

UNUSUALLY SAD CASE OF SUICIDE

J. C. Howard Dies as His Wife
Gives Birth to a Child.

TOOK A DOSE OF LAUDANUM

Made His Way Into a Boarding
House and Expired—Leaves a
Letter Explaining.

J. C. Howard, a railroad man, about 30 years of age, committed suicide today by taking laudanum.

He died at a boarding house at No. 263 South Fifth West between 1 and 2 o'clock this afternoon.

Howard has been employed as a fireman on the Rio Grande Western, and with his wife, resided at No. 667 North Second West. He had not been home, however, for several hours at least, and slipped into the boarding house early this morning unknown to the proprietress.

About 9 o'clock this morning a boarder, Edwin Harrison, was attracted to a vacant room by the sound of someone breathing hard, and going in, found Howard lying on the floor in a dying condition.

Dr. McCoy was called in and found the man unconscious, and just breathing a hyperemic injection of strychnine was given and the man revived sufficiently to give his address.

After his death the following note was taken from Howard's pocket, giving the key to the tragedy:

"My wife was a good, loving little wife and I never harmed her intentionally and I hope she will pull through all right for I loved her dearly; she is not to blame one bit, I am the one to blame."

Another letter in his pocket was from his wife, addressed to him at Colton.

With this information Howard's home at 667 North Second West, was visited. It was learned that his wife had just been confined.

Owing to her condition she was not told of her husband's death, and she was told that he was in the hospital and his wife had trouble.

The body was taken to O'Donnell's undertaking establishment, where the autopsy will be held tomorrow at two o'clock.

SALT PALACE RECEIVER'S REPORT.

The total amount paid out by Mr. Lynn was \$721.09, of which \$594.54 was borrowed from a bank. Recently the property was sold to C. D. Romney, in behalf of the lien-holders, for \$15,000. Judge Hiles approved of the report and ordered the sheriff to pay to Mr. Lynn the sum of \$794.54. When the money is paid it will allow the receiver \$100 for his services and \$100 as compensation for his attorneys. The balance applies on the overdraft. The receivership is now terminated and the property will immediately be turned over to the purchaser.

HE MARRIED THE GIRL.

Case of the Cheshire and Lowe Girls before Judge Norrell.

Maud Cheshire and Nellie Lowe, aged 15 and 13 respectively, appeared before Judge Norrell this morning to show cause why they should not be committed to the State industrial court for reformation.

The defendants were arrested a short while ago by Cheshire and Lowe, Detective Sheets in a house of prostitution. Judge Timmony thought they should be sent to the reform school and accordingly held them to the district court. Shortly before 10 o'clock this morning the girls were taken before Judge Norrell, the hearing taking place in his honor's private chambers. The Cheshire girl was unable to show cause and was committed to the reform school until she has attained the age of 21. The Lowe girl informed the court of her intention to marry and accordingly produced George McCullip, a tannery vendor who gave Clerk Seare to understand that he was from Washington, D. C. McCullip said he was perfectly willing to marry the girl, which he did before leaving the building, the ceremony being performed by ex-Assistant City Recorder Ed Sloan. The parents of the Lowe girl, who reside on Fifth East and First South, were present at the nuptials. McCullip lives at Franklin avenue and is 27 years old.

FORECAST FOR BAKER WEBB.

Violent Storms with High Winds are
Ahead of Amateur Weather Prophet.

Thomas Webb, the well known baker and erstwhile weather prophet, was today made defendant in a divorce suit brought by his wife, Martha M. Webb, in the Third district court. The action is based on the grounds of cruelty and failure to support.

The complaint alleges that the marriage between the parties took place in this city on February 9, 1892, and that ever since the defendant has treated plaintiff in a cruel and inhuman manner. One of the alleged acts of cruelty, Mrs. Webb says, took place during the month of August, 1895, while plaintiff was living at 30 North Seventh West street. At that time, Mrs. Webb says, she had given birth to a child, but her husband neglected her and never once called to see her during her trouble, causing her mental and physical suffering. In May, 1897, Webb is accused of compelling his wife to leave home. Ever since then plaintiff says she has worked for herself and has received no support from the defendant. One day during the month of August, 1897, Webb is said to have been quite angry with his wife and told her that before he would give her a divorce he would end her life. On New Year's day plaintiff says she received news of the death of her grandchild, when the defendant entered the house, picked up a chair and exclaimed: "You b—, I'll kill you." Mrs. Webb says her husband struck her with the chair, inflicting severe wounds on her arm and chest, and compelling her to flee from the house to neighbors for protection. Plaintiff says further cohabitation with Webb would endanger her life. The issue of the marriage is three children, the youngest of whom is six and the eldest twelve. The grandchild referred to is the offspring of a daughter of Mrs. Webb's by a former marriage.

Plaintiff prays for a decree, the costs of suit, that Webb be required to support his children, and that reasonable attorney's fees. No alimony is asked for. Stewart & Stewart are plaintiff's attorneys.

Case Over Till Monday.

"A Cheerful Look Makes a Dish a Feast."

"Cheerful looks" depend just as much upon physical well-being as upon natural disposition and temperament. If the blood is disordered, the brain is starved, and no "dish is a feast," for the reason that the vitalizing elements do not reach the proper spot. A step in the right direction is to purify the body by the use of a natural remedy. Hood's Sarsaparilla is Nature's remedy. It acts upon the blood, and whether the seat of the disorder is brain, stomach, liver or kidneys, the purifying process of this medicine is equally sure and successful.

Pain in Back—"Stone cutters like myself have pains in back, and kidney troubles. Since I took Hood's Sarsaparilla I am all right and I recommend it." W. F. Morton, Brownwood, Texas.

Broken Down—"I was broken down and in poor health for two years. Hood's Sarsaparilla made me in better health than for years. Have no sickness now." A. C. Montgomery, Henryville, Mass.

JUDGE TIMMONY'S COURT.

Pat Farrell and Geo. Findley were charged with vagrancy. Officer Edington and G. P. Mitchell each testified that they had seen the men begging on the streets. Farrell admitted that he was begging but was extremely anxious to leave town. The court gave him just one hour to do so. All Findley had to say was that he had just been released from the State's prison.

"Would you rather leave the village than go to jail?" asked the judge.

"Yes, sir."

FAMOUS BREWER IS MURDERED.

New York, Jan. 12.—A dispatch to the World from Paris says:

Paul Jaujou, the famous brewer, was killed in a first class railway carriage by William Martins, an American boy, scarcely 20 years old, in the compartment occupied by Martins with a young Englishman and M. and Mme. Jaujou. The express had just passed Tonnerre when Martins violently accused the Englishman of wanting to chloroform and rob him. He soon worked himself into a frenzy and drew a revolver. M. Jaujou tried to disarm Martins and the latter shot him through the brain. M. Jaujou fell back dead in the arms of his wife.

The alarm bell brought the trainmen, but Martins held them at bay for a time with his pistol. Finally, however, the engineer sprang upon him and secured the weapon.

Martins was then bound hand and foot and placed in a baggage car. The murderer and the body of his victim were taken in charge by the police. The tragedy caused intense feeling all over France, as Jaujou, who owns the large

What We Eat

Is intended to nourish and sustain us, but it must be digested and assimilated before it can do so. In other words, the nourishment contained in food must be purified by the digestive organs from the waste materials and must be carried by the blood to all parts of the body. We believe the reason for the great benefit which so many people derive from Hood's Sarsaparilla lies in the fact that this medicine gives good digestion and makes pure, rich blood, it restores the functions of the organs which convert food into nourishment that gives strength to nerves and muscles. It also cures dyspepsia, scrofula, salt rheum, boils, sores, pimples and eruptions, catarrh, rheumatism and all diseases that have their origin in impure blood.

WHAT YOU GET

When you buy a can of Three Crown Baking Powder you get an article which has ingredients which will insure you perfect satisfaction in what you eat. Our effort has been to put upon the market a high quality baking powder and to make the price such that any one and every one can afford to use it and our effort is to sell a baking powder that the most dainty will demand and that the most economical can buy. It has had its culmination in the Three Crown brand. It is all we claim for it because it is all a high quality baking powder should be.

Three Crown Baking Powder, Extracts and Spices are sold everywhere in the intermountain country. Ask for them and refuse all substitutes.

It is known that on the day of his arrest Maitland had in on the day of his arrest Maitland had in stolen from the residence of City Treasurer Henry Blood of Kaysville. Easy to Investigate This

Mr. J. T. Gallagher of 33 Clinton Ave., Albany, N. Y., writes the following which is of interest to anyone suffering from the pain and annoyance of piles. The gentleman says:

"I suffered for six months from itching piles."

"The Pyramid Pile Cure was recommended and I used one box which cured me completely."

"The pain and agony which I underwent was something indescribable. I used many other remedies with only temporary relief; had I known that the form of the Pyramid Pile Cure was a suppository I would have used it long before I did. The Pyramid Pile Cure reaches the seat of disease and a soothing sensation is experienced at once."

"This is bona fide and anyone who is incredulous may write to my address and I will verify the above by return mail."

Respectfully,
J. T. GALLAGHER,
33 Clinton Ave.,
Albany, N. Y.

The Pyramid Pile Cure has been a pleasant surprise to thousands of sufferers from piles, because of the instant relief it gives and prompt cure which results from its regular use, and this is done without the use of opiates, narcotics or poisons of any kind, as the Pyramid is wholly free from any injurious drug whatever.
