

TO MANDAMUS A FEDERAL JUDGE.

Atty. Gen. Knox Applies to the
Supreme Court for Writ Against
Judge Wing.

IS THE FIRST CASE OF ITS KIND.

It is Charged That He is Going Con-
trary to Decisions of the U. S.
Supreme Court.

Washington, March 14.—In the su-
preme court today the government of
the United States, through Atty. Gen.
Knox, applied for a writ of mandamus
to compel Francis J. Wing of the
United States district court for the
Northern district of Ohio, to take what
the department of justice maintains is
legal action with respect to certain Chi-
nese exclusion cases. This is the first
time in the history of the supreme
court that the government has sought
a writ of mandamus against a federal
judge.

In his application Atty.-Gen. Knox
maintains that Judge Wing, in hold-
ing unconstitutional that part of the
Chinese exclusion law which provides
for the deportation of alien Chinese af-
ter a hearing before a United States
commissioner, is proceeding contrary to
the decisions of the United States su-
preme court and is preventing the de-
portation of Chinese who are unlaw-
fully in the United States.

According to the petition of Atty.-
Gen. Knox, the proceedings in Judge
Wing's court are peculiar. Many
Chinese exclusion cases recently have
arisen in that district. Chinese per-
sons said to be in this country unlaw-
fully were taken before United States
Commissioner Simpson and by him
were ordered deported. Their counsel
went before Judge Wing with proceed-
ings on appeal and on the showing
made the judge released them. Subse-
quently Judge Wing refused to take
the necessary steps to have the papers
filed in the district court, which would
enable the government to appeal the
cases to the United States supreme
court. He held that the proceedings
before him on appeal from the United
States commissioner was before him as
judge and not before the district court,
and that none of the papers, therefore,
should be filed by the clerk of the
court.

The result has been to nullify all ef-
forts of the government to get the
cases before the supreme court. Judge
Wing's position officially blocking all
proceedings in the cases after he has
passed on them.

Atty.-Gen. Knox urges in his petition
that the supreme court direct Judge
Wing to have entered on the records of
the court all papers in Chinese cases
in question and to treat all appeals
made from the commissioner as made
to the court and not merely to the
judge, thus clearing the way for a di-
rect appeal of cases in dispute to the
supreme court.

Railway Franchise Extended.

Chicago, March 15.—An extension of
its franchise until Jan. 1 next has been
granted to the Chicago City railway
by the city council. The company also
will be allowed to extend its Indiana
Avenue trolley on Wabash avenue from
Eighteenth street north and around
the loop, so as to bring those cars down
town independently of the grips.

On the other hand the company
agrees to pay the city for the period
\$100 instead of \$20 a car license fee, an
amount figured at \$75,000 to \$80,000, and
to have the new trolley line permit ter-
minable at any time at the will of the
mayor or the council.

The extension of the franchise post-
pones consideration of the new Chicago
City railway ordinance until the new
council is elected and a new local trans-
portation committee is chosen to deal
with the company.

Chauffeur Gets Three Months.

New York, March 15.—Grasse Teller,
the chauffeur who was held responsi-
ble for the death of Mrs. Rathbone, an
American widow, in an automobile ac-
cident at Canarsie several weeks ago,
was sentenced, says an American dis-
patch from Paris, to three months in
jail and to pay a heavy fine.

Socialist Elected in Argentina.

New York, March 15.—The election of 11
deputies in this city has resulted in the
success of one Socialist, the first of his
party ever elected in Argentina, and
the first in South America, says a Herald
dispatch from Buenos Ayres.

The official, or national autonomist,
party elected five of the balance.

Russia Buys Barley.

San Francisco, March 15.—A deal for 5,
000 tons of barley has been closed here
with agents of the Russian government
for the use of Russian troops in the field.
Both Russian and Japanese agents have
been negotiating in this market for some
time past. The price paid on the Rus-
sian deal is declared satisfactory but the
figures are not given.

RUSSIAN OFFICER ARRESTED

Sold List of Secret Agents to a
Foreign Power.

New York, March 15.—A telegram
from Lemberg, forwarded by the
Times' correspondent at Vienna, says
that Capt. Leontieff of the Russian gen-
eral staff, has been arrested at Warsaw
for having sold to a foreign power a list
of the secret agents maintained by
the Russian general staff in the fron-
tier districts of Russia's western neigh-
bor.

The discovery was made through the
delivery of a money order to another
person of the same name. Leontieff is
reported to have been shot.

DEITRICH NEVER GOT A SINGLE CENT

Senator from Nebraska Takes the
Stand in His Own
Defense.

RECOMMENDATION OF FISHER.

Never Directly or Indirectly Had the
Question of Money Been Suggested
By Any Candidate.

Washington, March 14.—The special
committee appointed to investigate
charges against Senator Dietrich of Ne-
braska, resumed its hearings this after-
noon. William Dutton of Hastings
was called and asked by Senator Hoar
whether he had ever had a conversation
with Rohrer, of Hastings, regarding the
appointment of Mr. Hahn as deputy
postmaster under Fisher and whether
he had said that it would take \$500 to
bring about his appointment. Dutton
emphatically stated that he had never
talked to Rohrer about the matter and
did not know that Hahn was a candi-
date.

Sensor Dietrich took the stand and
his request was sworn although
Chairman Hoar stated that the practice
of the senate had been not to
swear a senator, on the theory that all
senators had equal rights in that
body. In reply to Senator Hoar he
first reviewed his election as governor
and senator and in answer to Senator
Hoar said:

"I have never received a cent for
the appointment of Jacob Fisher as
postmaster."

Then the senator told of his relation
with Jacob Fisher and how he came
to recommend him for postmaster in-
stead of appointing him oil inspector.
Senator Dietrich stated that while he
was governor he had made a contract
with the postoffice department for the
rent of the Dietrich building at \$1,700.
This contract was made with Post-
master General Smith. He heard of
protests regarding the rent to be paid
and told Jacob Fisher that he would
take \$1,000 for the building, although
he felt that he ought not to pay for
the fixtures. Mr. Dietrich declared
that Jacob Fisher would have been
postmaster no matter where the pos-
toffice might have been located. He
denied that the deed of the postoffice
property was made by his daughter so
that he could lease his building to the
government.

In reply to a question from Senator
Hoar Mr. Dietrich said that never di-
rectly or indirectly had the question
of money been suggested to any candi-
date or applicant for any position
while he was governor or senator and
said he never received directly or in-
directly a cent for any appointment he
had made; nor had he ever expected a
cent from any one so appointed. He
said that when the money that had
been received by his daughter from
Jacob Fisher for the rent of the back
room was returned to Fisher and
Francis, that he (the senator) paid the
amount, his daughter's account at the
bank being overdrawn.

Sensor Dietrich denied having had
a conversation with Fisher in which
the subject of paying \$14,000 for Thomp-
son's expenses came up.

The committee adjourned to meet
Wednesday.

ATTEMPTED POISONING.

Poisoned Cake Sent to Family by
An Unknown Person.

New York, March 15.—A mysterious at-
tempt has been made to poison the fam-
ily of Rev. Dr. Essex J. Cradup, pastor of
the Elmire Baptist church of Plainfield,
N. J. The pastor's sister and his six-year-
old daughter, who are some of a cake sent
to the house by an unknown person, were
saved by timely medical aid.

The cake was left at a grocery store by
an unknown man who asked that it be
delivered to the pastor. A boy was sent
to the parsonage with the package. The
pastor's sister and the little girl opened
it and ate some of the cucumber frosting.
They were at once taken violently ill. Ex-
amination of the cake shows that the
frosting had been filled with a deadly
poison.

Recently there has been trouble in the
church resulting in charges against the
minister, and the matter had been placed
before the grand jury. That body dis-
missed the affair. No trace of the poison-
er has been found.

CAPTAIN REITZENSTEIN, IN COMMAND OF RUSSIA'S POWER-
FUL VLADIVOSTOK SQUADRON.

Captain Reitzenstein, who succeeded Admiral von Stackelberg in com-
mand of Russia's powerful Vladivostok squadron, consisting of three enormous
armored and one protected cruiser, besides a few torpedo boats and
destroyers, is an officer who in a dozen years, through sheer force of merit,
has risen to his present grade from a lieutenant. He is said to be a man
of quick decision, and the fact that he will shortly be superseded by Rear
Admiral Jessen is due solely to the fact that it is not deemed advisable to
have so important a portion of Russia's navy commanded by a man with
the rank of captain.

BEATEN BY THREE MASKED MEN.

Cris Evans Nearly Pounded to Death
On a Colorado & Southern
Passenger Train.

SENT OUT BY JOHN MITCHELL.

Is Now the Financial Manager of
The United Mine Workers of
America.

Trinidad, Colo., March 14.—Chris Ev-
ans was beaten by three masked men
with six-shooters today on board the
Colorado & Southern passenger train
bound for Pueblo, and was taken off the
train at Walsenburg in a critical con-
dition with five bad scalp wounds. The
masked men boarded the train at the
Santa Fe crossing, a mile east of Trin-
idad, and, after beating Evans, jumped
from the train.

Evans is financial manager of the
United Mine Workers of America and
was sent to Colorado by President John
Mitchell.

Michael Calabrese, a striker, was
killed by guards today at Pryor, Cal-
abrese is said to have fired four shots
at a negro and then barricaded himself
in his house. The guards burst open
the front door and as Calabrese ran
out the back way they shot him.

Pueblo, Colo., March 14.—Chris Evans,
who was brought to this city this
afternoon and at his office, al-
though his wounds are very painful,
State Labor Commissioner Montgomery
called on Mr. Evans this afternoon and
will probably take official cognizance of
the outrage.

TIRED OF AMERICA.

Bp. Derrick Would Go to Africa,
Land of His Forefathers.

New York, March 15.—Bishop William
Benjamin Derrick, who for the past
four years has been the presiding bish-
op of the New York diocese of the Af-
rican Methodist Episcopal church, and
for the past 25 years one of the most
aggressive and active men of the col-
ored race, has declared that he is tired
of America and yearns for the land of
his forefathers in Africa. This an-
nouncement he made in addressing the
members of the New York conference
and the general conference will soon as-
sign a new bishop to take his place.

Mob attacks, lynchings and the burn-
ing of negroes are too much for him, he
said, and continued: "Forty-two years
ago I stood ankle deep in blood in the
fight between the Merrimack and Moni-
tor, and the blood of my comrades flow
upon me as they were slaughtered in
the defense of this nation, and yet the
nation, although we fought to save the
American flag, declares that we are not
citizens, and affords us no protection.
We cannot help but feel badly over the
situation. This is no country for us.

"I do not advocate retaliation, but
we should stand up manfully and pro-
test and appeal to the few friends that
we have left to see to it that we get
justice, since we are here.

"They tell me this is a land of Chris-
tianity, and of civilization, when here
those who are supposed to be the lead-
ers of religion and civilization will take
a woman and burn her at the stake and
then murder her husband. We cannot
win by preaching too much peace and
brotherly love, for as soon as the negro
shows too much of this spirit the white
man says he is a coward. The manly
man strikes back.

"We demand manhood rights, not
black manhood rights nor white man-
hood rights. I do not ask for social
equality or amalgamation but for our
own choice of selection as to taste and
fitness. I want everything that any
other man may have. But the white
man cannot be just to us because he
has in him none of the spirit of Christ."

WILL RESPECT DECISION.

Morgan-Hill Interests Will Do so
In Letter and Spirit.

New York, March 15.—"The Hill-Mor-
gan interests and the other large hold-
ers of the Northern Securities company
will respect the supreme court's decision
in letter and in spirit," says the Journal
of Commerce, in quoting a man said

to be one of the strongest and best in-
formed Northern Securities stockholders
in this city.

"The securities company will as soon
as practicable be abandoned," continues
the statement, "and the securities of the
Great Northern and Northern Pacific
companies will be exchanged back for the
securities originally deposited. Plans for
the distribution of the securities were
completed some time ago in anticipa-
tion of an adverse decision. The effect
of the decision so far as the roads in
question—the Northern Pacific, the
Great Northern and the Burlington—are
concerned will not be important, as their
absolute independence of operation has
not been disturbed. The decision will
merely mean the restoration of a com-
munity of ownership in the place of the
more formal and more permanent form of
corporate ownership.

"The result of the decision merely will
be the restoration of the community of
ownership in the place of the more radi-
cal plan for physical consolidation. It will
take time to unravel the affair, but prob-
ably not as long as at the outset may seem
necessary."

Only One Boat Missing.

Brisbane, Queensland, March 15.—All
but one of the boats of the British steam-
er Aramac, which was wrecked Sunday
morning on the Break Sea Spit off
Queensland, are safe. The missing boat
contained between 20 and 30 persons.

President W. W. Ritter of the Deseret
Savings bank found yesterday, an old
card that is of some present interest
in that the name of Senator Burrows
of Michigan figures on it. The card
reads, "In honor of the visit to Salt
Lake City of Hon. George W. E. Dorsey

West Virginia, Hon. C. D. Hayden of
Massachusetts, Hon. William McKin-
ley of Ohio, Hon. J. C. Burrows of Mich-
igan, Hon. J. W. Stewart of Vermont,

have arranged a brief concert in the
large Tabernacle, and an excursion to
Gardfield beach, for the afternoon of
Saturday, July 20, 1889. The concert be-
gins at 2:30 p. m. A special train leaves

tainment of the city's distinguished

RUSSIA'S PICTURESQUE FIGHT- ERS.

On none of her soldiers does Russia
depend in so great a degree as on her
wild riders known as Cossacks. There
are only about 150,000 of these in her
army; but, despite their comparative

paucity in numbers, they are the most

trade is fighting, and they are splendid

churian railways.

An Easy Test

To ascertain exactly
What your sickness COMES FROM.

One day you suspect it's "from something I've eaten."
Next day perhaps "it's the change in the weather."
Next day it's "I have overworked a bit."
Again, it's "because I can't sleep."
You occasionally have a suspicion that coffee causes the troubles and
sometimes really believe you should stop coffee and see if it really does what
some people claim. But, the breakfast comes on and the coffee is there, and
"it's so hard to give it up!"

"If I really thought coffee was hurting me I would quit it, because I value
health above everything, but as long as there's a doubt I keep on using coffee
and yet staring me in the face is the fact that I have

Taken medicines of many kinds.
Changed food.
Tried exercise.
Changed climate.
"Tried various other methods to get
well and yet"

"Here I Am"
"Ailing right along and getting slowly a little worse each month."
"Something must be done for there is but one end to the road I am now
going."

"Coffee?"

"Oh rats about the coffee, it don't hurt me, why I've drank it for 20
years."
"Experiment to learn the exact truth about it?"
"Why of course I would really like to know definitely and surely all about
it for I want to find the demon that keeps me ill, prevents my enjoyment of
health and strength and keeps me from success in business, because I am
half sick all the time!"
"How's that? Quit coffee 10 days?"
"Pretty hard to do neighbor."
"Easy when Postum is served in its place, why?"
Postum coffee when properly brewed (and that's easy) has the deep seal
brown of fine old gov't Java which changes to a rich golden brown when
cream is added. It does not possess the strong acid taste of Rio Coffee but
has the mild, fine crisp flavor of the higher grades of Java and a fragrance all
its own. With many cultivated people it ranks in flavor above ordinary cof-
fee.

So, its easy to shift from ordinary coffee to Postum and make the 10 day
test to see if you can locate the thing that is eating away your life.

No Possible
Argument Will Stand
against the fact that

Coffee does
Ruin
Thousands of People.

If as a result of this test you find, in 2 or 3 days, peaceful sleep returns,
appetite comes keen again, stomach no longer feels sick and abused.
Breath sweet once more and tongue clean.
The yellow skin takes on pink and white.
Bowels become natural and you can walk forth with the old time spring
of conscious strength and health.

Then
and only then will you certainly know that coffee has, all along been your
hidden enemy, and how much you have thrown away in peace, money, com-
fort, accomplishment and position during the past years and all for the mis-
erable pittance of a morning cup of coffee.

Poor old weak humanity, what chattering, doddering fools we are to ex-
change the brilliant and wonderful birthright for such a mess of pottage.
