

## Correspondence.

SALT LAKE CITY,  
Nov. 10, 1873.

Editor Deseret News:

In compliance with a request made to me by different parties I would ask the privilege to give a brief statement, in your columns, of the vast mineral resources of Southern Utah. First, allow me to say that I was surprised, beyond what I am able to express, at the great mineral wealth of Iron county, abounding as it does with iron ores and coal. The iron ores, so far as I am able to judge, surpass anything of the kind I have ever seen, both in regard to quantity and quality, and will make as large if not a larger yield in iron than any other iron ore now known. There are different classes of iron ores in Iron county, quite sufficient to guarantee success in the smelting operations of a blast furnace. There is the rich magnetic, the red hematite and other classes of ores which I do not care to designate from mere observation. Suffice it to say that the lowest grade I have seen will not yield less than 45 or 50 per cent. of iron, while others of a higher grade will yield from 70 to 75 per cent.

Upon the quality and price of iron ore, the success of an iron manufactory mainly depends, so that all iron ores should receive due consideration and examination, both as to quality and quantity before capital is invested for manipulation, so that when capital is secured it may be regarded as a safe investment in a stable business. These steps, so far as I can learn, have been taken and the proper assays made with satisfactory results, so that there need be no fear in the minds of any who have already invested their means, or those who may yet invest in the stock of the Great Western Iron Mining and Manufacturing Company of Utah. I am satisfied, from what I have seen and what I know of the results of the different assays that have been made of the iron ores of Iron County, in connection with proper care, judgment and economy in the construction of the proper works for the manipulation of the iron ores, that in less than five years from the present time the increased value of these iron mines will amount to 500 per cent. The only necessary step is to secure capital sufficient to develop Utah Territory as a manufacturing district. She has all the necessary elements stored away in these great mountains for the desired purpose. This golden opportunity stands out boldly from the tops of the mountains, inviting capitalists to take hold and secure for themselves a source of wealth which is perhaps not offered to any other people on so grand a scale. There are no doubt plenty of capitalists, north and south, east and west, who, if they were made acquainted with all the facts of the case, would not hesitate to invest in and construct works for the manufacture of all the different kinds of iron, to meet the demands of the market, and ere long the smoke and flame would ascend up over mountain tops, establishing the fact that experiments as regards the making of iron had become a thing of the past.

EDWIN D. WASSELL,  
Pittsburgh.OGDEN CITY, Utah,  
Nov. 9, 1873.

Editor Deseret News:

We have no cause to complain of the slow "march of civilization." I think in and around this city we are up with the spirit of the times. We can boast of our petty thieves, and our burglars, our manslaughterers, our murderers and our jail breakers. We have quite a respectable number of adepts in the art of appropriating to their own use their neighbors' property, in a manner which the vulgar would call stealing, but among the initiated it is called "presto," by which they simply mean property changing hands, a very common occurrence, although not always satisfactory to all parties concerned in the transactions. These are some of the fruits we have reaped, and the blessings (?) we have enjoyed since the advent of "civilization."

Yesterday afternoon an altercation occurred in a saloon at the depot, between Tom Thomas, alias "Squeaking Tom," and a colored man named Charley Mingo. The former is said to have called the latter a "G-d d black son of a b--h"; at the same time drawing on him (Mingo) a sling shot. The latter is

then said to have gone and possessed himself of a pistol, and, meeting Thomas in front of the Pulanski House, the quarrel was renewed, and words and threats ran very high. At this time Mathew Kinney, an engineer, formerly of the U. P., but now of the C. P. railroad, appeared and attempted to pacify the belligerents, when Mingo turned his weapon on Kinney, and fired, the ball taking effect in the abdomen, about four inches above the navel, and passing downward into the intestines from where it could not be extracted. Drs. Nellis & Brown are in attendance on the wounded man, but they give but little hopes of his recovery. I visited him this morning and saw the wound. He appears to suffer greatly from internal fever and hemorrhage. He lies in a very critical condition. He was on his way East to visit his friends when the untoward occurrence took place.

After the shot was fired, Mingo gave himself up to officer Parry, saying he had shot the wrong man. He now awaits an examination.

The tracklaying on the Utah Northern, hence northward, is progressing steadily, though not so rapidly as the superintendent desires. The first day was mostly consumed in improvising a "switch." The track is now laid to the Ogden river. A call is made for about forty more hands to work on the construction, which, if responded to, with the splendid weather we now have, will enable the superintendent to push forward the work to a speedy completion.

A good quantity of rock is already on the ground, and more is being hauled for the foundations of the buildings for the Ogden Iron Works. L. P.

## TERRITORIAL DISPATCHES.

PER DESERET TELEGRAPH LINE.

BINGHAM, Oct. 28.—In the McGinty examination, in regard to the shooting of Cody, McGinty was clearly exonerated, the decision of the magistrate being that McGinty acted in self defense.

BINGHAM, 8.—J. B. Kempton killed Charles H. Davis, at about 10-30. Kempton has twice been beaten by Davis, in a law-suit about some property. Yesterday a man employed by Davis struck Mrs. Kempton on the head with a rock, knocking her down, and injuring her severely. This is one of the causes of the shooting. Davis was killed instantly, two or three balls lodging in his breast. Kempton had a shot-gun loaded with large pistol balls, and it is supposed that was the weapon used. Kempton was instantly arrested by constable McGinty. Great excitement prevails.

OGDEN, Nov. 10, 1873.

Editor Deseret News:

Kinney died between 8 and 9 Sunday p. m., inquest to-day. H.

Sacramento has a glue factory in successful operation.

Mary Hedge, a native of Ireland, died suddenly from the effects of intemperance, at Sacramento, Nov. 4.

Cornelius has more new babies than any other town in Oregon, considering the number of inhabitants.

The corpse of a Mexican hog herder was found in the road near Encino, Cal., Nov. 4. There were gunshot wounds and bad bruises on his person.

James Gunning was knocked down in a street in San Francisco, Nov. 1, by unknown persons, kicked in the abdomen, and robbed. He died in agony Nov. 3.

Sheriff Adams, of San Francisco is supposed to have retained \$2,000 over his salary of \$8,000 and levied an assessment of about 43 per cent on deputies' salaries besides.

## LIST OF LETTERS

REMAINING in the Post Office at Salt Lake City, Nov. 7, 1873, which, if not called for within one month, will be sent to the Dead Letter Office.

## DIED.

At Brigham City, Nov. 4, of gravel and old age, CHESTER SOUTHWORTH, aged 81 years.

Deceased was born at Mansfield, Tolando county, Connecticut. He embraced the everlasting gospel in Canada, Feb. 25th, 1836; was baptized by James Blakeslee and confirmed by John E. Page; subsequently he lived in Far West, Caldwell Co., Mo., whence he moved to Warsaw, Ill., in 1839; afterward went to Nauvoo, where he was driven by the mob in the general exodus of the Saints; came to Kanesville in 1846, and afterward presided over the Olney branch; came to Utah in 1852, where he remained to the date of his decease. He lived and died a true-hearted man and a faithful Saint, leaving a great number of children and children's children. His funeral was largely attended, Nov. 5.—C.M.

In this city, this morning, Nov. 8th, at half-past 11 o'clock, at the residence of David R. Lewis, 17th Ward bench, of general debility, WM. JENKINS, aged 25 years. Funeral services to-morrow morning at 12 o'clock. Friends are invited to attend.

At 3 o'clock, Nov. 6, 1873, CARLOS ALFRED WOOLLEY, son of Bishop E. D. and Mary Ann Woolley, aged 5 years, 7 months and 1 day.

## PRICE OF GOLD.

Corrected daily by Deseret National Bank  
Buying at \$1.05; selling at \$1.08

CONSTIPATION.—The peculiar virtues of Dr. Price's Cream Baking Powder is shown in cases where there is a tendency to Constipation, food in which it is used is more easily digested and acts as a natural aperient to the bowels, overcoming acidity of the stomach and flatulency. Let those who are dyspeptic eat food made with Dr. Price's Cream Baking Powder and see how easily it is digested. We know of this powder and also Dr. Price's Special Flavorings, Lemon, &c., and do not hesitate to indorse them.

## NOTICE

In the Probate Court in and for Tooele County, Territory of Utah.

In the matter of the Estate of }  
O. E. BATES, Sen., deceased.

WHEREAS, the undersigned having been appointed by the Probate Court in and for said county and Territory, administrators of the said estate, these are therefore to notify all parties having claims against said estate to forthwith present the same, and those knowing themselves indebted thereto to come forward and settle at the earliest practicable date.

ORSON P. BATES,  
ORMUS E. BATES,  
Administrators of the Estate of Ormus E. Bates, Sen., deceased.  
Tooele City, Tooele County, U. T.,  
November 5th, 1873. w41 lm a

In the Probate Court in and for Salt Lake County, Territory of Utah.

ELIZA ANN MILLER, Plaintiff, }  
JACOB P. MILLER, Defendant. } In Divorce.

The People of the Territory of Utah,  
To Jacob P. Miller, defendant, Greeting:

YOU are hereby summoned to appear in an action brought against you by the above named Eliza Ann Miller, Plaintiff, in the Probate Court in and for the County of Salt Lake and Territory of Utah, and answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county, and if not within this county but within the Third Judicial District of the Territory of Utah, within twenty days; otherwise, if within the Territory, within forty days, or judgment will be taken against you by default, according to the prayer of said complaint.

This action is brought to obtain a decree in divorce from this Court dissolving the bonds of matrimony existing between this plaintiff and you, and for such other and further relief as may be proper, and cost of suit.

IN WITNESS WHEREOF, I hereunto set my hand and seal of said Court, in Salt Lake City, this 27th day of September, A.D. 1873.

D. BOCKH LT,  
Clerk of the Probate Court,  
Salt Lake County.
