THEATRE. - This evening, for the benefit of Mrs. M. Bowring, will be presented the romantic American drama, in four acts, of "Moll Pitcher, or the Fortune-teller of Lynn," Mrs. Bowring taking the character of Moll Pitcher, Miss Adams that of Rosaof Moll Pitcher, Miss Adams that of Rosalie Elliston, the other characters by the full
strength of the company. Miss Emily
Bowring will dance a hornpipe, and Mr.
Harry Lorraine will appear in one of his
popular songs and dances.

The entertainment will conclude with
the excellent farce of "Family Jars," in
which the favorite comedian, Mr. P. Margetts, and Mr. H. Bowring and Miss
Adams will appear.

The weather is fine and promises to be
favorable, the programme is a very good
one, and the friends of the beneficiare will
doubtless muster in force upon this occa-

Hopes For Accommodation.-The Cleveland Plaindealer hopes the "Mormon question" will be settled by some sort of accommodation, as it thinks the bulk of the "Mormons" are "honest and sincere, though shamefully deluded," and this fact "should have great weight in securing comparative leniency from the govern-

If the "Mormons" asked for leniency or needed it, the recommendation would be all very well, but such is not the case. If they meet with even-handed justice it is much more than they expect, and is all they ask of their fellow-men.

WISE JUDGMENT AND BROAD HUMANITY NEEDED .- Every Saturday of January 5th, has the following paragraph-

"Congressman Dawes has contributed a series of interesting papers to the Congregationalist on the Mormon problem and the Issues therein involved. They clearly show that he used his eyes and ears to good advantage when in Salt Lake City last summer, and prove that he will not be found among those who favor the short and sharp method of treatment. We have several times more or less directly brought forward the opinion that the utmost of wise judgment and broad humanity are needed at this juncture. While on the one hand the Mormons cannot be allowed to violate the laws under the cloak of religion, on the other hand packed juries are an abhorrence to civilization, and we are bound by every consideration of right feeling to keep in generous remembrance the innocent "Congressman Dawes has contributed in generous remembrance the innocen

We know of no "Mormons" who wish to violate wholesome and constitutional laws-on the contrary they are the most peace and good order-loving, law abiding people we have ever met with. The fact is, laws are made, and existing laws are interpreted, twisted and perverted, with the express view of causing the "Mormons" to transgress overtly, inasmuch as every avenue of escape from such a trap is intendedly and carefully sought to be shut, exand degrading avenue of denial of religion, of which we think no real "Mormon" will ever avail himself.

UTAH COUNTY .- Bro. C. D. Evans, of Springville, informs us that the Jolly Boy's Troupe, of Spanish Fork, gave a concert in ult, which was highly entertaining to the credit to the performance. We understand it is the design of the Troupe to pay a visit to the southern settlements. MR. Harry Lorraine in a song and dance to

CHINAMEN AGAIN .- It will be remem bered that Sam Lee, Ah Quinn and Ah Dook were charged with assaulting Lewie Ah Chong with intent to murder.

On this charge the Court discharged the charge of an assault, with intent to commit bodily injury on the said Lewie Ah Chong, which is now being investigated in Justice Clinton's Court, before a jury. Judge Hoge for the prosecution, and Hon. Thomas Fitch for the defence.

It improves Appetite and Digestion, and it is unrivaled for its favor.

We are directed by Messrs. Lea & Perrins to prosecute all parties making or vending counterfeits.

JOHN DUNCAN'S SONS, d257 eo d 6m Agents, New York. Although it is said the Celestials are be-

ing tried, the testimony is not the most harmonious; it appears that the injured man and the parties assaulting belong to two different companies, and cherish a terrible animosity towards each other, so much so that it is difficult to procure an interpreter. The Court adjourned at 1 p.m., to meet again at 3 o'clock.

THE SOUTH .- Our traveling agent in the southern counties, writes from Millard County that the papers by the mails arrive very irregularly, somstimes none and sometimes two or three together, and this of course is not only aggravating to subscribers but it also operates injuriously by discouraging subscriptions. The roads in the south, as here, were muddy enough, the people of Millard County were prospering generally, a good spirit prevailed among the Saints, and the general feeling was "to stand true to our religion without any defection or discount."

CORRUPT.-Senator Trumbull is reported to have said recently in the Senate, "If there is anywhere in the world, a worse civil service than that of the United States, I pray to God to deliver that people from it."

Mr. P. Margetts in "Family Jars" to night bill, providing that no Territory shall be admitted to Statehood until possessing

enough inhabitants to entitle it to one member of the House of Representatives, (135,000,) the Chicago Times says: -

"This is chiefly significant as an expression adverse to the admission of Utah. This Congress cannot, of course, bind the next, or any succeeding Congress by any such provision. The rule would be a bad one, if it could be made binding, and probably it was not the intention to do more than intimate that the members who voted for the amendment were not yet prepared to admit the Saints to the privileges of Stateship. The haste of the House to commit itself on this question can hardly be considered praiseworthy. It may be, and probably it is, inexpedient to admit Utah; but fairness to the Saints, and a due regard for the general welfare, would have dictated the propriety of giving them a hearing."

IN A SUNDAY SCHOOL DANCE .- "Lula" writes us the following pleasant letter-"On the evening of the 27th Dec., just as our sabbath school dance was in operation, the DESERRY NEWS, bearing the above date, and containing "Annie and Willie's Prayer," was brought by the mall, and the little Christmas story happened to attract the attention of one of our principal teachers, who conceived the pleasant idea of calling the little ones to order and scated noiselessly while he read them the story. It "took" aplendidly, not a whisper nor the moving of a foot was heard while the story was being read; and I guess tears might have been seen in more than one pair of infant eyes.

The instant the reading was completed, the door opened and to the great surprise of many of the little folks, in walked old "Santa Claus," cane in hand with long white hair, hump back, old fishioned coat and two great baskets of candy, which was handed around among little less than two hundred Sabbath School scholars, most of whom were highly delighted with Santa Claus and his good feelings toward the

pearance and simple expressions of gener-cally. But some of the youngest were really frightened, which rendered it neces-sary to explain to them that the Santa Claus present was merely a representation of the real one, and a person of no more importance than one of our Sabbath School superintendents.

"Some who were present may not have children, made manifest by his kind ap-

"Some who were present may not have enjoyed these little incidents as intensely as I did; but for my part, I thought them worthy of note, and take the liberty of sending this little sketch to you, Mr. Editor, for publication, should you think Ms. H. Bowring in "Family Jars" to-night

"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWOM N" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

It will be seen by this table that the popularity of the Singer Machine for exceeds that of all others, that sale being one half areater than even that of the famous "Wheelet & Wison" machine. This is owing to the fact that the Singer Company have lately commenced making, bestder their old and well-established manufacturing machine, what is known as their "New Family Machine," which is settling at the rate of nine to one better than their old style." Their total union for 1959 were \$1,761 machines against the 127,835 of 1879, showing an increase of one-balf in the latter year."—New York Sun,
