

## COLLEGE IS NOW A UNIVERSITY.

L. D. S. Institution Takes Another  
Step Forward.

GETS A BROADER CHARTER.

Authorized to Have Colleges, Mu-  
seums, Gymnasiums, Libraries, Lab-  
oratories and Galleries of Art.

The Latter-day Saints' College has  
taken another step forward, and is  
now known as the Latter-day  
Saints' University.

The change in the name and in the  
scope of the powers and duties of the  
institution was made last evening, at a  
meeting called for that purpose.

The necessity for the change of the  
name and functions of the institution  
was in this way. The trustees of  
Latter-day Saints' College have recently  
received a charter from the church  
authorizing them to take over the  
property of the former institution, the  
property comprising in the main, a  
block of real estate in the Eighteenth  
ward, valued at about \$50,000.

The trustees of Young University,  
through one of their number, Apostle  
B. H. Young, asked the trustees of  
Latter-day Saints' College whether  
they would accept the property of the  
former, and whether the college  
would be willing to make such changes  
in its articles of incorporation as  
would be necessary to conform to the  
provisions of the deed of trust of the  
Young University for the heirs of the  
late President Brigham Young, who  
had formerly been the owners of the property.

The college trustees, in a meeting  
called for that purpose, and instructed  
the attorney, F. S. Richards, to compare  
the two sets of articles of incorporation  
and to propose such changes in the college  
articles as would completely carry out  
the provisions of the deed of trust of  
the Young University.

As a result of Mr. Richards' recom-  
mendations, the following changes  
were made last evening in the articles  
of incorporation, and the objects of the  
association, as now given are:

To found a university, with colleges,  
academies, schools, institutes, mu-  
seums, galleries of art, libraries, labora-  
tories, gymnasiums, and all proper  
accessories, wherein instruction of the  
respective grades shall be given to both  
sexes, in science, literature, art, me-  
chanical pursuits and in the principles  
of the Gospel as taught by the Church  
of Jesus Christ of Latter-day Saints;  
to give the corporation power to endow  
professors or establish scholarships  
therein, and prescribe the courses of  
study, and the conditions under which  
diplomas, honors, testimonials and de-  
grees may be granted, etc.

This change puts the institution upon  
a better footing, with a more compre-  
hensive and liberal charter, and also,  
in effect, changes the name of the in-  
stitution, giving it a higher rank than  
it has held heretofore.

## DEISE OF PIONEER LADY.

Mrs. Mary E. Crowther, Member of  
Handcart Company, Called Hence.

Mrs. Mary Ellen Crowther, a member  
of the handcart company, died at her  
home in the Fourth ward yesterday af-  
ternoon at the age of 78 years. Her  
long years of toil and hardship had  
worn her body out, and she went to  
her final sleep like a weary child. She  
was born in Lancashire, England, and  
crossed the plains under the conditions  
usually stated, over fifty years ago.  
She was the true type of the thrifty,  
English woman, qualities that  
induced her to leave the life of the  
pioneer. Her strength of character  
and pure influence were felt wherever  
she went. Always ready to help  
those in need, she won many  
friends. She is survived by a husband,  
William Crowther, and several children.  
The funeral will be held from the  
Fourth ward meeting house, Sunday,  
at 2 p. m. The remains will be  
interred in the home, rear of  
30 West Seventh South, from 1 to 3  
p. m. tomorrow.

## WITH THE JUSTICES.

Like Fitzgerald, the Murray saloon  
keeper who pleaded guilty yesterday to  
lewdly to running a gambling house  
and assault and battery, was sentenced  
yesterday afternoon, for gambling he  
was fined \$75, and for the other charge  
\$25. The fines were paid.

## BRIEN-SING.

A Yorkshire lass and a celestial lad  
were married at Evanston, Wyoming,  
on Tuesday last, and the circumstances  
connected to the ceremony are said  
to be not without romantic interest.  
The father of Tom Sing, the groom,  
lived at Newlands, Yorkshire, England,  
and married an English girl. Tom is  
one of the resultant children and in his  
childhood days was a playmate of May  
Brien. At an early age he left home,  
but returned there about five years  
ago, again meeting May Brien, with  
whom he fell in love. Both families were  
acquainted the young people were  
able to be often together and Tom  
received a promise from the English  
lass that when she became of age she  
would marry him. He came to Salt  
Lake and engaged in the laundry busi-  
ness, saving up considerable money,  
for his bride-to-be. She came and  
they were married at Evanston, both  
appearing to be happy in the union.

Mrs. Brien is said to be a sister of  
Mrs. Tom Ogden, at 411 West Second  
street, but upon a reporter visit-  
ing the house at that number this  
morning no one was at home. A visit  
to Sing's place of business on West  
Temple street also disclosed the fact  
that he was not to be seen just now.

weak constitution. The vitalizing prin-  
ciple of HERBINE will assuredly

lating, regenerating power unequalled

## CINCINNATI'S LEAD BROKEN.

New Yorkers Are Working Hard for  
the Championship.

SHUT OUT THEIR ENEMIES.

In the American League Game Be-  
tween Boston and Detroit, the  
Former Were Shut Out.

It appears that Cincinnati's long  
streak of good luck has been broken  
by the Giants who are now 66 ahead of  
the former leaders. Yesterday's game  
was undoubtedly interesting. Cin-  
cinnati was shut out from runs and  
secured only two hits, making as many  
errors. New York did not do much  
better, making but one run, eight hits  
and three errors.

The "trolley dodgers" had a chance  
to get even with the Chicagoans and  
they made the most of it. They had  
their batting clothes on and hit the  
Chicago pitcher seventeen times. They  
made but one error and brought in fif-  
teen runs to the visitors' seven. The  
latter made six costly errors.

There was a shut out in the Ameri-  
can league, Detroit played an error-  
less game and presented the bean-  
eaters with a goose egg. A glance at  
the score will show that the Railways'  
former pitcher was on the firing line  
for Boston, none other than big Ben  
Beville. When Beville jumped his con-  
tract with the Railways to go to Bos-  
ton he told his friends what he was go-  
ing to do to his enemies. Well, he lost  
his first game. Exactly what his  
"friends" here said he would do. They  
also said he would lose a good many  
more. Detroit made seven hits and  
three runs.

The College trustees, in a meeting  
called for that purpose, and instructed  
the attorney, F. S. Richards, to compare  
the two sets of articles of incorporation  
and to propose such changes in the college  
articles as would completely carry out

# The SPRING MEDICINE IS Hood's Sarsaparilla

In thousands and thousands of homes,—in  
cities, towns and villages,—three doses a day  
of this great medicine are now being taken by  
every member of the family.

In some homes, even the visitor is given a  
teaspoonful with every meal.

Why such wide and general use? Because

Hood's Sarsaparilla has proved itself by  
its wonderful effects in cleansing the system of  
all humors, overcoming that tired feeling, creat-  
ing appetite, clearing the complexion, giving  
strength and animation, the best of all Spring  
medicines, so that it is *par excellence* the  
Spring Medicine.

Take it.

"It is about twelve years since I first saw Hood's Sarsapa-  
rilla advertised, and we began using it as a Spring medicine.  
We have used it every year since with good results and I recom-  
mend it to others for impure blood and that tired feeling."  
MRS. I. STEWART, Claridge, Pa.

Accept No Substitute for Hood's Sarsaparilla.

French champion, Thompson alleges  
that he gave the money to Perry to  
bet on Pons, who lost the match,  
but since claims to have evidence that  
Perry did not bet a cent and also that  
he fixed the match to make it appear  
that Pons had really lost.

Cup Races Postponed.

Boston, May 25.—The Hull-Massachu-  
setts races for the Lawson cups will be  
postponed until early in the fall, as  
the result of the Shamrock accident.  
The date now set for the race in which  
the Independence, Shamrock and Con-  
stitution are expected to contest for  
the \$1,000 cup is September 2.

Lajoie the Bitter.

Lajoie is the bitterest wonder of the  
game, says the Denver Post. Never in  
the history of the national pastime did  
a man hit the ball so hard and with  
such regularity as the big Frenchman  
who is playing second base for the  
Philadelphia American league team at  
present. He has played nineteen games  
and hit a batting average of .614, a percentage almost in-  
credible. In twenty games played so  
far he has made twelve two-base hits,  
five three-base hits and three home  
runs. To say nothing about the man's  
hite among our whole team. It's right  
occasionally win a game under those  
circumstances. In a joking way the  
other day Comiskey said: "No hit un-  
der a two-bagger ought to count for  
Lajoie and then he ought only be al-  
lowed one base. It's the only way we  
can stop his great batting streak."

CRICKETERS HURRYING.

Telegraphed for Paraphernalia for  
the Club.

The secretary of the new cricket club  
recently organized in this city yesterday  
telegraphed a "rush" order to Chicago  
for the paraphernalia of the players.

Wrestler Arrested.

Montreal, May 25.—Detectives O'Keefe  
and McMahon have arrested at Ham-  
ilton, Ont. Dan MacLeod, the wrestler,  
and Manager Perry on charges of con-  
spiracy and fraud in the alleged swin-  
dling of a man named Thompson out  
of \$2,500 in the recent wrestling match  
here between MacLeod and Pons, the

The new, wickings, etc., cost the club  
a little over \$50 and when they arrive  
Boise will have one of the most thor-  
oughly equipped cricket clubs and  
play grounds in the northwest. It is  
the wish of the local cricketers to get  
up a game as soon as possible. Much  
"chirping" is being done, and a great  
deal of interest is manifested on all  
sides.—Boise Statesman.

HORSE RACING AT CALDER'S.

Preparations for Decoration Day and  
for Rest of the Season.

Decoration Day is considered to be  
an ideal one for horse racing in Ameri-  
ca, both on account of the weather and  
the fact that the first summer holiday  
comes on that day. Lovers of the  
sport in Salt Lake have, therefore, ar-  
ranged for a meet at Calder's Park on  
May 30th, and are promising some  
very interesting events. During every  
day there are horses in training at  
the park preparatory to the races, while  
the track is being rolled and put into  
proper shape against the day of the  
contest.

Calder's Park itself, too, is receiving  
much attention at the hands of Man-  
ager Peters.

The first pleasing change that greets  
the eye of the visitor is a neat, white  
picket fence in front of the park, re-  
placing the old yard-high, high-board  
enclosure of former days. Then a new  
handstand has been erected near the  
east end of the lake and grass has  
been planted on the grounds close by.  
Here will be given concerts during the  
season by Hauerbach's band of eleve-  
teen pieces. The same organization  
also furnishing the music for the dan-  
cing at the pavilion. Around under the  
big trees near the entrance to the park  
have been arranged the tables and  
benches for family picnics, the grounds  
having been thoroughly cleaned up and  
water hydrants handily placed for the  
accommodation of visitors. Summer  
houses, iron swings, boats, bowling al-  
ley, shooting gallery, horse and bicycle  
races, music, dancing, etc., are among  
the things which are put forth to  
amuse the people. The lake has been  
cleaned out and is now in splendid  
condition, and a "stern-wheeler" excursion  
boat, capable of carrying nine persons,  
has been put on. This will be pro-  
pelled by a man sitting as if astride of  
a bicycle and treading in a similar  
manner. Food and other refreshments  
are to be furnished at the restaurant,  
and, and, and, and, and, and, and, and,  
stands. Taken altogether, Manager  
Peters thinks he has a resort that  
ought to bring to itself considerable  
patronage, and he says he is deter-  
mined to make everything which  
may be for the comfort of visitors shall  
be supplied. He announces that there  
is to be great improvement in the  
transportation service; that when a  
car is loaded on State street it is to  
go on to the park without stopping  
and that only those cars that are par-  
tially filled with passengers shall be  
allowed to stop to pick up local traffic.  
In this way Mr. Peters expects to keep  
clear of congestion of traffic, and in  
his efforts to do so he is cheerfully  
seconded by the Rapid Transit peo-  
ple.

College Team Won.

In the game yesterday afternoon  
with the teams the L. D. S. won by  
a score of fifteen to six. The victory  
to say it was closely contested. This  
morning the college boys went to  
Bingham to play the famous Live Oaks.

WARD ENTERTAINMENTS.

The entertainment given in the  
Fifteenth ward meeting house last evening  
for the benefit of the Young men's  
fund, proved to be most enjoyable. The  
program consisted of a solo and chorus,  
May Little and twelve little Sunday  
school boys and girls, solo, Lucille Grant  
recitation, Ed Matlock solo, Miss Lillie  
Frye, solo, "Madame Pattifrit," song,  
Catherine McClellan, "The Ho-la-Ho-la  
Man," twelve little tots; character duct,  
Stanley Clawson and George B. Mar-  
golis. A special feature was a song  
and dances rendered most cleverly by  
Miss Catherine McClellan, a 19-year-old  
girl.

EIGHTEENTH WARD.

The Sunday school children of the  
Eighteenth, rendered the operetta,  
"The Merry Company," of the "Coral  
Plebe," in a very creditable manner,  
under the direction of H. E. Giles, Jr.  
The principals were Irma Clawson,  
John Browning, Parley Giles, Lawrence  
Clayton, Lucille Frye, Camille James,  
Grace Grant and Alta Kimball. There  
were seventy boys and girls in the  
chorus, and their work reflected great  
credit on themselves and their young  
director as well. At the close of the  
operetta, "Young Men's Fund," H. E.  
Giles, Jr., entertained the audience  
with a few very clever legere-dmain  
acts. The same bill goes tonight.

ELEVENTH WARD.

An entertainment will be given in the  
Eleventh ward on Friday evening, June  
7, for the benefit of Elder Horace S.  
Edgins, their Japanese missionary. It  
will be under the direction of the Re-  
turned Missionary society of the ward  
and a very fine program is promised.

SOCIAL AND PERSONAL.

Last night Miss Elizabeth Hughes,  
one of the faculty of Cambridge Uni-  
versity, England, who is in the city,  
was tendered a reception show at the  
Cambrian society at the home of Mr.  
and Mrs. W. N. Williams, on north West  
Temple street. Only those of Welsh  
nationality were invited. The house  
was tastefully decorated, and the evening  
was most enjoyably spent, addresses  
being made by Arthur L. Thomas, presi-  
dent of the Cambrian association, D.  
L. Davis, vice president, and Miss  
Hughes, and musical selections being  
rendered by Mrs. Lizzie Thomas, Ed-  
ward, Miss Wimmer and John James.

The University normal graduates  
were entertained at the home of Prof.  
Wm. Stewart last night, about eighty  
being present. A delightful evening  
was spent.

Mrs. D. P. Hemstead entertained  
at a delightful party this afternoon  
in honor of Miss Emily Katz. The  
evening was a kitchen show and was  
enjoyed by about fifteen guests.

## Rheumatism

Rheumatism is due to an excess of acid in the  
blood. When this escapes through the pores of the  
skin, as it often does, it produces some form of skin  
eruption—some itching disease like Eczema or  
Tetter—but when these little tubes or sweat glands  
are suddenly closed by exposure to cold and sudden  
chilling of the body, then the poisons thrown off by  
the blood, finding no outlet, settle in the membranes,  
muscles, tissues and nerves. These parts become greatly inflamed, feverish  
and painful, maddening pains follow in quick succession, the muscles become  
hot; dagger-like, the nerves break down and the sufferer is soon reduced to a state  
of helplessness and misery. This acid poison penetrates the joints and seems to  
dry out the natural oils, and the legs, arms and fingers become so stiff and sore  
that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while they may give temporary  
ease, cannot be called cures, for the disease returns with every change of the weather.

S. S. S. cures Rheumatism by  
working a complete change in  
the blood; the acids are neutral-  
ized, the circulation purified and the  
rich, healthy blood that is car-  
ried to the irritated, aching  
muscles and joints, soothes and  
heals them. S. S. S. cures Rheu-  
matism even when inherited or  
brought on by the excessive use  
of mercury. Opium, in some  
form, is the basis of nearly all  
so-called Rheumatic Cures,  
which deaden the pain but do  
not touch the disease and lead  
to ruinous habits. Alkalies and the petash and mineral remedies so often pre-  
scribed, act on the tender lining of the stomach and the digestion, thus  
adding another burden to the already weak and impoverished blood. S. S. S. con-  
tains no mineral or dangerous drug of any kind, but is a simple, vegetable  
remedy and the most perfect blood purifier known. Send for our book on Rheu-  
matism and write our physicians if you wish any information or advice. We would  
be glad to mail you a book free; we charge nothing whatever for medical advice.
