CHRISTIAN PSYCHOLOGY.

Bp. Fallows Overwhelmed With Applicants for Treatment.

Chicago, Jan. 2 .- Bishon Fallows began tonight at St. Paul's Reformed Episcopal church his demonstration of the efficacy of Christian psychology as a cure for human ills. He was so overwhelmed with applications for treatment that in place of giving individual treatment he was compelled to treat his "patients" in a measure en masse. More than 130 persons appeared at the hour appointed for his demonstration. After outlining briefly what he doemed to be the limitations of the psychological method, Bishop Fallows gave private interviews to those with whom he had appointments and invited the others to come at a future time. In outlining the plan, he made it plain

that mental suggestion must not be confused with an attempt to eliminate the physician's skill. He said that the there will be none. physician and the clergyman must work hand in hand. He read letters which he had received asking for aid. One he had received asking for ald. One was from a medical student in Balti-more. "If the writer of this letter were here tonight," said the bishop, "it would do him much good. None of you here but has been affected by the influence radiated during this meet-ing. We are all subject to impressions which alter the current of consciousness and which so remold the atom. A recognition of this is at the bottom of my method." ing. EXPLOSION KILLS WOMAN. Rochester, N. Y., Jan, 2.—In an ex-plosion that wrecked a building of the Rochester Fireworks company today, one young woman, Sadie Ernest, was instantly killed; a second, Mrs. Lillian O'Connor, recently married, was so badly injured that she died at a hos-pital a short time after being taken there, and May Callighan was serious-ly burned, but is expected to recover. The explosion blew out one side of the building and caused the roof to fall in.

front of the Japanese and then the trouble started. "There were knife blades flashing everywhere in the dark," said McDon-ald today, in telling of the fight. "It was no fault of the Japanese that we were not all killed. They tried to kill us for we were only three against a score and they knew very well that we were not armed. We simply fought back with our fists with the blood spattering around until we were ence in March, before which he will be formally tried. The charges against Dr. Shaeffer are based principally upon the finding of an unsigned letter, which it is alleged he received from Mrs. Deichley while he occupied rooms at the hone of Mrs. L. M. blinded. "Frost was first knocked to the ground and it was while he was helpless that the Japanese carved up his face. It was merely an accident that they did not cut off his head for they tried hard enough. I broke free finally and ran toward the alley which ends at the police station. There I met a sergeant and two officers and we went back. The Japanese did not try to justify their presence or their fighting with knives. They simply fied." Only four Japanese have so far been arrested and all are held on charges of attempted murder. The most seri-ous feature in popular view is that the Japanese section is practically an armed camp against the whites of Vancouver. Two thousand men live together there ready to resent the slightest interference. The present in-stance is regarded as particularly flag-rant because the young men were in uniform with firemen's caps and for aught the Japanese knew they might have been attacking pollceme. The correspondent concludes: "Vancouver has been a little ashamed of herself since the fightful attack of New Year's morning is just now being regarded in some quarters as showing complete justification. There is not any particular danger of another big riot in Vancouver except for just one thing-a murder. That is what authorities are afraid of." TRADES COUNCIL DISCUSS IT. Hall of the Hell Gate forest re-serve, one of the largest on the conti-nent, says today in his annual report, that during the year closed Jan. 1 not \$1 was lost by fire in the reserve. TRADES COUNCIL DISCUSS IT. Portland, Or., Jan. 2.—A special to the Oregonian from Vancouver, B. C. says: Tonight, the Vancouver trades and la-bor council discussed the Japanese question. There was a large attendance of laboring men. It was seriously pro-posed that if there was no legal ma-chinery by which the police could go through all the houses of Japanese-town to search for knives and revolvers, and thoroughly disarm the Japanese, then the laboring men should arm themselves with revolvers for cases of emergency. The situation is admittedly serious, in the view of the labor men and the assertion was made that the mayor and the civic authorities are fearful to act lest they should offend the Japanese government or the consul. The declaration was made that Powell street is an armed arsenal and that the Japanese are ready to fight with knives and guns at the slightest provocation or excuse. No resolution was passed on this sub-iect but a resolution was passed re-ferring to Police Magistrate A. Wit-New York, Jan. 2.-Col. W. C. Grand Copper company, which was an Ariozona corporation. Grant asked for the examination of Greene before the trial and also an in-spection of the books and records of the companies. Greene appealed from this order to the appeliate division, which affirmed the order of the lower court. Grant then obtained another order di-recting Greene to appear for examina-tion June 17 last, but he did not do so, and an order was obtained from Judge Dayton punishing him for contemp. He was then allowed 20 days in which to appear, but did not comply with the mandate of the court. The matter of his punishment for con-tempt of court, and also of his associ-ates, was next brought up before Judge Glegerich, who holds that a single fine of \$250 must be inflicted, for which each defendant shall be severally liable.
