

great deal of interest yet. Sitting Bull will undoubtedly be heard from again, but whether in an absorbingly interesting manner remains to be seen. Of Wagner's trilogy Nibelung there will not be very much more to be said, although its festival representations are not yet over. The dulness of trade and the lack of the needful are not subjects sufficiently cheerful to be frequently dilated upon.

For true-born Americans and turbulent political naturalized Americans, the fall elections and especially the Presidential election, will be the great topics. To many, these things, with the preceding campaigns, will be events of absorbing importance, inasmuch that they will not need much other matter of a sensational order to sufficiently spice their daily dish of news.

#### BLAINE AS A SCOLDER.

WENDELL PHILLIPS is considered the champion masculine scolder on the American rostrum. But the New York Herald seems to think that Blaine is not far behind him, judging by the following from that paper—

"Mr. Blaine made his first appearance in public since leaving Washington the other day before a Maine republican convention, and made a speech denouncing Mr. Tilden and the democratic party."

"It was once and is still, probably, Mr. Blaine's laudable ambition to be thought a statesman. We advise him to consider for a moment whether it is the part of a statesman to stir up strife, suspicion and hatred in this country at present? We should like to reckon Mr. Blaine among American statesmen. He is a versatile, brilliant, energetic, able man. A good many people believe him to be only a demagogue. We should like to think better of him; but if he goes on 'denouncing' his political opponents, instead of arguing with them, we shall presently have to give him up too. The true part of a statesman now is to cast oil upon our troubled political waters; to show the people the way to a peaceful and good natured settlement of our difficulties and to renewed prosperity. We advise Mr. Blaine to try his hand at this. No public man in this country, no matter how brilliant or strong, has ever got further than the United States Senate by 'denouncing' people, and Mr. Blaine is now in the Senate. It is a good time for him to turn over a new leaf."

#### Local and Other Matters.

FROM TUESDAY'S DAILY, AUGUST 22

**Returned.**—President Young and those who accompanied him to Provo on Friday afternoon, returned to the City last evening.

**Progressing Nicely.**—Fred. Margetts, son of Mr. Philip Margetts, who was accidentally shot through the thigh, while hunting, a week ago to-day, is progressing very favorably, all the symptoms indicating a speedy recovery of the young patient.

**Indicted and Bound Over.**—Maguire, the person who shot Martin Florida through the hand some time since, having been indicted by the grand jury, was taken before the District Court yesterday, and released on \$500 bonds, to appear for trial at the September term.

**Drowned.**—Our Brigham City correspondent "A. C." sends the following, under date of Aug. 21—

"David L. Penmon, aged 25 years, herding sheep near Hampton, at Willow Creek Cañon, was drowned on the 19th inst., in a little lake thereabout in which he was bathing, in company with a fellow herder. His home was in South Weber."

**Nature Smiling.**—In addition to the shower of yesterday afternoon, a still more copious rain fell during the night, saturating the parched ground, reviving drooping vegetation and causing nature generally to put on a cheerful smile to-day, and the cool, refreshing air, made pleasant by the addition of moisture, causing most people to feel refreshed.

**Postponed.**—About a hundred of the Norwich Conference folks and their friends met for their annual

re-union at Lindsey's Gardens, yesterday afternoon, and had a very pleasant time, considering the inclemency of the weather. Had the atmospheric conditions been more propitious the gathering would have been much larger, and in consequence of this it was agreed to postpone the re-union, or rather adjourn it till one week from next Thursday, at the same place, commencing at 2 o'clock in the afternoon.

**Returned From Canada.**—This morning we were called upon by Elder W. R. Judd, of Grantsville, who returned last Thursday from a mission to Canada, on which he was absent about four months. He returns in good health and spirits. He preached to the people wherever opportunity of doing so presented, and he was invariably well received wherever he went. He baptized four persons at Oshawa, at which place he organized a branch of the church.

**Home Again.**—Hon. George Q. Cannon, Utah's Delegate to Congress, and wife arrived home last evening. We believe there is no representative to the National Legislature who enjoys more extensively the confidence of the great majority of his constituents than does Mr. Cannon, and we have every reason for believing that they are entirely satisfied with his congressional labors in their behalf, which must necessarily have been of an arduous character.

**Arrests in Malad Valley.**—"D. P." writes from Malad City under date of the 17th inst.—

"There was a little excitement here on the 7th of August over the arrest and imprisonment of John E. Price, of Samaria, a man sixty years of age, on a charge of bigamy, the arrest being made by Deputy Sheriff Caleb Jones. On the 9th he gave bail for his appearance on the first Monday in November, for trial."

"Also, on the 9th inst., Sheriff Keny was placed under arrest, and was subsequently bailed out, for drawing a pistol on a citizen."

**Removing the Track.**—The Utah Southern Railroad Company commenced yesterday the work of removing that portion of their track that runs through the city from the west side to the middle of the street. The work is being done in sections, the removed portion being connected with that part of the track in its old position by a curve, to allow trains to pass along without interruption. The curve is removed to various points according to the progress of the work.

The principal advantage gained by the removal is the lessening of the danger of children being run over. It will also modify if not abolish the shaking of buildings on the west side of the street by the passing trains.

**For Philadelphia.**—We understand that our friend Mr. George M. Ottinger, artist, purposes leaving on a visit to the Centennial Exhibition next week. It is quite an item to get up sufficient of the needful necessary to meet the expenses of a trip of that kind, so if any persons with a love for the fine arts happen to want to gratify their taste in that direction by purchasing a production or two in that line, they can be supplied at remarkably cheap rates, by the gentlemen named, whose principal object in visiting the great fair is to gather useful knowledge connected with the art of painting, of which he is a most passionate, devoted and industrious devotee.

Mr. C. R. Savage will probably go to Philadelphia at the same time as Mr. Ottinger.

**Navajoe Indians.**—A band of Navajoe Indians, sixteen in number, arrived in the city last evening, and have been attracting considerable attention in town to-day. They are mostly men of good physique, and apparently of considerable native intelligence, being greatly ahead of the Indians located in the immediate vicinity. They are from the country south of the Colorado River.

They are, with few exceptions, men of mature years, and one of them is the Chief Magistrate or Mayor of the village, to which they belong. We understand they were sixteen days on the way from Moyn Coppy, from which place they were accompanied by Elder James S. Brown, in whom they appear to place a great deal of confidence. They passed through the press room of the NEWS printing office, and

manifested great interest and curiosity in witnessing the machinery at work.

**Camp Meetings.**—Elder Andrew Galloway, of Tooele, now presiding over the Newcastle upon Tyne (England) Conference, is holding forth to the people of that part in the open air. By poster just come to hand, by mail, we notice that a camp meeting was announced to be held in a field near the town of New Shildon, on the 6th of August, when Elder Galloway and other brethren from Utah were expected to preach.

#### By Telegraph.

AMERICAN.

**CHEYENNE, Wyo., 21.**—Captain Fitzgerald, of the 9th infantry, was accidentally shot by Lieut. Baldwin, at Camp Robinson. It is feared his limb will have to be amputated.

All but twenty-seven of the Utes who left Fort Fetterman, after having been feasted and armed, and having indulged in numerous war dances, deserted at Cheyenne River, on Friday last, taking with them the arms which were furnished them to fight the Sioux with.

**WASHINGTON, 21.** The Tribune's Washington says the failure of the franking bill in the House does not appear to affect the politicians so seriously after all, as there is a law of evasion already in force. Members and senators have the right to frank the Congressional Record and send it free through the mails, and the device is now to print on the wrappers of speeches the words, "Part of the Congressional Record—Free," and under this a member writes his name. As the speeches now being distributed were, no doubt, once printed in the Record, the endorsement is technically right, but nobody intended the law to be used to cover the free transportation of campaign documents. It is also observed that, in many cases, the franking is not done by any member, but by a substitute.

When the remains of the late Speaker Kerr arrive here the sergeant at arms, Thompson, will take charge of them. He is in favor of having them lie in state one day in the capitol. Speaker Saylor, before leaving for Rock Bridge, Alum Springs, strongly favored such a course. This will depend on the feelings of Mrs. Kerr in this respect.

**LAWRENCE, Mass., 21.**—The Atlantic mills will start up on September 14th, giving employment to 1,200 operatives.

**CHICAGO, 21.**—A fire at Rogers' Park, on the Chicago and Northwestern Railroad last night, destroyed the residence of Captain J. G. Shepherson; loss \$17,000, insurance \$6,000.

**WORCESTER, Mass., 21.**—A meeting of the Irish Democrats was held here to-night, at which a committee was chosen to perfect an organization for the purpose of opposing the nomination of Chas. Francis Adams for Governor by the Democrats. This is the result of Adams' action relative to the Fenians while Minister to England.

**ATCHISON, Kas., 21.**—Reports from west of this city say great damage was done by the storms Saturday last. Bridges were swept away, fences blown down, several buildings overturned and growing corn much injured.

**WHEELING, Va., 21.**—It is reported this evening that a school mistress, name not given, in the town of Glenco, was waylaid a few days since and outraged, after which the ruffians cut out her tongue and otherwise maltreated her person.

**NEW YORK, 22.**—The weather is decidedly cooler. From various points come reports of frosts, but nothing serious.

A dispatch from Port Richmond, Pa., states that two miners, James Martin and Peter McCaffrey, were attacked by a crowd of Molly Maguires yesterday afternoon, beaten with bludgeons, stabbed with knives, and treated to a shower of bullets. McCaffrey was killed outright, and Martin was so terribly injured that he died in a short time.

Henry Rhoades and Wm. Bell, aged 21 and 23, were drowned this morning, by the upsetting of a boat in the Harlem River.

The schooner Niagara, last night, picked up a man a mile from shore, who gave his name as Chas. Burke, of Newhaven. He states that he

took the steamer at this city last evening for Newhaven, and when passing through Hell Gate was garrotted by two men, robbed and thrown overboard.

The Baltimore wrestling match last night, between Miller, the champion, and Jehny Dwyer, was won by Dwyer, after a severe contest.

**SAN FRANCISCO, 22.**—A Victoria dispatch says there is much excitement in this city on the railroad question. Lord Dufferin remarked to the popular deputation to-day, that the Island railway was about to be abandoned, and the only point to be considered was the question of compensation. The people here are much dissatisfied and disappointed at the result of the interview. It is feared unpleasant consequences will ensue, our citizens alleging that they were inveigled into the confederation with promises that Canada did not mean to fulfil. A grand popular demonstration is threatened.

#### DIED.

**FORGETFULNESS AND RECOLLECTION.**—Good news for miners and all!—Visiting S. L. C. on the 24th inst., I felt conscience smitten and sorrowful at my ingratitude. Dr. E. L. Plant, whose wonderful powers of healing ought to be known to every one, cured me some months ago of a very distressing complaint which had caused me fearful suffering. I caught it while working in the mines and is known among us miners as leading. Witness my hand.
