Dr. D. D. Wright, of Cincinnati, sends us the subjoined professional indorsement. "I have pre-cribed Hall's Balsam in a large number of cases and always with success." He adds that "in one case a patient with every appearance of confirmed consumption was restored to his usual health soon after commencing to take the Balsam."

John Kuhn, of Lafayette, Ind., writes: "One year ago I was to all appearance in the last stages of consumption and got so low our doctor said I could not live twenty-/our hours." Mr. Kuhn further states that "after taking nine boottles of Mall's BALS AM he is now in perfect health, having used no other medicine."

The above brief extracts are taken from a
