## Northern Pacific and Burlington Roads Offer It—Burlington Train Held Up and Robbed Today.

Spokane, Wash., Sept. 22.—The Northern Pacific offers \$2,500 reward for the capture of the lone highwayman who captured the west-bound train near Athol, Idaho, at midnight last night. Sheriff Bradbury and a large posse are in pursuit. The robber has been traced to a point three miles south of Athol, where he held up a rancher and stole his horse. He told the rancher that he had just killed the conductor and the brakeman, and had to get out.

It is believed he secured about \$500 and jewelry from Pullman passengers. Nobody was hurt.

**RAILWAY MEN BELITTLE IT.**

St. Paul, Minn., Sept. 22.—The Northern Pacific officials in this city at first discredited the reported hold up of one of their trains, early this morning, but later while much lessening the seriousness of the affair. Instead of occurring early this morning, the hold up occurred at 1 o'clock last night and it is understood from the reports received here that the robber was driven away by the conductor's pistol before he secured much from the passengers. The robber has not yet been overtaken.

**Fire in Constantinople.**

Constantinople, Sept. 22.—A fire in the Hask Kiosk (kiosk) district has destroyed 100 residences, 40 shops and a synagogue.

**Trying for Revenge.**

New York, Sept. 22.—A Havana dispatch to the Evening Post today, says:

The lawyers who are defending Estee G. Rathbone, the former director of posts now on bail, have asked the authorities here for the indictment and extradition of Fourth Assistant Postmaster General Joseph L. Bristow. He is charged with being technically more culpable than Rathbone, because he has permitted the payment of the salaries of Mr. Rathbone's domestic, footman and valet out of the Cuban treasury until the end of May after asking that Rathbone be prosecuted for this offense. This is taken here as a sign that Rathbone will fight the administration to the bitter end.

**Death of Col. Wood.**

Chicago, Sept. 22.—Col. Jos. H. Wood, grand marshal of the Grand Army parade during the recent national encampment in Chicago, died of angina pectoris at midnight at his residence.

Col. Wood retired an hour before his death apparently in perfect health. At 11:30 his wife noticed that he was ill, but he could not be aroused and breathing heavily. She tried to rouse him, but he could not be aroused and was summoned but when he arrived the colonel was beyond medical skill. He sank rapidly and died in a few minutes.

intimation is conveyed, however, that this body will be finally completed within the next week.

**FOSTER MAY COME IN.**

Ex-Secretary John W. Foster, who has just returned to Washington, from his summer home in New York, has been a caller upon the President and it is believed he also has been in communication with Chinese authorities, facts, which have led to the conclusion that he is likely in some manner connected with the Chinese negotiations. The place where the negotiations are to be held has not yet been definitely settled upon. Li Hung Chang was by terms of the edict appointing him an envoy, directed to proceed to Peking, but it is noted here that he had taken up his quarters with a numerous guard in that town under conditions that appeared to warrant the belief that he expected to stay there for some time, thus forestalling the conduct of the negotiations at Tien Tsin.

**TOOK PEI TANG.**

Washington, Sept. 22.—The navy department has received the following cablegram from Admiral Remey: "Taku, Sept. 21.—Secretary of Navy, Washington: "Force of Russians, Germans and Austrians advanced on Pei Tang forts last night. Fire opened by Chinese and kept up all night at intervals. The forts evacuated at 9 o'clock. Europeans hoisted their colors over forts at 11. Twenty-five Russians and Germans reported blown up by mine. Information from Commander Wise, who followed into forts, says only five Chinese killed."

Shanghai, Sept. 22.—Field Marshal Count Von Waldersee, commander-in-chief of the allied forces, reviewed 5,000 of the foreign troops today. The British, French, German, Japanese, and Indian troops furnished a field marshal's escort.

The troops marched past in the following order: Germans, French, British, Japanese, and Indian troops.

**Bryan Will Speak.**

Chicago, Sept. 22.—Senator James K. Jones today emphatically denied the story that Col. Wm. J. Bryan had cancelled his speaking engagements in Illinois and other western States in order to hurry to New York at his request. Senator Jones stated that Col. Bryan will proceed to New York to speak on October 10, as announced, and not before that date.

**County Attorney Suicides.**

Butte, Mont., Sept. 22.—Melville L. Wines, prosecuting attorney for Silver Bow county for two terms, and a prominent criminal lawyer, committed suicide last night by taking morphine. The act was evidently done in a state of mental aberration, as he was known to have been out of his mind for several days, the result of heavy dissipation.

Melville L. Wines was the son of Judge J. L. Wines, and was 35 years of age. He came to this city eight years ago from Virginia City, Nev., and was elected county attorney in 1892, holding that office for two terms. Since that time he has been engaged in criminal cases. He was unmarried.

**PASSENGER TRAIN HELD UP IN IDAHO**

Spokane, Wash., Sept. 22.—Single handed a masked robber held up the west-bound passenger train on the Northern Pacific at 1 o'clock this morning and succeeded in getting away with between \$400 and \$500 in cash, several watches and a quantity of jewelry. The robbery occurred after the train left Athol, Idaho, and the lone robber left the train at Rathdrum. The hold-up was evidently a pre-planned affair, as the robber was seen on the train with a gun, and a person on the train who offered serious resistance and a few shots from the robber's gun effectually silenced the trainman.

As the robber stepped off the train at Rathdrum the conductor came out of the train car and fired two shots at the robber. The latter returned the fire, clipping a piece of leather from the conductor's shoe. No one was hurt during the hold-up, but every occupant of the three cars was terrified. The robber boarded the train at Sand Point, Idaho, where a short stop was made. He is described as being a little over five feet in height, of slight build, had a light mustache and wore a dark suit of clothes, a mask and a black cloth hat. After the train left Athol he gained the rear of the second Pullman sleeper and at once began operations. From bunk to bunk he worked, waking up the sleepers and robbing them of their valuables into his pockets.

After clearing up both Pullmans the robber entered the tourist car. Here the occupants began to scream with terror, and attracted the attention of the conductor, who was in the forward part of the coach. He came down the aisle and the robber backed out of the car door and stepped off the platform as the train was pulling into Rathdrum. Drawing his revolver, the conductor fired twice at the man, who at once turned and fired three times at the conductor, who beat a hasty retreat into the car. The robber escaped before the alarm could be given to the few people at the Rathdrum station.

**Big Elevators Burned.**

New York, Sept. 22.—Fire today partially destroyed the large grain houses and elevators on the Atlantic Dock, Brooklyn, causing the loss of 100,000 bushels of grain and contents. The warehouses are owned by the Brooklyn wharf and warehouse company. The individual damage to stock was: Nash, Whitten & Co., 5,000 bushels of oats, and the Lyman Grain Drying Co., 40,000 bushels.

**Indian Acquitted of Murder.**

Flagstaff, Ariz., Sept. 22.—To H. Begay, a Navajo Indian has been acquitted of the charge of the murder of a cowboy named Montgomery last November in the mountains about thirty-five miles south of here. After the killing of Montgomery a pitched battle occurred between seven Indians, among whom was To H. Begay, and two white men, in which five Indians were killed and both deputies badly wounded. One chief named Beagaita participated in the fight and was wounded. He remained in hiding for nearly a year, sending word to the officers sent to arrest him that he would be on hand the day the army came. Accordingly, he traveled 100 miles over a rough country and walked into court just as To H. Begay's trial began. On the acquittal of Begay, Beagaita was also released.
