What a spectacle of imbecility the city government would have presented had it stool on one side and silowed the people to be the plaintiffs in a legal suit against a clique of maraud-crs, permitted to hold possession in the capacity of detendants. To admit the propriety of such a procedure in a ease of the character in question, and to allow it to be carried to its logical issue would be destructive of good gone by, and adaptation is now the government and the right to property. If it could be done in one instance it could in others. All that dishonest men would require to enable them to ers, but rather upon property taxpayers, and therefore a local option cause no end of tranble, expense and the populd vost in the latter rather vexation to bong nile owners of property would be to watch an opportunity when the latter were personally off the ground, take advantage of that bare fact by assuming possession and thus become defendants at law while the hapless proprietors would be compelled to sue for what on the very face

of the facts belonged to them. The position was properly - aversed yesterday by the act of the city government. If the jumpers imagine they have any rights in the premises, the antidote for consumptive tendency it courts are open to them. Let them is claimed that cream acts like a charm pursue. It is decidely proper that and serves all the purposes intended they should work on the outside of to be served by cod liver oil, with and not in possession of property to much greater certainty and effect. which they have not a spark of title. If they have a disposition to spend their money in the hope that the courts propose to award other people's prop-erty to them, no one will find any fault. "A fool and his money is soon parted." But that they shall without resistance good news to consumptives, the differbe permitted to selze by forcible detainer that which does not belong to them is an Utopian ,idea the illusory character of which will be dispelled by stern and, to them, unpleasant facts.

Sickly attempts have been made from the quarter from which such asto it. Interlopers upon the corporation grounds were, at each point, ordered off the premises. The command was unequivocal. Those who were dis-creet obeyed without hesitation and simply departed. Those who refused were assisted to go, and that was all there was of it. The by the fellows engaged in that incra-officers had ample facilities for meeting any emergency that might have arisen in case of violent resistance, out as none of that character was offered the whole affair was peaceable, although by no means tame. It was a necessary measure for the protection of the public against a class held everywhere in almost universal detestation, and while executed with commendable promptness and activity, "Wanted-A partner in a safe and brutality so far as the officers were concerned.

We understand that the jumpers risk." made an attempt yesterday to induce Marshal Dyer to exercise his official authority to reinstate them upon the
