Word comes from police headquarters at the fair that all persons who become rowdyish tomorrow evening will get rides uptown in the patrol. While a confeti battle, marking the final mo-ments of a fair, is never any too polite, anyone caught going to the extreme is going to suffer. The fair management has given the police full authority to see that everyone behaves and the force at the grounds is going to use that au-thority thoroughly. MAY GO OVER CENSUS. The school census of Salt Lake is 13.000. 'An estimate of the number of children who will visit the Fair this afterncon is 13,000. It may go over this as the census man may have over-looked somebody. It's a certainty it will not be less, for every boy or girl in this city is going to visit the Fair. The atendance began to assume record proportions, hardly later than the breakfast hour. That thousands are going to remain all day was evidenced by the lunch baskets carried by nine thority thorough

GIVE AWAY GOODIES.

All exhibits which give away samples the supply up throughout the day. Huge vans were backing up at the rear of Manufacturers' Hall constantly as the inroads made upon the sample supplies was something amazing. Whother it was a lump of sugar or a small swallow of milk the small visi-tors did not pass by without tasting. Pockets were bulging and faces sticky within a few minutes after their own ers had reached the grounds. A partial list of what many a tot got around to-day follows; one sample each of con-densed milk, cocoa, dijl pickle, butter, sweet pickle, jelly, bread, deviled ham, cake, tea, coffee and a purchased help-ing of "hot dog" sandwish, "ham" sandwish; bag of popcorn, bag of pea-nuts, ice cream and Swiss cheese sandwich. These were simply appetizers as the restaurants did big business at meal hours.

AS NOISY AS LARGE.

The attendance was the noisest as las largest today for the men with infernal machines in the shape of racketmakers did a wonderful business. Every child had a squawker or rattle or whistle, the din was awful, yet grown-ups smiled and seemed to enjoy it all as if it were the sweetest music. Special effort has been placed upon the entertainment feature of the program today. The free open air attractions entertainment feature of the program today. The free open alr attractions were elaborated for the special edifict-tion of the throngs of little ones. Prof. Norrin, the high diver whose fall into the water from a 60-foot tower has proved the sensation of the fair threw his German dignity to the wind and dressed up as a tramp. No one knew it was he and as the ridiculous un-spaver men came strolling up the race It was he and as the inclusions an shaven man came strolling up the race track the "kids" screamed with delight. The fun grew furious when Patrol-man Staines, the ponderous, began chasing the uncouth figure. Mr. Tramp supprised overybody by climbing up the ladder to escape the blue coat, and then seered a tremendous sensation by falling off and dropping through space with a terrific speed into the tank with a splash. Up he bobbed smiling and minus his disguise. How the children clapped and cheered. All the acrobatic, juggling and balancing acts were heartily applauded.

Ex-Councilman E E Rich calls at. tention to the proximity of the Jordan river to the state fair grounds as affording an unusually good opportunity to introduce water landscaping as a valuable feature to the local attrac-tions. This would enable the management to add a grand canal and lagoon a la world's fair, with gondolas and motor boats-all of which mean a good deal to an exposition.

The watchman at the Kennels took H. P. Paul's Scotch Collie, a valuable dog, out to excercise in the corral this morning, and Mr. Paul claims misused it. The dog bit the watchman, and escaped out onto the grounds whence it disappeared. The owner is much exercised over his loss.

JUSTICE KEPT BUSY.

F. M. Bishop Has Variety of Cases Before Him for Action.

Justice F. M. Bishop of Farmers ward had a busy forenoon today, five cases being brought before him for adjudica-tion. The first was that of Cecil Champ, charged with non-support of a minor child, the complainant in the case being Miss Mary May. A compromise was effected, whereby Clamp agreed to furnish a house rent free and to pay to the mother of the child \$8 per v for its support. It was believed by friends that the couple might decide to become husband and wife, but neither seemed so disposed today.

PLANKS FOR "AMERICAN" PLATFORM

The so-called "American" platforms contain a great deal of falsehood, nonsense, and deception. But the following "principles" are part of the program, though not formally inserted in the platform, and should be considered by all voters:

1. The Chairman of the "American" party mass state convention in the Salt Lake theater Monday evening, Sept. 28. declared a war of extermination to be waged against the Mormon Church officials in the fall campaign. "To carry the county and judicial district for the 'American' party and thus start the machin-ery of the courts in motion to accomplish THE IMPRISONMENT or EXILE of the band of twenty-six, this the program of the 'Americans' as announced at the state convention."-Salt Lake Herald, Sept. 29.

A vote for the ticket supported by the Tribune is a vote for a program that includes the imprisonment and exile of every prominent Church leader. "Crucify!" is the key note of the Tribune campaign.

2. Another declaration of principles involves the raising of the taxes onall farm property in the county. This was intimated in the Tribune during the bond campaign, as follows:

"Queer, it is not, that since the [smelter case] decision the farm lands have decreased in value for the where, it is not, that since the [smelter case] decision the farm lands have decreased in value for the purpose of taxation? In other words, the lands are not so valuable as they were, and farming upon smelter smoke was more productive from the dollar and cent standpoint of the farmer than the tilling of the soil. While there has been a large increase in the value of property for taxable purposes in Salt Lake City, there has been a decrease in the property outside, and the farm lands are not worth as much as they were a year ago. I SAY IT IS QUEER, but remember it is a fact."

A vote for the ticket supported by the Tribune means a vote for the increase in taxes, principally for the benefit of the politicians who are in it for "the spoils." . . .

3. "Neither the mayor, nor the head of any department of the city government, nor the city council, is responsible to the people of this city for the faithful and honest management and conduct of its affairs." "The Tribune has printed that as a resolution adopted at a meeting of American party workers. It has made no announcement whatever about it. We may say, however, in this connection that while rather harsh-ly expressed, that resolution contains the core of political responsibility. It is not in fact the officers immediately incumbent who are held responsible eventually before the public, but the party that puts them there." -Tribune, Oct 7.

A yote for the Tribune ticket is a vote for placing public affairs in the hands of men who do not recognize the responsibility to the public of the officials who take an oath and give bonds for the faithful performance of their duties. It means government by party tools instead of the people,

4. Citizens of foreign extraction should be interested in the following tirade against Utah immigrants, That is also a Tribune principle:

"Except a few converts made among the poorest and most degraded people of the United States, a trifling few at best, every recruit that the Mormon Church has received for the last forty years has been from Europe, and the great masses of those recruits have come from the slums of Europe. And their children born here, as a rule, have not advanced one step. They do not know this [country]; four out of five of them have no idea in what direction New York is from here; they could not bound a state in the Union; they do not know the slightest thing about the nature of the government of this country; they know but the government of the urlestbood, and have no ambition to learn auxthing else." government of the priesthood, and have no ambition to learn anything else."

"That they let these wretches in and let them come here ener 'es of our country, let them come here taught as they are that they are here because of the greatness of ... Mormon Church, and in spite of the government of the United States, and then get up and say it is hardship to shut such men out from nat-uralization. What of it?"—Tribune editorial, Dec. 24, 1890.

Note, that you, citizens, from Great Britain, from Germany, Switzerland, Holland, the Scandinavian and other countries, are, according to this, merely the overflow from the "slums of Europe," and that your children have not advanced one step. You ought to vote the Tribune ticket out of gratitude for the privilege of paying taxes and licking the hands of the traducers. As viewed from the office of that paper you are only dogs,

The following is also a Tribune principle:

"Apropos of the new and petty war recently started by the municipal government on the women of the town, the liquor dealers and the gambling fraternity, one of the 'enemy' said to us the other day: 'It may be a hard thing to say, and perhaps harder still to maintain, but I believe that billiard halls, saloons, and houses of ill-fame are more powerful reforming agencies here in Uta's than churches and schools, or

"Freedom is the first requisitee of manhood, and if it can be won without excesses, so much the better. If it can't, never mind the excesses; win the freedom."—Tribune, March 6, 1881.

A vote for the Tribune ticket is a vote for the establishment of the agencies of liberty mentioned in the editorial extracts reproduced.

Respectable "Americans" might, for the good of the party and the city, and in the interest of peace, revolt against the organ of hatred, indecency, and brutality. It is no credit to the party.

IN AN OPEN BOAT.

Captain and Crew of Lost Vessel Had A Hard Experience.

New York, Oct. 9 .- After having abandoned their sinking vessel and passed four days in a small open boat on a storm-swept ocean, Capt. Charles F. Hines and the crew of seven men of the Baltimore schooner John A. Mathesen were brought here today on the steamer Seminole from San Domingo. The Mathesen sailed from Baltimore on Aug. 25 for Fortune Island. On Sept. 10 she ran into a terrific northeast huricane which continued for three days. The schooner's masts were whipped out of her, her small boats were smashed and she began leaking so badly that the pumps availed noth-ing. Fortunately there was a 16-foot boat in the vessel's cargo. This was equipped with provisions and water and the eight men managed to get away. For four days and nights the little craft was tossed about. Then the Seminole, bound south from New York, hove in sight, took them on board and carried them to Turk's Island where they remained until the Seminole re-turned enroute to New York.
