AMERICAN.

WIRED FROM WASHINGTON.

WASHINGTON, 31.—The President has recognized Ah Yang Ming, consul of the Chinese empire at the port of New York.

Secretary Chandler has ordered the U. S. steamer *Yantic* to accompany the Greeley relief expedition to Lady Franklin Bay.

The President has accepted the section of the Northern Pacific Rail road from the 325th to the 350th mile east of Wallula Junction, W. T.

The estimated decrease of the public debt for May is about $3,500,000. Bond redemption during the month, $10,500,000. Payments on account of pensions, $12,000,000.

Lieut. W. Baird, Sixth Cavalry, who has just returned from the Mexican frontier, said to a *Star* reporter to-day, that he did not think the reports of Gen. Crook's engagement with the hostiles were trustworthy. "Very likely," he said, "there has been fighting, but I do not think any decisive action has taken place. Gen. Crook did not intend to send back word until he had accomplished something or entirely failed.

In reply to a question, why Gen Crook did not take with him into Mexico a larger force of cavalry, Lieut. Baird said the General's action in that respect is not fully understood. He took all the men he could possibly provide transportation for. Everything in the way of provisions and baggage had to be carried on the backs of mules. The country was scoured, and all the mules that could be procured at different posts were brought in. These mules are not very plentiful, and his forces had to be regulated in accordance with the supply. It was absolutely necessary to take scouts to track the enemy. Gen. Crook took with him as far as the border, eight or ten companies with which he formed a cordon along the line. Six companies were left in the vicinity of San Bernardino, under Col. Biddle. It was with one of these companies I was stationed. It is a terrible country that Gen. Crook has entered; perfectly desolate. The prospects are that the ranches that used to stand along the base of the mountain have been swept away by the savages, and an occasional desolated hamlet is all that is left of the villages. The great difficulty Gen. Crook has to contend with is the scarcity of water. The scouts only know one or two places where water can be found; but the fugitives know where every drop is in the mountains. The most cordial relations exist between Gen. Crook and the Mexican authorities, and his plans and intentions are fully approved by them. I think no uneasiness need be felt for the safety of Gen. Crook. We had no other idea down there than that he knew what he was about, and would come out all right.

The Government of New Zealand has agreed in conjunction with the Government of New South Wales to renew for two years the contract for carrying mails between San Francisco and Australia and New Zealand. Should the United States, however, refuse to contribute subsidy, the contract is terminated at the end of the first year.

Investigation of the affairs of the Supervising Architect's office of the Treasury commenced this morning.

In the Star route trial, Merrick charged John W. Dorsey with perjury on the stand. He had devised and concocted the whole narrative of falsehood. Reredell towered above such a man, his brother, his master, leader, teacher in iniquity. He would make his perjury so plain that the jury would see it on their walls at night when they blew out their candles. Merrick then placed the testimony of John Dorsey and Reredell in contrast, supplementing it by other evidence. Adjourned.

The Iron Strikes.

PITTSBURG, 31.—A final conference of the iron manufacturers, and the Amalgamated Association Committee has been called for this afternoon, when it is believed a settlement will be effected, and a strike avoided.

The conference of the iron manufacturers and Amalgamated Association Committee this afternoon resulted in the manufacturers signing last year's scale of $5.50 per ton for puddling. This action happily averts a strike, and insures the running of all the mills in the West for at least one year longer. The manufacturers, who have all along persisted that they would not pay more than $5, and who were supposed to have a solid front, give as the reason for their unexpected action that they had positive information that a number of western mills had made arrangements to continue at the old scale, with the condition that if the manufacturers are successful, the workmen would accept the same wages; and rather than submit seeing their trade going to another place, they decided to pay the wages demanded by the Amalgamated Association. President Jarrett of the latter, says the scale signed is unimportant, and characterizes it as "a victory without a battle." Intense satisfaction is expressed on all sides over the settlement, as a strike was regarded as inevitable, and to Pittsburg an indefinite shutting down of the iron mills means not only serious loss to those engaged in that industry, but to every other industry and business as well.

Cincinnati, 31.—The news from Pittsburg was received too late to-night to prevent the strike going into effect; but it is believed, as soon as the situation at Pittsburg is made known to the men, they will return to work, the situation here being identical with that at Pittsburg.

Des Moines, 31.—Striking miners endeavored to kill one of their number who continued work, by blowing up his house. Several persons were hurt, and the house partly wrecked. No arrests.

Wheeling, 31.—It is definitely settled there will be no lockout here in the iron mills.

Omaha, 31.—The nail and iron works are not shut down; no scale presented.

Milwaukee, 31.—The mills of the North Chicago Rolling Mill Company at Bay View, closed at 5 o'clock Friday morning. As this company is not a member of the Manufacturers Association, and was not represented at any of the Pittsburg meetings, when notified of the action at Pittsburg, the Amalgamated Association committee at Bay View expressed the willingness of the men to continue work; but Superintendent Parkes said that the company had decided to shut down. Eleven hundred men are thrown out.

Cleveland, 31.—The Union Rolling mill has signed the scale, and the employees say the Britton Iron and Steel Company has, though the proprietors decline to affirm or deny. The Forest City Iron Works either has, or undoubtedly will. No other establishments here are affected by the Pittsburg action. No sign of a strike.

Chicago, 31.—There are but three mills in this State working upon merchant iron, and as this is the only class affected by the acceptance or rejection of the scale at Pittsburg, the fact that the iron masters accept the terms of the men only concerns them. Two have not yet been heard from. D. C. Bradley, of the Calumet Iron and Steel Works, says his mills will shut down Friday morning for repairs at any rate, and will start again when the plant has been thoroughly overhauled.

St. Louis, 31.—Of 51 miners indicted at Evansville, Ill., for participating in the riot at the Abbey and other mines at and near Collinsville last week, four of them arrested today were arraigned in court. All pleaded guilty and were fined $35 and cost, but a stay of execution was granted during good behavior.

The coroner's jury, holding inquest at Belleville on Henderson, the miner killed by the militia the other day, concluded their labor this evening, and returned a long, rambling verdict stating that it was impossible to determine from the evidence taken whether the militia or the miners fired first, but declaring that Henderson was shot by the militia, and that the meeting was not justifiable.

Cincinnati, 31.—The five leading iron mills in this city, Covington and Newport, have declined to sign the scale presented by the workmen, members of the Amalgamated Iron and Steel Workers, and the mills will close to-night. This throws out of employment between 4,000 and 5,000 people.

The Matchless Hanlon Gains Another Victory.

BOSTON, 31.—The match race, single scull, between Hanlan, of Toronto, and John A. Kennedy, of Portland, $2,500 a side, took place this afternoon at point of Pines; distance three miles, with turn. A smooth-er course was rarely seen on lake or river. A start was effected at 6 34. Kennedy took a slight lead, which he kept for the first mile, Hanlan, however, keeping Kennedy well up to his work. It was a pretty race for that distance. There were fears of a foul, and indications that both men were going out of the course. Hanlan apparently first discovered this, thereby gaining several lengths. By this time Hanlan had headed Kennedy and turned the stake boat four or five lengths in advance. After the first mile Hanlan evidently had the race in his own hands, and after turning the stake boat occasionally reduced his stroke to a minimum, and rowed at ease, while Kennedy kept nearly the same stroke throughout. Official time, Hanlan 19:04, Kennedy 19:52, showing that Hanlan won by about twenty lengths. Twenty-five hundred people witnessed the race. As the men came from the water, Hanlan was greeted by hearty cheers. He appeared as though returning from a practice spin, rather than from a match race. Kennedy's reception was less enthusiastic. Hanlan, speaking from the hotel balcony, said the oarsman he had rowed against to-day was a perfect gentleman, and it was the hardest race he ever rowed.

Death and Disaster.

OPELOUSAS, 31.—A boiler exploded at the saw mill at Black Spear, instantly killing two and badly wounding four.

Montreal, 31.—The city was visited to day by a northwestern gale, which caused ships to break their moorings and drift down the river. Some accidents by scaffolding and insecure walls being blown down are reported, but nothing serious. The weather lapsed into cold.

Lynchburg, Va., 31.—The body of the fifth victim of yesterday's disaster was exhumed to-day. All the bodies are now recovered. The funeral took place this afternoon and business was suspended, and schools closed.

New York, 31.—A number of persons inquired at the police head quarters this morning for children or friends supposed to be on the bridge at the time of the accident. The police report that they have a cart load of property taken from the anchorage, most of it clothing torn beyond recognition. Very few articles have been claimed.

The coroner will subpœna the bridge trustees, superintendent Martin and all others who can give any information in reference to the accident yesterday. He intends the investigation to be thorough. Superintendent Martin has been personally investigating the causes of the disaster, and the best authenticated information he can gather make him believe the panic was caused by pickpockets. No action has yet been taken by the bridge trustees.

New York, 31.—The universal comment this morning respecting the bridge horror, is that the same accident is liable to happen at any time, no matter what the police restrictions may be, unless the steps are abolished, or at least divided for two streams of pedestrians. The fact is now obvious that during those hours of the day when transit is most lively, and on holidays and Sundays, there will always be great danger, and a heavy crush similar to that of yesterday, unless means of relieving be devised. Not even the bridge cable track for cars now nearly compled, will prevent a crush at those times.

Inspector Byrnes denies that the panic was caused by pickpockets It was due, he claims, to the inefficiency of the bridge management. By paying the salaries of regular police men, the trustees could secure them and thus secure the safety of passengers.

Nashville, 31. Gen. Geo. P. Buell, U. S. A., died this afternoon near this city from the effects of an operation performed on his jaw some three weeks since, combined with heart disease. Gen. Buell was first cousin of Gen. Don Carlos Buell. At the time of his death he was Colonel of the Fifteenth United States Infantry, now stationed at Fort Stanton, New Mexico. He has been on sick furlough since January last. He entered the volunteer service in 1861, rose from the rank of Captain to Colonel, and was Brevetted Brigadier General.

FOREIGN.

British Briefs

LONDON, 31.—The outbreak against the Jews, which occurred at Rostoff on the 22d, on account of the murder of a Russian by a Jewish publican, was quelled the same night. One hundred and thirty houses belonging to Jews were destroyed and fifteen rioters killed by the troops.

Edwin Sherfid Burnaby, member of Parliament for Leicestershire, North, is dead in his 53d year.

A boat filled with workmen capsised at Olcseggia near Milan 21 men drowned.

The *Standard*, Rome correspondent says: Vehement antagonism exists between Cardinal Ledochowski, Archbishop of Posen, and Baron Von Schloezer. The latter accused the former of intriguing to frustrate negotiations. The Cardinal accused Von Schloezer of bad faith.

Dublin, 31.—The Lord Lieutenant has refused to reprieve Caffrey, Phœnix Park murderer.

General Items.

Paris, 31.—The bombardment of the capital of Anam is probable, in revenge for the death of Captain Rivoire.

It is stated several German vessels leave Kiel for China next week.

The French have re-entered the citadel of Hanoi. Gunboats maintain communication with the sea and prevent the Anamites approaching.

The *Temps* says the object of the recent journey abroad of Degiers, Russian minister of Foreign Affairs, was to inform the powers that Russia was compelled to seek in Armenia an equivalent for the British occupation of Egypt. Gladstone by taking Egypt not only lost the good wishes of France, but reopened the Eastern question, and furnished Russia a pretext for effecting her immense projects, the last step in which will be the conquest of British India.

In addition to Capt. Riviere and Captain Devillers who lost their lives in the recent attack near Hanoi, three other French officers were killed, and six wounded.

Berlin, 31.—The Minister of War informed a committee of the Reichstag that he considered the military pensions bill unacceptable, even with amendments excepting officers from the payment of communal taxes. The final decision of the question, however, rested with the Bundesrath.

The health of Bismarck has improved; he is now able to drive and walk out.

Von Kleist Reistow, prominent conservative leader in the German Reichstag and Prussian Landtag, is dismissed from the presidency of the Rhine provinces, on account of ultra tory views.

Moscow, 31.—A state dinner was given this evening. Five hundred persons were present, including the whole imperial family. The imperial family afterward attended a brilliant ball given by the nobles of the empire.

Constantinople, 31. — Alphonse Taft, United States minister to Austria and Hungary, and Eugene Schuyler, United States minister to Greece, Servia and Roumania, were presented to the Sultan yesterday by Gen. Wallace.

Rome, 31.—There are reports of a probable rupture between Prussia and the Vatican.

Diretto says Baron Von Schloesser, representative of Prussia in the negotiations with the Vatican, will shortly leave Rome and will not return. His negotiations have failed and the relations between Prussia and the Vatican are not friendly.

BRIEF TELEGRAMS.

Montreal, 31.—There was a panic on the Stock Exchange to-day, caused by an attack on the city passenger railway shares which fell 10 per cent.

New York, 31.—The Supreme Court vacated the judgment obtained by Riggs & Co., against Dion Boucicault for $80,000 for deficiency in the foreclosure sale of the leasehold interest on Park Theatre.

Mexico, 31.—Congress is prorogued until June 15. The minister of foreign affairs has appointed a special ambassador to arrange the renewal of relations with England. He will remain in England as Mexican minister.

Providence.—Clevelands 5, Providences 3.

Boston.—The Buffalo Boston game was stopped by rain.

New York.—New Yorks 4, Detroits 1.

Boston, 31.—The Board of Overseers of Harvard College, by a vote of 11 to 15, to day refused to confer the degree L. L. D. on Governor Butler.

The vote to day was 11 ayes. 12 noes. The president elect, and Charles Francis Adams, Jr., voted aye; Judge E. R. Hoar, brother of Senator Hoar, voted nay. The discussion lasted four hours.

Albany, 31.—The State Civil Service Convention met and organized this afternoon.

Havana, 31.—Ricardo Manscal, who fled seven years ago with $30,000 of public funds, is captured. Manscal shipped on the steamer *Saratoga* under the name of Overhoff, coming ashore at night in the disguise of a sailor, and was recognized and arrested.

Detroit, 31.—The free trade conference began its session here to-day. The attendance is light. J. Sterling Morton is chairman.

Columbus, 31.—The State Committee refused to postpone the Republican State Convention awaited the the decision on the Scott liquor tax law, and it will be held June 5th.

A pain stricken farmer of Worcester, who couldn't walk as he useter, tried St. Jacobs Oil, and this man of toil now kicks sky-high if he chooseter.
