Citizens' Alliance Adopts Articles
Of Incorporation and Elects
Officers.

DECLARATION OF PRINCIPLES.

Corporation Will Not Tolerate Re-
solutions Upon the Employer—
List of Members.

The newly formed Citizens' Alliance met last night in Bamberger hall and organized. The meeting was attended by about 40 persons, who passed upon the articles of incorporation and elected officers for the ensuing year as follows: President, Charles Read; first vice president, C. W. Whitley; second vice president, M. H. Walker; secretary, W. S. McCornick; treasurer, W. S. McCornick; J. E. Galt; trustees, the foregoing and J. P. Mason, J. D. S. Murray, C. P. Mason, George Romney, W. C. Bogue, R. W. Nixon, Robert S. Campbell, Joseph A. Quigley, H. G. Williams, J. E. Galt, Joseph H. Young, Duncanson, Frank Knox, P. J. Moran and E. A. Wall.

The meeting was called to order by John R. Dooly and W. C. Bogue was made permanent secretary. The report of the committee on constitution and by-laws was presented and read by Chairman Curtis P. Mason, after which the board presented the report of the executive committee, which was adopted by unanimous vote. The alliance then voted to have the organization incorporated. Its headquarters will be in Room No. 1, Exchange block.

PROTECTION FOR ALL.

The alliance adopted the following declaration of principles:

"The members of this corporation recognize the wisdom and concede the right of laboring men to organize for the defense of their very just claims, but demand that the equal right of all men to labor be respected and that the law designed to protect all shall be enforced impartially; that in the absence of contract to perform special labor, or for a given period, and at an agreed rate of wages, members of the unions, or other individuals, are privileged to quit the service of any employer at any time, with or without notice, but that the right of any other person to enter into such abandoned service, upon terms satisfactory to themselves, shall not be denied, nor shall the employer be abridged in his right to hire or discharge whom he will, with equal freedom.

"The members of this corporation will not tolerate restrictions upon the employer, to prevent his employment of labor, but, on the other hand, his right to employ non-union labor is his right and must not be questioned.

"We welcome immigration, under proper restrictions, but deny to our native born or to foreign his apprenticeship to our handicrafts. We declare that when these principles are recognized, and not until then, will there be industrial peace.

PURPOSE OF ORGANIZATION.

"One of the purposes of this corporation is to insure peace and justice to every member of its organization, and to every citizen of the commonwealth in the prosecution of his business, and the performance of his labor. It will defend, with all the resources of the law, those whose rights are invaded, and will meet every emergency arising from danger to life, liberty or property, caused by the lawless use of force, with every legal weapon.

"The further purpose is to promote and maintain the stability of business on all lines, and the steady employment of labor, whether organized or unorganized, by encouraging amicable relations between employer and employee; to secure all lock-outs and strikes and boycotts and all kind of moves, to protect its members and the community at large, and all persons who desire to work, or have work done, without interference by intimidation or otherwise; to avert the evil results of strikes, lock-outs and boycotts, and all similar or other illegal moves, and especially to maintain the rights of its members to manage their business in such lawful manner as they may deem proper, without interference from any organized body or individual.

IN HONOR OF ARBOR DAY.

Appropriate Programs Being Carried
Out in Public Schools.

Arbor day is being duly celebrated today in the city schools, and carefully prepared programs are being carried out this afternoon. The programs include the singing of national hymns by the children, reading the address of State Superintendent Nelson, essays on the forest trees of Utah and how to preserve them, and appropriate recitations and declamations. Tomorrow's exercises will be especially interesting, as the day will be a holiday, and the children will have a chance to beautify their home surroundings with setting out trees, shrubs and flower beds. The children, in conformity with a recommendation from the Commercial club will clean up around their homes, thus greatly improving the sanitary condition of the city. On Monday morning, the children will report to their teachers what they have done.

A request is made by the forestry committee of the Utah Federation of Women's clubs, that citizens who have hardy plants and shrubs to spare send the same to the public school buildings for the children to plant on the morrow. Boston ivy will be particularly acceptable.

ARMORY FOR N. G. U.

Meeting in Gov. H. M. Wells' Office to
Consider the Proposition.

Governor Wells and officers of the National guard met last evening, in the governor's office at the joint building, to talk over projects for the betterment of the service. The matter of a new state armory was discussed, and the prevailing opinion was in favor of a stock company with a public subscription to the stock. The idea was for the company to acquire ground and erect a building, leasing the same to the state, the terms of the lease ensuring a return of 4 to 6 per cent on the stock. A committee was appointed to formulate plans as follows: Adjutant General C. S. Burton, Colonel Nephi W. Clayton, Lieutenant Colonel E. S. Perry and Lieutenant Colonel J. J. Greenwald.

late plans as follows: Adjutant General C. S. Burton, Colonel Nephi W. Clayton, Lieutenant Colonel E. S. Perry and Lieutenant Colonel J. J. Greenwald.

The governor spoke highly of the efficiency of the guard, and said that in view of the service given the state by the guard, the latter ought to be favored by the Legislature. General Cannon called attention to the fact that about ever since the guard was organized, the Legislature had been petitioned for a state armory, but in view of the expenses of the Carbon county campaign, whether the Legislature would make an appropriation, was a matter of doubt.

Governor Wells was asked to secure an invitation from the war department for the Utah state troops to take part in the regular army maneuvers at Fort Riley or elsewhere. Gen. Cannon reported the only Carbon county campaign bill yet unpaid was one from the railroad charging two cents per mile.

Governor Wells asked each one of the company commanders to recommend some member of his command as candidate for appointment to the Jefferson guard at the world's fair.

REUNION OF SEVENTIES.

Fourth and Fifty-Seventh Quorums,
Spend a Pleasant Evening.

Recently in some of the quorums of the Priesthood a pleasant social custom has arisen in the nature of conjoint meetings, which partake somewhat of a social character. One of the most enjoyable of these took place in the Eleventh ward assembly hall on Monday evening last, when, on invitation of the Fifty-seventh quorum of Seventies, located in the above named ward, the members of the Fourth quorum, residing in the Twenty-first and Twenty-seventh wards, joined the former in one of those functions. The latter furnished the first part of the program, which consisted of the following interesting address: "The Spirit of the General Conference," by Elder J. A. Williams; "The Benefit Accruing to the Church by the Smoot Investigation," Elder Rulon M. Owen; "The Present Unity of

After this a complete surprise was sprung upon the visitors in the shape of an excellent musical entertainment and banquet, at which these toasts were given: "The Fraternity of the Priesthood," by Elder John H. Kelson; "The Gospel Net," by Elder Benjamin Goddard; "The Seventy," by Elder Joseph H. Coulam; "Remarks," Bishop Robert Morris. The menu was substantial and the toasts, the tables being served by a score or so of charming young ladies. All present pronounced it a profitable and delightful affair.

NEW STREET GRADE.

Engineering Committee to Report in Favor of N. East Temple Improvements.

At the meeting of the city council committees last evening the engineering committee decided to report in favor of the 10 per cent grade for north East Temple street from First to Second North. A number of the property owners objected to that grade because it will necessitate a cut 27 feet deep at the top of the hill. The committee after hearing the property owners in regard to the matter decided to make the grade as stated above as was established some years ago.

The committee on streets and engineering took up the matter of widening the street which leads to City Creek canyon and decided to meet with the property owners on the street tomorrow morning at 10 o'clock to see what agreement can be reached as to the purchase of sufficient ground from them to widen the street. It is thought that the land can be purchased for about \$1,500, as the residents along Canyon road are anxious to have the improvement made in the street.

The petition of the Rio Grande Western Railway company asking for a franchise to construct two spur tracks across Fifth West street between Third and Fourth South streets, was acted upon favorably by the municipal laws committee.

The same committee also decided to increase the license of peddlers to \$100 per annum payable quarterly.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. The liver is the seat of the condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—a good liver remedy for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists. G. G. GREEN, Woodbury, N. J.

WESTERN MARKET LETTER

Special Correspondence.
Kansas City, Mo., Monday, April 12.—Supply of bred cattle last week was liberal, and a good deal of it was good quality, and sold at a gain of 15 to 25 cents over previous week. Colorado fed steers, 1,200 pound and over, sold at \$4.80 on Friday; other sales of western steers were at \$4.45 to \$4.65. Western stockers of good quality were about steady at close of week with close of previous week, but medium to common kinds lost from 10 to 20 cents. Good feeders made a slight gain during the week, on account of favorable fat cattle markets. Colorado feeders, 950 to 1,000 pounds sold at \$3.30 to \$4.00, and a big string of 419 pound Texas steer brought \$3.70. Cows and heifers sold fully steady throughout the week, closing possibly a shade higher. Some lots of fed western heifers sold at \$4.00 to \$4.25, and western cows sold up to \$2.80. Run today is light at 6.00 head, and market is steady on everything except heavy fed cattle, which are 5 to 10 cents lower. The light run here prevented much of a decline, although Chicago reported a lower market; as there were scarcely enough cattle to go around at this point today.

Mutton prices gained 20 to 30 cents last week. Receipts are expected to run lighter in the near future, as practically all of the winter fed stuff has been marketed from local feed lots, and there is not much more Colorado stuff to move. Arizona sheep will not be ready to market before June, and the Texas marketing will also be late. Dealers, therefore, are here bidding prices within the next few weeks. Market is strong to 10 cents higher today, and light weight lambs sold at \$5.00, the top price of the season. Westerns sold up to \$5.30; and ewes at \$5.00.

DAN GROSVENOR SAYS:

"Pe-ru-na is an Excellent Spring Catarrh Remedy—I am as Well as Ever."

HON. DAN. A. GROSVENOR, OF THE FAMOUS OHIO FAMILY.

Hon. Dan. A. Grosvenor, Deputy Auditor for the War Department, in a letter written from Washington, D. C., says:

"Allow me to express my gratitude to you for the benefit derived from one bottle of Peruna. One week has brought wonderful changes and I am now as well as ever. Besides being one of the very best spring tonics it is an excellent catarrh remedy."

DAN. A. GROSVENOR.

In a recent letter he says:
"I consider Peruna really more meritorious than I did when I wrote you last. I receive numerous letters from acquaintances all over the country asking me if my certificate is genuine. I invariably answer, yes."—Dan. A. Grosvenor.

A County Commissioner's Letter.
Hon. John Williams, County Commissioner, of 317 West Second street, Duluth, Minn., says the following in regard to Peruna:
"As a remedy for catarrh I can cheerfully recommend Peruna. I know what it is to suffer from that terrible disease and I feel that it is my duty to speak a good word for the tonic that brought me immediate relief. Peruna cured me of a bad case of catarrh and I know it will cure any other sufferer from that disease."—John Williams.

ALL WHO USE ATOMIZERS in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cts. Sold by druggists or mailed by Ely Bros., 56 Warren St., N. Y.

New Orleans, Sept. 1, 1900.
Messrs. Ely Bros.—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lambertson, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

W. E. Griffith, Concan, Texas, writes:
"I suffered with chronic catarrh for many years. I took Peruna and it completely cured me. I think Peruna is the best medicine in the world for catarrh. My general health is much improved by its use, as I am much stronger than I have been for years."—W. E. Griffith.

A Congressman's Letter.
Congressman H. Bowen, Rusk, Tazewell county, Va., writes:
"I can cheerfully recommend your valuable remedy, Peruna, to any one who is suffering with catarrh, and who is in need of a permanent and effective cure."—H. Bowen.

Mr. Fred D. Scott, Larus, Ohio, Right Guard of Hiram Foot Ball Team, writes:
"As a specific for lung trouble I place Peruna at the head. I have used it myself for colds and catarrh of the bowels and it is a splendid remedy. It restores vitality, increases bodily strength and makes a sick person well in a short time. I give Peruna my hearty endorsement."—Fred D. Scott.

Gen. Ira C. Abbott, 906 M street, N. W., Washington, D. C., writes:

"I am fully convinced that your remedy is an excellent tonic. Many of my friends have used it with the most beneficial results for coughs, colds and catarrhal trouble."—Ira C. Abbott.

Mrs. Elmer Fleming, orator of Reservoir Council No. 168, Northwestern Legion of Honor, of Minneapolis, Minn., writes from 235 Polk street, N. E.:

"I have been troubled all my life with catarrh in my head. I took Peruna for about three months, and now I think I am permanently cured. I believe that for catarrh in all its forms Peruna is the medicine of the age. It cures when all other remedies fail. I can heartily recommend Peruna as a catarrh remedy."—Mrs. Elmer Fleming.

Treat Catarrh in Spring.

The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring.

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address: Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
