NO SUNDAY RACES AT SAUCER TRACK

Manager Halvorson Calls Meet Off at Request of Chief Of Police.

Bike Fans Will be Given Chance to See Riders Circle the Saucer Tomorrow Night.

palace track last night. Manager Halvor-son called the meet off at the request of the chief of police, and there will be no Sunday evening meets, according to the management. While the announcement may disappoint some it is generally conceded that the large majority of bike fans will be pleased and the popular sport will be patronized better than ever this

manager Hard varies to his wishes to promote Sunday meets but that he consented to give them because a number of the track aptrons had requested it. A large crowd was on hand last evening but found the track closed. Johnnie Chapman stated that the meet had been caused off because the track was wet, but it was soon learned that Chief of Police Sheets had sent Detective Raleigh to Manager Halvorson and asked him to call off the races. The management promptly compiled with the request and stated there would be no Sunday mets.

"I am not in favor of Sunday bikernees." said Mr. Halvorson, "and I consented to have Sunday meets only after strong pressure was brought to bear on me. I am glad to say, however, they will not be promoted in the future, and I believe it will be the best thing for the sport."

not be promoted in the future, and I believe it will be the best thing for the sport."

Chief Sheets said today that he did not care to discuss the matter beyond the statement that he did not think Sunday races would be a good thing and that Manager Halvorson agreed with him. The latter is being congratulated by hicycle fans for the stand he has taken, and it is generally agreed that he will lose nothing by his actions in the matter.

There is every indication that bike races will be more popular than ever this season. The track is in splendid condition and a number of improvements have been made in the seats. The speedlest riders in the world are here to compete in each evening's program and the prospects for the most prosperous season in the history of the track are exceedingly bright. With meets two or three times a week and with races going on at tigden, the riders will have about all they can do and a rest on Sunday will do them no harm.

INTERESTING CONTESTS.

Sunday School Boys in Athletic Meet On Track and Field.

The second annual track and field meet of the Salt Lake Sunday schol boys took place on Cummings field Saturday aftermoon and proved to be a most interesting series of events. About 200 youngsters, some of them mere tots, participated in the various contests and many of them performed with remarkable skill. The sprinters had been well trained and started like veterans as also did the jumpers. The races were all hotty contested and close and the enthusiasm stirred up was something great.

The point winners and the summary follow:

SOME ARE GENTLEMEN. Fighters Not Always What They Are Supposed to Be. Though fighting is their profession, the average knight of the squared circle is a peace-loving citizen. But this down as a real live fact. Mr. Puglist will wilk six blocks out of his way to avoid a street brawl with some pesty hoodlum and he will swallow more sassy talk from buttinskis and smile than a politician campaigning for office. It is only when he is crowded into a corner and forced to show his hand that he will use his skill. Of course, there are mixed ale scrappers who never miss a chance to take part in an impromptu fight. They love the glory which comes from cleaning out some dirty batroom, breaking moses and discoloring eyes. Sixth-rate pugs rather relish this, and some would prefer winning a fight of this character than pull down a \$10.000 purse in the arena. But the topnotch fighters are beings of another species. When in the company of gentlemen they behave as such, and if a disturbance is started Mr. Champion will do his best to inaugurate a peace conference. In the palmy days of John L. Sullivan he brought much unpleasant notoriety upon the profession by his drunken antics. While on a vampage he was liable to strike a newsboy, or shy a beer bottle at some poor bertender, and the papers would be full of Sullivan's escapades days after. The champions who followed John L. were made of different stuff. The man that raised the crown from Sullivan's head received his introduction as Gentleman Jim, and he studiously lived up to his sobriquet as long as he was champion. Corhect was the type of a fighter who was equally at home in the ring, or in the ballroom, or at the club. In a crowd he was the last man you would pick as the fighter, but some might avow that it was no effort to be a gentleman when one had the world salaaming to him like Corhect did. But listen to what Billy Delancy has to say on this score: "When I was the last man you would pick as the fighter, but some might avow that it was no effort to be a gentleman when one had the world and he wouldn't have a series of people, and the fact t

WHERE FIELDER GETS

BOTH ASSIST AND ERROR. Here is an interesting question: An "anxious fan" wants to know if a runner is on first and an infielder drops a fly ball but recovers it in time to force out the runner at second, allowing the batter to take first, should be be accredited with an error. to take first, should he be accredited with an error.

This is a question which formerly kept scorers in hot water throughout the country, but it was finally definiately decided by the best authorities, backed up by Harry Pulliam and Ban Johnson, that the infielder who dropped the ball should be given both an assist and an error.

Some experts claimed that no error could be charged because there was no advance of a runner and a man was retired. That is very true, but the fact that by the dropping of the ball an infielder had probably allowed a faster runner to get on first it was decided to score the play as an error and an assist.

MURRAY TEAM WINS. The ball game between the Murray and Lehi teams resulted in victory for the former by a score of 13 to 1. The contest was only a five inning affair and the Murrayites had all the better of it from start to finish. The Lehi pitcher was easy for the Murray batters, who hammered the ball all over the field.

NO BALL GAME YESTERDAY.

The scheduled baseball game yesterday between the Salt Lake and Ogden teams did not take place. Dad Gimlin and his bunch of ball tossers came down from the Junction City but the weather man got in his work and it was impossible to play the game. It was, therefore, postponed until next week.

FIGHT AT PARK CITY. A twenty-round fight is scheduled to take place at Park City tonight between Morgan Williams, the Colorado fighter, and Bob Watkins, a colored pug. A special train will leave the Rio Grande depot at 8:30 this evening and carry a bunch of local fight fans to the mining town, returning after the contest. Williams is a heavy favorite over the colored man.

VOUS DEBILITY does not stimulate temporarily but permanently. It stops every draip of VIGOR and builds up the muscular and nervous system—revives the spirits—brightens the intellect and above all restores the WASTED POWERS. Sometimes organic weakness and LOSS OF VITALITY arises from VARICOCELE and STRICTURE in such case we have to get rid of the cause before we can obtain good effects. Too often these causes are overlooked and so in spite of any and every treatment the case does not progress and the patient often goes into physical and mental decline through want of success in curing his LOST VIGOR.

We take no cases we cannot benefit or cure so you ran no risks.
