

PARENT SCHOOL.

THE Parent School commenced on Monday Nov. 11th, at Mrs. Pack's house, 17th ward, under the direction and supervision of Professor Orson Spencer. The board of regents have employed Dr. Collins, A. M., for the present, who will instruct in all branches taught in high schools. The prospect is favorable for a rapid advancement in the sciences.

Terms, for one quarter, \$8, half in advance.

Samuel W. Richards, has been appointed committee to make preparation and give any information necessary, regarding this department.

W. Woodruff has a large and well selected assortment of school books; the different wards would do well to procure a supply, that their children may be rapidly advanced in the various branches which will be taught the present winter

DAGUERREOTYPING.

I AM now ready to execute Daguerreotype Likenesses in the most approved style of the Art, with all the late improvements, in the building at the north east corner of the "Old Fort," sixth ward, fitted up expressly for the purpose, with a large sky light, so that the work can be done equally as well in foul weather as fair. Particular pains taken with Likenesses of children. Having had nine years practice in the Art, principally in the city of Boston, Mass., I fancy I can suit the most discriminating taste. All persons are invited to call and see specimens of work.
