

LOCAL AND OTHER MATTERS.

THEATRICAL.—The performance on Saturday night went off quite lively. This evening Kate Denia and John Wilson are to be the recipients of a farewell complimentary benefit, when three attractive pieces will be presented with strong casts. It should not be forgotten that the lady will present her photograph, as a memento, to ladies occupying dollar and dollar and a quarter seats. We expect a large attendance.

TO-MORROW EVENING. Messrs. Neslen, Mackintosh, Thorne, Kelly, and Mat Harris will take a joint benefit. Mr. Harris is endeavoring for a benefit on Wednesday evening. This is the last week of the season.

GENTLEMEN'S BENEFIT.—We direct attention to the benefit for a number of local gentlemen of our Theatrical Company, to come off to-morrow night. The bill to be presented is a good one, commencing with Falconer's fine comedy of "Extremes" with a full and efficient cast. It will be followed by a comic song by Mrs. Romney; a dance by Miss Olive; and "Love among the Roses" by Mr. Harris. A farce will conclude. The gentlemen, whose names will be found in the regular theatrical notice, are desiring of a bumper house. Most of them have been connected with the Theatre for years, Mr. Neslen since the house was opened and before that time. They have given valuable assistance in amusing and gratifying the public, yet are seldom noticed through the press. We heartily bespeak for them a crowded house and trust the public will turn out on the occasion in force.

EARLY GARDENING.—So propitious has the weather been for a couple of weeks past that towards the close of last week gardening was commenced on the bench in the 20th ward. The warm sun and the south winds that have been blowing occasionally, have made the snow disappear, and in a number of places the ground has been in excellent condition for spading. Even should heavy storms yet come, which is far from unlikely, hardy seeds put in now will get a good start and cause garden "trucks" to be in market early. A keen frost, though, would do some damage to the fruit buds, particularly of the apricot trees, which are swelling out rapidly, and with about another week of warm weather would be in bloom. Yet for all we have it so mild in the valley it is cold enough in the mountains, where there is a good deposit of snow, which will insure water during the summer.

A PLACE OF DANGER.—We are requested to call the attention of parents to the serious consequences that may result from children gathering on the depot block of the Utah Central Railroad, and being allowed near the line, where they are liable to get in the way of the engines. On Saturday last, when the gravel train came in, officer Ringwood had the utmost difficulty in keeping the children off the rails in the depot block. It would be a sad duty to have to record a death from accident caused by such a multitude, but children are thoughtless, and have no idea of the danger to which they expose themselves in such a place; and we urge on parents the necessity of using every means they can to keep their children away from every place where there is a liability of their being run over and killed, or seriously injured by the engines.

ROBBERY.—Last night the window of C. Cooper's toy store was broken, and between twenty and thirty dollars' worth of valentines abstracted. This is one of the most contemptible cases of theft that has come to our knowledge for a long time. There are some around who do a good deal of watching, and it is to be hoped they will be caught at their misdeeds and be treated to a touch of the justice which the law provides.

NOTICE TO THE NIELSEN FAMILY.—A man and four of his children, by the name of Nielsen, who emigrated from Jutland, Denmark, about ten years ago, will hear of something to their advantage by making application to His Excellency, Acting Governor Mann, in this city. The parties inquired for are supposed to be living at Hyrum, Cache Co. The names of the children are Nielsen, Christian Nielsen, Christen Nielsen, Nielsen Nielsen and Ane Marie Nielsen.

VALENTINE'S DAY.—The Post Office employees have had a busy time of it today. From an early hour this morning and throughout the day, the Post Office has been literally besieged by youths of both sexes, anxious to learn their fate; and the business portion of the community found some difficulty in getting sufficiently near their boxes to procure their mail matter, so numerous was the throng that centered round the delivery box, and the feat could only be accomplished by persistent pushing and wailing.

COVER THAT WELL.—On the bench, in the 20th Ward, there is a well, said to be two hundred feet deep, with no covering over it, nor protection around it against children falling in. On Saturday some little ones who had gone to play on the bench were missing for several hours, and the parents were in a state of serious anxiety, dreading they had fallen into this well. We direct attention to the matter, and trust something will be done immediately to make it safe against accident.

THAT WOLVERINE.—Look out for that wolverine; he wrenched off a bar from his cage sometime between dusk last night and daylight this morning and made his escape. Probably he was anxious to attend the election to-day. If anybody sees him, this is to warn him to keep out of his way, for he is a rather dangerous fellow! If he be caught please restore him to Deseret Menagerie.

THE JUVENILE INSTRUCTOR

An Illustrated Paper,

PUBLISHED EVERY OTHER SATURDAY,
AT THE
DESERET NEWS OFFICE, SALT LAKE CITY.

GEO. Q. CANNON,
Editor and Publisher.

The JUVENILE INSTRUCTOR is published for the special interest and benefit of the rising generation. It is the only paper of the kind published in the Territory, and should be patronized by every family in the Territory. It is about entering on its FIFTH VOLUME, and

Now is the Time to Subscribe.

ITS ENGRAVINGS

Are the very best that can be found, and are illustrations of

Prominent Incidents in Bible History,
The Ancient History of Nations,
The Modern History of Nations,
Travels of Men of Note,
Scenes from Nature,
The Habits of Birds and Reptiles,
The Habits of Animals.

Its Reading Matter will comprise

Important Events in the History of Past Ages,
Plain and Instructive Information on the Sciences,
Discoveries and Inventions,
Travels and Researches,
Struggles and Rise of Men and Nations,
Choice Poetry, and
Many other Subjects.

Including a copious and

Authentic History of Joseph Smith,
Which must ever be a matter of superlative interest to all Latter-day Saints.

It will be the aim of the Editor to make the JUVENILE INSTRUCTOR a perfect encyclopedia of information, instruction, and amusement, and while designed specially for children and juveniles, it will be capable of imparting useful and valuable information to "Children of a larger growth."

It is the present intention to issue the

FIFTH VOLUME

IN A NEW DRESS.

Agents, School Teachers, Parents and Children, lose no time. Send in your subscriptions immediately. Let us have your names for the first number of volume five.

AM authorized by Elder Jesse N. Smith to receive Subscriptions for the Scandinavian Star.

ROBT. L. CAMPBELL,
Historian's Office.

SCANDINAVIAN STAR.

Some People "fly completely off the Handle"

When an article is said to do many things; now for our part we esteem and appreciate a preparation that in proportion to the amount of time and labor we can save by its use. The compound of Nitrogen—the element which enters most largely into the composition of hair—

RENOVATING MIXTURE

will remove with little trouble, every particle of Grease or Paint from your Coats, Vests, Pants, Hats, Dresses, &c., without injuring the most delicate fabrics. It is also very useful in removing the grease from doors and jambs much used by kitchen hands. Besides this it will kill Bed Bugs as well as their eggs and Shamposes the head like a charm, creating a fine lather and removing every vestige of dirt and dandruff in a twinkling. It does the hair no harm being principally composed of Nitrogen—the element which enters most largely into the composition of hair—

WASHING COMPOUND

Causes a great saving of SOAP and LABOR as well as the wear and tear of clothing attendant upon so much washboard rubbing as is usually necessary to bring the clothes to a proper degree of cleanliness.

Some women are in the habit of using Turpentine, Alcohol, Ammonia, Camphor Gum, &c. in their washing fluids but none of them ought ever to be used for such purposes (one woman lost the use of her arm for six months by using a fluid containing Turpentine). The Turpentine and Alcohol especially tend to open the pores of the skin and thus render the person more liable to take cold as also to weaken the arms. This compound does not fade but brightens Clothes. It is well adapted for Washing Machines.

LIQUID BLUEING.

Most of the Blueing sold is poor stuff, leaving streaks in the clothes. To avoid this, people should purchase ours, as it will be found much cheaper and more reliable. It is also a magnificent and durable BLUE INK.

We desire our customers to understand, most distinctly, that we are not the persons to palm off on the public any spurious or inferior articles. To prove this we desire them to try our goods, and if they fail to give ENTIRE satisfaction, we here declare our perfect willingness to take them back and refund the means received therefor.

Special attention paid to orders from the country.

By obtaining the CURTIS "Premium Models," and learning to use them, which can be done in a very short time, any lady will be enabled to cut out all kinds of garments worn by males or females, adults or children. There may be other models in the Territory by which ladies' dresses can be cut, but the Curtis "Premium Models" are positively the only ones that will do as above stated, and abundance of unquestionable testimony can be given that they will do all that is promised. Female Relief Societies will find these Models of great service, enabling all, however ignorant of the art of cutting out, previously, to insure a perfect fit in every style of garment required.

Mrs. Jos. Hall, of the 17th Ward, S. L. City, is agent for the Territory.

CUTTING AND FITTING done in all its branches.

FLORENCE

SEWING MACHINE

In point of labor, there is the same difference between thrashing with a flail, or using a Thrashing Machine, that there is between sewing by hand, or using a good Sewing Machine.

Inventive Genius gave to man Things pleasing to the sight, And such as man has often wished Would make his labors light: Then turned to woman with a smile, And made her heart rejoice, For she in every household sings, Its praises with her voice.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread, From early morn till eve, How many eyes were dimmed with tears, How many hearts did grieve? But now she has her "household pet," And on one which she'll cling, For labor is pleasure now, And she can toil and sing.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

In every home, in every land, Its praise is sung aloud, It works alike for rich and poor, The humble and the proud, It is the pride of every heart, And every woman's care, "God bless the Florence Sewing Machine," Is in every woman's prayer.

'Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

Referring to the above, the Branch office of the Florence Company, beg leave to ask the indulgence of the admirers of the Florence, whose orders are now on file at the Salt Lake office. We hope by the list of March, to again offer a full supply of the various styles of these popular machines.

CHAS. S. HAMMER, Gen'l Agent

The Florence Sewing Machine, has no fancy ornamentation or other complicated attachments, it has no uncertain wire coils or wire levers. Its manufacture is conducted by a thoroughly RESPONSIBLE COMPANY, and in purchasing a machine you need have no fear of ever being unable to purchase needles and other findings.

For the Florence is the ONLY COMPANY that keeps its machines in repair free of charge, no matter when sold or where. It is our ambition to have every Florence Machine give entire satisfaction.

The Florence has no claim to cheapness, we aim at perfect finish, every machine goes through the company's adjusting room, and must then pass the Inspector's office, before going out to Agents; the least inaccuracy will condemn it.

They are probably the highest priced Machine in the American market, and being built of STEEL BY SKILLED WORKMEN, aided by all the appliances that capital can bring to bear, it is offered at a price commensurate with the value of its article, and can be brought to about as honest comparison with its numerous CAST IRON competitors as a watch from Jaquet or Jaquet, may be compared with the Nickel or Orloide offerings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machine, and made them the universal favorites, wherever prejudice is laid aside and honest comparison made.

That very excellent authority the American Institute, New York, awarded the FIRST PREMIUM to the FLORENCE over thirteen Competitors, and in their report the committee were repeatedly remarked, "This is better than any of its class known to the Judges."

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and the first of these improved Machines ever offered in Utah are those sold at the Branch Office at Salt Lake. Among the recent purchases from this office, we beg leave to refer to the following parties:
