TERMS IN ADVANCE.

Local and Other Matters.

FROM TUESDAY'S DAILY, Aug. 28.

Ogden's New Postmaster.—It is reported that General Nathan Kimball has been appointed postmaster at Ogden, to fill the vacancy caused by the removal of Mr. L. B. Stephens.

Quick Work.—As a specimen of the work now being done at the Deseret paper mill, Sugar House Ward, we can state that the paper used for our last evening's issue was rags yesterday morning; the process of manufacturing, shipping and printing having been accomplished within a period of twelve hours, without deducting the delay between its arrival here, and the hour of going to press.

"Junction" Items.—The next issue of the *Junction* will be printed on their new power press.

Last Saturday an infant child of Mr. Charles Wright, of Huntsville, fell into a ditch and was swept some distance away, and was rescued just in time to save its life.

Ogden has at last developed a respectable tramp, who asked humbly for food, bent his head while grace was said, thanked his benefactor for his meal, and asked for some work to repay the kindness shown him.

Big Fire at Cedar City.—The following was received this afternoon:

CEDAR CITY, Aug. 26, 1879.

Yesterday, about noon, a fire originated in the stack yard of Chas. Heyborn. The wind blowing freely from the southwest, caused the flames to spread through the stack yards of John Urie, William Walker and Timothy Adams, destroying wheat and lucerne stacks, stables, sheds, a pig, set of harness, a mower, fences, etc., to the value of about \$1,200. The people turned out en masse and although the fire was raging fearfully, in about two hours it was subdued. Cause of fire unknown. A subscription was immediately taken up, the people giving liberally to aid the sufferers.

Grand Success.—The excursion of the public hands to Lake Point yesterday, was a grand success. No accidents, no drunkenness, nor anything unpleasant happened to mar the occasion. The 10th Ward Band accompanied the excursion and discoursed spirited music during the day. About 1,000 people participated in the enjoyment, and the day will be long remembered by all who were there.

We are gratified to learn of the pleasure and recreation enjoyed by these faithful servants, many of whom have labored on the public works for a long time, and some for over twenty-five years. They deserved an out, and we hope it has done them good. They are a splendid set of fellows, and are entitled to encouragement and commendation.

Heavy Embezzlement.—From the Ogden papers of last night and this morning we learn particulars of a serious case of embezzlement which has just come to light in that city. The self-acknowledged culprit is Mr. J. F. Graham, cashier in Ogden, of the Central Pacific Railroad, a man who has hitherto held an enviable reputation for honesty, uprightness and gentlemanly deportment among all classes of society. He was taken before Commissioner McNutt on a charge of embezzlement to the amount of \$12,304 67, waived an examination and was bound over in the sum of \$20,000, to await the action of the

grand jury. Previous to the adjournment of the court, he stated that the amount charged did not begin to cover the real defalcation, which was between \$42,000 and \$44,000. His yielding to the temptation of using funds not his own was to cover losses sustained in mining speculations. Although a self confessed criminal, he has the general sympathy in this unfortunate occurrence.

Another Arrest.—Last evening, Elder George Goddard was arrested by the U. S. Marshal at Black Rock House, and taken to the Penitentiary. The affair seems to have grown out of a misunderstanding as to the rightful ownership of the Black Rock piece of property, which Mr. Goddard claims by virtue of a deed from the Trustees-in-Trust, but which Marshal Shaughnessy also claims as a portion of the property turned over to him as Receiver, in the case of the heirs and the executors now pending in the District Court. Mr. Goddard has held possession of the premises for some time past, the house having been kept by a family from the city. Marshal Shaughnessy rented the place to Mr. E. H. Murphy, of this city, on the 22d inst., and the latter, accompanied by a deputy marshal, went out to take possession, but was told that his receipt for the rent was not valid, as the property was not in the hands of those who gave the receipt. The deputy returning, procured a writ of arrest, and in company with Marshal Shaughnessy proceeded to Black Rock, ejected the inmates of the house and took Mr. Goddard into custody as stated. The party came in on the bathing train last evening, and immediately went out to the Penitentiary.

This afternoon, Mr. Goddard was admitted to bail in the sum of \$500, and will be released this evening.

FROM WEDNESDAY'S DAILY, Aug. 27.

New Crossing.—The city workmen are engaged in tearing up the old plank crossing from Godbe's Corner to the Deseret Bank, with the intention of replacing it by a substantial cobble walk.

Adjourned Over.—At the conclusion of Judge Bennett's argument last evening the Supreme Court took the *certiorari* case under advisement and adjourned over until Thursday morning at 10 o'clock, when it is expected the decision of the court will be rendered.

In Jail.—Mr. J. F. Graham, the embezzling cashier of the Central Pacific Railroad Company, was brought to Salt Lake yesterday morning, and in default of bail was committed to the County jail. In Ogden, a number of his friends offered to become his surety to the amount of \$20,000, but as it was known that several charges were to be made, he did not deem it advisable to accept.

Our Telephone System.—A petition was presented to the City Council at their session last evening, by Mr. Wm. Jennings and seven others, asking permission to institute a telephonic system here, for the purpose of connecting the principal business offices, establishments and residences of the city. It is to be called the "Salt Lake Telephone Company," and if the City gives permission for the erection of the necessary poles and wires, the work will proceed at once. The committee on streets and alleys are considering the petition.

Notes from the "Junction."—Ogden as an attack of gypsies.

Yesterday, the lumber mill of Mr. Joshua Williams, in Cottonwood Cañon, took fire from the burning timber in the Cañon, and was almost entirely consumed. The machinery was saved.

Thursday morning, at 10 o'clock, an educational mass meeting will be held on the grounds of the new central school house, Ogden. Besides the general exercises, the grounds and building are to be dedicated. All friends of education invited to attend.

Mysterious Disappearance.—Evanston, Wyoming, is excited over a mysterious event that happened

there four or five days ago, and at last accounts was still shrouded in uncertainty. Messrs. Morse and Atkins, of that place, started out to look for timber in the mountains. One morning Mr. Morse was mounting his horse when the animal reared and struck him in the breast with his hoof and then fell upon him. He lay senseless for awhile, but recovering, got on his horse and rode on. Mr. Atkins, his partner, after transacting some business, started out after him. Failing to overtake him in about three hours, he returned to Evanston and reported the circumstance. A large party started out on horseback to search for the missing man, and finally came upon some horse tracks and blood. Following these up the mountain, to the head of a mill flume, they found Mr. Morse's horse and hat, and some foot prints followed by a trail of blood, retracing the way a short distance, but no further clue to the unfortunate gentleman was discovered. It is generally supposed that he died in the mountains. We glean the above from the *Dispatch*.

City Council.—Proceedings at the City Council on Tuesday evening, August 26th, 1879, Mayor Little presiding:

A petition was presented, signed by William Jennings and seven others, which represented that they were desirous of forming an incorporated company to be known as the "Salt Lake Telephone Company," for the purpose of connecting the principal places of business, offices, residences, etc., by a district telephone system, and asking permission to erect the necessary poles and run wires through the streets of the city. Referred to the committee on streets and alleys.

Charles Colebrook petitioned to have a crooked street, which was plotted to run east and west through his lot in Plot E, at the head of East Temple Street, abandoned as through changes which have been made, said street was no longer needed. Referred to the committee on streets and alleys.

John Erickson and three other billiard table keepers, petitioned to have the license tax on billiard tables reduced to \$10 per quarter on the first and \$5 for each and every subsequent table. Referred to the committee on municipal laws.

Levi W. Richards asked permission to use a portion of the street opposite his premises in the Twentieth Ward, on which to pile building material for a period of sixty days. Granted.

Henry Arnold asked the privilege of placing building material on the street in front of the Globe bakery, East Temple Street, and to use a small portion of the sidewalk for a term of six weeks. Granted under the usual restrictions.

Adjourned till next Tuesday evening at the usual hour.

FROM THURSDAY'S DAILY, Aug. 28.

In England.—A dispatch from New York, received this afternoon, states that the Savage party from this city, arrived at Queenstown at 10 a.m. to-day.

Information Wanted.—Mrs. Elizabeth Pigham, of Yeadon, Yorkshire, England, desires to learn of the whereabouts of her brother, George Watts, and his mother, Mary Ann Watts, who left South Molton, Devonshire, about the year 1855. Information sent care of Thomas Taylor, Cemetery Row, Yeadon, Yorkshire, England, will be gratefully received.

Lost Boy.—Yesterday, a little nine year old boy named Robert Atwood, was lost in this city, and up to a late hour this afternoon had not been found. His father is Mr. Alonzo Atwood, of South Cottonwood. When last seen, the little fellow was at the 13th Ward Co-op. store. Leave information at the City or with C. J. Thomas, at the Temple Block.

"Dispatch" Items.—Gen. Kimball, Ogden's new postmaster, will probably take possession of the office on Saturday.

Mrs. Freeman, late of Ogden,

who accidentally shot herself at Red Rock, a few weeks ago, is reported dead.

Colonel Thomas Fitzgerald, of Promontory, roadmaster of the Salt Lake division of the Central Pacific, returned with his bride from their wedding tour to the western coast on Tuesday.

Ogden's new soap factory is in operation. Messrs. Batchelder and Dennis proprietors. They turned out their first kettle on Saturday, and took it to market on Tuesday, said to be first class.

A Paris Champion.—The Standing murder is thus commented on by the *Continental Gazette*, a journal published in Paris, France, the August 7th number of which we have just received:

"In these days it is not a little alarming that men are liable to be shot down for their religious faith, and most especially in a land where perfect freedom of speech and worship is guaranteed. In Great Britain and Scandinavia, where this sect has been most successful in making converts, such violence has never been known.

"It is certainly a most degrading exhibition of the vaunted 'Southern chivalry,' that twelve armed men should organize to destroy two peaceful and harmless young advocates of a religious system.

"The writer was personally acquainted with both of the young missionaries. They were devoted to the religion of their fathers.

"This young man (Standing) for no offense but that he dared to preach as other missionaries do, to make converts to his faith, must fall a victim to a vile mob, and his name will be added to the Mormon list of martyrs, and his blood will give new ardor to their cause."

The foregoing extracts are from an article published in the *Gazette*, the U. S. department of which is superintended by Mr. Jas. A. McKnight, formerly of Salt Lake.

Catarrhal

POISON

Wei De Meyers' Treatise on Catarrh,

explains the following important facts:

1. That Catarrhal Colds become a poisonous infection, at first local, and finally constitutional.

2. That, being Constitutional, the infection is beyond the reach of mere local remedies.

3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.

4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, Bronchitis, Leucorrhoea and Consumption.

5. That Smokes, Douches, Inhalations and Insoluble Snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.

6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being absorbed by the purulent mucous wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His Treatise, with overwhelming proofs and full explanations of the most important medicinal discovery since vaccination, is sent free and Post-paid to anybody. Wei De Meyer's Catarrh Cure is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the trade, liberal terms.
