FORTY-SEVENTH CONGRESS.

HOUSE.

WASHINGTON, 3.—The House resumed the consideration of the Alabama contested election case, Wheeler being accorded the floor to close the argument on his own behalf.

At the conclusion of the argument he yielded to Springer, who contended Lowe to be seated. He gave notice that he would offer a resolution recommitting the case and instructing the committee to ascertain the number of tissue ballots cast for either party and to report who was elected after rejecting such ballots.

Hazleton demanded the previous question, pending which, Springer moved to recommit with instructions, and placed that motion in the form of a resolution and preamble. The preamble sets forth that the number of so-called depositions offered by the contestants were never certified and did not show that any of the pretended witnesses were sworn, and that some of the depositions had been changed since the examination.

At this point Reed objected to a further reading, claiming the preamble was merely a speech, and made a point of order that it was not proper to be incorporated in a motion to recommit. In arguing his point of order, he stated that the allegations in the preamble were untrue, and that the resolution had come in under false pretenses, inasmuch as the gentleman from Illinois had merely given notice that he would move to recommit, with instructions.

Randall said it was due to the gentleman from Illinois, (Springer) to state that the preamble was not drawn up by him, but was placed in his charge after he had concluded his speech.

Springer declared he had acted in perfect good faith, and that if the gentleman from Maine (Reed) insisted to the contrary, he was acting without the slightest foundation. If he were the honorable gentleman that he (Springer) had always regarded him, he would, in the face of the House and the country, withdraw the intimation of bad faith and falsehood. Did he do so?

Reed—He does not.

Springer—Then I state that the gentleman takes chances of doing what an honorable gentleman should not do, in imputing bad motives and false motives to another member.

Reed—I am ready to take it.

The Speaker ruled that the resolution was in order on the ground that portions of the preamble were in the nature of a debate.

Springer was successful, however, in getting the preamble in the record by appealing from the decision of the Chair. The appeal was laid on the table.

Springer then moved to recommit with instructions to the committee to ascertain the number of tissue ballots cast for either Lowe or Wheeler, and to report the resolution giving the seat to the one having the highest number of legal votes, after rejecting all such tissue ballots.

The motion was lost; yeas 91, nays 142; a party vote, except Smith, of New York, who voted with the republicans.

The previous question was then ordered without division.

Hazelton closed the debate with an hour's speech in favor of the contestant.

A resolution declaring the contestant entitled to the seat was adopted—yeas 149, nays 3.

Hardenburg, Phelps and Rice (Ohio), and Lowe appeared at the bar of the House and took the oath of office.

On motion of Springer the Senate joint resolution passed for printing the memorial address of James G. Blaine upon the life and character of the late President Garfield.

Adjourned.

AMERICAN.

The Stars.

WASHINGTON, 3.—There is a great deal of gossip among the lawyers here about the jury chosen to try the Star route cases, the government seems to be overmatched by the counsel for the defense, and it is asserted that the jury is not at all objectionable to the members of the ring. How much basis there is for the report that the jury has been fixed for an acquittal cannot be determined in advance of presentation of the evidence and the rendering of the verdict, the charge appears at present to be most unjust and indecent.

Guiteau.

The *Post* will state that Judge Carter will on Monday deliver a decision denying the motion for a new rehearing in the Guiteau case. All the judges of the Supreme Court district, after a consultation, decided every point raised in the motion had already been fully considered and decided. Eminent lawyers think there is no probability of a writ of *habeas corpus* being issued by any judge of the United States Supreme Court and that no legal measures will be taken in the case after the motion for a rehearing on Monday, except the legal execution of the sentence.

Killed and Stolen.

General Sherman has submitted to the Secretary of War the report of the board of which Major J. S. Witcher, of the Pay Department, was president, appointed to investigate as to the number of people killed, and the property stolen, etc., during the recent Indian outbreak in Arizona. The total killed were 42 persons; the wounded 9 in all, including Thomas, wife, and four Mexicans. The depredations committed, as reported by the citizens, involved an aggregate loss of stock and other property of $30,250, the principal sufferers being Reuben Purdy, O. R. Smythe, Ramon Gonzales, Dr. J. P. Welch, and Mrs. S. B. York. A copy of the report has been forwarded to the Secretary of the Interior.

Adverse Mining Claim.

The bill recently introduced by Senator Chilcott, of Colorado, provides that when an adverse claim is filed, the parties so contesting this patent shall, in case they fail to sustain their claim by proof, be liable to the applicant for patent or his grantees for a bill of expenses of the damages which shall be incurred by or result from the filing of such protest or objection. The object of the bill is to prevent annoyances and actual blackmail against applicants for patents. In many cases parties having no shadow of a title to a mining claim will file an adverse claim in order to be bought off and paid for not bothering the owners any longer. This is done so often in mining regions, and is such a source of annoyance to owners of property, that the bill is a true public benefit and ought to pass. It has the approval of Secretary Teller, as well as Senator Hill, chairman of the committee on mines and mining, to which committee it was referred. An amendment will be added requiring parties filing adverse claims to give security for costs.

After the Silver Dollar.

The *Evening Critic* says: Among the several Senate amendments proposed to the House bill extending the charters of national banks, is that of Beck's, relating to silver certificates, and that coin is the most important. A close examination of the House bill reveals the fact that it embodies a covert scheme for the practical demonetization of silver. The English, Dutch and German bankers who control the financial system of New York City, will never let up until they have wrought their revenge on the silver dollar. The western statesmen who proposed as a desperate remedy, to pour some red-hot silver down the throats of a few gold bugs, may turn out prophetic.

The Retirement Clause.

Regarding the compulsory retirement clause of the army bill for the officers of the army, Gen. Sherman expresses himself in favor of the bill, and that it would be fair and just, and with which the army would be compelled to comply. Gen. Sherman has heretofore said he hoped that a compulsory clause would be passed, and that no exception would be made in his case.

President Arthur and the Award.

The President and Secretary Folger arrived to-night from New York. The *Post* to-morrow will say: It is thought the President will veto the bill disposing of the balance of the Geneva award fund.

Canal Company.

Representative Page presented a petition from the Boards of Trade of San Francisco, Los Angelos and Portland, in favor of incorporating the Maritime Canal Company of Nicaragua to the House to-day.

The Eight Hour Law.

The Attorney General has decided that further legislation is necessary to enforce the present eight hour law.

The Strikers.

CHICAGO, 3.—One brick-making firm yesterday turned off 40,000 brick, employing non-union men, and they, as well as other firms, will run at full capacity next week.

Pittsburg, 3.—The labor situation has undergone no material change in the last 48 hours. To-day the amalgamated association of iron and steel workers held their annual picnic and reunion at Beaver, Penn. Delegations were present from this city, Wheeling (W.V.), Niles and Youngstown (O.), Newcastle and Sharon (Pa.) During the day fully 25,000 people were on the grounds. The affair passed off pleasantly and without any serious accident.

New York, 3.—The representatives of the Troy ironworks say orders are so large that they cannot finish those on hand. Local manufacturers of nails report immense orders from Pittsburg and from speculators in consequence of the strikes in the iron regions.

Wheeling, W. Va., 3.—The iron situation here is unchanged. Both sides profess confidence of final success. But until a longer time elapses there will be no data for an intelligent or reliable opinion as to the result.

Milwaukee, 3.—One thousand six hundred men will be out at the iron mills to-morrow. They are quiet, and claim to be able to hold out to the end.

Railroad Changes.

MINNEAPOLIS, 3.—President Villiard, of the Northern Pacific railroad, announces that his company has closed a purchase from the St. Paul, Minneapolis & Manitoba railroad company of the latter's line, along the east bank of the Mississippi river, between Watab and Anoka. He also states that the Northern Pacific company will now proceed to bridge the Mississippi at Anoka and from that point extend their purchased line into Minneapolis. These changes assure to the Northern Pacific a continuous line owned by itself, from Minneapolis to Brainard, on its trunk line, and from Minneapolis trains will reach St. Paul over the Chicago, Milwaukee & St. Paul. The Manitoba having disposed of its line on the east bank of the Mississippi will now complete its west side, or the St. Cloud & Minneapolis branch which thus becomes their main line.

Destructive Rains.

SPRINGFIELD, Ill., 3.—In the 24 hours ending with 6 a.m. to-day 3 and 79 hundredths inches of rain fell here, being the heaviest rain fall in any 24 consecutive hours in the last four years. Since the first of May to date a fraction over 14 inches has fallen here. The streams in this vicinity are greatly swollen and the bottom lands overflowed. The wagon bridge at Riverton is likely to go out to night and the branch bridge near that place, which stood the floods of last winter, is already gone. Some loss of stock is reported; and the damage to crops is considerable. Railroads centering here have been greatly interrupted and several bad washouts have occurred, but they are getting in order again and all damages will be repaired before Monday morning.

Coal Oil in Kansas.

BAXTER SPRINGS, Ks., 3.—Early this morning a report was circulated that men digging a well for J. H. Naylor, in the western part of the town, had struck a flowing vein of petroleum at a depth of 41 feet. Several leading business men at once went out and found that barrels of crude material had already been risen to the surface. Coal oil experts from the oil regions of Pennsylvania pronounce it genuine crude petroleum of extra good quality. It is easily ignited by the flame of a match and is very combustible. Great excitement prevails, and $10,000 has been offered for the 15 acre lot on which the well is situated. There is a movement on foot for the forming of a company to purchase the ground and put in machinery at once.

Mahoning Texas.

DALLAS, Tex., 3.—Circulars have been received from administration circles in Washington looking to a "Mahone" movement in Texas. The circulars are sent to republicans, Greenbacks and Independents and favors Wash Jones for Governor. A request is made to be forwarded to Washington a list of the counties that can be carried against the democrats; also a list of those that are doubtful, and the amount of money needed in a vigorous, red-hot campaign. Nearly all the opponents to the democracy are outspoken against the candidacy of General Robertson. They say he has little strength, is self nominated and promulgated his own platform. It is evident things are being fixed to support Jones.

Railroad Sale.

DALLAS, Texas, 3.—From a source eminently reliable, it is learned here to-night that the reported sale of the Chicago, Texas & Mexican road to the Gulf, Colorado & Santa Fe, is confirmed. The price paid is stated to be $16,000 per mile, instead of $19,000. It is said the papers are ready for signature and submission to the two directories, and a transfer of the property will be formally made July 1.

Hanged.

ATLANTA, 3.—Wm. Moon was sentenced to be hanged yesterday at Carrolton, but who received a respite of 24 hours on account of attempted suicide, was executed to-day.

RIVAL RAILROADS.

Fast Trains Running Neck and Neck.

CHICAGO, 3.—The fast time between the Missouri River and Denver, that is being made by rival railroads, is attracting a good deal of attention. The Atchison, Topeka & Santa Fe made the first move, announcing a schedule time of 28 hours between Kansas City and Denver. The Missouri Pacific division of the Union Pacific retaliated with a 26 hour train, and it now announces a new through schedule, embracing not only Denver, but also Cheyenne, Ogden and San Francisco. Beginning to-morrow, the trains will leave Kansas City at 9.45 a.m. and reach Denver at 8 30 a.m., the actual running time being 22 hours and 45 minutes. The same train will reach Cheyenne at 1.15 p.m., or 27½ hours, connecting with the overland train for San Francisco. A similar record is made east. Trains leave Cheyenne after the arrival of the overland express, at 3 p.m., leave Denver at 7.30 p.m., and arrive at Kansas City in 22 hours and 15 minutes. The Union Pacific threatens to make a hot fight now, and bring about even faster time. The Burlington will soon begin to run its passenger trains and will probably be a lively factor in the fight. As yet there has been no cutting of rates.

BRIEF TELEGRAMS.

Mrs. Mackay, the wife of the bonanza king, is expected to arrive at New York in the steamer *Brittanic*.

In Philadelphia, Mantran, known in connection with the Peruvian Company's affairs, was sentenced to seventeen months' imprisonment for larceny.

Caleb Campbell, colored, who attempted a criminal assault on Mrs. Paine, was taken from the Winnsboro, S.C., jail, last night, by a party of disguised men and hanged.

Nearly, 100,000 head of cattle and 20,000 horses have been driven through from Texas, so far this spring, for points north and east, and a great number are yet to come.

A kerosene oil can exploded at the residence of Alexander Adams, at Three Notch, Alabama, and set fire to three children, burning them to death. The accident was caused by attempting to fill a lamp while burning.

The Senate committee on Territories considered a bill to-day providing for the re-appointment of members of the legislative assembly in Montana. The committee also considered a bill to admit Washington Territory into the Union as a State, but came to no conclusion on either.

The Sultan has informed the French ambassador that the Porte is able to remove the difficulties in Egypt without a conference. The Sultan said he expected his commissioners would be obeyed. He felt quite confident of being able to restore Egypt to her normal state.

A Happy Thought.

The distinguished author, Mr. George William Curtis, writing editorially in Harper's Weekly, in regard to the memorial to the fact Longfellow, says: "The character of the memorial will be determined by a very competent committee. There have been various suggestions, but none is more happy than that of securing the broad field in front of the house and sloping gently down to the Charles river, over which is seen the low range of Brighton hills, which makes the horizon. The field would be one that was his. The prospect would be the same that he loved, and his statute, placed at one side, would look from his home towards his grave. It would not be be easy to suggest a more fitting or beautiful memorial."

Money for the National Dollar Subscription in honor of Mr. Longfellow should be sent to John Bartlett, treasurer, P. O. Box 1590, Boston, Mass.

The Purest and Best Medicine ever Made.

A combination of Hops, Buchu, Mandrake and Dandelion, with all the best and most curative properties of all other Bitters, the greatest Blood Purifier, Liver Regulator, and Life and Health Restoring Agent on earth.

No disease can possibly long exist where Hop Bitters are used, so varied and perfect are their operations.

They give new life and vigor to the aged and infirm.

To all whose employments cause irregularity of the bowels or urinary organs, or who require an Appetizer, Tonic and mild Stimulant, Hop Bitters are invaluable, without intoxicating.

No matter what your feelings or symptoms are what the disease or ailment is use Hop Bitters. Don't wait until you are sick but if you only feel bad or miserable, use them at once. It may save your life. It has saved hundreds.

$500 will be paid for a case they will not cure or help. Do not suffer, or let your friends suffer, but use and urge them to use HOP BITTERS.

Remember, Hop Bitters is no vile, drugged drunken nostrum, but the Purest and Best Medicine ever made; the "TEMPERANCE FRIEND and HOPS" and no person or family should be without them.

D. I. C. is an absolute and irresistible cure for Drunkenness, use of opium, tobacco and narcotics. All sold by druggists. Send for Circular. Hop Bitters Mfg. Co., Rochester, N.Y. and Toronto, Ont.

COMMUNION WINE!

Having purchased the Altar Wines made under the immediate supervision of the Rev. P. J. Kaiser in the vineyards of His Grace, Archbishop Alemany, at the Old Mission San Jose; also the Wines made for

ALTAR PURPOSES

Out of Col. Hooper's cellars at Sonoma, we herewith respectfully offer them to the clergy and others desiring an absolutely pure wine, made with the utmost care, and guaranteed of the vintages represented.

ARPAD HARASZTHY & CO.,

530 Washington St., San Francisco, Cal.

[S. F. Monitor Aug. 25 1881.]

The vital importance of having pure Altar wine for the celebration of the Holy Sacrifice of the Mass is a matter which always gives the greatest concern to the Rev. Clergy, who are also aware of the difficulty experienced in procuring really pure wine by those living in remote regions from grape-producing localities. This difficulty, however, has now been entirely overcome, and every priest throughout the Union can rely upon procuring really pure wine for altar use through the long-established and thoroughly reliable house of Arpad Haraszthy & Co., 530 Washington street, in this city, who have made arrangements with Rev. P. J. Kaiser to be the sole agent in this city for the sale of all the wines made at the extensive vineyards at the Old Mission, San Jose, as well as the altar wine made by Col. Hooper at Sonoma. The firm of Arpad Haraszthy & Co. guarantee the perfect purity of these altar wines and are prepared to ship them in portable packages, in any quantity desired, and so put up that they will retain all their richness during consumption. We think the enterprise of the house of Arpad Haraszthy & Co. is worthy of being encouraged, and we hope the Rev Clergy throughout the Union will avail themselves of this excellent medium in order to secure for Divine service one of the most essential auxiliaries to its proper celebration.

REV. DEAR SIRS: Referring to our circular, we herewith annex copy of letter addressed to Rev. P. J. Kaiser by the Most Rev. Archbishop Alemany of San Francisco, Cal

ARPAD HARASZTHY & CO.

ST. MARY'S CATHEDRAL, 613 California Street, SAN FRANCISCO, July 19, 1881.

The bearer, REV. P. J. KAISER, having to spend some time in the East, for motives of health, may have occasion to speak to those desirous of procuring a genuine article of pure wine.

To all such I would say, that the wines made directly by himself or under his direction, are pure and genuine.

For some years he has had under his charge for me the Diocesan Vineyards of the Old Mission, San Jose, Cal. And these Vineyards he has quite renovated and brought to a state of considerable perfection; therefore I know the wines to be pure and genuine. I have given other letters in spite provers more or less emphatory, but none so strong as I would desire: I make this, as in no other case did I have so good means of knowing.—And what I say for Father Kaiser's wines, I would say for his Olive Oil produced at the same place.

Very respectfully,

JOSEPH S. ALEMANY,

Archb. of San Francisco, Cal.

The wine is sold in original packages under seal, just as it leaves the vineyard. With such endorsement it may be relied upon for family and medical purposes. Family trade supplied by the bottle or cask, by
