PRESBYTERIANS AND TEMPERANGE

After Acrimonious Debate They Endorse American Anti-Saloon League.

IS SAFE, SANE AND EFFECTIVE.

Resolved That Permanent Committee should Not Embark Upon or Interfere in Political Work.

Columbus, O., May 22,-Following two hours of exciting debate, which at times became acrimonious, the Presbyterian general assembly today accepted without a dissenting vote resolutions declaring that the permanent committee on temperance should not embark upon or interfere in political work, and endorsing the American Anti-Saloon league as a "safe, sane and effective organization in the advancement of temperance." The assembly pledged to the league the fullest co-operation sistent with the constitution of the report of the committee on

The report of the committee on church polity was presented by Rev. Dr. William P. Fulton of Philadelphin. An overture from the synod of Indian Territory, asking the assembly for a deliverance on the subject of how the church might secure representation in non-ecclesiastical temperane organizations, had been referred to this committee. It reported a resolution that while commending the achievements of the Anti-Saloon league. Women's Christian Temperance union and like societies, the assembly reaffirms the policy of the church to avoid official tepresentation in non-ecclesiastial bodies, but raises no objection to its members or ministers connecting them. nembers or ministers connecting themselves with such societies as individ-

Rev. E. O. Whitwell of Oklahoma Rev. E. O. Whitwell of Okjahoma. City immediately took the floor in opposition to the report and made an impassioned plea in behalf of the work which he had been doing in connection with the Anti-Saloon league toward securing a provision for prohibition in the constitution of Oklahoma. He declared that he had been threatened by the brewery interests, who had told clared that he had been threatened by the brewery interests, who had told him that when the Presbyterian general assembly met he would be "called off his perch." When threats had failed, he said, an effort had been made to buy him off with contributions to his church. He pleaded with the assembly not to put a burning torch in the hands of the brewery interests.

When Rev. Mr. Semple proposed that the report of the committee on polity

When Rev., Mr. Semple proposed that the report of the committee on polity be passed and that the report of the standing committee on temperance be received, the assembly acquiesced, Rev. Dr. Dosker of Louisville, as chairman of the latter committee, re-ported that the committee had acted adversely on the overtures asking that the Inter-church. Temperance federathe Inter-church Temperance federa-tion movement be abandoned and the Anti-Saloon league endorsed. The committee recommended that the basis of agreement for the Inter-church fed-

of agreement for the inter-church led-eration be approved for reference to the inter-church congress to be held at New York in 1908.

The first part of the report adverse to abandonment of the Inter-church Temperance federation was adopted, but the second part, deferring the defi-nition of the duties of the permanent committee on temperance, raised a committee on temperance, raised a storm of protests. Rev. Dr. Semple de-clared there would be no further delay, that the question at issue would be decided now. Shouts of approval greeted

this declaration.

At this point Dr. W. O. Thompson, president of the Ohio State university, ame forward with the substitute res lution, barring the permanent temperance committees from any participation in political affairs, and which was subsequently adopted. In reply to questions, he said he would not object to an endorsement of the Anti-Salor league, and Rev. Dr. Semple thereupo offered an amendment endorsing the

From that time on until 5:10, when a vote on the resolutions was taken, the time was occupied with exciting de-bate, during which the moderator fre-quently found it necessary to vap for

T. P. O'CONNOR ON REJECTION OF IRISH BILL.

Dublin, May 22.—T. P. O'Conner, M. P., in a speech before the United Irish lengue of Great Britain, which met today in Dublin, instead of England, because the members attended yesterday's Nationalist convention, said that the situation created by the convention's rejection of the Irish bill imposes new and large duties, and may necessitate some change of policy. He added:

"Instead of reaching the end of the chaper of Irish misgovernment, we have to open a new chapter. I believe the house of lords was determined to destroy the Irish bill in any case, but

5.5.5. PURELY VEGETABLE

way in which it affects the system is a very important factor. When the

system is infected with the germs of disease as in Rheumatism, Catarrh,

Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc.

every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indiges-

tion, or eating out the delicate livings and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest

points in its favor, and is one of the principal reasons for its being now the most widely known and universally used blood medicine on the market.

It is made entirely of healing, purifying roots, herbs and barks of the for-

ests and fields. These are selected for their well known curative properties,

and are known at the same time to possess the qualities to build up and

strengthen every part of the system by their fine tonic effect. Not only is

S. S. S. the king of blood purifiers, but it is the one medicine that may be taken with absolute safety by young or old. We guarantee it non-injurious

and offer a reward \$1,000 for proof that it contains a particle of mineral in any form. S. S. S. is a safe and reliable treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and any

and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral

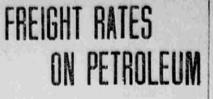

medicines fail. If you are suffering with any form of blood disease write for our book on The Blood and ask for any medical advice you may desire;

if it had been satisfactory the bill would have marked the closing of a certain chapter in Irish history. Now we have to recommence the work. There is now imposed on the Irish the obligation of making a stronger, sterner and more energetic struggle. I believe that the rejection of the bill has not retarded for a single hour the erec-

tion in Ireland of a great assembly to make the laws of Ireland on Irish soil," Mr. O'Connor was re-elected presi-

TELLER HARVEY'S TRIAL.

Charged With Making False Entries

In Books of His Bank.

In Books of His Bank.

Pitisburg, May 22.—Thomas W. Harvey, formerly paying teller of the Enterprise National bank of Allegheny, which failed two years ago for over a million dollars, was placed on trial in the United States district court today. Harvey is charged with making false entries, abstracting funds and aiding T. L. Clark, the cashier, who committed suicide, to misapply funds. Edward P. McMillan, bookkeeper of the institution, pleaded guilty to similar charges. The case of Harvey was then called.

dent of the league.

Shown by Banks, 116 South

Washington, May 22.-Freight rates on petroleum and its products from Ohio and Pennsylvania to St. Paul, Omaha, Sioux City, and Sioux Falls constituted the subject of healing today before the interstate commerce

The complaint does not hinge upon preferential rates given to the Standard Oil company, for it is admitted that the rates are uniform. The complaint is that the tariffs in force are excessive

and unreasonable.

Frank F. Fretter, secretary of the National Refining company of Cleveland, the principal witness of the complainants, the National Petroleum association, complained of the rate from Ohio points to Omaha, which he said was the sum of the local rathes through Chicago, or 4015 cents ner 100 rounds. was the sum of the local rathes through Chicago, or 40½ cents per 100 pounds. Witness explained that the western field was controlled by the Standard Oil company from its Kansas territory. "In going with our products into this territory, monopolized by the Standard Oil company," said Mr. Fretter, "the excessive rate which we are charged will show you how we are held up by the railroads."

On cross-examination, Atty, Downes of the Burliagton line asked Mr. Fretter how he was injured by the Cleveland-Omaha rate of 40½ cents. He said that the Standard people had a rate of 13 cents per 100 pounds from the Kansas field in Omaha, and they could not compete with that.

"Hasn't the geographical position of the Standard in Kansas something to do with its low railroad rates?" asked Mr. Dawes.

"Yes," replied the witness, "but our "Yes," replied the witness."

do with its low railroad rates?" asked Mr. Dawes.
"Yes," replied the witness, "but our rate is excessively high and we are seeking a fabr rate in order to be better able to compete with the Standard."

Mr. Fretter explained further that the eastern oil was of a higher grade than that produced in the Kansas field, and that he received a higher price for it in competition with the Kansas oil. "How much higher?" the institution, pleaded guity to similar charges. The case of Harvey was then called.

Three other employes of the bank and Forest Nichols, secretary to William B. Andrews, territorial delegate to Congress from New Mexico, will also be tried in connection with the failure. When the bank failed two years ago it was given national publicity owing to published rumors of the part politics had played in wrecking the institution. President Roosevelt wrote a letter to the department of justice concerning the affair. There was a state fund of \$1,000,000 in the bank, and this was later made good by the directors of the bank. Clark, the cashier, who was a business associate of W. B. Andrews, was interested in several New Mexico railroads, and on the morning after the bank examiner discovered the shortage he shot himself.

"How much higher?"

"Three or 4 cents a gallon."

According to calculations made by witness and counsel, a difference of 4 cents a gallon would make a difference in price of about 64 cents a bundred pounds.

"Then you get hook your frients as

"We've got to get it back or bust,"

adjustment of rates would not be pos

not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Z. C. M. I. Drug Dept., 112-114 Main St. bought

Ean Diego, Cal. May 22—Ships of the Pacific squadron have won highest honors of the United States navy for every class of which it contains a vessel. The Boston, a cruiser, has won the trophy over every ship in the entire navy for the highest general average made in target practise for this year. The only trophy which the squadron has not won is that for battleships, and that may be because the squadron has no battleship. The following ships broke world's records at target practise: Boston, with 6-inch and 8-inch guns. Charleston, with 6-inch guns. Charleston, with 6-inch guns. Chicago, with 8-inch and 6-inch guns. WILL TRY TO COMPEL HARRIMAN TO ANSWER.

Chicago, with 8-inch and 5-inch guns. These facts are set forth in the report just received by wire by Admiral Swine-burne, giving the order of final merit of the 12 ships of the navy which led in general averages for scores made during the recent target practise for this year as follows:

One. Boston, winner of the trophy; two, Raleigh; three, Illinois; four Kearsage; five. Chicago; six, Charleston; seven. Yorktown; eight, Preble; nine. Stockton; ten, Wilkes; eleven, Delong; twelve, Hull; thirteen, Pani Jones.

Of the 13, the Boston, Chicago, Charleston, Yorktown, Preble and Paul Jones are members of Admiral Swine-burne's fleet. Washington, May 22.—It is not the intention of the interstate commerce commission to await the result of the proceedings to compel E. H. Harriman to answer certain inquiries that were put to him in the New York investigation before taking action on the general subject of the investigation. In the opinion of members of the commission, it may be a year or more before a final decision can be reached regarding the refusal of Mr. Harriman to answer questions. The proceedings will be instituted in New York the latter part of this month, or the first of next month. It is expected that if the court upholds the commission, Mr. Harriman will carry the case to higher courts. Should the lower court's decision be adverse to the commission, it is probable that it will carry the matter up, inasmuch as a right of the commission is involved.

The case would have been brought earlier, but the attorneys of the commission have been engaged on other work. The arguments in the Standard Oil cases, which are to take place in St. Paul, will occupy the attention of Attys. Kellegg and Severance, and they will not be able to take up the Harriman matter until after these are finished. Without reference, however, to the determination of that question, the rommission will consider the merits of the general inquiry into the Harriman lines and reach its conclusion on the facts presented. The indisations are that a determination of the case will be reached in a few weeks. Returned to Kill Her Paramour and

Muncie, Ind., May 22.—Barricaded in a box car in the outskirts of the city, Tony Miller, who shot and killed his wife last night, today exchanged shots with his pursuers. Shots were exchanged intil Miller had emptted his revolver. He received a bullet in his leg and was captured. He had returned to the city, he said, to kill the man who was with his wife last night when he killed her.

STANDARD OIL CASE.

Hearing Will be Before Full Bench of

U. S. Circuit Court at St. Paul.

St. Paul. May 22.—Milton D. Purdy of Washington, assistant attorney-gentral of the United States, arrived in St. Paul today to assist in the prosecution on the government of the case against be Standard Oil company, which is to ome before the United States circuit ourt Priday.

"The purpose is to show," he said, the intimate relations between John D. tockefeller and members of his family.

I. H. Rogers and Henry Flagler in suspense allied oil companies and arganizations; to divulge the methods they have unsued; to trace their close connection brough a score of companies organized order various names; to show such a control of these substidiary companies by the thandard oil company of New Jersey, as give the holding company a monepoly of the oil business throughout the United tands in restraint of trade and in violation of law."

The hearing will be before the entire each. Judgest Sambern, Vandevanter.

States in restraint of that the states in faw."

The hearing will be before the entire bench, Judges Sanborn, Vandevanter, Hook and Adams, The United States will be represented by Frank B. Kellogg of St. Paul, Charles H. Merrison, special assistant, and M. D. Purdy, assistant attorney-general The Standard Oil company will be represented by John G. Mulburn of New York, John Priest of St. Louis and W. F. Miller of Chicago.

SAN FRANCISCO FACES A GIGANTIC LOCKOUT.

San Francisco, May 22.—The precipitation of a fearful industrial struggle in this city in throwing down the gauntlet to trades unloss by declaring a gigantic lockout of the thousands of building craftsmen engaged in the work of rehabilitating San Francisco for a long time hung in the balance this afternoon at a meeting of the principal. ernoon at a meeting of the principal builders and contractors and represen-tatives of the manufacturers. Several speakers declared that the only solution

or froubles in San Francisco was the "open shop," and urged immediate war upon the unions and a "fight to the faish without quarter," by the cessation of all building operations until the employers could pay without loss to themselves.

Agitators and the applications and the country of the labor troubles in San Francisco was th

Agitators and the exorbitant demands Agilators and the exorbitant demands of the unions, it was asserted, were the cause of the present conditions in San Francisco and the only way to secure industrial peace was to break the back-bone of unionism.

Other speakers with equal vigor op-posed such radical action, urged more

Other speakers with equal vigor opposed such radical action, urged more conciliatory tactics in dealing with the situation, pleaded for the rights of labor organizations and pointed out the posisble results of such a tremendous struggle between capital and labor. The conservatives finally won and succeeded in having a resolution adopted calling for the appointment of a committee of five representing the builders and contractors to confer with the unions with a view of securing peace for at least one year.

one year.

The meeting was the outcome of persistent rumors that some of the building orfatsmen were on the point of demanding further increases in wages. President S. H. Kent of the builders' exchange presided.

BROWNSVILLE INQUIRY.

Senate Committee Making Investigations May Go to Texas.

Washington, May 22.—The senate committee on military affairs, which is investigating the Brownsville affray, committee on military affairs, which is investigating the Brownsville affray, held an executive session at the close of the hearing today to determine whether the committee shall go to Texas to take testimony. No agreement was reported. Several members of the committee argued that the testimony taken here proves that negro troops did the shooting and that nothing would be gained by the trip. Likewise it was intimated by several senators that there was no occasion to call any more witnesses. Senator Foraker took exception to this and was supported by the three or four senators who have sided with him. It was decided to summon several more witnesses from Brownsville and to examine the experts at the Springfield arsenal who made the report on the shells picked up after the shooting. The question of going to Texas will then be considered again.

Fred E. Stark and Fred Tait, mounted customs inspectors, with headquarters at Brownsville, and Herbert Elkins, a clerk in a confectionery store there, were on the stand today. Tait is the were on the stand today. Tait is the

ters at Brownsville, and Herbert Elkins, a clerk in a confectionery store there, were on the stand today. Tait is the man who struck a negro soldier over the head because the soldier had brushed aside women who were standing on the sidewalk.

Elkins testified that on the night of the shooting affray he occupied a room in the Leahy hotel, from which he saw two negro soldiers come up the alley from the garrison and fire two or three shots each into the Cowan house, a group of about eight men following, and group of about eight men following, and from that party he saw the flashe and heard the reports of two or thre additional shots. As the me, passed u additional shots. As the mer passed up the alley he said he saw shooting from the garrison and that it appeared to come from the balcony of company B barracks.

PUBLIC UTILITIES BILL.

Albany, N. Y., May 22.—The senate this aftermoon passed the so-called public utilities bill by a vote of 41 to 6, after the defeat of several amendments proposed by Democratic senators. The bill was sent at once to the assembly for concurrence in the amendments made by the senate Republican caucus.

A little later they voted concurrence in the measure. This bill is one of Gov. Hughes' measures. It creates commissions, the members of which shall be appointed by the governor, with powers to supervise and regulate the operation of public corporations, both in the city and state of New York, and separate blds for each. In the city of New York the commission supervise, and for the reason that in this respect it touched the New York city government it must, before it becomes a law, be submitted for the mayor's approval, it is anticipated that Mayor Mc-Ciellan will withhold his approval, but as only a majority vote is required to pass a measure over the mayor's veto. It cannot fail to become a law. Albany, N. Y., May 22-The senate this termoon passed the so-called public util

"Then you get back your freight rate in this increased price at which you sell your product?" suggested Atty.

"We've got to get it back or bust," replied Mr. Fretter.

Mr. Fretter thought a fair rate from Cleveland to Omaha would be 22½ cents per 100 pounds.
"In other words, you want to ship oil from Cleveland to Omaha in competition with the producers in the Kansas field?" said Mr. Dawes.

"Yes, that is it," replied the witness.

Mr. Dawes indicated that such an adjustment of rates would not be nos-
