

adding near Laramie. The victim, who is a half-breed Indian, is a step-son of Ned Bartlett, at whose home the tragedy occurred.

Rudolph Newman, general agent of the Alaska Commercial company, while inspecting the Sitka mine at Unga, on October 10th, fell 209 feet to the bottom of the shaft, and was instantly killed. His remains were brought to San Francisco on the steamer Portland Sunday. Mr. Newman was a nephew of Paul Newman, formerly connected with the Hawaiian government, and was well known on this coast and in New York. He was a member of the Bohemian club and prominent in social circles. For twenty years he had been interested in Alaskan affairs, and every season made a trip of inspection for the company with which he was connected.

Frank J. Walker of the Atlin City, who came down by the Farrallon, enroute to Chicago brings meagre news of a story current when he left the north of the loss of a party of seven Californians headed by A. F. Englehardt of Pasadena, from which locality all seven hailed originally. The casualty occurred in a swamp lying between the new gold fields and the terminus of steam navigation from Bennett Lake. As nearly as could be ascertained the party lost the trail, and wandering into the quicksand forming the bed of a dry creek, were engulfed. A searching party was sent from Atlin City to investigate but nothing had been heard from them when Walker left. The names are not obtainable.

Lieut. Col. Henry Wagner, Fourth cavalry, assumed command today of the Presidio, relieving Major David H. Kinzie, who succeeds Gen. Miller temporarily. Gen. Merriam has ordered the sixty-five men and officers of the California heavy artillery be added to the troops going to Manila on the City of Puebla, which is now scheduled to sail on Sunday. The Newport, on which Gen. Miller will go, will carry a large quantity of ammunition. In addition to her assignment of troops. It has been learned that Frank Barrere and Homer Hawkins, 14-year-old school boys, are on their way to Manila as stowaways on the Pennsylvania. They will be left at Honolulu if the transport can be intercepted.

The transport City of Puebla will sail for Manila tomorrow. She is to carry companies D, G, H, I and K of the First Tennessee regiment, troop A, Nevada cavalry, a detachment of recruits for the Twenty-third Infantry and several hospital stewards with two acting surgeons. It may be owing to the surplus of room on the City of Puebla, that her assignment may be increased by the addition of the Wyoming battery, which has only about ninety men, and is assigned to the Newport. The sailing of the Newport has been fixed for Tuesday next. A number of civilians will go on the Newport, including several ladies, among them being the wife and daughter of Brig. Gen. Miller and the daughter of Maj. Gen. Anderson.

The following cablegram was received at Denver Monday from the regiment of Colorado volunteers in service at Manila: To Gov. Adams, Congressional Delegates and the Press of Colorado:—Providing peace is declared, regiment earnestly desires recall. Rations insufficient; 15 per cent sick. Cheerfully remain for fighting; reluctant to serve garrison. Answer. The message is signed by Napoleon Guyot, chairman, for 1,000 Colorado volunteers. Governor Adams immediately telegraphed the cablegram to the war department,

but from previous communications upon the same subject does not expect any action will be taken. He said: "I do not think the situation is quite as bad as the cablegram would indicate. Fifteen per cent is not a very large number."

The mail steamer Doric and the transport Ohio, now on their way across the Pacific, carry orders from General Merriam directing that the troopship Indiana be arrested at Honolulu and her commander, Col. Funston, ordered to land several stowaways, wives and volunteer officers of the army. Two of these are said to be mentioned specifically in the order, and both are brides of Kansas officers. They are Mrs. J. G. Schilleman, wife of the chaplain, and Mrs. F. E. Buchan, wife of Captain Buchan, who sailed on the Senator in command of the Oregon recruits. The Ohio is not expected to overtake the Indiana, but the Doric may do so. In such case the ladies may proceed on that vessel to Hongkong and from there go to Manila to join their husbands.

Four more whalers, with catches aggregating in value \$750,000, have arrived in San Francisco from the Arctic. The steamer Norwhal was the first to put in an appearance. She was fourteen days from Fox Island, and brought in her hold 42,600 pounds of whalebone and 548 barrels of oil. The Karluk, thirteen days from Unalaska, brought 5,000 pounds of bone and four bear skins. The Grampus had in her hold 40,000 pounds of whalebone, and the whaling bark California, from the Bering sea, brought 1,600 barrels of sperm oil. This is the greatest catch for many years. The Karluk reports sighted the whaling bark Alaska off St. Michaels on October 21st with one whale. The whaling steamers Balaena and Thrasher were to sail from Unalaska on October 26th. The ship Wachusett was in port at Unalaska when the Karluk called.

At Cheyenne, Wyo., there is an intense feeling against the colored soldiers of the Twenty-fourth Infantry, on account of the recent shooting affair in that city. The city and state authorities are in consequence forming plans to thoroughly protect the citizens against similar occurrences. Under the direction of the city marshal a reserve volunteer police force is being organized which will consist of about thirty men. They will be provided with Springfield rifles, which will be kept at the city police station. Should any further depredations be committed, the regular police force will have the assistance, if necessary, of the volunteers, and an effective patrol will be made in order to capture the offenders. The officers of the Twenty-fourth at Fort Russell signify their willingness to co-operate with the city authorities in guarding against further trouble with the soldiers. In the future they will not be allowed to carry fire-arms when in the city.

As the result of three months' work by a party from the Field Columbian Museum, headed by Prof. D. G. Elliott, a new species of elk has been found in the Olympic mountains. The party collected many wonderful zoological specimens, which will be sent to Chicago. In September when Prof. Elliott was within a few miles of Mount Olympus strange rumbling noises were heard. He believes that somewhere on the mountain's side a great glacier is continually dropping icebergs into some huge abyss, and that the noises come from falling ice. He does not believe that any one has yet reached the base of Olympus, much less climbed it.

## OBITUARY NOTES.

### MRS. CAROLINE HARRIS POULTON

Mrs. Caroline Harris Poulton, wife of James Poulton, of 424 south Second West street, Salt Lake City, of inflammation of the bowels, died at 2:30 p. m. Sunday, Nov. 6th.

Deceased was born in Stratford-on-Avon, England, February 4, 1829. She became a member of the Church of Jesus Christ of Latter-day Saints in early childhood; was married in England to James Poulton; they emigrated to Utah in 1863.

Sister Poulton was the mother of seven sons, two daughters. Her husband, six sons and two daughters survive her; they, with their families, grandchildren, relatives and friends mourn her loss. She was a true wife, a faithful and affectionate mother; kind, sympathetic and charitable; her loss will be felt by many. Her family, honored and respected in the community were a source of just pride to her.

### WALTER ADLEY HAGGARD.

Coalville, I. T., Oct. 20, 1898.

On October 11th at 9:15 p. m. Walter Adley Haggard passed away peacefully to await the great day of the Lord. He died after an illness of thirteen days with fever and inflammation of the stomach. Brother Walter-Adley Haggard was born November 21, 1881, in Winston county, Mississippi, and was baptized into the Church of Jesus Christ of Latter-day Saints on July 6, 1896, by Elder Charles M. Holmes and confirmed by Elder John A. Eardley on the same day. He was an honest, truthful and upright boy, beloved by all who knew him. He leaves many friends to sadly miss him, besides parents, brothers and sisters, whose greatest consolation is that the time is near when they will again meet and claim their dear Walter, where there will be no more parting and where death and disease are unknown. Oh what a glorious thought! Many of the Elders will remember the smiling face of the deceased. He passed peacefully away almost without a groan or struggle or a frown with a countenance as lovely as an angel. He is now awaiting a glorious resurrection.

W. A. HAGGARD.
