Daily and Saturday News.

LOCAL BRIEFS.

A case of scarlet fever is reported in the Marzoff family, at 525 west Eighth South street.

Solomon F. Kimball, city jailer, today swore to complaints charging Alice Spriggs and Frederick Cook with insanity. The cases will likely be heard tomorrow.

The case against S. H. Williams, charged with embezzlement, was argued this morning before Judge Diehl and taken under advisement till Saturday morning.

Deputy County Clerk Joseph U. Eldredge, Jr., yesterday performed the ceremony uniting John S. Sublette of Salt Lake and Hannah Knopp of Moroni as man and wife.

Percy Peterson, who was arrested for moving baggage on a certain morning house contrary to regulations, will have a hearing before Judge Diehl Saturday morning at 10 o'clock.

The following foreigners have been admitted to citizenship by the district court: Christopher Whitehead, Henry Whitehead, Ellen Bagshaw, Eugenia James L. Gunnerson, Carl Oscar Olson, Sweden; James Andrew Michelson, Denmark; Alphonse von Bun, Austria.

Charles Johnson is under arrest at Murray, charged with forgery. It is alleged that the man stole a number of checks from the check book of Hans Nelson, two of which were cashed for \$5 and \$6 respectively by the First National bank of Murray and George Tingley.

Reports received at the office of State Rupt. Nelson indicate a falling off in the school population of certain counties, due, it is thought, to many people moving out. A good primary teacher is wanted in Woodruff, Rich county, while experienced grade teachers are in demand.

Mrs. Mary E. Morton is confined in the county jail charged with arson. It is alleged that the woman, to obtain revenge on her husband, whom she had a grudge against, deliberately fired his barn, destroying the building, several tons of hay, two horses and wagons. When arrested the woman confessed her guilt, but now, it is said, she denies all. The woman is also said to have attempted to poison her husband by placing strychnine in a bucket of milk. She had a hearing before Justice Pant of Union this afternoon.

William M. Cowley of Delta, Colo., is anxious to learn of the whereabouts of his son Wilford, who left home in company with a miner, to go to Grand Junction, and thence on to Salt Lake. He started without means in the hope of working his way as he went. Although a long time has elapsed since the boy left home, no tidings have been received of him since, and his parents feel much alarmed lest some evil has befallen him. Mr. Cowley will be very grateful for any information regarding the missing boy. Address William M. Cowley, Delta, Colo.

Elder Le Roy Boren, whose headquarters is at Wilton Cove, Toronto, Canada, writes that Mrs. Elizabeth Elliott, who recently emigrated from England, is desirous of learning the whereabouts of her niece, Miss Catherine Cook, who left Lincolnshire, England, in 1848, at the age of 20 years. She was then a member of the Church of Jesus Christ of Latter-day Saints, and is believed to be somewhere in Utah. Any information concerning her will be thankfully received by her aunt or by Elder Boren. Address Elder Le Roy Boren, 256 Wilton Cove, Toronto, Canada.

W. D. Bowring, chief deputy in the office of City Auditor Felt, has tendered his resignation, to take effect Aug. 15. Mr. Felt stated today that he considered Mr. Bowring's resignation purely voluntary and that he had intended to appoint as his successor Miss Sarah Edmondson, who for several years past has been a clerk in the office and is therefore thoroughly familiar with its

workings. The statement that Auditor Felt had demanded the resignation of Mr. Bowring in order to give the position to his daughter, Miss Bessie Felt, is not correct. Mr. Bowring will engage in the insurance business.

Daniel Camomile, an old and well known resident of this city, passed away at the Holy Cross hospital last evening, as the result of an operation for strangulated hernia, from which he had suffered for many years. Mr. Camomile was a native of Nottingham, England, where he was born 75 years ago. With his family he came to Salt Lake in the early sixties and settled on the spot which his home was at the time of his death. For several years past he has lived in retirement owing to ill health. He is survived by a wife and six sons. These are: Charles Camomile of Pocatello, Charles H. David A., Fred W., Herbert and L. E. Camomile of Salt Lake.

GRANDMA STICKNEY DEAD.

Pined For and Followed Aged Husband Who Died Two Weeks Ago.

Mrs. Elizabeth Jane Stuart Stickney of Murray passed away peacefully last night at 10 o'clock at the residence of her daughter, Mrs. Wm. H. Atwood of Murray, the cause of her death being old age. Mrs. Stickney was born in Peterboro, New Hampshire, March 19, 1827. She joined the church of Jesus Christ of Latter-day Saints in 1856. They arrived at Salt Lake City in 1862. They resided here until 1864 when they moved to San Juan, Utah county, living in that place up to 1901. In that year the couple moved to Murray, where they enjoyed the comfort and care bestowed upon them by their daughter and her family. Mrs. Stickney was a devoted wife and mother. Her husband, Mr. and Mrs. Wm. H. Atwood.

The husband of Mrs. Stickney, who was about 80 years of age, died about two weeks ago, and constantly after that time the deceased expressed frequently the longing to join her husband in eternity.

Mrs. Stickney was an active worker in the church and held the position of president of the Relief society in the San Juan ward for 25 years, and as teacher in Sunday school, Young Ladies' and Primary associations. For about two years she taught at the district school in San Juan.

Grandma Stickney, who was called by young and old, was very kind and benevolent to the poor and highly respected by all who knew her. Her sterling qualities had made her name known in the neighboring settlements of her home town. Her mental activity remained up to the last days of her life. Only a few weeks before her death she wrote a sketch of the life of her life. Her ancestors came from Scotland and Ireland. They came to America in its early history and settled in Massachusetts and New Hampshire.

## PREST. W. A. CLARK HERE TOMORROW.

Inspection Party Over Salt Lake Route Left Caliente This Afternoon.

ARRIVES HERE IN THE MORNING

Plated Ties Are Now Being Rushed to The Front for Tracklaying—

Railroad News.

(Special to the "News.")

Caliente, Nev., Aug. 4.—President W. A. Clark's special arrived here Wednesday evening at 9 o'clock and remained here half an hour and left for the front to inspect the line so far completed.

He was met here by General Manager Wells' special, having on board Wells, Kerens, and other attaches from Salt Lake and their ladies. They all left for Salt Lake this afternoon at 1 o'clock, and will arrive in Salt Lake early tomorrow morning.

The senator expressed himself as agreeably surprised at the amount and character of work completed by the construction department under A. L. Jones, division engineer, who has since accepting the position he now occupies, remained at the front and Caliente so as to be constantly on the ground where he can keep close watch on the daily advance work. The San Pedro track laying is being pushed rapidly and track is now down 85 miles west from Caliente and they are crowding the U. C. company graders toward Los Vegas.

The Western Union Telegraph company's wires are now up to Arden, 65 miles from Caliente, and another gang has been put on the line at Moapa by the W. U. T. company, working eastward toward gang number one. The line will be completed to Moapa by the end of next week and operators installed at Caliente and Moapa stations.

The San Pedro railroad company has appointed C. S. Crisp station agent at Moapa, and Frank Clark, station agent at Caliente.

An immense amount of plated ties are being sent to the front from Caliente to furnish material for track laying toward Los Vegas. There is now no train but the front line from Salt Lake City to Los Angeles will be completed and ready for freight and passenger traffic before Jan. 1, 1905, and probably by Dec. 1, 1904.

HORNING IN CHARGE.

Agent at Mantle Look After Sanpete Valley Operation.

It is on the cards that there will be no one appointed for some time to the general superintendency of the Sanpete valley road to fill the vacancy caused by the resignation of Mr. Kerr. In all probability for the present Agent Horning will be placed in charge with the title of general agent.

SAN PEDRO PROBLEM.

Drifting Sands on "Devil's Playground" Will Cause Trouble on Track.

The problem which for years has faced the O. R. & N. east of the Dallas will be duplicated on the Salt Lake Route across the natural freak known as "The Devil's Playground." At this spot almost the same conditions prevail as those encountered on the banks of the Columbia, where the track becomes buried within a few hours under drifting sand that no snow plow or blower will remove.

This "Devil's Playground" is practically situated on the California state line and consists of a vast stretch of fine white sand, smoothed out like a sea in places and in others billowed like an ocean. While it is solid enough to lay rails on the surface, it is nevertheless a treacherous spot. Sometimes the wind rises in an hour and the sand shifts like driven snow. Engineers have completed laying track across this section, and already have their troubles commenced, according to reports. Sometimes the track is buried beneath drifts; at others subtle eddying currents of air have actually undermined the roadbed, driving out the sand, heaving it up in drifts far on the other side, leaving the bent rails suspended to the ties two or three feet in the air. When the road is finished it will be necessary to have watchmen stationed at this section, who will walk the track and see that all is O. K. prior to the passing of a train. One can picture the life of these trackwalkers, isolated from humanity in the midst of a howling wilderness, where not even a blade of grass is visible. Day after day and night after night in dazzling heat or a blinding dust storm will they patrol the track, guarding the lives of the passengers who lie sleeping in the luxurious Pullmans, as they sail across the bad lands. Should the lonely patrolman fail, the chances are that the limited, making up lost time across the level stretch, would be piled up in the desert, miles from water and surgical aid.

JAPS TO THE FRONT.

Little Brown Men Laying Track on the Newhouse Branch.

The Salt Lake Route has sent seven carloads of Japs to the front and the little brown men are now actively engaged in laying track on the extension to Newhouse. It is expected that they will be turned into the new mining camp by the 15th.

SPIKE AND RAIL.

W. W. Dickinson of the Michigan Central is back from a trip to Montana.

W. S. McCormick accompanied the Clark party on the special south yesterday.

The projected roads to Bingham will cut into the Rio Grande and San Pedro passenger business.

It is understood that the West Side Rapid Transit extension contemplated to Bingham has nothing to do with the Mahler-Smoot proposition of interurban trolley lines.

D. D. Cutler, general livestock agent for the Chicago & Northwestern, and General Agent D. H. Hoops of the same road at Denver are in Salt Lake on a business trip.

The Rio Grande brought in about 525 people this morning for Saltair and Lagoon. The excursion from Payson was under the direction of Traveling Passenger Agent Ridd.

A party of 18 eastern tourists in charge of F. H. Hanson came in from Yellowstone park this morning in car "Mican." The car remains over at

the Rio Grande depot until tonight, when all pull out for Colorado Springs.

J. L. Moore, the popular district agent for the Salt Lake Route, returned from the east this afternoon, where he went in response to a wire informing him of the illness of his father. Mr. Moore, Sr., is now progressing toward recovery.

FOUND A DEAD MAN.

Then Removed His Body to Undertaker's Without Notifying the Police.

On Tuesday evening the body of Niels Bogedahl, an expressman, was found in a room at the Jacobson roominghouse on Franklin avenue. Those who found the dead man's remains did not notify the police, but had the body removed to an undertaker's parlor. The matter was not brought to the attention of the authorities until last evening, when an investigation was made. The corner decided that an inquest was not necessary, but it was reported among some of the dead man's friends that he had taken a large dose of morphine, which was not verified. His friends are now trying to raise money enough to bury him.

One Woman Among the Thousands.

We received a letter from Waycross, Ga., from a woman who had been troubled with female complaint for a long time, until she was reduced to almost a shadow. It affected her mind, she could not remember anything, would get confused and so nervous and irritable she could hardly sleep. She described her case as one similar to thousands of other women, and then ends the letter by saying she had gained 15 lbs. last month and never felt better in her life, having no trace of the former troubles, slept well, and ate her meals with a relish. She commenced the use of Dr. Dunn's Blood and Nerve Tonic just six weeks before she wrote the letter from which we copy the above. This tonic is in tablet form, and should be taken right after meals. It turns the food you eat into strong, rich, blood, feeding the nerves and curing disease by making healthy flesh. Sold by all druggists for 50c per bottle. Write for free trial. For sale by Z. C. M.
