CONGRESSIONAL.

SENATE.

Anthony introduced the resolution  
for an investigation into Southern  
affairs.

HOUSE.

Bullock, of Massachusetts, asked for  
unanimous consent to have printed his  
bill for the protection of the lives and  
property of loyal citizens. Objections were made on the Democratic side of  
the House.

Eridge, at twenty minutes past  
two o'clock, moved that the House  
adjourn. The question was decided in  
the negative, aye 50, nays 35.

A joint resolution, extending the  
provisions of the treaty of 1860, to all  
who had entered or should enter the  
navy or marine corps, and have been  
or are honorably discharged, as well  
as to place them on the same footing as  
to naturalization and citizenship; passed  
165 to 8.

WASHINGTON, D. C.—  
Believing the Southern difficulties—  
Nominations.

WASHINGTON, 14.—There are two  
diametrically opposite opinions concerning  
the question of the constitutionality of  
the bill for the protection of the lives and  
property of loyal citizens. Objections were made on the Democratic side of  
the House.

NEW YORK.

About the purchase of Cuba and Porto  
Rico.

NEW YORK, 17.—While some Wash-  
ington correspondents deny there is  
any truth whatever in the report that  
General Sibley has offered to sell  
Cuba and Porto Rico to the Spanish  
government for \$100,000,000, the Tribune's  
correspondent confirms the dispatch, and adds: The President and Secre-  
tary of State both say that Gen. Sibley,  
some time ago, made a proposition to  
General Sibley, offering the country to  
the United States for \$100,000,000,  
which was not accepted.

Shortly after the conclusion of Amer-  
ica's election, Sibley was again approached on  
the subject. He listened, considered, and the result is the proposal for sale at  
one hundred millions of dollars.

The President Grant said yesterday that  
the Administration had no intention to  
offer the country, believing that, even if  
available, the Spanish could not be induced to  
accept such a large sum, as it would be  
useless to ask Congress for an appropria-  
tion to carry out its provisions in the  
face of the fact that the obtaining of  
one million five hundred thousand dollars  
needed for the San Domingo pur-  
chase, was in considerable doubt.

## PENNSYLVANIA.

Railroad accident.

PHILADELPHIA, 17.—The new fire  
train went into service last night  
for the first time. Everything passed  
off quietly.

This morning an accident occurred  
on the Camden & Amboy Railroad,  
near Camden. A train came from  
the track and the locomotive upset by a misplaced switch; and another  
train collided with the overturned  
engine. Three hundred feet of the  
track was torn up, several cars demoli-  
shed, and many passengers buried; none  
seriously hurt, except the brakeman,  
who had his foot crushed.

## NEW HAMPSHIRE.

Elections.

CONCORD, 17.—All except five small  
towns in Coos County have been heard  
from, and estimating the towns  
and their votes, Westin falls off considerably  
by the people by 152 votes. The State  
representative says of the House, out of 160 of Re-  
presentatives chosen contains the  
names of 161 Republicans and 156 Demo-  
crats. The towns to be heard from will  
give, we think, 16 Republicans and 11  
Democrats. If the House is divided  
160 Republicans to 156 Democrats. In  
the first district there is no choice; in  
the tenth and eleventh districts the  
vote is so close that an official count  
will be required to decide. Three Demo-  
cratic Congressmen are elected beyond  
a doubt.

### CREAT BRITAIN.

The Mont-marte Insurgents—England  
is bad—Oriane Exterminated—Cathe-  
clic Plague in Belgium—Napoleon ex-  
pelled at Dover.

LONDON, 16.—The Journal des Debats,  
commenting on the results of the con-  
ference on the Eastern question, makes  
a bitter attack on England, and de-  
clares that the English are the chief  
gainers by the Crimean war. France is  
now helpless and her sword broken,  
but when it is unshattered again, its  
aim will not be so distant as Turkey. Other journals speak of England in a  
similar strain.

The Count of Paris renounces any in-  
tention on his part of competing with  
the Duke of Orleans for the royal house of  
France for the throne.

The French cabinet has decided to  
continue the policy of conciliation to-  
wards the malcontents at Mont-marte. The  
weather is very bad and the insur-  
gents are scattering. It is thought  
that who hold their ground will soon  
yield.

LONDON, 17.—Orlans is evacuated  
by the Germans. Dr. Sykes, Sym-  
burn and Johnston, of the American  
ambulance, have received the cross of  
the legion of honor.

It is rumored that Prussia has offered  
to sell the Malibusses for two hundred  
million of francs.

Charles Hugo is dead.

The Duke of William has arrived at  
the Weimar station. The reception is  
enthusiastic.

The New special despatch from Lille  
says large manufacturers from Alsace  
and Lorraine intend removing here and  
to Lyons. In consequence of the cattle  
plague in Belgium, the fairs are forbiden  
in Hainaut, Western Flanders and  
Namur.

The Empress and Prince Imperial are  
at Dover to meet the Emperor, who is  
expected at two o'clock to-day.

San Domingo Commissioners Return-  
ing.

KINGSTON, JAMAICA, 15.—The United  
States frigate Tennessee, with the  
San Domingo commissioners, leaves this  
morning, and will reach Key West, if no  
accident occurs, on Monday or Tues-  
day next. Commandant Wade goes to  
Washington by the most direct route.  
All the commissioners expose them-  
selves in favor of annexation.

Peace negotiations.

PARIS, 17.—It is believed that private  
telegraphing will commence on Mon-  
day.

Ten trains daily will run to Vassalles  
during the Assembly. A hundred seats  
in the Assembly were vacant at the  
opening.

A meeting of the officers and sub-  
alterns at Montmarte has been sum-  
moned to sign an address resolving to  
elect a new chief, namely Menotti Gar-  
baldi. The non-signers are to be con-  
sidered traitors.

The French negotiations of peace go to  
Brussels on Friday evening, and the  
negotiations will probably open on  
Monday.

The French have decided on a loan  
of two and a half milliards, at three per  
cent.

Faidherbe, though ill, submits a plan  
for the reorganization of the rents,  
bought entirely to sustain the credit,  
which is to the same extent as  
Paladine, in citizen's dress, inspected  
the Montmarte cannons.
