Some time during Saturday night the office of the Salt Lake & Fort Douglas Rallway, near the Eagle Gate, was entered by a thief, and \$600 in cash taken. An account book was also carried off, but this was found in a neighboring lot today. The circumstances are rather peculiar, as there is not a trace of how the burglar got into the building. The money had of in the safe, and was missed on Sun- He testified that he did not believe in in which State he arrived about the been left in the cash drawer instead few matches were the only trace of the thief. A Boy Shot.

Last Saturday three boys, each not far from twelve years old, went over Jordan hunting, taking with them a 22-calrere rifle. About four o'clock in the afternoon the weapon was accidentally discharged and the bullet struck Tommy Davis, one of the young Nimrods, in the centre of the breast, just above the lower end of the breast bone. The ball remained imbedded penetrafe the cavity of the lungs as it would have done had it been propelled with greater force. It was a very close call. The wounded boy's companions brought him home in a buggy. He was sick and faint, but his wound did not bleed much. The surgeon who was called to attend him did not consider his injury of a ghastly wound in his right temple.

The ball came out at the base of the dangerous, though he pronounced the boy's escape a very narrow one. Will this accident be a warning to other when I saw him last, but cannot posboys and their parents?

They are distributing a cirday evening, between Ingham and cular among the people. It is a pro-Caldwell, was won by the former, the test against the "Mormons" registering, and inveighs heavily against those who take such a course. It is signed by the Revs. Charles J. OTHER QUARTERS.

The tone of the Idaho journals indicates the same condition as that spoken of in our dispatches. A Boise paper states that in Bingham County alone over three hundred Mormons withdrew from the Church in two days, this course being taken because. while they were in fellowship in the Church, they would not be allowed to vote. This path is represented as being the one pursued in all of the counties where there are any number of "Mormons." The Eagle Rock Register and Boise Statesman are emphatic in their declarations that even those who have abandoned the Church because of the deprivation of citizenship to members, will not be allowed to vote under any consideration. Public opinion is wrought up to an intense pitch, and it is frequently declared that there will be segious trouble if the ex-Mormons attempt to deposit their ballots for the democratic nominec. All taken together the situationis a deplorable one, and it will be exceedingly fortunate if the election passes off without violent demonstrations. This feeling of anxiety extends throughout Cassia, Oscida and Bingham counties.

A feud has existed between the two brothers, John and cames, for sometime. James had threatened to shoot John on sight, and this afternoon they met in a billiard hall.
