

INCENDIARY FIRES JEOPARDIZE LIVES

Tenement and Apartment Houses
In New York Scenes
Of Panic.

TWO VICTIMS MAY DIE.

Stairways on Lower Floors Were
Burned Out, Cutting Off Escape—
Several Taken to Hospitals.

New York, Feb. 27.—Two persons were burned so severely that they may die, a dozen more were severely hurt and scores were rescued from perilous positions by firemen in two early morning fires today. Although in widely separated sections of the city, it is believed that both fires were of incendiary origin.

The fire in which many were injured was in a tenement house at 43 east First street. The flames were not noticed on the third floor about 2 o'clock this morning. Before those sleeping on the upper floors were aroused the fire had spread throughout the third floor, cutting off all escape by the stairways. Even before the firemen arrived the fire escapes were crowded with scantily clad and badly frightened men and women, many of them carrying children in their arms. So close were the tenants crowded on the fire escapes that the openings were choked and they remained there less until the firemen raised ladders and took them down to the street. Several persons who were caught by the rush of flames on the third floor were badly burned. Calogero Barlalette and his daughter, Lena, aged 13, inhaled flames and are in a critical condition. Several others who were taken to a hospital suffering from burns and bruises will recover.

COOLIDGE AND GRANFIELD CONFIRMED BY SENATE

Washington, Feb. 26.—The senate today confirmed the nominations of Louis A. Coolidge of Massachusetts to be assistant secretary of the treasury, and Charles P. Grandfield of Missouri to be first assistant postmaster-general.

Several Democratic senators expressed the opinion that Mr. Grandfield's appointment to so responsible a position should not have been made. It was pointed out that he was connected with the postoffice department during the recent scandals, holding a position of trust, and it was said that he should have been cognizant of the wrongdoing on the part of his superiors. It was shown, however, that Mr. Grandfield received the promotion to first assistant postmaster-general because of his long service in the department and that he had earned an enviable reputation. It was also intimated that the appointment was in the interest of the nomination of Secretary Taft for president.

"FIGHTING BOB'S" MEN HUNT FOR OLD THINGS.

Lima, Peru, Feb. 26.—Rear Admirals Charles M. Thomas, William H. Elder and Charles S. Sperry and 40 officers of the American fleet, together with 80 Peruvians, headed by the minister of war, Gen. Elguero, proceeded on horseback this morning to Pechacama, about 15 miles from Lima, to inspect the famous ruins there. They lunched beside the ruins of the temple of the sun, where friendly toasts were drunk. The director of the excavation for relics for the visiting Americans, and a number of valuable relics were found. The excursionists returned to Lima at 9 o'clock tonight.

There was also an excursion to Mount Meigs for the sailors, and, in addition, a number of the visitors went to the Infernillo ravine to inspect the bridge there.

Boston Engineer Trades Misery
For Joy and Gives Thanks
To Young Cooper.

SINGS PRAISES OF OHIOAN

Just One of Many Interesting Stories
Picked Up at the Cooper
Headquarters.

Boston, Feb. 26.—Nothing has done so much to arouse the people of Boston as the immense number of people who have been relieved of various diseases by a preparation known as Cooper's New Discovery.

This preparation is being introduced in this city for the first time by L. T. Cooper, the young philanthropist, who has made and is making a fortune by its sale. The medicine is prepared at Dayton, Ohio, and is sold for various forms of stomach trouble. It is now being sold in Boston in such enormous quantities as to have caused a general discussion by physicians throughout the city.

Cooper claims that nine-tenths of all the ills of mankind emanate from a disordered stomach, and stated early during his visit that his medicine would overcome all such troubles as kidney and liver complaints simply by restoring the stomach to normal condition.

A reporter who spent an hour at Cooper's headquarters, secured statements from a number of people who had tested this theory. The following story was related by Wm. H. Short, an engineer employed at the Hotel Touraine, Boston, and living at 3 Hall Street, Medford, Mass., and is similar to all the rest. Mr. Short said:

"For a long time I have been troubled with a distressed feeling after eating. Gas formed on my stomach and I was troubled with heartburn and the usual symptoms that accompany dyspepsia and indigestion. My stomach would bloat and the abdominal area would expand until I was in agony. I did not know what was the matter with me, and the doctors were as ignorant regarding my trouble as myself. Nothing I tried gave me the desired relief."

"I was attracted by the accounts of the work of Mr. Cooper, and concluded to try his New Discovery medicine. I experienced almost immediate relief, and since taking several bottles of this preparation I am feeling like my old self again, and life now seems to be worth the living. I will always have a warm spot in my heart for Mr. Cooper and his remarkable medicine."

These statements and others like them go far toward accounting for Cooper's immense success here and elsewhere. So far every claim made by the young man seems to have been verified.

about 5 o'clock this afternoon shot the president of the college and inflicted probably fatal injuries and then shot himself. Durrell died a few moments later. The shooting occurred on Eleventh street, near Stark, in front of a fashionable apartment house, less than a block from Washington street, and was within view of hundreds of people who were passing along this prominent thoroughfare.

RAILROADS ASK FOR EXTENSION

Requirements of Nine Hour Law.
They Say, Cannot Be
Complied With.

OPERATORS ARE TOO SCARCE.

Petitions to Interstate Commerce Commission Also Point Out That Many
Stations Would Be Closed.

Washington, Feb. 27.—Operating officials of railroads from all parts of the country today were in attendance upon the hearing given by the interstate commerce commission upon an extension of time of going into effect of the nine-hour law. Thirty-seven applications were received by the commission asking for the extension. Two of them already have been denied, those of the Georgia Southern and Florida railway and the St. Joseph and Grand Island railway, because in the opinion of the commission, the petitioners did not show what, in the terms of the act, would constitute "good causes" for granting the relief requested. The applications of the other 35 lines are being held as open because the petitioners are substantially identical. All of them assert that they have found it impossible to procure the services of the necessary number of men to comply with the provisions of the law; and that if they could obtain the necessary operators, the enforced employment of so many additional men would be a financial hardship which the carriers could not be subjected to.

POINT OUT HARDSHIPS.

Nearly all of the petitions also indicate that, in the event the law is enforced, the companies will be obliged to close many small stations on their lines, thus interfering with the service. The companies also point out the hardships to the traveling and shipping public and preventing the prompt movement of trains.

Among the roads which have filed applications for extension of the law are the Oregon Railroad & Navigation company, Oregon Short Line, Atchison, Topeka & Santa Fe, Southern Pacific and Union Pacific.

It is regarded as significant that, with the exception of the New York Central lines, none of the great eastern roads have made application for extension. In the northwest, the Great Northern and the Northern Pacific are not represented among the applicants. It is assumed that the companies which have not applied have made arrangements to conform to the provisions of the law when it becomes effective on the fourth of March.
