10 PAGES—LAST EDITION.

MONDAY, APRIL 2, 1906. SALT LAKE CITY, UTAH.

FIFTY-SIXTH YEAR.

TOMORROW'S EVENTFUL DAY.

**Mitchell Will Meet Operators in
Final Attempt to Arrive
At an Agreement.**

BITUMINOUS MEN SANGUINE.

**In Charleston, W. Va., and Des
Moines. District Conventions in
Session Trying to Agree.**

**In the Anthracite Fields Order to Sus-
pend Work Obedient Almost to a
Man—Outlook Rather Dark.**

Indianapolis, April 2.—Although a half million members of the United Mine Workers of America did not resume work today, awaiting the granting of their wage demands by the coal operators of the country, there is nothing at the national headquarters of the union that indicates anything unusual has happened. All of the officials are out of the city, and a corps of clerks and stenographers is in charge of the office.

President John Mitchell is in New York to meet the anthracite operators tomorrow in a final attempt to arrive at an agreement in the anthracite region. Secretary Lewis is in Ohio, directing the strike in that state, and Secretary Wilson is at Clearfield, Pa., attending the joint conference of the Central Pennsylvania district.

Sainted M. Sexton, editor of the *Mine Workers' Journal*, the official organ of the union, is the only official in the city. Reports are coming from different states, but they are being forwarded to President Mitchell or held awaiting his return.

The feeling at the national miners' headquarters concerning the situation in the bituminous fields is sanguine. In West Virginia and Iowa, the district joint conventions between operators and miners are in session at Charleston and Des Moines, respectively, and it is hoped at national headquarters that the operators will meet tomorrow at Saginaw, the central Pennsylvania meeting will be held tomorrow at Clearfield, and the Kentucky at Louisville tomorrow.

In the Central competitive district, composed of Illinois, Indiana, Ohio and Western Pennsylvania, the miners are celebrating today the anniversary of the eight-hour day. The miners in all the districts have quit work, awaiting the signing of the scale demanded. It is anticipated that the operators in the southwestern district, composed of Missouri, Kansas, Arkansas, Texas, Indian Territory and Oklahoma will grant the scale demanded, and a prolonged strike may follow. In Ohio, Indiana and Illinois, the same question is anticipated.

John O'Connor, president of the Indiana miners' organization, announced today that all the operators in Indiana, south of the Baltimore and Ohio railroad, and several in the central part of the state, had signed their willingness to sign the scale.

John O'Connor of the Indiana operators said that not over two per cent of the tonnage in Indiana will sign the scale. All the mines in Indiana are closed today, except one or two very small ones, and the supply of local coal is short. There has been no trouble.

IN THE ANTHRACITE FIELDS.
Philadelphia, April 2.—Reports received today from the anthracite coal fields state that the order of the miners' scale committee directing that mining be suspended, except on a temporary basis, has been reached by the operators, who are obeyed almost to a man. In all three districts preparations were made by the operators for the resumption of work tomorrow. The miners were blown at the regular hour and everything was in readiness for the men to go to work, but there was no response by the miners and the day took on a holiday aspect.

Firemen, engineers and pumpmen were not affected by the suspension order, reported as usual, but it was a portent that the scores of empty coal cars which had been hurried to the mines, would be needed unless an agreement was reached between President Mitchell and the coal operators in their conference to be held in New York tomorrow.

The great many miners believe there will be a bitter struggle between the workers and their employers was evidenced by the departure yesterday of a number of miners from the Schuylkill region. A majority of these men are foreigners who go to their homes in Europe and there await the outcome of the pending strike.

At many of the collieries in the Luzerne-Wyoming district, the mines were taken from the mines, thus indicating that the operators would be made immediately to resume their work.

Quiet prevails throughout the districts.

A COMPLETE SHUTDOWN.
Kansas City, April 2.—There was a complete shutdown today in the bituminous coal fields located in the Southwestern district, composed of Missouri, Kansas, Western Arkansas and the Indian Territory. A few mines operated by the union men resumed as usual. No dissent was reported.

STRIKE TROUBLES IN IOWA ARE HERE FOR THE JOINT CONFERENCE TOMORROW. IT WAS STATED BY BOTH MINERS AND OPERATORS THAT WHILE IT WILL BE IMPOSSIBLE TO SET- TLE ON THE 1000 SCALE SCALE, AS PROPOSED FOR IN THE PERRY RESOLUTION AT INDIANAPOLIS, AN AGREEMENT WILL BE REACHED ON ITS EQUIVALENT. THE FIRST DAY OF THE STRIKE BEING OFF TODAY. ALL THE MINERS ARE ON Awaiting the action of the JOINT SCALE COMMITTEE.

A STORM CENTER.
Queenstown, Pa., April 2.—The storm center in the mining situation of this district is at Windber, where 4,000 men employed in the mines of the Fredrick-White Coal company are at work, as usual and in a few isolated cases, company hands are at work making repairs that are imperative.

At nearly all the collieries steam was up and whistles were blown as usual, but the miners were not out. Pickets were stationed at many of the mines to notify the foreign mine workers that there would be no work.

ALL WORK SUSPENDED.
Wilkes-Barre, Pa., April 2.—In compliance with the order of President Mitchell to quit work there was a total suspension of mining in the Wyoming region today. The engineers, firemen and pump operators are at work as usual and in a few isolated cases, company hands are at work making repairs that are imperative.

At nearly all the collieries steam was up and whistles were blown as usual, but the miners were not out. Pickets were stationed at many of the mines to notify the foreign mine workers that there would be no work.

AN INFERNAL MACHINE.
Explosion in Vestibule of Gov.-Gen's Palace at Askabad.

Askabad, Turkistan, April 2.—An infernal machine was exploded today in the vestibule of the governor general's residence, shattering part of the wall and blowing a gun which was mounted on the side of the entrance across the street but injuring no one.

TEACHERS FOR PHILIPPINES.
Hundred and Twelve New Americans To Begin Work June 10.

Washington, April 2.—One hundred and twelve new American teachers will begin their work in the Philippines this morning. They are being sent to the islands by the Philippine American Education Society, which is in session at New York. Of these teachers 100 are men and the 12 women are either wives, sisters or fiancées of men who are going to the islands to teach. They are being sent to the islands in the *U. S. S. Albatross*, which is en route to Manila. The new teachers will, for the most part, replace teachers who are tired of the school work in the islands, having come here from this country, or went into other work in Manila.

TWELVE NATIVES SHOT.
They Murdered Natal Policemen Engaged in Collecting Poll Tax.

Pietermaritzburg, Natal, April 2.—The 12 natives condemned to death for the murder of policemen during the uprising in February, against the collection of poll tax, were shot today. The execution led to the dispute between the imperial and colonial governments, were shot today.

THE RUSS SUPPRESSED.
Edition Confiscated for Travelling the Lenten Prayers.

St. Petersburg, April 2.—The edition of the Russian published today was confiscated by the police owing to the publication of a sacrilegious travesty of the Lenten prayers, written by M. Andrievsky, the famous feuilletonist, who was exiled to Siberia in 1902, owing to his publication of a pamphlet, reflecting on the imperial family, and was subsequently released. The edition of the Lenten prayers, supposed to be offered by the imperial family was made to read:

"Let the people pay our debts, but not as we pay our creditors."

**PLOT TO ASSASSINATE
SPANISH ROYAL FAMILY.**

Madrid, April 2.—Madrid, via the Frontier.—The Spanish authorities have discovered an anarchist plot at Leiria, 25 miles from Seville, the notorious center of the black hands, to assassinate the royal family during the visit of King Alfonso XIII. and his wife, Queen Christina, and the sister of the king, the infanta Maria Teresa, to Seville during Holy Week.

The conspiracy prevents the sending of details regarding the conspiracy.

**ZION CITY PROPERTY
TRANSFERRED TO GRANGER**

Chicago, April 2.—The open revolt against John Alexander Dowie, which took place yesterday, was followed today by the transfer of all the public property of the church of Zion to Alexander Granger, whose dismissal had been directed by Dowie in a telegram from Mexico.

A warranty deed and a bill of sale were filed today in the Lake county court at Waukegan, Ill., by W. C. Kolva, the present head of Zion, who was appointed by Dowie some months ago, by which all the lands standing in the name of Dowie and his wife, are made over to Granger, for the benefit of Zion City and the followers of Dowie generally. Voliva holds from Dowie a power of attorney, and by virtue of it, he has turned over to Granger every piece of real estate in Zion City, even to the bed of Dowie.

All the effects of "Shiloh House," the Dowie residence, the horses and carriages, the machinery in the mills and everything in the name of Dowie outside of personal belongings of the residents of the town has been taken away from the control of the deposed "First apostle."

Dowie, who is known as "Elijah II" and "First Apostle," of the church in Zion City, is in temporary exile in Mexico, whether he went partly to regain his shattered health and partly to carry forward one of his plantation schemes. His wife, an orphan, is claimed by the residents of Zion City, who have allied themselves with Voliva, who was called by Dowie from Australia to conduct the affairs of Zion City when Dowie's health became shattered.

BALLOTING OF WORKMEN FARGE

**The Election in St. Petersburg
Amounted to Little More
Than a Formality.**

GOOD DEAL OF BOYCOTTING.

**One Man Elected in Prison. Another
Declined Election for Fear
Of Persecution.**

St. Petersburg, April 2.—The elections of workmen within the limit of St. Petersburg proper were held yesterday, preceding the elections to the municipal convention which in turn will elect six members to the lower house of parliament. The balloting of the workmen, however, was almost a complete farce, as were the elections a fortnight ago, in the larger factories outside the city. The latter representatives will participate in the provincial convention and the former take part in the St. Petersburg municipal convention. Out of 67 establishments the workmen of 25 boycotted the election, and of the remainder only the minority voted and of those elected about one-half were Constitutional Democrats and the other half Conservatives or members of the "black hundred," as they are now popularly termed.

One man elected is now in prison, and another declined to go to the election for fear that it would subject him to persecution.

M. Oushakoff, one of the delegates chosen, is superintendent of the state printing office, and chief of the Independent Workmen's party which, like the famous *Udabot* organization, is supposed to be a creature of the ministry of the interior. The delegates of the workmen outside the city who had previously been elected simply to the city council, and are now being elected to the provincial convention. A number of them had been arrested since the elections and only four of those four Progressives and four Conservatives.

CHOOSING CANDIDATES.
Moscow, April 2.—In the plebiscite of Constitutional Democrats to determine on candidates for election to the lower house of parliament, Prof. Mourouloff and M. Koshchinskii are the leading names. Among the less prominent are Prince Paul Dolgoroukoff, Prof. Manuiloff, and Mm. Golovin and Teslinko.

INSURANCE MATTER.
Recorder Goff Instructs April Grand Jury to Take Them Up.

New York, April 2.—Recorder Goff, at the instigation of the April grand jury in the court of general sessions today, instructed the jury to take up insurance matters. These matters, he said, had been directed to his attention by Judge O'Sullivan, who presided over the March grand jury. He said it appeared to him that the March grand jury had been improperly instructed by both the district and District Attorney Jerome, that there was reasonable ground for the belief that the insurance companies had been committed in the insurance matter. He instructed the grand jury that it had the duty to inquire into the matter, as it saw fit.

**BUSINESS PART OF
BANNOCK, MONT., BURNED**

Helena, Mont., April 2.—The business of the town of Bannock, one of Montana's first mining camps and the first capital of the Territory in Bannock county, was practically wiped out by fire Sunday. The fire is supposed to have been of incendiary origin. The total property loss is about \$100,000, including the following: Clements' saloon and dance hall, \$40,000; Rydman's butcher shop, \$10,000; \$2,000; Archie Gibson's residence, \$1,000.

WHOLESALE COURT MARTIAL.
Four Officers and 112 Soldiers on Trial At Kiev.

Kiev, Russia, April 2.—Four officers and 112 soldiers of a sapper battalion, who declined to obey orders in December last to fire on demonstrators, are being tried by court-martial here.

ILLINOIS BANK FAILS.
Peoria, Ill., April 2.—The bank of Teas Smith & Co., at Peoria, Ill., failed today, owing to the failure of the bank of J. J. Albertson, as trustee.

Trustee Albertson issued a statement today, in which he urged the creditors of the bank to avoid useless litigation as it would only prolong a settlement of the bank's affairs.

No official statement of assets and liabilities has yet been made. The liabilities, due to depositors and other banks, are said to be in excess of \$400,000, against which there are assets of about \$250,000. The bank was founded by Teas Smith in 1866 and had continued as a private bank, with D. S. Smith as president, and Conrad Lussell as treasurer.

CONSUL AT BIRMINGHAM.
Washington, April 2.—The president has decided to appoint Albert H. Hays, an American consul at Birmingham, England, to succeed his brother, Marshall Hays, who resigned.

Well known Washington newspaper correspondent, and is the son of Murat Halstead.

RENEWED DISORDERS AT LENS.
Lens, France, April 2.—Renewed strike disorders have occurred in the mining region. The strikers at Gengou today destroyed a house with dynamite. There were no casualties. At Ponquiere and Hames, the strikers erected barricades which were charged by cavalry. One striker was wounded.

Four thousand strikers marched in the procession today at Bury, department of the Nord. Troops and miners who had refused to strike barricaded the roads and drove back the strikers.

There are now about 4,000 men on strike. The salivage work has not resumed since finding any other survivors of the district of March 10.

ANNIVERSARY OF EIGHT-HOUR LAW

**Nearly Every Mine in Pittsburgh
District Closed in Honor
Of It.**

MANY TO RESUME TOMORROW.

**Order Generally Prevails. Idle Men in
Many Towns Discussing the
Strike.**

Pittsburgh, April 2.—Today being the anniversary of the granting of the eight-hour work day, almost every mine in the Pittsburgh district was closed. Tomorrow, however, it is expected that the miners employed by the Pittsburgh Coal company and by several other local operators, will return to work and that all the miners in district No. 5 will be running before the close of the week.

Many of the others who have agreed to an advance of the wages of 5.53 per cent wanted the miners to resume work immediately. Francis L. Robbins, representing the Pittsburgh Coal company and the scale committee of the United Mine Workers appointed by the district convention last Saturday, met today for the purpose of signing the agreement for two years. The factional fight which has been in progress in the miners' organization for some time may cause trouble.

Patrick Dolan questions the validity of such an agreement as he still claims to be the president, but the opposition said he had been deposed.

It is regarded as highly probable that the independents will grant the concession at the meeting to be held by them tomorrow night.

As far as learned, good order prevails throughout the district. Dispatches from Bridgeville, McDonald, Castle Shannon, Elizabeth and other mining towns along the Monongahela river and on the line of the Panhandle railroad, report the streets filled with the miners, who are waiting for the strike. All expect to resume work tomorrow.

In the Irwin field, the mines were in operation as usual and no trouble was apprehended. Although these mines are in operation in the "open shop" policy, every operator in the district, it is said, has signified his willingness to pay the advanced rate.

The same conditions were reported at the mines of the New York and Cleveland Coal company, where several thousand men are employed. All were at work today and were receiving the 5.53 per cent increase.

The first operator to sign the new agreement was J. W. Brinkley, who is in operation in the "open shop" policy, every operator in the district, it is said, has signified his willingness to pay the advanced rate.

The same conditions were reported at the mines of the New York and Cleveland Coal company, where several thousand men are employed. All were at work today and were receiving the 5.53 per cent increase.

CELEBRATING IN ILLINOIS.
Springfield, Ill., April 2.—This being a holiday among United Mine Workers, the city was celebrating the anniversary of the establishment of the eight-hour day, no coal mines are being operated.

President Perry, of the United Miners of Illinois, made the following statement today:

"I have been busy all morning, answering telephone calls, from operators all over the state, who are anxious to get the new law passed. The prospect that a large number of miners will be in operation tomorrow is satisfactory."

Williamson county operators are among the signers though they have hitherto been among those who were strongest in declaring that they would not pay the advance.

WILL PAY PRICE.
Pomeroy, Ohio, April 2.—There will be no miners' strike in the Pomeroy Bend district. The operators will pay the price demanded and will sign the scale.

CELEBRATING IN ARKANSAS.
Fort Smith, Ark., April 2.—Five thousand miners in this state and 6,000 in the Territory are idle, according to a statement made today by the miners' association. Only engineers, firemen and pump men went to work today. In the various camps the day in which they celebrated the eight-hour day.

Several officers were here today to confer with the miners with reference to signing the new scale, with the exception of the flat demand provided for in the Perry resolution, which also permits any company to sign that scale and resume work if it will sign for all the miners without reference to location in the district.

EXPOSITION AT BRUSSELS.
An International One Will Be Held in 1910.

Brussels, April 2.—The report that an international exposition will be held in Brussels in 1910 is officially confirmed. The most notable feature will be exhibits from the Congo.

BURGERS LOOT CHURCHES.
Kieff, April 2.—Burgars broke into three churches last night and stole a complete haul of all the jewels and dug out the gems from the icons and chalices. Even the gold work of the icons and altar and the bullion from the embroidered vestments were taken.

MOTHER-IN-LAW KILLS HERSELF.

**Despondent and in Ill Health She
Cuts Her Throat With
A Razor.**

VICTIM MRS. M. A. BISHOP.

**The Deed Was Committed While the
Daughter Was Momentarily
Absent From the House.**

In a moment of mental aberration, caused by a long siege of ill health, Mrs. M. A. Bishop ended her own life today, at the residence of her son-in-law, C. H. Tinney, 922 east Park avenue. Preparations were being made to have the invalid make a visit to the country, in the hope that her health would be benefited, and the journey would have been made today but for the unhappy occurrence here.

About 10:30 o'clock this morning, while her daughter, Mrs. Hyde Tinney, was momentarily absent from the house for a study of coal, the sick woman arose from her bed and secured her son-in-law's razor from a pantry shelf. Going into the bathroom of the dwelling, she slashed her throat with the sharp instrument. Mrs. Tinney soon entered the house, and finding her mother's bed empty, immediately began search, which ended in the finding of the bleeding body of the dying woman. A doctor was summoned, but the lady was dead before his arrival.

The police and Acting Coroner Dana T. Smith were sent for, and the latter, accompanied by Capt. Burbridge, went to the Tinney home, where the sad affair and the attempt at suicide were carefully investigated. The remains were conveyed to the undertaking establishment of S. D. Evans, but it is not probable that an inquest will be held.

Mrs. Bishop was aged about 67 years, and was a native of England. She had resided for a number of years in Salt Lake and had been married to her daughter mentioned, had no relatives in this section.

SAYS TOWN IS SLOW.
Doubtful if Henry Phelps Will Make Any Particular Outlay.

A local real estate dealer, who had a momentary talk with Mr. Phelps while he was here, reports that the visitor complained to him that the town was slow, and the impression left on the dealer's mind after the conversation was that Mr. Phelps making any outlay here was doubtful. It had been in California where everything is on the boom, while Salt Lake is rather quiet in comparison.

Moreover, whenever Mr. Phelps visits Salt Lake, seasonal local waters immediately start their cattle factories to working overtime, and have the magnate pressed to do things he had no intention of doing. Mr. Phelps pays no attention to such vagaries of local imagination; he is the fact that they do harm in inflaming the anticipations of owners of certain property, and resulting in a forced rise in prices that only disgust him and make him feel the less inclined to enlarge his local holdings.

For instance, Mr. Phelps owns all of the frontage on Second South street between Commercial street and State street, with the exception of three pieces aggregating 100 feet of frontage on Pine Alley. It is known that Mr. Phelps not very long ago had in mind to acquire the property, but he has not yet done so, and it is likely to be postponed indefinitely. He is likely to do something, but if he does not, it is likely to be postponed indefinitely. However, Mr. Phelps is a local investor, and is in no need of feeling hurried.

A STRANGE STATEMENT.
"I Will Live Until April," Said Mrs. Derr, and on April 1 She Died.

Between four and five months ago Mrs. Elizabeth Derr, mother of George W. Derr, was taken seriously ill. Her sickness continued without interruption through the winter. When members of the family spoke to and sympathized with her she would say, "Oh, never fear, I will be all right. I am not going to die yet. I shall live until April." When informed that she was very ill and the worst was feared, she would repeat the same thought, as to living until the dawn of spring, and would say over and over again, "I shall live until April; I shall live until April."

Small wonder, then, that there was concern in the Derr household yesterday when that month was ushered in. And it was not at all singular that the expression was heightened when with the coming of the day the aged patient lapsed into a state of coma. It was soon evident that her condition was becoming very grave, and that the end was not far away. For hours her sleep was calm and peaceful, and while slumber yet touched her weary eyes, close to the end of her life.

The deceased was in her seventy-second year, and was the widow of William Derr. She was a native of New Jersey, and came to Utah in 1864, and settled at 349 west First North street, and continued to live there until the day of her death. She was known as a good and true woman, devoted to her faith and people, and loved her family, relatives and many friends. She leaves five children. Her remains may be viewed from her late residence from 9 until 10 o'clock on Wednesday when they will be moved to the home of her son, George W. Derr, 125 First street, from where the funeral will take place at 11 o'clock.

MANTI RESERVE GRAZING.
Senator Smoot Believes Controversy That Has Arisen Will Soon Be Settled.

(Special to the "News.")
Washington, D. C., April 2.—Some-thing of a controversy has arisen be-

SIXTEEN INCHES OF SNOW FELL.

**That is the Total Deposit of the
Storm Commencing on
Saturday.**

RAIN MEASUREMENTS 1.29.

**Salt Lake Center of Disturbance
In Intermountain Country
According to Reports.**

**Precipitation General All Over the
State—Bingham and Alta Get
Very Heavy Snowfalls.**

The storm which began Saturday evening, and ended this morning, covered the entire United States, part of British Columbia and northern Mexico, and the precipitation, as measured at this point, amounted to 1.29 inches, or nearly 1 1/2 inches of snow. The depth in the eastern and southern parts of the city was a foot this morning, the remainder of the fall having melted or come in the shape of rain. The storm center today, is over eastern Colorado, and progressing slowly eastward, pushing a high barometric area in front of it towards the Atlantic. A high pressure is moving down here from the northwest, with enough moisture in it to promise a little more snow tonight, but with clearing weather tomorrow, and very likely warmer weather.

There are no very low temperatures on the weather map today, and at this city the minimum was 28, with a maximum of 36 yesterday, while today, it is warmer, with the snow melting very fast, and walking very sloppy and unpleasant. The surrounding hills and mountains are as wintry looking as at any time during actual winter, and the roads are quagmires in many places. This will make it more difficult than ever for farmers to bring their hay into town, and is likely to cause a scarcity. People have begun to talk more than ever about coming floods, freshets and washouts when the sun begins to exert more power in the foothills and lower ranges, and an unusual season of high water is anticipated. At the same time, the dry benches are jubilant at the prospects, and feel sure of good crops.

OVER THE STATE REPORTS.
Logan—Sunday it rained all day. At night it began to snow and is still snowing. There is about four inches on the ground.

Ogden—A light snow began to fall yesterday afternoon; about four inches of the beautiful.

Morgan—Snowed all day yesterday and still at it. About eight inches.

Brigham City—Snow began falling about 8 o'clock last evening. It is still falling, and there is about half a foot on the ground.

Provo—It began snowing at about 7 o'clock last evening, and fully 10 inches fell. It is clear now.

Heber City—It is quite clear here now, but there are three or four inches of snow on the ground.

Park City—It is cold and cloudy and looks like more snow. In the last two days about three inches of snow fell.

Alta—Snow? Well, rather. It has cleared up now, but we have at least two feet of what was buried under the snow. It began Saturday afternoon and kept up until this morning.

Bingham—At the New England mine there is snow to a depth of 11 inches. The worst feature of the storm was the heavy snow on the ground. The roads are blocked, but the work of clearing them has already begun.

Tooele—It is clearing now, but it snowed all night. About five inches fell.

Manti—Snow and rain yesterday. Cloudy today.

Nephi—Snow began falling early Saturday night. It is still snowing. This morning the snow was measured and it was found that 14 inches had fallen.

Salina—About three inches of snow on the ground. Cloudy today with occasional snowfall.

Richfield—Weather threatening plenty of rain but no snow.

Beaver—Rain and snow. As fast as the latter fell it melted. There is no snow on the ground now.

Cedar City—A very heavy snowfall yesterday. Not more than an inch. It is still cloudy.

St. George—A cold wind has been blowing for a couple of days. There has been a little rain but no snow.

J. W. WARNER DEAD.
Veteran of the Civil War Passes Away Aged 78 Years.

(Special to the "News.")
Provo, April 2.—John W. Warner, a veteran of the Civil war, died here this morning of an affection of the heart, from which he had been suffering for several weeks. Mr. Warner was a native of Ohio. During the Civil war he was captain of company M, Third Ohio Cavalry. In '74 he moved to Colorado. He came to Provo about six years ago, and was well known and respected here. He is survived by a wife and several children. Among the latter is Judge M. M. Warner of Salt Lake.

INSANE GIRL COMMITTED.
Mrs. Olivia M. West Died at Ogden This Morning.

(Special to the "News.")
Ogden, April 2.—At 1 o'clock this morning, at the family residence, rear 2758 Lincoln avenue, Mrs. Olivia M. West, wife of Fred West, died from a complication of troubles following childbirth. Mrs. West was 30 years of age. She leaves a husband and five children. She was getting along nicely when some trouble set in which resulted in her death. She was born at Huntsville, Utah, April 7, 1875. Funeral arrangements will be made later. Clara Evans, the young girl taken into custody some days ago for insanity, has been committed to the State Mental hospital.
