polling population and lessening the number of ballots cast.

Following are the returns, so far as we are able to give them, Secretary Thomas not having received them in time for us to prepare an official report this evening.

The above figures, while not strictly accurate, owing to the absence of official returns, are approximately so. The total number of votes polled will reach the neighborhood of 1,600, and perhaps exceed that figure. Of these the People's Party polled about 1500. An accurate showing cannot be given until the returns have all been received and canvassed by the Secretary.

Since the above was in type, we learn that the total number of votes polled in the Third Precinct was 379, the Liberals casting but one ballot there.

Harrison and Gourlay.—This celebrated twain of comedians, with a full line of support, will present for the first time in this city "Skipped by the Light of the Moon," at the Salt Lake Theatre to-morrow evening. The San Francisco *Argonaut* has the following:

Louis Harrison will be remembered as one of the principal factors of the very funny "Photos Company," ranking among the best comedians of this country, and has long since established himself a great favorite here.

John Gourlay is a comedian of rare ability, somewhat opposite to Harrison in his methods, thereby making a good contrast. The combination of the forces of these two clever artists a la Robinson and Crane will undoubtedly be attended with the success they so well merit.

"Skipped" their new play is entirely original, lively and amusing throughout. There is not a dull moment in the three acts. The dialogue is very witty, the situations extremely humerous, the action rapid and effective. From the rise to the fall of the curtain there is scarcely a sentiment expressed or hinted at that causes aught but the pleasantest sensation or immoderate laughter. The company is an excellent one in every particular.

In Business Again.—We understand that Brother S. R. Marks, who lately returned from a mission to the Northwestern States, has entered into business, having bought an interest in the Co-operative Furniture Company's establishment. We are pleased to note the fact that he has, with his characteristic energy entered again into business circles, and he will doubtless prove a valuable acquisition to the firm with which he has identified himself. The establishment is constantly manufacturing various lines of goods besides swelling their stock by frequent importations, and are broadening their base of operations to meet the demands of a growing trade.

An exchange says truly: "To live wholly for pleasure is wasteful dissipation, and must at last end in satiety and disgust. To know only hard work and no recreation is to make life monotonous and burdensome. Young people need to choose wisely between these extremes. If one is wise in his early years, he will cultivate such desires as lead in the right way, and he will see that that way is not idleness, nor play, nor passion, but in taking hold of things that belong to manhood, to a world of work, and he will come to take pleasure in them."

A MAGIC POWER.

A Secret Agent at Work.

We were surprised the other day to learn that certain individuals in this city, who had for many years yielded to what was apparently an inevitable fate, were startled from their torpid condition of semi-stupidity, into asserting their right to "life, liberty and the pursuit of happiness." These parties had been bound by an influence as powerful as it was incomprehensible. They knew not the cause, yet they were victims to the result. They were enchained, but they could not discern by what means they had been manacled. They had long sought deliverance in vain. Their appeals to science and the knowledge contained in books were equally unavailing. At last, relief came! It was not through any action of the President, or of Congress, for their trouble was not of a political character. Neither did the Governor's Message relieve them, nor any action of the new Legislature, for it was out of their power, and foreign to their jurisdiction. Yet they were suddenly and effectually released from the bondage they suffered, and placed on the equal scale of human happiness. "What was their trouble?" is what our readers will ask. They had been rendered helpless by that universal enemy—rheumatism. They had not walked or even moved without pain for years, and on the strong recommendations of friends "who had been there," they tried Britannia, and were at once relieved and radically cured. Britannia is what did it. It acted like a magic power. This secret agent quietly coursed through their veins, removed the cause of the trouble, liberated the captives from their doomed condition, and now they congratulate each other on the accomplishment of such a triumph, and the acquisition of the knowledge, by which they can at any time resist the encroachments of their common foe. We could give the names of the parties, but will wait a future time.
