

Appointed assistant agent at the Rio Grande depot at this place.

Mr. and Mrs. John J. Harper are entertaining at their guests Mrs. J. W. Forgan and daughter, Gene, of Santa Cruz, California.

Miss Emma Henrich is visiting with Nephew relatives.

The Ladies' Aid society will give a chicken dinner at the M. E. church on Oct. 16, and the feather tribe will be served in all kinds of style.

Mr. and Mrs. Joseph Darton of Provo have taken up their residence in Eureka and will be a great addition to the musical circle of the camp.

The Mutual Improvement associations of the camp gave a delightful dance at the L. D. S. church last Thursday night, with a large crowd in attendance.

CLUB CHAT.

The regular monthly meeting of the Utah Woman's Press club took place at the home of Mrs. Emma H. Jensen, and an interesting program was rendered, consisting of an interesting paper by Mrs. Caroline C. R. Wells, and entertaining talks by President Anthon H. Lund and Andrew Jensen. A number of guests were present, including President George D. Bennett, Mr. and Mrs. Art Eugh and Prof. E. K. Bassett.

The first meeting of the Cleofan for this season was held at the home of Mrs. Charles Wells on Tuesday, the feature of the afternoon being a most interesting paper on "The Philippines" by Mrs. Stanley Clawson. A number of guests were present to enjoy the afternoon.

Yesterday afternoon at the Ladies' literary club Mrs. H. D. Styer gave a paper, the subject being "A Trip to the Philippines and Return by Way of Japan," and Mrs. A. C. Ewing an informal talk on Japanese art. The musical program for the afternoon consisted of a song by Misses Rennie Pederson and Hope McIntyre from the opera "Fruelove," and Miss Swenson was the accompanist. After the program a Japanese tea was served.

The Daughters of the Revolution met with Mrs. O. J. Salisbury this week.

The opening of the regular club season all over the country reveals the interesting fact that, while the summer season is supposed to furnish no special activity to club members, in a number of places the actual work of the clubs by no means ceased with the approach of warm weather. A paragraph in a Maine paper says: "The seats about the streets of Lewiston and Auburn are a comfortable evidence of the work of the ladies of the Civic Improvement this summer." The Wilkesburg, Pa., Women's club did good work towards increasing the drinking facilities in their town by the establishment of fountains. It also offered prizes for well kept gardens, backyards, and flower boxes, a work in which the Era club of New Orleans was conspicuous this year. In Pittsburgh many clubwomen remained in town until the closing of the public playgrounds and the vacation schools and in cities east and west the work of the vacation schools was to greater or less extent, in the hands of local club women. The Louisville, Ky., Woman's club, co-operating with the park commissioners, maintained six of these playgrounds. The civic committee of the club has organized a permanent society called the Louisville Recreation league. This not being a legislative year, few clubs have held regular sessions during the hot weather, as so many did last year, when the work of framing bills and gathering data for legislative work was on hand. It cannot be said, however, that the zeal for public service was less this year than last.

Among early autumn work of the clubs a venture of the Women's club of Lincoln, Neb., deserves notice. This club has equipped a lunch room in the high school building, the principal school of the city, spending over \$250 on the equipment, after the board of education had renovated several rooms for its use. There is a kitchen, with gas stoves and a large steam table to keep the food warm, and a competent cook has been engaged by the club to assume charge of these features. Adjoining the kitchen are two supply rooms, each with refrigerators, storage rooms, and linen closets. Each woman in the club has contributed linen. The china is of good quality, and all the furnishings dainty and attractive. The pupils help themselves, carrying their plates to tables in the large lunch room. Coupon books will be furnished, which will simplify the work of the cashier, teachers acting in that capacity. The bill of fare is ample, and nothing costs over five cents. The club women expect to make the enterprise pay expenses while giving the children better and more wholesome luncheons than the majority have ever enjoyed before.

The Kindergarten association of Pittsburgh will this year conduct 54 schools in Pittsburgh, Allegheny and vicinity. Special attention has been paid for a year or more to the children of foreigners in mining communities. The Rev. Mr. Loos, Bohemian clergyman, has co-operated with the association in this part of the work. He is now in Europe, and will soon return, accompanied by a young Bohemian woman, who will work among the children of the Slavs. She will be given a scholarship in the kindergarten college, and will equip herself fully in American kindergarten methods.

Saved From Terrible Death. The family of Mrs. M. L. Bobbitt of Bargon, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It is the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial Bottles Free at Z. C. M. L. Drug Store.

The Nickel Plate Road, with its eastern connections—the Delaware, Lackawanna & Western and West Shore and Boston & Maine Railroads—is considered by those who have patronized it as a most desirable line between Chicago and New York, Boston and other eastern points, and takes its place among the best-class lines leading eastbound from Chicago. It is operating three through first-class trains, all daily and equipped with modern improvements. For the convenience and comfort of the traveling public, and has succeeded, to a remarkable degree, in pleasing its patrons, growing in popularity every day. One of its most attractive features and thoroughly appreciated by the traveling public, is its dining-car service, meals being served on American Club Plan, ranging in price from 35c to \$1.00; also service à la carte. Colored porters are in charge to look after the comfort of passengers in coaches and sleeping cars, to assist ladies traveling with children. No extra fare on any train in Nickel Plate Road. All passengers rains arrive at and depart from a Safe Station, Chicago, the only passenger station in Chicago on the Elevated Loop. When going east, try the Nickel Plate Road. TO DAZZLE CHICAGO.

Lady Curzon is again reported to be in bad health and a return to native air is prescribed. In this event Chicago's Four Hundred will see the wonderful gown of peacocks' feathers and gold portrayed in the above photograph. This is the gown in which the American queen of India received her subjects at the famous durbar at Delhi. It is composed of splendidly hand-embroidered tissue, the design consisting of peacock feathers worked and embroidered in different colored gold threads. The bodice is draped with rare old Alencon lace.

PRICE SAVINGS FOR THE BOYS AND GIRLS.

They'll be safely and savingly shod at the big shoe store, a guarantee that means something goes with every pair of Hirschman's school shoes. Our Boy and Girl friends are legion for we combine wear with style and perfect fit. Most special offerings of shoes for Boy and Girl is one that cheapness not goodness is the prime factor, we combine moderate price and goodness. Much thought and care is given to emphasize the weak points and make them strong. A stock to choose from that the largest city store can well be proud of.

A Perfect Fatless Pill
Is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pill for doing such work pleasantly and effectively are DeWitt's Little Early Risers. Bob Moore of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by all druggists.

Autumn Hints to Housewives.
An artist gives as a simple general rule for hanging pictures, that where only one row is to be hung the central point in each picture should be on the level with the eye of the ordinary person. This point is easily discovered, for the eye unconsciously rests upon it at the first glance. In a vignette portrait, for example, the central point is the chin. Careless and ignorant fram-

ers of pictures often disregard this point, which should regulate their work. The central point should be at the exact intersection of two diagonal lines drawn from the corners of the frame, not the mat. It is a disregard of this which often gives the picture the effect of slipping out of its frame.

A useful trifle is the knowledge that alcohol will quickly remove an obstinate porous plaster, and the unsightly stains which it often leaves, and upon which soap and water have no effect. A twin trifle that may sometime be of use is that a drop of castor oil in the eye to remove a foreign body is as useful and much more manageable than the better-known flaxseed.—Harper's Bazar.

ANOTHER PRICE WHIRL IN THE MERCERIZED WAISTINGS.

The fault was ours in buying too many. That's all. You've no fault to find, tho, since it made choosing for you all the better—variety broader, more grades. The mercerized cottons are the proper things for fall and winter waists, indeed there's scarcely aught else being shown on the markets,—so completely have they superseded flannels and the like. The entire stock, white and fancy, almost 400 styles, will be divided for Monday and week into three lots thus:—

The 60c, 65c, 75c a yard—Waist Pattern from any for—\$1.25.
The 85c, 90c, \$1 a yard—Waist Pattern from any—\$2.
The \$1.25, \$1.40, \$1.50 a yard—Waist Pattern from any—\$2.75.

SOME OF THE \$25 WOMEN'S TAILOR SUITS STILL HERE. UP TO \$47.50 VALUES.

Not a thing wrong with these suits. They are in the best and newest of styles—as to shapes and material, but to make a sale group for Fair week a number received this price-cut. Now we've rounded out variety and size list by adding to those that did not go away during allotted time and you have again the chance to pick a fall and winter suit at a splendid saving. Made of cheviots and men's suiting cloths in dark blue, black and mixture colors. Long coats with shoulder capes and without, blouse or straight fronts, silk lined. Strictly tailor made. Sizes 32 to 42. Ten days ago they sold at \$30 to \$47.50, Monday and week choice—\$25.

Heavy Cotton Waists For Fall and Winter—Half Priced.
