

## Delegates to Republican Convention

Candidates for county office on the Republican ticket may now begin to count the heads of their influence with elected delegates. Those who will attend Tuesday's convention were selected last night at primaries held in the midst of a heavy rain-storm.

Few pledges were called for from delegations, candidates contenting themselves with seeing that their friends were out to the primaries. W. Carson, at present, a deputy in the office of County Attorney Willard Hanson, made an active campaign to secure support for county attorney, and has many friends among the elected delegates. Job Lyon was also out for this position, and these two candidates will probably fight it out for place on the ticket. Amos Gabbot developed support for assessor and D. Miller and Charles Cottrell for county commissioners.

## THE TRUTH ABOUT KIDNEY TROUBLE

(Physical Weakness)

When there is a pale, pasty complexion that persists after diet and careful living, or where there is physical weakness that likewise resists the usual treatment, the kidneys are to be suspected.

Food often does people with kidney disease very little good. Instead of storing in the system the albumen, starches and sugars that our food releases the inflamed kidneys deplete them, and tests disclose them in the eliminations unused. The patient grows weaker and weaker, and as the kidneys are not doing their usual work, there appears to be no cause for the continued weakness. In such cases a test for albumen may disclose a strong evidence of the trouble, but, as albumen can not be seen and is only disclosed through chemical tests, the patient, unless he has no line on his difficulty, and thousands of such cases grow unwittingly into the supposed chronic, incurable stage.

In these cases Fulton's Renal Compound acts definitely, but quite slowly, for the inflammation is usually of considerable standing and permanence, considerable cases of inflammation of the kidneys Medical Works have nothing but diet and symptomatic treatment, both of which have proven futile in these chronic cases.

Fulton's Renal Compound reduces the inflammation, the albumen will be found to be gradually decreasing and recovery slow but definite in about 87 per cent of all cases.

## Sleep

Sleep is nature's re-building period, when the energy used by the brain, muscles and organs is renewed. If you lose sleep, your system is robbed of the strength sleep should give. Continued loss of sleep multiplies this loss until you become a physical wreck. Dr. Miles' Nervine quiets the irritated nerves and brings refreshing, invigorating sleep. Nervine contains no opiates, and therefore leaves no bad after-effects.

"For over two years I suffered untold agonies. My friends thought I was going crazy. I could not sleep nor rest at all. I tried different doctors, but failed to find relief. My head would ache all the time, and I was like one drunk; could not concentrate my mind, and was so restless and worried that sleep was out of the question. After taking one bottle of Dr. Miles' Nervine I felt wonderfully changed. I am now on my third bottle and am gaining all the time. I can sleep and enjoy my work, and am able to do my work."
